### **775-5 What this Division is about**

Your assessable income includes a forex realisation gain you make as a result of a forex realisation event.

You can deduct a forex realisation loss that you make as a result of a forex realisation event.

There are 5 main types of forex realisation events:

- (a) forex realisation event 1 happens if you dispose of foreign currency, or a right to receive foreign currency, to another entity;
- (b) forex realisation event 2 happens if you cease to have a right to receive foreign currency (otherwise than because you disposed of the right to another entity);
- (c) forex realisation event 3 happens if you cease to have an obligation to receive foreign currency;
- (d) forex realisation event 4 happens if you cease to have an obligation to pay foreign currency;
- (e) forex realisation event 5 happens if you cease to have a right to pay foreign currency.

There are special rules for certain short-term forex realisation gains and losses.

You may choose roll-over relief for certain facility agreements.

You may elect to receive concessional tax treatment for a qualifying forex account that passes the limited balance test.

You may choose retranslation for a qualifying forex account.

8	you incurred the obligation, or the part of the obligation, in return for: (a) receiving Australian currency or *foreign currency; or (b) the creation or acquisition of a right to receive an amount of Australian currency or foreign currency; where item 7 does not apply	the time when you received the currency.
9	(a) you incurred the obligation, or the part of the obligation, in return for the acquisition of a *CGT asset; and (b) none of the above items apply	the time when you acquired the CGT asset (worked out under Division 109).
10	(a) you incurred the obligation, or the part of the obligation, as the second, third, fourth or fifth element of the *cost base of a CGT asset; and (b) none of the above items apply	the time of the transaction under which you incurred the obligation.

Note 1: Foreign currency is a CGT asset. If you acquire foreign currency as the borrower under a loan, item 8 will apply to your obligation to repay the foreign currency borrowed under the loan.

Note 2: If you have made a choice for roll-over relief for a facility agreement, and forex realisation event 7 (material variation of a facility agreement) happens, subsection 775-220(6) modifies the tax recognition time for an obligation under a security that was in existence under the agreement at the time of that event.

Note 3: Subsection 775-260(2) modifies the tax recognition time if forex realisation event 4 happens in relation to a qualifying forex account that has ceased to pass the limited balance test.

Note 4: If you have made a choice for roll-over relief for a facility agreement, a forex realisation gain or forex realisation loss you make under the agreement as a result of forex realisation event 4 is disregarded—see section 775-200.

**775-60 Ceasing to have a right to pay foreign currency—forex realisation event 5**

*Forex realisation event 5*

- (1) **Forex realisation event 5** happens if:
- (a) you cease to have a right, or a part of a right, to pay \*foreign currency; and
  - (b) the right, or the part of the right, is one of the following:
    - (i) a right, or a part of a right, created or acquired in return for the assumption of an obligation to pay foreign currency;
    - (ii) a right, or a part of a right, created or acquired in return for the assumption of an obligation to pay Australian currency.

Note 1: For extended meaning of *right to pay foreign currency*, see section 775-135.

Note 2: For extended meaning of *obligation to pay foreign currency*, see section 775-140.

*Time of event*

- (2) The time of the event is when you cease to have the right or the part of the right.

*Forex realisation gain*

- (3) You make a **forex realisation gain** if:
- (a) the amount you pay in respect of the event happening falls short of the \*forex entitlement base of the right or the part of the right (the forex entitlement base is worked out as at the tax recognition time); and
  - (b) some or all of the shortfall is attributable to a \*currency exchange rate effect.

The amount of the **forex realisation gain** is so much of the shortfall as is attributable to a currency exchange rate effect.

Note 1: For *forex entitlement base*, see section 775-90.

Note 2: For *tax recognition time*, see subsection (7).

Note 3: For *currency exchange rate effect*, see section 775-105.

*Forex realisation loss*

- (4) You make a **forex realisation loss** if:
- (a) the amount you pay in respect of the event happening exceeds the \*forex entitlement base of the right or the part of the right (the forex entitlement base is worked out as at the tax recognition time); and
  - (b) some or all of the excess is attributable to a \*currency exchange rate effect.

