Part IV—Contributions

45A Payment of contributions to be subject to SIS Act

Despite any other provision of this Act, an eligible employee is not entitled or permitted to pay contributions if, under the SIS Act, the Fund is not permitted to receive those contributions.

45 Basic contributions

- (1) Subject to subsection 3(3) and sections 51, 51A and 54, an eligible employee shall pay fortnightly basic contributions.

Note: The amount of fortnightly basic contributions payable might be nil (see subsection 46(2)).

- (2) Subject to subsection (3), the first fortnightly basic contribution of an eligible employee is payable:

(a) in the case of an eligible employee who, immediately before the commencing day, was an employee for the purposes of the superseded Act—on the contribution day next following the commencing day; and

(b) in any other case—on the contribution day next following the day on which the person became an eligible employee;

and subsequent basic contributions are payable on each succeeding contribution day during the period during which the person continues to be an eligible employee.

- (3) Where an eligible employee (not being an eligible employee referred to in paragraph (2)(a) who was an existing contributor) dies, or retires on the ground of invalidity, before the day on which, but for his or her death or retirement, his or her first fortnightly basic contribution would have been payable, that contribution shall be deemed to have become payable by him or her on the day on which he or she became an eligible employee.

Section 46

46 Amount of basic contribution

- (1) The amount of the fortnightly basic contribution payable by an eligible employee on a contribution day is an amount equal to 5 per centum of the fortnightly rate of salary that was payable (or is deemed by section 47 to have been payable) to the employee on the anniversary of his or her birth last preceding that contribution day or, if that amount is not a multiple of 10 cents, the next higher amount that is such a multiple.
- (2) However, an eligible employee may elect that the amount of the fortnightly basic contribution payable by the employee is an amount equal to 0% of the fortnightly rate of salary referred to in subsection (1).

Note: The election is suspended during some periods of leave of absence without pay of more than 12 weeks (see sections 51A and 51AA).
- (3) To avoid doubt, while an election made by an eligible employee under subsection (2) is in force:
 - (a) basic contributions continue to be payable by the employee; and
 - (b) the amount of basic contribution that is payable by the employee is nil.
- (4) An eligible employee may revoke an election at any time.
- (5) An eligible employee who makes an election under subsection (2), or revokes an election under subsection (4), must give written notice of the election or revocation to CSC.
- (6) An election under subsection (2), or a revocation under subsection (4), takes effect from the first contribution day following the day on which notice of the election or revocation is given to CSC.

47 Decreases in salary

- (1) If, on an anniversary of an eligible employee's birth (in this subsection referred to as the *relevant anniversary*), his or her

annual rate of salary is less than the highest annual rate of salary that was payable (or is deemed by a previous application of this subsection, or by subsection (3), to have been payable) to him or her on any day during the period commencing on the anniversary of his or her birth last preceding the relevant anniversary and ending on the day immediately preceding the relevant anniversary, his or her annual rate of salary on the relevant anniversary shall, unless he or she has made or makes an election under subsection (2) by virtue of a decrease in his or her annual rate of salary that occurred during that period, be deemed, for the purposes of section 46, and any subsequent application of this subsection, to be such rate as is relevant to the eligible employee under the regulations or if there is no such rate:

- (a) where paragraph (b) does not apply—that highest annual rate of salary; or
- (b) where, if:
 - (i) there had not been any decrease in his or her annual rate of salary during the period beginning immediately after the last day on which that highest annual rate of salary was payable to him or her and ending on the relevant anniversary; and
 - (ii) his or her annual rate of salary had been increased during the period by the same percentage as any overall percentage increase in AWOTE that occurred over the period (being an overall percentage increase worked out from estimates of changes in AWOTE in respect of the period published by the Australian Statistician, other than estimates published in substitution for earlier estimates);

the annual rate of salary of the eligible employee on the relevant anniversary (in this paragraph called the *imputed annual rate of salary*) would be higher than that highest annual rate of salary—that imputed annual rate of salary.

