Part IIA—The National Competition Council

29A Establishment of Council

- (1) The National Competition Council is established by this section.
- (2) For the purposes of the finance law (within the meaning of the *Public Governance, Performance and Accountability Act 2013*):

 - (i) the Council President;
 - (ii) the other Councillors;
 - (iii) the staff referred to in subsection 29M(1);
 - (iv) consultants engaged under section 29N; and
 - (d) the purposes of the Council include the functions of the Council referred to in section 29B.

29B Functions and powers of Council

- (1) The Council's functions include:
 - (a) carrying out research into matters referred to the Council by the Minister; and
 - (b) providing advice on matters referred to the Council by the Minister.
 - (2) The Council may:
 - (a) perform any function conferred on it by a law of the Commonwealth, or of a State or Territory; and
 - (b) exercise any power:
 - (i) conferred by that law to facilitate the performance of that function; or
 - (ii) necessary or convenient to permit the performance of that function.
-

- (2A) The Council must not, under subsection (2):
- (a) perform a function conferred on it by a law of a State or Territory; or
 - (b) exercise a power that is so conferred;
- unless the conferral of the function or power is in accordance with the Competition Principles Agreement.
- (2B) Subsection (2) does not apply to a State/Territory energy law.
- Note: Section 29BA provides that a State/Territory energy law may confer functions or powers, or impose duties, on the Council.
- (3) In performing its functions, the Council may co-operate with a department, body or authority of the Commonwealth, of a State or of a Territory.

29BA Commonwealth consent to conferral of functions etc. on Council

- (1) A State/Territory energy law may confer functions or powers, or impose duties, on the Council for the purposes of that law.
- Note: Section 29BC sets out when such a law imposes a duty on the Council.
- (2) Subsection (1) does not authorise the conferral of a function or power, or the imposition of a duty, by a State/Territory energy law to the extent to which:
- (a) the conferral or imposition, or the authorisation, would contravene any constitutional doctrines restricting the duties that may be imposed on the Council; or
 - (b) the authorisation would otherwise exceed the legislative power of the Commonwealth.
- (3) The Council cannot perform a duty or function, or exercise a power, under a State/Territory energy law unless the conferral of the function or power, or the imposition of the duty, is in accordance with an agreement between the Commonwealth and the State or Territory concerned.

Section 29BB

29BB How duty is imposed

Application

- (1) This section applies if a State/Territory energy law purports to impose a duty on the Council.

Note: Section 29BC sets out when such a law imposes a duty on the Council.

State or Territory legislative power sufficient to support duty

- (2) The duty is taken not to be imposed by this Part (or any other law of the Commonwealth) to the extent to which:
- (a) imposing the duty is within the legislative powers of the State or Territory concerned; and
 - (b) imposing the duty by the law of the State or Territory is consistent with the constitutional doctrines restricting the duties that may be imposed on the Council.

Note: If this subsection applies, the duty will be taken to be imposed by force of the law of the State or Territory (the Commonwealth having consented under section 29BA to the imposition of the duty by that law).

Commonwealth legislative power sufficient to support duty but State or Territory legislative powers are not

- (3) If, to ensure the validity of the purported imposition of the duty, it is necessary that the duty be imposed by a law of the Commonwealth (rather than by the law of the State or Territory), the duty is taken to be imposed by this Part to the extent necessary to ensure that validity.
- (4) If, because of subsection (3), this Part is taken to impose the duty, it is the intention of the Parliament to rely on all powers available to it under the Constitution to support the imposition of the duty by this Part.
- (5) The duty is taken to be imposed by this Part in accordance with subsection (3) only to the extent to which imposing the duty:

- (a) is within the legislative powers of the Commonwealth; and
 - (b) is consistent with the constitutional doctrines restricting the duties that may be imposed on the Council.
- (6) Subsections (1) to (5) do not limit section 29BA.

29BC When a State/Territory energy law imposes a duty

For the purposes of sections 29BA and 29BB, a State/Territory energy law *imposes a duty* on the Council if:

- (a) the law confers a function or power on the Council; and
- (b) the circumstances in which the function or power is conferred give rise to an obligation on the Council to perform the function or to exercise the power.

29C Membership of Council

- (1) The Council consists of the Council President and up to 4 other Councillors.
- (2) Each Councillor is to be appointed by the Governor-General, for a term of up to 5 years.
- (3) The Governor-General must not appoint a person as a Councillor or Council President unless the Governor-General is satisfied that:
 - (a) the person qualifies for the appointment because of the person's knowledge of, or experience in, industry, commerce, economics, law, consumer protection or public administration; and
 - (b) a majority of the States and Territories that are parties to the Competition Principles Agreement support the appointment.

29D Terms and conditions of office

- (2) The AER:
 - (a) is a body corporate with perpetual succession; and
 - (b) must have a common seal; and
 - (c) may acquire, hold and dispose of real and personal property; and
 - (d) may sue and be sued in its corporate name.
- (3) However, the AER is taken, for the purposes of the finance law (within the meaning of the *Public Governance, Performance and Accountability Act 2013*):

 - (b) to be a part of the Commonwealth, and a part of the Commission; and
 - (c) not to be a body corporate.

44AF AER to hold money and property on behalf of the Commonwealth

The AER holds any money or property for and on behalf of the Commonwealth.

Division 3—Functions and powers of the AER

44AH Commonwealth functions

- (1) The AER has any functions:
 - (a) conferred under a law of the Commonwealth; or
 - (b) prescribed by regulations made under this Act.

Note: The AER may have functions under the *Australian Energy Market Act 2004*.

- (2) Regulations made for the purposes of paragraph (1)(b) may empower the AER to make legislative instruments.
- (3) Section 42 (disallowance) of the *Legislation Act 2003* does not apply to legislative instruments empowered by regulations made for the purposes of paragraph (1)(b).
- (4) Subsection (3) has effect subject to any express provision to the contrary in the regulations.

44AI Commonwealth consent to conferral of functions etc. on AER

General rule

- (1) Subject to section 44AIA, a State/Territory energy law or a local energy instrument may confer functions or powers, or impose duties, on the AER for the purposes of that law or instrument.