The amount of the **forex realisation loss** is so much of the excess as is attributable to a currency exchange rate effect.

Note 1: For **forex entitlement base**, see section 775-90.

Note 2: For **tax recognition time**, see subsection (7).

Note 3: For **currency exchange rate effect**, see section 775-105.

- (5) You make a **forex realisation loss** if:
- (a) the event happens because an option to sell \*foreign currency expires without having been exercised, or is cancelled, released or abandoned; and
  - (b) you were capable of exercising the option immediately before the event happened.

The amount of the **forex realisation loss** is the amount you paid in return for the grant or acquisition of the option.

*Non-cash benefit*

- (6) The amount you pay in respect of the event happening can include a \*non-cash benefit. Use the \*market value of the benefit to work out the amount you pay.

*Tax recognition time*

- (7) For the purposes of this section, the **tax recognition time** is the time when you pay an amount in respect of the event happening.

*Obligation to pay Australian currency*

- (8) To avoid doubt, for the purposes of this section, an **obligation to pay Australian currency** includes an obligation to pay Australian currency, where the obligation is subject to a contingency.

## **Subdivision 775-C—Roll-over relief for facility agreements**

### **Guide to Subdivision 775-C**

#### **775-180 What this Subdivision is about**

A *facility agreement* is an agreement where:

- (a) you have a right to issue eligible securities and another entity or entities must acquire the securities; and
- (b) the economic effect of the agreement is to enable you to obtain finance in a particular foreign currency.

If you choose roll-over relief for a facility agreement:

- (a) a forex realisation gain or a forex realisation loss you make as a result of forex realisation event 4 is disregarded if the event happens because you discharge your obligation under an eligible security issued by you under the agreement; and

- (b) if you issue an eligible security under the agreement otherwise than as a result of a roll-over—you are taken to have been given a loan (the *notional loan*); and
- (c) if an eligible security is rolled-over under the agreement—the period of the notional loan is extended by the term of the new security; and
- (d) forex realisation event 6 happens if you discharge your obligation under the notional loan; and
- (e) forex realisation event 7 happens if a material variation is made to the agreement.

[This is the end of the Guide.]

## Operative provisions

### 775-185 What is a *facility agreement*?

A *facility agreement* is an agreement between an entity (the *first entity*) and another entity or entities under which:

- (a) the first entity has a right to issue \*eligible securities; and

and
- (d) during the term of the agreement.

**775-190 What is an *eligible security*?**

An *eligible security* is:

- (a) a bill of exchange, or a promissory note, that is:
  - (i) non-interest bearing; and
  - (ii) issued at a discount to face value; and
  - (iii) denominated in a particular \*foreign currency; and
  - (iv) for a fixed term; or
- (b) a security that is:

  - (ii) denominated in a foreign currency; and
  - (iii) for a fixed term.

**775-195 You may choose roll-over relief for a facility agreement**

- (1) You may choose roll-over relief for a \*facility agreement if:
  - (a) you have entered into the agreement; and
  - (b) you have a right to issue \*eligible securities under the agreement; and
  - (c) the economic effect of the agreement is to enable you to obtain finance in a particular \*foreign currency:
    - (i) up to the foreign currency amount specified in the agreement; and
    - (ii) during the term of the agreement.
- (2) A choice must be made:
  - (a) within 90 days after the first time you issue an \*eligible security under the \*facility agreement; or
  - (b) within 90 days after the applicable commencement date; or
  - (c) within 30 days after the commencement of this subsection.

Note: For *applicable commencement date*, see section 775-155.

- (3) If you make a choice within 90 days after the first time you issue an \*eligible security under the \*facility agreement, the choice is taken to have been in effect throughout the period that began

immediately before the first time you issued an eligible security under the facility agreement.

(4) If:

(a) you make a choice:

(i) within 90 days after the applicable commencement date;  
or

(ii) within 30 days after the commencement of this subsection; and

(b) subsection (3) does not apply;

the choice is taken to have been in effect throughout the period that began at whichever is the later of the following times:

(c) the start of the applicable commencement date;

(d) the first time you issued an \*eligible security under the \*facility agreement.