- (2) If the annual rate of salary payable to an eligible employee decreases, the employee may, not later than 3 months after the anniversary of his or her birth next following the date of the decrease, elect, by notice in writing to CSC, that subsection (1)

Section 47

shall not apply in relation to his or her annual salary on that anniversary of his or her birth.

(3) Where:

- (a) an eligible employee makes an election under subsection (2) by virtue of a decrease in his or her annual rate of salary; and
- (b) the annual rate of his or her salary on the anniversary of his or her birth next following the date of the decrease is less than the highest annual rate of salary that was payable to him or her on any day during the period commencing on the date of the decrease and ending on the day immediately preceding that anniversary;

the annual rate of his or her salary on that anniversary shall, for the purposes of section 46 and subsection (1) of this section, be deemed to be such rate as is relevant to the eligible employee under the regulations or if there is no such rate:

- (c) where paragraph (d) does not apply—that highest annual rate of salary; or
- (d) where, if:
 - (i) there had not been any decrease in his or her annual rate of salary during the period beginning immediately after the last day on which that highest annual rate of salary was payable to him or her and ending on the relevant anniversary; and
 - (ii) his or her annual rate of salary had been increased during the period by the same percentage as any overall percentage increase in AWOTE that occurred over the period (being an overall percentage increase worked out from estimates of changes in AWOTE in respect of the period published by the Australian Statistician, other than estimates published in substitution for earlier estimates);

the annual rate of salary of the eligible employee on the relevant anniversary (in this paragraph called the *imputed annual rate of salary*) would be higher than that highest annual rate of salary—that imputed annual rate of salary.

- (4) Where:
- (a) an eligible employee makes an election under subsection (2) by virtue of a decrease in his or her annual rate of salary;
 - (b) the annual rate of salary payable to him or her immediately after the decrease is less than the rate of salary that was payable (or is deemed by subsection (1) or (3) to have been payable) to him or her on the anniversary of his or her birth last preceding the date of the decrease; and
 - (c) the election is made before the anniversary of his or her birth next following the date of the decrease;
- the annual rate of his or her salary on the anniversary of his or her birth last preceding the date of the decrease shall, for the purpose of calculating the amount of the basic contribution payable by him or her on each contribution day occurring after the date of the election and before the anniversary of his or her birth next following that date, be deemed to be the annual rate of his or her salary immediately after the decrease.

48 Supplementary contributions

An eligible employee may, on any contribution day, pay a supplementary contribution of such amount as the employee determines.

50A Deductions of contributions by designated employer

- (1) If the designated employer of an eligible employee deducts a fortnightly basic contribution or a supplementary contribution from the employee's salary:
- (a) the employer is to pay the amount deducted to CSC; and
 - (b) if an amount deducted is not paid to CSC on the day on which it is deducted and CSC directs that this paragraph is to apply in relation to the amount—the employer is to pay to CSC interest on the amount in respect of the period beginning on the day on which the amount is deducted and ending on the day immediately before the day on which the amount is paid.

- (4) Subject to subsections (5) and (6) but notwithstanding any other provision of this Act, during any period during which the sum of the relevant pension rate of an invalidity pensioner and the earnings rate of the pensioner exceeds the relevant maximum rate for the pensioner, then:
 - (a) where the lesser of the excess or of that earnings rate is less than the annual rate of the invalidity pension of the pensioner—the amount of the fortnightly instalments of that pension shall be ascertained as if the annual rate of the pension were reduced by the lesser of the excess or of that earnings rate; or
 - (b) where the lesser of the excess or of that earnings rate is equal to or exceeds the annual rate of that pension—the pension is suspended.
- (5) If, after making a calculation for the purposes of subsection (4), CSC ascertains that an invalidity pensioner has been, or is being, paid instalments of invalidity pension, that, by virtue of that subsection, should not have been, or be, paid or the amount of which should have been, or be, lower, then, notwithstanding that subsection, those instalments shall be taken to have been, or be, lawfully paid.