Note: Section 44AK sets out when such a law or instrument imposes a duty on the AER.
- (2) Subsection (1) does not authorise the conferral of a function or power, or the imposition of a duty, by a State/Territory energy law or local energy instrument to the extent to which:
 - (a) the conferral or imposition, or the authorisation, would contravene any constitutional doctrines restricting the duties that may be imposed on the AER; or

- (b) the authorisation would otherwise exceed the legislative power of the Commonwealth.
- (3) The AER cannot perform a duty or function, or exercise a power, under a State/Territory energy law or local energy instrument unless the conferral of the function or power, or the imposition of the duty, is in accordance with the Australian Energy Market Agreement, or any other relevant agreement between the Commonwealth and the State or Territory concerned.
- (4) A local energy instrument may confer functions or powers, or impose duties, on the AER only if the instrument is designated for the purposes of this subsection under the Australian Energy Market Agreement, or any other relevant agreement between the Commonwealth and the State or Territory that made the instrument.
- (5) To avoid doubt, if a State/Territory energy law is also a local energy instrument, subsection (4) applies to the law.

44AIA No merits review of AER decisions

A decision of the AER under a State/Territory energy law or local energy instrument is not to be subject to merits review (however described) by a body established under a law of a State or Territory.

44AJ How duty is imposed

Application

- (1) This section applies if a State/Territory energy law or local energy instrument purports to impose a duty on the AER.

Note 1: Section 44AK sets out when such a law or instrument imposes a duty on the AER.

Note 2: Section 320 of the South Australian Energy Retail Legislation, as it applies as a law of a State or Territory, deals with the case where a duty purportedly imposed on a Commonwealth body under that applied law cannot be imposed by the State or Territory or the Commonwealth due to constitutional doctrines restricting such duties.

Section 44AK

State or Territory legislative power sufficient to support duty

- (2) The duty is taken not to be imposed by this Part (or any other law of the Commonwealth) to the extent to which:
- (a) imposing the duty is within the legislative powers of the State or Territory concerned; and
 - (b) imposing the duty by the law or instrument of the State or Territory is consistent with the constitutional doctrines restricting the duties that may be imposed on the AER.

Note: If this subsection applies, the duty will be taken to be imposed by force of the law or instrument of the State or Territory (the Commonwealth having consented under section 44AI to the imposition of the duty by that law or instrument).

Commonwealth legislative power sufficient to support duty but State or Territory legislative powers are not

- (3) If, to ensure the validity of the purported imposition of the duty, it is necessary that the duty be imposed by a law of the Commonwealth (rather than by the law or instrument of the State or Territory), the duty is taken to be imposed by this Part to the extent necessary to ensure that validity.
- (4) If, because of subsection (3), this Part is taken to impose the duty, it is the intention of the Parliament to rely on all powers available to it under the Constitution to support the imposition of the duty by this Part.
- (5) The duty is taken to be imposed by this Part in accordance with subsection (3) only to the extent to which imposing the duty:
- (a) is within the legislative powers of the Commonwealth; and
 - (b) is consistent with the constitutional doctrines restricting the duties that may be imposed on the AER.
- (6) Subsections (1) to (5) do not limit section 44AI.

44AK When a State/Territory energy law etc. imposes a duty

For the purposes of sections 44AI and 44AJ, a State/Territory energy law or local energy instrument *imposes a duty* on the AER if:

- (a) the law or instrument confers a function or power on the AER; and
- (b) the circumstances in which the function or power is conferred give rise to an obligation on the AER to perform the function or to exercise the power.

44AL Powers of the AER

The AER has power to do all things necessary or convenient to be done for or in connection with the performance of its functions.

Note: State and Territory laws or instruments may also confer powers on the AER in respect of its functions under those laws or instruments: see section 44AI.

44C How this Part applies to partnerships and joint ventures

- (1) This section applies if the provider of a service is a partnership or joint venture that consists of 2 or more corporations. Those corporations are referred to in this section as the ***participants***.
- (2) If this Part requires or permits something to be done by the provider, the thing may be done by one or more of the participants on behalf of the provider.
- (3) If a provision of this Part refers to the provider bearing any costs, the provision applies as if the provision referred to any of the participants bearing any costs.
- (4) If a provision of this Part refers to the provider doing something, the provision applies as if the provision referred to one or more of the participants doing that thing on behalf of the provider.

Section 44CA

- (5) If:
- (a) a provision of this Part requires the provider to do something, or prohibits the provider from doing something; and
 - (b) a contravention of the provision is an offence;
- the provision applies as if a reference to the provider were a reference to any person responsible for the day-to-day management and control of the provider.
- (6) If:
- (a) a provision of this Part requires a provider to do something, or prohibits a provider doing something; and
 - (b) a contravention of the provision is not an offence;
- the provision applies as if the reference to provider were a reference to each participant and to any other person responsible for the day-to-day management and control of the provider.

44CA Meaning of *declaration criteria*

- (1) The *declaration criteria* for a service are:
- (a) that access (or increased access) to the service, on reasonable terms and conditions, as a result of a declaration of the service would promote a material increase in competition in at least one market (whether or not in Australia), other than the market for the service; and
- Note: *Market* is defined in section 4E.
- (b) that the facility that is used (or will be used) to provide the service could meet the total foreseeable demand in the market:
 - (i) over the period for which the service would be declared; and
 - (ii) at the least cost compared to any 2 or more facilities (which could include the first-mentioned facility); and
 - (c) that the facility is of national significance, having regard to:
 - (i) the size of the facility; or
 - (ii) the importance of the facility to constitutional trade or commerce; or

Section 44D

- (iii) the importance of the facility to the national economy;
and
 - (d) that access (or increased access) to the service, on reasonable terms and conditions, as a result of a declaration of the service would promote the public interest.
- (2) For the purposes of paragraph (1)(b):
 - (a) if the facility is currently at capacity, and it is reasonably possible to expand that capacity, have regard to the facility as if it had that expanded capacity; and
 - (b) without limiting paragraph (1)(b), the cost referred to in that paragraph includes all costs associated with having multiple users of the facility (including such costs that would be incurred if the service is declared).
- (3) Without limiting the matters to which the Council may have regard for the purposes of section 44G, or the designated Minister may have regard for the purposes of section 44H, in considering whether paragraph (1)(d) of this section applies the Council or designated Minister must have regard to:
 - (a) the effect that declaring the service would have on investment in:
 - (i) infrastructure services; and
 - (ii) markets that depend on access to the service; and
 - (b) the administrative and compliance costs that would be incurred by the provider of the service if the service is declared.