Note: For *applicable commencement date*, see section 775-155.

(5) A choice must be in writing.

(6) A choice continues to apply until the \*facility agreement ends.

Note: If forex realisation event 7 happens (material variation of facility agreement), subsection 775-220(5) terminates your choice.

(7) A choice may not be revoked.

(8) An \*ADI or a \*non-ADI financial institution is not entitled to make a choice under this section.

### **775-200 Forex realisation event 4 does not apply**

A \*forex realisation gain or a \*forex realisation loss you make as a result of forex realisation event 4 is disregarded to the extent to which the event happens because:

(a) you discharge your obligation under an \*eligible security issued by you under a \*facility agreement; and

(b) you have made a choice for roll-over relief for the facility agreement, and that choice is in effect.

### **775-205 What is a *roll-over*?**

A *roll-over* happens under a \*facility agreement if:

---

- (a) you discharge your obligation under an \*eligible security issued by you under the agreement (the **rolled-over security**); and
- (b) at the same time, you issue a new eligible security (the **new security**) under the agreement; and
- (c) the issue of the new security is related to the discharge of your obligation under the rolled-over security in one of the following ways:
  - (i) your obligation under the rolled-over security is wholly or partly set-off against your right to receive the \*foreign currency issue price of the new security;
  - (ii) your obligation under the rolled-over security is wholly or partly satisfied by the issue of the new security; and
- (d) you have made a choice for roll-over relief for the agreement, and that choice is in effect; and
- (e) the new security is issued on or after the applicable commencement date; and
- (f) if you have not made an election under section 775-150—the rolled-over security is issued on or after the applicable commencement date.

Note: For **applicable commencement date**, see section 775-155.

### **775-210 Notional loan**

- (1) The rules in this section have effect only for the purposes of this Subdivision.

#### *Notional loan*

- (2) If you issue an \*eligible security under a \*facility agreement otherwise than as a result of a roll-over, you are taken to have been given a loan (the **notional loan**):
  - (a) of a \*foreign currency principal amount equal to the foreign currency face value of the security; and
  - (b) for a period equal to the term of the security; and
  - (c) that is taken to be attached to the security; and
  - (d) the **start time** of which is the time when you issued the security.

Note 1: The period of the notional loan may be extended as the result of a later roll-over—see subsection (3).

## Schedule 4 Foreign currency

### Part 1 Amendments

---

- Note 2: The notional loan may become attached to a later security as the result of a roll-over—see subsection (3).
- Note 3: The foreign currency principal amount of the notional loan may remain the same, or may fall (but not rise), as a result of a later roll-over—see subsection (3).
- Note 4: If, at a later time, the security is rolled-over, and the foreign currency face value of the new security exceeds the foreign currency face value of the rolled-over security, you are taken to have been given an additional notional loan of a foreign currency principal amount equal to the excess—see subsection (3).

#### *Effect of roll-over*

- (3) The table has effect if an \*eligible security is rolled-over under a \*facility agreement:

---

#### **Roll-over of eligible security**

---

<b>Item</b>	<b>If the foreign currency face value of the new security...</b>	<b>this is the result...</b>
1	equals the *foreign currency face value of the rolled-over security	(a) the period of each notional loan attached to the rolled-over security is extended by the term of the new security; and (b) each notional loan attached to the rolled-over security is taken to be attached to the new security.

---

---

**Roll-over of eligible security**

---

<b>Item</b>	<b>If the foreign currency face value of the new security...</b>	<b>this is the result...</b>
2	exceeds the *foreign currency face value of the rolled-over security	<p>(a) you are taken to have been given an additional notional loan:</p> <ul style="list-style-type: none"><li>(i) of a foreign currency principal amount equal to the excess; and</li><li>(ii) for a period equal to the term of the new security; and</li><li>(iii) that is taken to be attached to the new security; and</li><li>(iv) the start time of which is the time when you issued the new security; and</li></ul> <p>(b) the period of each notional loan attached to the rolled-over security is extended by the term of the new security; and</p> <p>(c) each notional loan attached to the rolled-over security is taken to be attached to the new security.</p>
3	falls short of the *foreign currency face value of the rolled-over security, and there is only one notional loan attached to the rolled-over security	<p>(a) you are taken to have paid a foreign currency amount equal to the shortfall in order to discharge so much of your obligation to pay the foreign currency principal amount of the notional loan as equals the shortfall; and</p> <p>(b) the period of the notional loan is extended by the term of the new security; and</p> <p>(c) the notional loan is taken to be attached to the new security.</p>