- (6) If, after making a calculation for the purposes of subsection (4), CSC ascertains that an invalidity pensioner has, because of a previous calculation for those purposes, not been paid instalments of invalidity pension that should have been paid or been paid instalments of invalidity pension the amount of which should have been higher, that invalidity pensioner is not entitled to be paid, but may be paid, the amount of those instalments or of the balance of those instalments, as the case may be.

- (6) Where at any time CSC, having regard to any changes in rates of remuneration which have occurred since the retirement of a person referred to in subsection (5) and which CSC considers to be relevant, is of the opinion that the annual rate of the retirement salary of the person should, for the purposes of this section, be a rate other than the rate referred to in subsection (5) or a rate specified by CSC in a previous determination made under this subsection, CSC may determine that, for the purposes of this section, the annual rate of the retirement salary of the person shall, from the date of the determination or such other date as is specified in the determination, be deemed to be such rate as is specified in the determination.
- (7) Subject to subsection (8), a reference in the preceding provisions of this section to the annual rate of the salary of a person to whom subsection (1) applies shall, notwithstanding any change in that rate of salary, be read as a reference to the rate that was his or her annual rate of salary on the day on which he or she again became an eligible employee.
- (8) Where at any time CSC, having regard to any changes in the annual rate of salary of a person referred to in subsection (7) which have occurred since he or she again became an eligible employee and which CSC considers to be relevant, is of the opinion that the annual rate of salary of the person should, for the purposes of this section, be a rate other than the rate referred to in subsection (7) or a rate specified by CSC in a previous determination made under this subsection, CSC may determine that, for the purposes of this section, the annual rate of the salary of the person shall, from the date of the determination or such other date as is specified in the determination, be deemed to be such rate as is specified in the determination.

78 Partial invalidity pension where eligible employee's salary decreases for health reasons

- (1) Subject to section 78A, if the annual rate of salary of an eligible employee who has not attained his or her maximum retiring age and is not entitled to partial invalidity pension in accordance with section 77 decreases under such circumstances that CSC is satisfied that the decrease can properly be regarded as attributable to physical or mental incapacity and:
- (a) the number of complete years included in the period that would have been his or her period of contributory service if he or she had ceased to be an eligible employee on the day immediately preceding the day on which that rate decreases is not less than 8 years; or
 - (b) where the number of complete years included in that period is less than 8 years:
 - (i) a benefit classification certificate is not in force in respect of him or her immediately before that last-mentioned day; or
 - (ii) a benefit classification certificate is so in force in respect of him or her but CSC is of the opinion that the physical or mental incapacity was not caused, or substantially contributed to, by a physical or mental condition or conditions specified in the certificate or a physical or mental condition or conditions connected with such a condition or such conditions;
- he or she is entitled to a partial invalidity pension in accordance with this section.
- (2) The annual rate of partial invalidity pension to which a person is, at any time, entitled by virtue of subsection (1) is:
- (a) except where paragraph (b) applies:
 - (i) if the annual rate of his or her salary is, at that time, not less than one-half of his or her previous annual rate of salary—an amount per annum ascertained in accordance with the formula:

Section 78

$$\frac{A}{B} (C - D)$$

where:

A is an amount per annum equal to the annual rate at which invalidity pension would have been payable to him or her in accordance with section 68 if he or she had become entitled to invalidity benefit on the day on which he or she became entitled to partial invalidity pension and had made an election under subsection 68(1) and if subsection 68(4A) did not apply to him or her.

B is an amount per annum equal to the annual rate that would have been his or her final annual rate of salary if he or she ceased to be an eligible employee on the day immediately preceding the day on which he or she became entitled to partial invalidity pension.