44D Meaning of *designated Minister*

- (1) The Commonwealth Minister is the designated Minister unless subsection (2), (3), (4) or (5) applies.
- (2) In relation to declaring a service in a case where:
 - (a) the provider is a State or Territory body that has some control over the conditions for accessing the facility that is used (or is to be used) to provide the service; and

Section 44DA

- (b) the State or Territory concerned is a party to the Competition Principles Agreement;
the responsible Minister of the State or Territory is the designated Minister.
- (3) In relation to revoking a declaration that was made by the responsible Minister of a State or Territory, the responsible Minister of that State or Territory is the designated Minister.

- the responsible Minister of that State or Territory is the designated Minister.

44DA The principles in the Competition Principles Agreement have status as guidelines

- (1) For the avoidance of doubt:
- (c) the requirement, under subsection 44M(4), that the Council apply the relevant principles set out in the Competition Principles Agreement in deciding whether to recommend to the Commonwealth Minister that he or she should decide that an access regime is, or is not, an effective access regime; and
 - (d) the requirement, under subsection 44N(2), that the Commonwealth Minister, in making a decision on a
-

recommendation received from the Council, apply the relevant principles set out in the Agreement; are obligations that the Council and the relevant Ministers must treat each individual relevant principle as having the status of a guideline rather than a binding rule.

- (2) An effective access regime may contain additional matters that are not inconsistent with Competition Principles Agreement principles.

44E This Part binds the Crown

- (1) This Part binds the Crown in right of the Commonwealth, of each of the States, of the Australian Capital Territory and of the Northern Territory.

Division 2—Declared services

Subdivision A—Recommendation by the Council

44F Person may request recommendation

- (1) The designated Minister, or any other person, may apply in writing to the Council asking the Council to recommend that a particular service be declared unless:

 - (b) the service is the subject of an access undertaking in operation under Division 6; or
 - (c) if a decision is in force under subsection 44PA(3) approving a tender process, for the construction and operation of a facility, as a competitive tender process—the service was specified, in the application for that decision, as a service proposed to be provided by means of the facility; or
 - (d) if the service is provided by means of a pipeline (within the meaning of a National Gas Law)—there is:
 - (i) a 15-year no-coverage determination in force under the National Gas Law in respect of the pipeline; or
 - (ii) a price regulation exemption in force under the National Gas Law in respect of the pipeline; or
 - (e) there is a decision of the designated Minister in force under section 44LG that the service is ineligible to be a declared service.

Note: This means an application can only be made or dealt with under this Subdivision if none of paragraphs (a) to (e) apply.

- (5) The applicant may withdraw the application at any time before the Council makes a recommendation relating to it.
- (6) The applicant may request, in writing, the Council to vary the application at any time before the Council makes a recommendation relating to it.
- (7) If a request is made under subsection (6), the Council must decide to:
- (a) make the variation; or
 - (b) reject the variation.

Section 44FA

- (9) The Council may reject the variation if it is satisfied that the requested variation is of a kind, or the request for the variation is made at a time or in a manner, that:
- (a) would unduly prejudice the provider (if the provider is not the applicant) or anyone else the Council considers has a material interest in the application; or
 - (b) would unduly delay the process for considering the application.

44FA Council may request information

- (1) The Council may give a person a written notice requesting the person give to the Council, within a specified period, information of the kind specified in the notice that the Council considers may be relevant to deciding what recommendation to make on an application under section 44F.

Section 44G

Note: This allows the Council to make the information publicly available, subject to any confidentiality concerns.

Note: There are limits on the information to which the Tribunal may have regard (see section 44ZZOAA) and time limits that apply to the Tribunal's decision on the review (see section 44ZZOA).
- (5) For the purposes of the review, the Tribunal has the same powers as the designated Minister.

- (4) Subsection (3) does not prohibit the Tribunal from making an order without giving to a person referred to in that subsection a reasonable opportunity to make a submission to the Tribunal in relation to a matter if the Tribunal is satisfied that, by reason of the urgency of the case or otherwise, it is not practicable to give that person such an opportunity.

Section 44KB

- (5) If an order is made under subsection (3) without giving the Council a reasonable opportunity to make a submission to the Tribunal in relation to a matter, the order does not come into operation until a notice setting out the terms of the order is given to the Council.
- (6) An order in force under paragraph (2)(a) (including an order that has previously been varied on one or more occasions under paragraph (2)(b)):
 - (a) is subject to such conditions as are specified in the order; and

- (2) However, the Tribunal must not make an order requiring the designated Minister to pay some or all of the costs of another party to proceedings unless the Tribunal considers that the designated Minister's conduct in the proceedings was engaged in without due regard to:

- (4) The regulations may make provision for and in relation to fees payable for the assessment or taxation of costs ordered by the Tribunal to be paid.
- (5) If a party (the *first party*) is ordered to pay some or all of the costs of another party under subsection (1), the amount of the costs may be recovered in the Federal Court as a debt due by the first party to the other party.

 - (ii) the third party may withdraw the provider's notification at any time after the Commission issues a draft final determination, but before it makes its final determination;
 - (b) if the third party notified the dispute, the third party may withdraw the notification at any time before the Commission makes its final determination.
- (2) Despite subparagraph (1)(a)(ii), if the provider notified a dispute over variation of a final determination, the third party may not withdraw the provider's notification.
- (3) If the notification is withdrawn, it is taken for the purposes of this Part never to have been given.

Subdivision C—Arbitration of access disputes

44U Parties to the arbitration

The parties to the arbitration of an access dispute are:

- (a) the provider;
- (b) the third party;
- (c) any other person who applies in writing to be made a party and is accepted by the Commission as having a sufficient interest.

44V Determination by Commission

- (1) Unless it terminates the arbitration under section 44Y, 44YA, 44ZZCB or 44ZZCBA, the Commission:
 - (a) must make a written final determination; and
 - (b) may make a written interim determination;

Section 44V

on access by the third party to the service.

