“ 21A.—(1.) In relation to a quota season, or a season that is not a quota season but immediately follows a quota season, the last preceding section has effect as if references in that section to wheat of a season were references to wheat included in the pool for that season in accordance with this section.

“(2.) The pool for a quota season (in this sub-section referred to as ‘the relevant season’) consists of the following wheat delivered to the Board (whether in pursuance of this Act or of a law of a State):—

- (a) wheat (whether of the relevant season or of an earlier quota season) delivered during the relevant season or an earlier quota season and appearing from the records of the Board to be the whole or a part of a quota that is applicable in relation to a person in respect of the relevant season under a law of a State providing for the fixing of wheat quotas;

 - (ii) was not included in the pool for a season before the relevant season; and
 - (iii) is declared by the Board to have been sold by the Board, and paid for in full, during the relevant season.

“(3.) The pool for a season that is not a quota season but immediately follows a quota season consists of the following wheat delivered to the Board (whether in pursuance of this Act or of a law of a State):—

- (a) wheat of that season; and
- (b) wheat of an earlier season, being a quota season, that was not included in the pool for an earlier season.

8. After section 27 of the Principal Act the following section is inserted:—

“(2.) The minimum price in respect of a wholesale sale of bulk wheat of fair average quality free on rails at a port of export is the price per bushel for such a sale that corresponds with a free on board price equal to the guaranteed price of wheat of the season that was current at the beginning of the year in which the sale is made.

“ (3.) The minimum price in respect of a sale other than a sale referred to in the last preceding sub-section is a price per bushel ascertained by adding to or deducting from the minimum price per bushel referred to in that sub-section an amount that makes a proper allowance for the quality of the wheat, the conditions of sale and the place of delivery.

“ (4.) Where the Board sells wheat for use in Australia in the manufacture of substances for human consumption and the manufacture will result also in the production of substances for use for purposes other than human consumption, the Board may agree to allow the purchaser a rebate not exceeding the amount by which the price charged by the Board for the wheat could have been reduced in accordance with this section if the sale of so much of the wheat as is equal in weight to the weight of the substances produced, or to the estimated weight of the substances that will be produced, from the wheat for use for purposes other than human consumption had been a sale to which sub-section (1.) of this section applied.

“ (5.) In respect of every sale of wheat in accordance with sub-section (1.) of this section, the Board shall credit to the account referred to in sub-section (1.) of the next succeeding section an amount per bushel of wheat comprised in the sale equal to the amount that is, at the time of the sale, the amount per bushel by which prices are to be increased under sub-section (4.) of the last preceding section for the purpose of reimbursing the Board for costs of shipment of wheat to the State of Tasmania, and the next succeeding section applies in relation to amounts so credited in like manner as it applies in relation to other moneys credited to that account.