C is an amount per annum equal to his or her previous annual rate of salary; and

D is an amount per annum equal to his or her annual rate of salary; or

- (ii) if the annual rate of his or her salary is, at that time, less than one-half of his or her previous annual rate of salary—such annual rate as CSC, in its discretion, determines, being an annual rate not less than the rate that would be payable to the person if subparagraph (i) applied to him or her; or

(b) where:

- (i) there was in force in respect of the person, immediately before he or she became entitled to partial invalidity pension in accordance with this section, a benefit classification certificate; and

- (ii) CSC is of the opinion that the physical or mental incapacity referred to in subsection (1) was caused, or substantially contributed to, by a physical or mental condition or conditions specified in the certificate or a physical or mental condition or conditions connected with such a condition or such conditions;

then:

- (iii) if the annual rate of his or her salary, at that time, is not less than one-half of his or her previous annual rate of salary—an amount per annum ascertained in accordance with the formula:

$$\frac{A}{B} (C - D)$$

where:

A is an amount per annum equal to the annual rate at which invalidity pension would have been payable to him or her in accordance with section 71 if he or she had become entitled to invalidity benefit on the day on which he or she became entitled to partial invalidity pension and had made an election under subsection 71(1) and if subsection 71(4A) did not apply to him or her.

B is an amount per annum equal to the annual rate that would have been his or her final annual rate of salary if he or she ceased to be an eligible employee on the day immediately preceding the day on which he or she became entitled to partial invalidity pension.

C is an amount per annum equal to his or her previous annual rate of salary; and

D is an amount per annum equal to his or her annual rate of salary; or

- (iv) if the annual rate of his or her salary is, at that time, less than one-half of his or her previous rate of salary—such annual rate as CSC, in its discretion, determines, being

Section 78

an annual rate not less than the rate that would be payable to the person if subparagraph (iii) applied to him or her.

- (3) Upon the annual rate of salary of a person to whom partial invalidity pension is payable in accordance with this section becoming equal to or greater than his or her previous annual rate of salary, his or her entitlement to that pension is, by force of this subsection, cancelled.
- (4) Upon a person to whom partial invalidity pension is payable in accordance with this section ceasing to be an eligible employee, his or her entitlement to that pension is, by force of this subsection, cancelled.
- (5) Subject to subsection (6), a reference in this section to the previous annual rate of salary of a person to whom subsection (1) applies shall be read as a reference to the rate that was his or her annual rate of salary immediately before he or she became entitled to partial invalidity pension under this section.
- (6) Where at any time CSC, having regard to any changes in rates of remuneration which have occurred since a person referred to in subsection (5) became entitled to partial invalidity pension and which CSC considers to be relevant, is of the opinion that the previous annual rate of salary of the person should, for the purposes of this section, be a rate other than the rate referred to in subsection (5) or a rate specified by CSC in a previous determination made under this subsection, CSC may determine that, for the purposes of this section, the previous annual rate of salary of the person shall, from the date of the determination or such other date as is specified in the determination, be deemed to be such rate as is specified in the determination.
- (7) Subject to subsection (8), a reference in the preceding provisions of this section to the annual rate of the salary of a person to whom subsection (1) applies shall, notwithstanding any change in that rate of salary, be read as a reference to the rate that was his or her

Section 78A

annual rate of salary on the day on which he or she became entitled to partial invalidity pension under this section.

- (8) Where at any time CSC, having regard to any changes in the annual rate of salary of a person referred to in subsection (7) which have occurred since he or she became entitled to partial invalidity pension and which CSC considers to be relevant, is of the opinion that the annual rate of salary of the person should, for the purposes of this section, be a rate other than the rate referred to in subsection (7) or a rate specified by CSC in a previous determination made under this subsection, CSC may determine that, for the purposes of this section, the annual rate of the salary of the person shall, from the date of the determination or such other date as is specified in the determination, be deemed to be such rate as is specified in the determination.