Note 1: There are time limits that apply to the Commission's final determination: see section 44XA.

Note 2: The Commission may defer arbitration of the access dispute if it is also considering an access undertaking: see section 44ZZCB.

- (2) A determination may deal with any matter relating to access by the third party to the service, including matters that were not the basis for notification of the dispute. By way of example, the determination may:
- (a) require the provider to provide access to the service by the third party;
 - (b) require the third party to accept, and pay for, access to the service;
 - (c) specify the terms and conditions of the third party's access to the service;
 - (d) require the provider to extend the facility;
 - (da) require the provider to permit interconnection to the facility by the third party;
 - (e) specify the extent to which the determination overrides an earlier determination relating to access to the service by the third party.
- (2A) Without limiting paragraph (2)(d), a requirement referred to in that paragraph may do either or both of the following:
- (a) require the provider to expand the capacity of the facility;
 - (b) require the provider to expand the geographical reach of the facility.
- (3) A determination does not have to require the provider to provide access to the service by the third party.
- (4) Before making a determination, the Commission must give a draft determination to the parties.
- (5) When the Commission makes a determination, it must give the parties to the arbitration its reasons for making the determination.

- (6) A determination is not a legislative instrument.

44W Restrictions on access determinations

- (1) The Commission must not make a determination that would have any of the following effects:
- (a) preventing an existing user obtaining a sufficient amount of the service to be able to meet the user's reasonably anticipated requirements, measured at the time when the dispute was notified;
 - (b) preventing a person from obtaining, by the exercise of a pre-notification right, a sufficient amount of the service to be able to meet the person's actual requirements;
 - (c) depriving any person of a protected contractual right;
 - (d) resulting in the third party becoming the owner (or one of the owners) of any part of the facility, or of extensions of the facility (including expansions of the capacity of the facility and expansions of the geographical reach of the facility), without the consent of the provider;
 - (e) requiring the provider to bear some or all of the costs of extending the facility (including expanding the capacity of the facility and expanding the geographical reach of the facility);
 - (ea) requiring the provider to bear some or all of the costs of maintaining extensions of the facility (including expansions of the capacity of the facility and expansions of the geographical reach of the facility);
 - (f) requiring the provider to bear some or all of the costs of interconnections to the facility or maintaining interconnections to the facility.
- (2) Paragraphs (1)(a) and (b) do not apply in relation to the requirements and rights of the third party and the provider when the Commission is making a determination in arbitration of an access dispute relating to an earlier determination of an access dispute between the third party and the provider.

Section 44W

- (3) A determination is of no effect if it is made in contravention of subsection (1).
- (4) If the Commission makes a determination that has the effect of depriving a person (the *second person*) of a pre-notification right to require the provider to supply the service to the second person, the determination must also require the third party:
- (a) to pay to the second person such amount (if any) as the Commission considers is fair compensation for the deprivation; and
 - (b) to reimburse the provider and the Commonwealth for any compensation that the provider or the Commonwealth agrees, or is required by a court order, to pay to the second party as compensation for the deprivation.

Note: Without infringing paragraph (1)(b), a determination may deprive a second person of the right to be supplied with an amount of service equal to the difference between the total amount of service the person was entitled to under a pre-notification right and the amount that the person actually needs to meet his or her actual requirements.

- (4A) If an application for review of a declaration of a service has been made under subsection 44K(1), the Commission must not make a determination in relation to the service until the Tribunal has made its decision on the review.

- (5) In this section:

existing user means a person (including the provider) who was using the service at the time when the dispute was notified.

pre-notification right means a right under a contract, or under a determination, that was in force at the time when the dispute was notified.

protected contractual right means a right under a contract that was in force at the beginning of 30 March 1995.

- (3) In this section, a *user* of a service includes a person who has a right to use the service.

(e) any other matters that the Commission thinks are relevant.

Note 1: There are grounds on which the Commission may reject the undertaking if it contains, or should contain, fixed principles: see section 44ZZAAB.

Note 2: The Commission may defer consideration of the undertaking if it is also arbitrating an access dispute: see section 44ZZCB.

(3AA) The Commission must not accept the undertaking if a decision of the Commonwealth Minister is in force under section 44N that a regime established by a State or Territory for access to the service is an effective access regime.

(3AB) The Commission may reject the undertaking if it incorporates one or more amendments (see subsection 44ZZAAA(5)) and the Commission is satisfied that the amendment or amendments are of a kind, are made at a time, or are made in a manner that:

- (a) unduly prejudices anyone the Commission considers has a material interest in the undertaking; or

(7) The provider may:

- (a) withdraw the application given under subsection (1) at any time before the Commission makes a decision on whether to accept the application; and

The Commission may consent to a variation of the undertaking if it thinks it appropriate to do so having regard to the matters in subsection (3).

44ZZAAA Proposed amendments to access undertakings

Commission may give an amendment notice in relation to an undertaking

- (1) Before deciding whether to accept an undertaking given to it under subsection 44ZZA(1) by a person who is, or expects to be, the provider of a service, the Commission may give the person an amendment notice in relation to the undertaking.
- (2) An **amendment notice** is a notice in writing that specifies:
 - (a) the nature of the amendment or amendments (the **proposed amendment or amendments**) that the Commission proposes be made to the undertaking; and
 - (b) the Commission's reasons for the proposed amendment or amendments; and

- (c) the period (the *response period*) within which the person may respond to the notice, which must be at least 14 days after the day the notice was given to the person.
- (3) The Commission may publish, by electronic or other means, the amendment notice.
- (4) The Commission may give more than one amendment notice in relation to an undertaking.

Person may give a revised undertaking in response to notice

- (5) If a person receives an amendment notice, the person may, within the response period, respond to the notice by giving a revised undertaking to the Commission that incorporates one or more amendments.
- (6) If the revised undertaking incorporates one or more amendments that the Commission considers are not of the nature proposed in the amendment notice and do not address the reasons for the proposed amendments given in the amendment notice, the Commission must not accept the revised undertaking and must return it to the person within 21 days of receiving it.
- (7) If the person gives a revised undertaking under subsection (5) and the revised undertaking is not returned to the person under subsection (6), the revised undertaking is taken, after the time it is given to the Commission, to be the undertaking given under section 44ZZA for the purposes of this Part.
- (8) The person is taken to have not agreed to the proposed amendment or amendments if the person does not respond within the response period.