**Schedule 4** Foreign currency  
**Part 1** Amendments

---

---

**Roll-over of eligible security**

---

<b>Item</b>	<b>If the foreign currency face value of the new security...</b>	<b>this is the result...</b>
4	falls short of the *foreign currency face value of the rolled-over security, and there are 2 or more notional loans attached to the rolled-over security	<p>(a) you are taken to have paid a foreign currency amount equal to the shortfall in order to discharge your obligation to pay so much of the total foreign currency principal amounts of the notional loans as equals the shortfall, and to have done so on a first-in first-out basis, that is to say:</p> <ul style="list-style-type: none"><li>(i) first, by fully or partly discharging (as the case requires) your obligation to pay the foreign currency principal amount of the notional loan with the earliest start date; and</li><li>(ii) second, if your obligation to pay the foreign currency principal amount of the notional loan with the earliest start date is fully discharged—by fully or partly discharging (as the case requires) your obligation to pay the foreign currency principal amount of the notional loan with the next start date, and so on; and</li></ul> <p>(b) the period of each notional loan attached to the rolled-over security that is not fully discharged is extended by the term of the new security; and</p> <p>(c) each notional loan attached to the rolled-over security that is not fully discharged is taken to be attached to the new security.</p>

---

*Consequences if security is not rolled-over*

- (4) If:
- (a) you discharge your obligation under an \*eligible security issued under a \*facility agreement; and
  - (b) the security is not rolled-over at the time of discharge; and
-

(c) you have made a choice for roll-over relief for the facility agreement, and that choice is in effect;

then, for each notional loan attached to the security, you are taken to have paid a \*foreign currency amount equal to the foreign currency principal amount of the notional loan in order to discharge your obligation to pay the foreign currency principal amount of the notional loan.

*Foreign currency*

- (5) For the purposes of the application of this section to a particular \*facility agreement that provides for the issue of \*eligible securities, **foreign currency** is the \*foreign currency in which the securities are denominated.

Note: Section 960-50 (Australian currency translation rule) does not affect the operation of this section—see subsection 960-50(10). You translate to Australian currency when you apply section 775-215 (forex realisation event 6).

**775-215 Discharge of obligation to pay the principal amount of a notional loan under a facility agreement—forex realisation event 6**

*Forex realisation event 6*

- (1) **Forex realisation event 6** happens if:
- (a) you discharge an obligation, or a part of an obligation, to pay the \*foreign currency principal amount of a notional loan attached to an \*eligible security issued by you under a \*facility agreement; and
  - (b) you have made a choice for roll-over relief for the agreement, and that choice is in effect.

*Time of event*

- (2) The time of the event is when you discharge the obligation or the part of the obligation.

*Forex realisation gain*

- (3) You make a **forex realisation gain** if:

- (a) the amount of the obligation, or the part of the obligation, at the start time of the notional loan, exceeds the amount you paid in order to discharge the obligation or the part of the obligation; and
- (b) some or all of the excess is attributable to a \*currency exchange rate effect.

The amount of the *forex realisation gain* is so much of the excess as is attributable to a currency exchange rate effect.

Note: For *currency exchange rate effect*, see section 775-105.

*Forex realisation loss*

- (4) You make a *forex realisation loss* if:
  - (a) the amount of the obligation, or the part of the obligation, at the start time of the notional loan, falls short of the amount you paid in order to discharge the obligation or the part of the obligation; and
  - (b) some or all of the shortfall is attributable to a \*currency exchange rate effect.

The amount of the *forex realisation loss* is so much of the shortfall as is attributable to a currency exchange rate effect.

Note: For *currency exchange rate effect*, see section 775-105.