78A Partial invalidity pension not payable in certain circumstances

- (1) A partial invalidity pension, or an increase in the rate of such a pension, is not payable to a person under section 78 if the person is entitled to compensation under the *Safety, Rehabilitation and Compensation Act 1988*, the *Safety, Rehabilitation and Compensation (Defence-related Claims) Act 1988* or the *Military Rehabilitation and Compensation Act 2004*, or under any other law of the Commonwealth, or any law of a State or Territory, providing for compensation for an employee who suffers injury or disease arising out of, or in the course of, his or her employment, in respect of the physical or mental incapacity that would, apart from this subsection, give rise to the entitlement to the pension or to the increase, as the case may be.
- (2) If a person was entitled to a partial invalidity pension immediately before the commencement of this section, subsection (1) does not apply to the pension as payable immediately before that day and applies to an increase in the rate of the pension on or after that day only to the extent to which the increase results from a decrease in the annual rate of salary of the person occurring on or after that day.

79 Benefit not payable under Division in certain circumstances

Where:

- (a) a person ceases to be an eligible employee by reason of retirement on the ground of invalidity; and
 - (b) the incapacity which was the ground for his or her retirement was, in the opinion of CSC, due to wilful action on the part of the person for the purpose of obtaining invalidity benefit;
- the person is not entitled to benefit under this Division.

Division 4A—Early release of benefits

79A Definitions

(1) In this Division:

available early release amount, in relation to a person at a particular time, means the difference between the person's early release amount at that time and the person's early release deduction amount at that time.

compassionate ground has the same meaning as in regulation 6.01 of the *Superannuation Industry (Supervision) Regulations 1994*.

deferred benefit member means a person, who has ceased to be an eligible employee, to or in respect of whom a deferred benefit has not been paid.

early release amount, in relation to a person at a particular time, means the sum of the following amounts:

- (a) the person's accumulated basic contributions;
- (b) the person's accumulated supplementary contributions;
- (c) the person's accumulated employer contributions (disregarding any amounts mentioned in paragraphs 110Q(1)(c) and (d));
- (d) the amount (if any) payable in respect of the person under section 110SN;
- (e) the amount of the benefit payable to the person under Subdivision B of Division 2 of Part IX.

Note: This definition is affected by subsection (2).

early release deduction amount, in relation to a person at a particular time, means the total of the following:

- (a) the amount of each early release lump sum previously paid to or for the benefit of the person;

Section 79B

- (b) interest on the amount of each such early release lump sum for the period beginning at the time the early release lump sum is paid and ending at the particular time.

early release lump sum has the meaning given by section 79B.

severe financial hardship has the same meaning as in regulation 6.01 of the *Superannuation Industry (Supervision) Regulations 1994*.

- (2) For the purposes of the definition of **early release amount**, work out the sum of the amounts referred to in that definition:
 - (a) in the case of an eligible employee—as if the person ceased to be an eligible employee at that time; or
 - (b) in the case of a deferred benefit member—as if the person ceased to be a deferred benefit member at that time; or
 - (c) in the case of a person who has made an election under section 110T—as if the person's benefit became payable at that time.

Note: The components that make up a person's early release amount might be reduced if CSC has received, under Part IXB (family law superannuation splitting), a splitting agreement or splitting order in relation to the person's superannuation interest.

79B Early release of benefits

- (1) For the purposes of the *Superannuation Industry (Supervision) Regulations 1994*, a lump sum (the **early release lump sum**) may be paid, on the grounds of severe financial hardship or on compassionate grounds, in accordance with those regulations, to or for the benefit of the following persons:
 - (a) an eligible employee;
 - (b) a deferred benefit member;
 - (c) a person who has made an election under section 110T (postponement of benefits).

Note: The components that make up the person's early release amount are not reduced when an early release lump sum is paid. However, when a benefit to which the person is entitled under this Act becomes payable to the person, the amount of the benefit is reduced to reflect any

Section 79C

previous early release lump sums paid to or for the benefit of the person (see section 79D).

- (2) To avoid doubt, more than one early release lump sum can be paid to or for the benefit of a person.