Commission not required to accept revised undertaking

- (9) The Commission is not required to accept the revised undertaking under section 44ZZA.

Section 44ZZAAB

No duty to propose amendments

- (10) In considering whether to accept an undertaking, the Commission does not have a duty to consider whether to propose one or more amendments to the undertaking.

Notice of proposed amendment is not a legislative instrument

- (11) A notice given under subsection (1) is not a legislative instrument.

44ZZAAB Access undertakings containing fixed principles

Access undertakings may contain fixed principles

- (1) An access undertaking given to the Commission under subsection 44ZZA(1) may include one or more terms that, under the undertaking, are fixed for a specified period.
- (2) Each of the terms is a **fixed principle** and the specified period is a **fixed period**. Different periods may be specified for different fixed principles.
- (3) The fixed period must:
- (a) start:
 - (i) when the access undertaking comes into operation; or
 - (ii) at a later time ascertained in accordance with the undertaking; and
 - (b) extend beyond the expiry date of the undertaking.

Consideration of fixed principles

- (4) The Commission may reject the undertaking if it:
- (a) includes a term that is not a fixed principle and that the Commission considers should be a fixed principle; or
 - (b) includes a fixed principle that the Commission considers should not be fixed; or
 - (c) includes a fixed principle that the Commission considers should be fixed for a period that is different from the period specified in the undertaking.

Section 44ZZAAB

However, the Commission must not reject the undertaking solely on the basis that it is consistent with a fixed principle that is included in the undertaking in compliance with subsection (6).

Fixed principles must be carried over to later undertakings

- (5) Subsection (6) applies if:
- (a) the Commission accepts an undertaking (the **earlier undertaking**) in connection with the provision of access to a service that includes a fixed principle; and
 - (b) an undertaking (the **later undertaking**) is given to the Commission in connection with the provision of access to the service within the fixed period for the fixed principle; and
 - (c) at the time the later undertaking is given:
 - (i) the fixed principle has not been revoked under subsection (7); and
 - (ii) the earlier undertaking has not been varied under subsection 44ZZA(7) so that the fixed principle is no longer a term of the earlier undertaking.
- (6) The Commission must not accept the later undertaking under section 44ZZA unless the undertaking includes a term that is the same as the fixed principle.

Variation or revocation of fixed principles when no undertaking is in operation

- (7) If there is no access undertaking in operation in connection with the provision of access to a service, the provider may revoke or vary a fixed principle that relates to the service (including the fixed period for the principle), but only with the consent of the Commission. The Commission may consent to the revocation or variation of the fixed principle if it thinks it appropriate to do so having regard to the matters in subsection 44ZZA(3).

Note: Subsection 44ZZA(7) contains provision for fixed principles to be varied or revoked in the situation where there is an access undertaking in operation. This may include a variation of the fixed period for the fixed principle.

Section 44ZZAA

Alteration of fixed principles

- (8) If an undertaking that is accepted by the Commission contains one or more fixed principles, the undertaking is accepted on the basis that:
- (a) the principle may be varied or revoked under subsection (7) or 44ZZA(7); and
 - (b) the principle may be cancelled, revoked, terminated or varied by or under later legislation; and
 - (c) no compensation is payable if the principle is cancelled, revoked, terminated or varied as mentioned in any of the above paragraphs.
- (9) Subsection (8) does not, by implication, affect the interpretation of any other provision of this Act.

44ZZAA Access codes prepared by industry bodies

- (1) An industry body may give a written code to the Commission setting out rules for access to a service.
- (2) The code must specify the expiry date of the code.
- (3) The Commission may accept the code, if it thinks it appropriate to do so having regard to the following matters:
- (aa) the objects of this Part;
 - (ab) the pricing principles specified in section 44ZZCA;
 - (a) the legitimate business interests of providers who might give undertakings in accordance with the code;
 - (b) the public interest, including the public interest in having competition in markets (whether or not in Australia);
 - (c) the interests of persons who might want access to the service covered by the code;
 - (e) any matters specified in regulations made for the purposes of this subsection;
 - (f) any other matters that the Commission thinks are relevant.

- (3A) The Commission must not accept the code if a decision of the Commonwealth Minister is in force under section 44N that a regime established by a State or Territory for access to the service is an effective access regime.
- (6) The industry body may:
- (a) withdraw the code given under subsection (1) at any time before the Commission makes a decision whether to accept the code; and
 - (b) withdraw or vary the code at any time after it has been accepted by the Commission, but only with the consent of the Commission.

The Commission may consent to a variation of the code if it thinks it appropriate to do so having regard to the matters in subsection (3).

Note: The Commission may rely on industry body consultations before giving its consent: see section 44ZZAB.

- (7) If the industry body that gave the code to the Commission has ceased to exist, a withdrawal or variation under subsection (6) may be made by a body or association prescribed by the regulations as a replacement for the original industry body.
- (8) In this section:

code means a set of rules (which may be in general terms or detailed terms).

industry body means a body or association (including a body or association established by a law of a State or Territory) prescribed by the regulations for the purposes of this section.

 - (a) publication of the variation or notice of the withdrawal by the industry body, including specification of the effect of this subsection and subsection (4); and
 - (b) consideration by the industry body of any submissions that were received within the time limit specified by the industry body when it published the variation or notice.
- (4) In deciding whether to consent to the variation or withdrawal, the Commission may consider any submission referred to in paragraph (3)(b).

Division 6A—Pricing principles for access disputes and access undertakings or codes

44ZZCA Pricing principles for access disputes and access undertakings or codes

The pricing principles relating to the price of access to a service are:

- (a) that regulated access prices should:
 - (i) be set so as to generate expected revenue for a regulated service or services that is at least sufficient to meet the efficient costs of providing access to the regulated service or services; and
 - (ii) include a return on investment commensurate with the regulatory and commercial risks involved; and
- (b) that the access price structures should:
 - (i) allow multi-part pricing and price discrimination when it aids efficiency; and
 - (ii) not allow a vertically integrated access provider to set terms and conditions that discriminate in favour of its downstream operations, except to the extent that the cost of providing access to other operators is higher; and
- (c) that access pricing regimes should provide incentives to reduce costs or otherwise improve productivity.