*Exempt income etc.*

- (5) For the purposes of the application of sections 775-20, 775-25 and 775-35 to the event, assume that the notional loan had been an actual loan.

**775-220 Material variation of a facility agreement—forex realisation event 7**

*Forex realisation event 7*

- (1) *Forex realisation event 7* happens if:
  - (a) a material variation is made to the terms or conditions of a \*facility agreement; or
  - (b) a material variation is made to the effect of a facility agreement; or
  - (c) a material variation is made to the type or types of security that can be issued under a facility agreement;

so long as you have made a choice for roll-over relief for the facility agreement, and that choice is in effect.

Note: See also subsections (7) and (8).

*Time of the event*

- (2) The time of the event is when the material variation happens.

*Forex realisation gain*

- (3) You make a **forex realisation gain** if:
- (a) the total of the forex realisation gains that you would have made as a result of forex realisation event 6 if you had, at the time of forex realisation event 7:
    - (i) discharged your liabilities under each of the notional loans to which the agreement relates; and
    - (ii) not rolled-over any \*eligible security;

exceeds:

- (b) the total of the forex realisation losses that you would have made as a result of forex realisation event 6 if you had, at the time of forex realisation event 7:
  - (i) discharged your liabilities under each of the notional loans to which the agreement relates; and
  - (ii) not rolled-over any eligible security.

The amount of the **forex realisation gain** is the amount of the excess.

Note: See also subsection (9).

*Forex realisation loss*

- (4) You make a **forex realisation loss** if:
- (a) the total of the forex realisation losses that you would have made as a result of forex realisation event 6 if you had, at the time of forex realisation event 7:
    - (i) discharged your liabilities under each of the notional loans to which the agreement relates; and
    - (ii) not rolled-over any \*eligible security;

exceeds:

- (b) the total of the forex realisation gains that you would have made as a result of forex realisation event 6 if you had, at the time of forex realisation event 7:
  - (i) discharged your liabilities under each of the notional loans to which the agreement relates; and
  - (ii) not rolled-over any eligible security.

The amount of the *forex realisation loss* is the amount of the excess.

Note: See also subsection (9).

*Termination of choice*

- (5) If forex realisation event 7 happens in relation to a \*facility agreement:
  - (a) your choice for roll-over relief for the facility agreement ceases to have effect immediately after the event; and
  - (b) you are not entitled to make a fresh choice for roll-over relief for the facility agreement.

*Modification of tax recognition time*

- (6) If:
  - (a) forex realisation event 7 happens in relation to a \*facility agreement; and
  - (b) an \*eligible security issued by you under the facility agreement was in existence at the time of that event; and
  - (c) at a later time, forex realisation event 4 happens because you cease to have an obligation, or a part of an obligation, to pay \*foreign currency under the security;

section 775-55 applies to you as if the tax recognition time for the obligation, or the part of the obligation, were the time of forex realisation event 7 (despite subsection 775-55(7)).

*Material variation*

- (7) To avoid doubt, if a variation to:
  - (a) the terms or conditions of a facility agreement; or
  - (b) the effect of a facility agreement;

results in the agreement ceasing to be a facility agreement, the variation is taken to be a material variation for the purposes of subsection (1).

- (8) The regulations may provide that a specified kind of variation is taken to be a material variation for the purposes of subsection (1).

*Total amount*

- (9) To avoid doubt, the total amount referred to in paragraph (3)(b) or (4)(b) may be zero.

## **Subdivision 775-D—Qualifying forex accounts that pass the limited balance test**

### **Guide to Subdivision 775-D**

#### **775-225 What this Subdivision is about**

You may elect to have this Subdivision apply to one or more qualifying forex accounts held by you.

If you elect to have this Subdivision apply to an account, a forex realisation gain or a forex realisation loss you make in relation to the account as a result of forex realisation event 2 or 4 is disregarded if the account passes the limited balance test.

The limited balance test includes a buffer provision which allows the combined balance to be more than the foreign currency equivalent of \$250,000, but not more than the foreign currency equivalent of \$500,000, for not more than 2 15-day periods in any income year.