Note: The Commission must have regard to the principles in making a final determination under Division 3 and in deciding whether or not to accept an access undertaking or access code under Division 6.

Division 6B—Overlap among determinations, registered contracts, access undertakings and Tribunal review

Deferral of arbitration of access dispute

- (2) If:
- (a) the Commission defers arbitrating the access dispute; and

- then the Commission must terminate the arbitration when the undertaking comes into operation, but only to the extent of the matters relating to access to the service that are dealt with in the undertaking.

Note: The third party's access to the service is determined under the access undertaking to the extent of the matters it deals with. If the access dispute deals with other matters, the third party's access to the service in relation to those other matters is determined under any determination the Commission makes.

Deferral of consideration of access undertaking

- (3) If:
-

Part IIIA Access to services

Division 6B Overlap among determinations, registered contracts, access undertakings and Tribunal review

 - (b) any guidelines in force under subsection (6).It may have regard to any other matter it considers relevant.
- (6) The Commission must, by legislative instrument, determine guidelines for the purposes of subsection (5).
- (7) The Commission must take all reasonable steps to ensure that the first set of guidelines under subsection (6) is made within 6 months after the commencement of this subsection.

Legislation Act 2003

- (8) A notice made under subsection (1) is not a legislative instrument.

44ZZCBA Deferral of arbitration if review is underway

 - (b) an access dispute is notified under section 44S in relation to access to the same declared service; and
 - (c) the parties to the dispute are the same parties to the terminated arbitration;
- then the Commission may have regard to any record made in the course of the terminated arbitration if it considers it appropriate to do so.

Notices are not legislative instruments

- (6) A notice given under subsection (1) or (2) is not a legislative instrument.

44ZZCC Overlap between determinations and access undertakings

If, at a particular time:

- (a) a final determination is in operation in relation to a declared service; and

The power of the Federal Court to grant an injunction under section 44ZZD or 44ZZE restraining a person from engaging in conduct may be exercised whether or not:

44ZZL Register of determinations

The Commission must maintain a public register that specifies the following information for each determination:

- (a) the names of the parties to the determination;
- (b) the service to which the determination relates;
- (c) the date on which the determination was made.

44ZZM Commonwealth consent to conferral of functions etc. on the Commission or Tribunal by State or Territory laws

- (1) Subject to section 44ZZMAA, a State or Territory access regime law may confer functions or powers, or impose duties, on the Commission or Tribunal.

Note: Section 44ZZMB sets out when such a law imposes a duty on the Commission or Tribunal.

- (2) Subsection (1) does not authorise the conferral of a function or power, or the imposition of a duty, by a law of a State or Territory to the extent to which:
 - (a) the conferral or imposition, or the authorisation, would contravene any constitutional doctrines restricting the duties that may be imposed on the Commission or Tribunal; or
 - (b) the authorisation would otherwise exceed the legislative power of the Commonwealth.
- (3) The Commission or Tribunal cannot perform a duty or function, or exercise a power, under a State or Territory access regime law unless the conferral of the function or power, or the imposition of the duty, is in accordance with an agreement between the Commonwealth and the State or Territory concerned.

44ZZMAA No merits review by Tribunal of decisions under energy laws

- (1) This section applies if a State/Territory energy law or the *Australian Energy Market Act 2004* purports to confer a function or power, or to impose a duty, in relation to a decision made under:
 - (a) a State/Territory energy law; or
 - (b) a uniform energy law applied as a law of the Commonwealth under the *Australian Energy Market Act 2004*.However, this section does not apply in relation to a decision relating to the disclosure of confidential or protected information under such a law.
- (2) The purported conferral or imposition has no effect to the extent to which it would require or permit merits review (however described) of the decision by the Tribunal.
- (3) This section applies despite anything in any law of the Commonwealth, a State or a Territory.

44ZZMA How duty is imposed

Application

- (1) This section applies if a State or Territory access regime law purports to impose a duty on the Commission or Tribunal.
 - Note 1: Section 44ZZMB sets out when such a law imposes a duty on the Commission or Tribunal.
 - Note 2: Section 320 of the South Australian Energy Retail Legislation, as it applies as a law of a State or Territory, deals with the case where a duty purportedly imposed on a Commonwealth body under that applied law cannot be imposed by the State or Territory or the Commonwealth due to constitutional doctrines restricting such duties.

State or Territory legislative power sufficient to support duty

- (2) The duty is taken not to be imposed by this Act (or any other law of the Commonwealth) to the extent to which:

Section 44ZZMB

- (a) imposing the duty is within the legislative powers of the State or Territory concerned; and
- (b) imposing the duty by the law of the State or Territory is consistent with the constitutional doctrines restricting the duties that may be imposed on the Commission or Tribunal.

Note: If this subsection applies, the duty will be taken to be imposed by force of the law of the State or Territory (the Commonwealth having consented under section 44ZZM to the imposition of the duty by that law).

Commonwealth legislative power sufficient to support duty but State or Territory legislative powers are not

- (3) If, to ensure the validity of the purported imposition of the duty, it is necessary that the duty be imposed by a law of the Commonwealth (rather than by the law of the State or Territory), the duty is taken to be imposed by this Act to the extent necessary to ensure that validity.
- (4) If, because of subsection (3), this Act is taken to impose the duty, it is the intention of the Parliament to rely on all powers available to it under the Constitution to support the imposition of the duty by this Act.
- (5) The duty is taken to be imposed by this Act in accordance with subsection (3) only to the extent to which imposing the duty:
 - (a) is within the legislative powers of the Commonwealth; and
 - (b) is consistent with the constitutional doctrines restricting the duties that may be imposed on the Commission or Tribunal.
- (6) Subsections (1) to (5) do not limit section 44ZZM.

44ZZMB When a law of a State or Territory imposes a duty

For the purposes of sections 44ZZM and 44ZZMA, a State or Territory access regime law *imposes a duty* on the Commission or Tribunal if:

- (a) the law confers a function or power on the Commission or Tribunal; and

- (b) the circumstances in which the function or power is conferred give rise to an obligation on the Commission or Tribunal to perform the function or to exercise the power.

44ZZN Compensation for acquisition of property

- (1) If:
 - (a) a determination would result in an acquisition of property; and
 - (b) the determination would not be valid, apart from this section, because a particular person has not been sufficiently compensated;the Commonwealth must pay that person:
 - (c) a reasonable amount of compensation agreed on between the person and the Commonwealth; or
 - (d) failing agreement—a reasonable amount of compensation determined by a court of competent jurisdiction.
- (2) In assessing compensation payable in a proceeding begun under this section, the following must be taken into account if they arise out of the same event or transaction:
 - (a) any damages or compensation recovered, or other remedy, in a proceeding begun otherwise than under this section;
 - (b) compensation awarded under a determination.

Section 45D

(b) the corporation applies for the grant of such an authorisation within 14 days after the contract is made;

the persons covered by paragraph (a) do not contravene, and are not involved in a contravention of, subsection 45D(1), 45DA(1) or 45DB(1) by engaging in the conduct.

Dominant purpose of conduct relates to environmental protection or consumer protection

Section 45DD

Meaning of industrial action—basic definition

- (4) In subsection (3), **industrial action** means:
- (a) the performance of work in a manner different from that in which it is customarily performed, or the adoption of a practice in relation to work, the result of which is a restriction or limitation on, or a delay in, the performance of the work, where:
 - (i) the terms and conditions of the work are prescribed, wholly or partly, by a workplace instrument or an order of an industrial body; or
 - (ii) the work is performed, or the practice is adopted, in connection with an industrial dispute; or
 - (b) a ban, limitation or restriction on the performance of work, or on acceptance of or offering for work, in accordance with the terms and conditions prescribed by a workplace instrument or by an order of an industrial body; or
 - (c) a ban, limitation or restriction on the performance of work, or on acceptance of or offering for work, that is adopted in connection with an industrial dispute; or
 - (d) a failure or refusal by persons to attend for work or a failure or refusal to perform any work at all by persons who attend for work.

For this purpose, **industrial body** and **workplace instrument** have the same meanings as in the *Fair Work Act 2009*.

Meaning of industrial action—further clarification

- (5) For the purposes of subsection (3):
- (a) conduct is capable of constituting industrial action even if the conduct relates to part only of the duties that persons are required to perform in the course of their employment; and
 - (b) a reference to industrial action includes a reference to a course of conduct consisting of a series of industrial actions.

Subsections (1), (2) and (3) do not protect people not covered by them

- (6) In applying subsection 45D(1), 45DA(1) or 45DB(1) to a person who is not covered by subsection (1), (2) or (3) in respect of certain conduct, disregard the fact that other persons may be covered by one of those subsections in respect of the same conduct.

Defences to contravention of subsection 45DB(1)

- (7) In a proceeding under this Act in relation to a contravention of subsection 45DB(1), it is a defence if the defendant proves:
- (a) that a notice in respect of the conduct concerned has been duly given to the Commission under subsection 93(1) and the Commission has not given a notice in respect of the conduct under subsection 93(3) or (3A); or
 - (b) that the dominant purpose for which the defendant engaged in the conduct concerned was to preserve or further a business carried on by him or her.

Each person to prove defence

- (8) If:
- (a) a person engages in conduct in concert with another person; and
 - (b) the other person proves a matter specified in paragraph (7)(a) or (b) in respect of that conduct;
- in applying subsection 45DB(1) to the first person, ignore the fact that the other person has proved that matter.

Note: Section 415 of the *Fair Work Act 2009* limits the right to bring actions under this Act in respect of industrial action that is protected action for the purposes of that section.

45E Prohibition of contracts, arrangements or understandings affecting the supply or acquisition of goods or services

Situations to which section applies

- (1) This section applies in the following situations:
- (a) a **supply situation**—in this situation, a person (the **first person**) has been accustomed, or is under an obligation, to supply goods or services to another person (the **second person**); or
 - (b) an **acquisition situation**—in this situation, a person (the **first person**) has been accustomed, or is under an obligation, to acquire goods or services from another person (the **second person**).

Despite paragraphs (a) and (b), this section does not apply unless the first or second person is a corporation or both of them are corporations.

Note : For the meanings of **accustomed to supply** and **accustomed to acquire**, see subsections (5) and (7).

Prohibition in a supply situation

- (2) In a supply situation, the first person must not make a contract or arrangement, or arrive at an understanding, with an organisation of employees, an officer of such an organisation or a person acting for and on behalf of such an officer or organisation, if the proposed contract, arrangement or understanding contains a provision included for the purpose, or for purposes including the purpose, of:
- (a) preventing or hindering the first person from supplying or continuing to supply such goods or services to the second person; or
 - (b) preventing or hindering the first person from supplying or continuing to supply such goods or services to the second person, except subject to a condition:
 - (i) that is not a condition to which the supply of such goods or services by the first person to the second person has previously been subject because of a provision in a contract between those persons; and

- (ii) that is about the persons to whom, the manner in which or the terms on which the second person may supply any goods or services.

Prohibition in an acquisition situation

- (3) In an acquisition situation, the first person must not make a contract or arrangement, or arrive at an understanding, with an organisation of employees, an officer of such an organisation or a person acting for and on behalf of such an officer or organisation, if the proposed contract, arrangement or understanding contains a provision included for the purpose, or for purposes including the purpose, of:
 - (a) preventing or hindering the first person from acquiring or continuing to acquire such goods or services from the second person; or
 - (b) preventing or hindering the first person from acquiring or continuing to acquire such goods or services from the second person, except subject to a condition:

 - (ii) that is about the persons to whom, the manner in which or the terms on which the second person may supply any goods or services.

 - (b) the period has ended; and
 - (c) after the end of the period, the second person has been supplied with such goods or services by another person and has not also been supplied with such goods or services by the first person;

then, for the purposes of the application of this section in relation to anything done after the second person has been supplied with goods or services as mentioned in paragraph (c), the first person is not to be taken to be a person who has been accustomed to supply such goods or services to the second person.

*Meaning of **accustomed to acquire***

- (7) In this section, a reference to a person who has been **accustomed to acquire** goods or services from a second person includes (subject to subsection (8)):
- (a) a regular acquirer of such goods or services from the second person; or
 - (b) a person who, when last acquiring such goods or services, acquired them from the second person; or
 - (c) a person who, at any time during the immediately preceding 3 months, acquired such goods or services from the second person.

Exception to subsection (7)

- (8) If:
- (a) goods or services have been acquired by a person from a second person under a contract between them that required the first person to acquire such goods or services over a period; and
 - (b) the period has ended; and
 - (c) after the end of the period, the second person has refused to supply such goods or services to the first person;
- then, for the purposes of the application of this section in relation to anything done after the second person has refused to supply goods or services as mentioned in paragraph (c), the first person is not to be taken to be a person who has been accustomed to acquire such goods or services from the second person.

Note: Conduct that would otherwise contravene this section can be authorised under section 88.

- (a) the application is in accordance with subsection 52F(2); and
 - (b) if the news business is not already a registered news business—none of the news sources set out in the application in accordance with paragraph 52F(2)(b) form part of another news business that is a registered news business; and
 - (c) if the news business is not already a registered news business—all of the following requirements are met in relation to the news business:
 - (i) the requirement in subsection 52N(1) (the content test);
 - (ii) the requirement in subsection 52O(1) (the Australian audience test);

The other corporation applies under section 52G for registration as a registered news business corporation and for endorsement as the registered news business corporation for the registered news business. - not in terms that relate to that service and those other designated digital platform services in aggregate); and
- (d) if regulations made for the purposes of this paragraph specify other requirements for that information—those requirements are satisfied.

52ZU Information request by bargaining party—challenges by other bargaining party

- (6) Nothing in section 52ZT requires the giving of information to the extent (if any) that the panel makes a ruling under subsection (3) that it was *not* reasonable for the bargaining party to make the request for the purposes of this Division, in relation to all or a specified part of the information requested.

52ZV Information request by bargaining party—miscellaneous rules

- (1) Nothing in section 52ZT requires the giving of information the disclosure of which would reveal a trade secret.

- (3) If a bargaining party gives information to the other bargaining party in order to comply with subsection 52ZT(5), the other bargaining party must ensure that the information is not used for a purpose other than a purpose in relation to arbitration under this Division.
- (4) Subsection (5) applies if:
 - (a) there is a reference to a number of business days in a provision in section 52ZT or 52ZU; and
 - (b) regulations made for the purposes of this paragraph specify a different number of business days in respect of that provision.
- (5) Treat that reference in the provision as being to the number of business days specified in the regulations as mentioned in paragraph (4)(b).

52ZW Agreed early termination of arbitration

- (1) This section applies if:
 - (a) the bargaining parties agree that the arbitration should terminate; and
 - (b) the panel did not make a determination in accordance with subsection 52ZX(1) before the agreement was made; and

- (3) The arbitration terminates in accordance with that agreement, but no earlier than the day on which parties notify the Chair of the agreement in accordance with subsection (2).

- (4) However, if the parties fail to comply with subsection (2):
 - (a) subsection (3) does not apply; and
 - (b) the agreement does not affect the validity of the arbitration or any aspect of the arbitration.

52ZX Final offer arbitration

- (1) The panel is to make a determination under this subsection about the terms for resolving the remuneration issue that:
 - (a) is in accordance with subsections (7), (8) and (9) (final offer arbitration); and
 - (b) sets out a lump sum amount (the *remuneration amount*) for remunerating the registered news business for the making available of the registered news business' covered news content by the designated digital platform service for 2 years; and
 - (c) is consistent with rights under contracts that are in force between:
 - (i) the responsible digital platform corporation or a related body corporate of the responsible digital platform corporation; and
 - (ii) the registered news business corporation for the represented registered news business or a related body corporate of that registered news business corporation.
- (2) Each of the bargaining parties must:

Section 52ZX

 - (iii) if a bargaining party makes an application under subsection 52ZU(1) (challenges to information requests)—the end of the period of 10 business days after the day on which the panel makes a ruling in relation to the application under subsection 52ZU(3);
 - (iv) if regulations made for the purposes of this subparagraph specify a different period—the end of that period;
 - (v) if the panel considers that exceptional circumstances justify a different period—the end of that period; and
- (b) cannot be more than 30 pages in length.
- (5) An offer that does not comply with subsection (4) is not a final offer for the purposes of this Division.
- (6) A final offer, once submitted, cannot be withdrawn or amended.
- (7) The panel must accept one of the final offers unless the panel considers that each final offer is not in the public interest because it is highly likely to result in serious detriment to:
- (a) the provision of covered news content in Australia; or
 - (b) Australian consumers.
- (8) If the panel does not accept one of those final offers, it must ascertain the remuneration amount by adjusting the most reasonable of those offers in a manner that results in that offer being in the public interest.
- (9) If one bargaining party fails to submit to the panel a final offer for what the remuneration amount should be, in accordance with subsection (4), the panel must:

- (a) accept the final offer submitted by the other bargaining party, in accordance with subsection (7); or

 - (i) the responsible digital platform corporation or a related body corporate of the responsible digital platform corporation; and
 - (ii) the registered news business corporation for the represented registered news business or a related body corporate of that registered news business corporation.
- (2) Nothing in subsection (1) requires the giving of information if doing so would disclose information that is protected against disclosure by a duty of confidence.
- (3) To avoid doubt, subsection (2) does not prevent a bargaining party from giving information under subsection (1) if the other bargaining party agrees to the bargaining party doing so.

52ZY Final offer arbitration—termination of arbitration if no final offers

If both bargaining parties fail to submit to the panel a final offer for what the remuneration amount should be, the arbitration terminates on the day after the last day on which such a final offer could have been submitted in accordance with subsection 52ZX(4).

- (3) The panel must, as soon as practicable, give written reasons for making the determination to the bargaining parties and the Commission.
- (4) Those written reasons must contain the information (if any) specified in regulations made for the purposes of this subsection.

52ZZB Submissions of bargaining parties

- (1) Each bargaining party may give to the panel a submission about the final offer of the other bargaining party, no later than 5 business days (or, if the regulations specify a different period, the end of that period) after the panel has received both final offers (in accordance with paragraph 52ZX(2)(a)).

- (1A) The information contained in the submission must be:
 - (a) impartial factual information that relates to the relevant market; and
 - (b) impartial information that relates to relevant economic principles.