79C Requirements relating to early release of benefits

- (1) In addition to any requirements in the *Superannuation Industry (Supervision) Regulations 1994*, the amount of an early release lump sum paid to or for the benefit of a person at a particular time must not exceed the person's available early release amount at that time.

Payment to be made to or for the benefit of a person

- (2) Despite section 112 of this Act (payments from the Consolidated Revenue Fund), an early release lump sum that is payable to or for the benefit of a person must be paid out of the Superannuation Fund to or for the benefit of the person.

Benefit does not become payable

- (3) For the purposes of this Act, merely because an early release lump sum becomes payable to or for the benefit of a person does not mean a benefit to which the person is entitled under this Act becomes payable.

79D Calculation of benefits after payment of early release lump sums

- (1) This section applies if:
 - (a) an early release lump sum is paid to or for the benefit of a person; and
 - (b) a benefit to which the person is entitled under this Act becomes payable to the person at a particular time.
- (2) The amount of the benefit to which the person is entitled to be paid at that time must be reduced to reflect the person's early release

Part V Eligible employees' benefits

deduction amount at that time. However, the method of working out the amount of the reduction is to be determined by CSC.

- (1) If:
- (a) benefits become payable to or in respect of a person who has ceased to be an eligible employee; and

Part VIA—Productivity superannuation

110A Interpretation

In this Part, unless the contrary intention appears:

notional interim benefit, in relation to a person, has the same meaning as in section 8A of the *Superannuation (Productivity Benefit) Act 1988*.

productivity benefit means a benefit payable under section 110P.

productivity contribution, in relation to a productivity employee, has the meaning given by section 110C.

productivity employee means:

- (a) an eligible employee other than:
 - (i) an employee of the Northern Territory or of an authority of the Northern Territory; or
 - (ii) an employee of a State or of an authority of a State; or
 - (iii) a person who is engaged or appointed for employment outside Australia only; or
 - (iv) a person in a class in respect of which a declaration is in force under section 110E; or
- (b) an eligible employee in respect of whom a declaration is in force under section 110F;

but does not include an eligible employee whom the Minister and CSC have agreed to exempt from the operation of subsection 51(2B).

productivity related benefit means a benefit not payable under this Act that consists of, or is worked out by reference to, an amount like the amount described in paragraph 110Q(1)(a).

Section 110B

110B Rate of salary

For the purposes of section 110C, the fortnightly rate of salary of a productivity employee is taken to be the rate of salary that, for the purposes of section 46, was his or her fortnightly rate of salary on the last anniversary of his or her birth that occurred before the contribution day on which the productivity contribution is payable.

110C Productivity contributions

- (1) Subject to this section, the productivity contribution in respect of a productivity employee for a fortnight is the amount ascertained in accordance with the following Table:

TABLE

TABLE

Fortnightly rate of salary	Fortnightly productivity contribution
Less than \$846	\$25.40
\$846 or more but less than \$1,300	The amount that is 3% of the employee's fortnightly rate of salary
\$1,300 or more but less than \$1,950	\$39.00
\$1,950 or more	The amount that is 2% of the employee's fortnightly rate of salary.

- (2) Where CSC makes a declaration under section 110D in relation to a period, the Table has effect in relation to that period as if it had been varied in accordance with the declaration.
- (3) Where an amount that, but for this subsection, would be a productivity contribution in respect of a productivity employee includes a part of a cent, then:
- (a) where the part is .5 of a cent or more—that part shall be taken to be 1 cent; and
 - (b) in any other case—the part shall be disregarded.

110D Variation of Table

Before the commencement of a period, CSC, in accordance with a method of calculation notified to CSC by the Minister, may, by legislative instrument, declare that the Table in subsection 110C(1) is to have effect in relation to the period as if amounts specified in the declaration were substituted for amounts specified in the Table (whether sums of money or percentages).

110E Exclusion of certain employees

- (1) The Minister may, by legislative instrument, declare that a specified class of eligible employees are not to be productivity employees for the purposes of this Part.
- (2) The Minister is only to make a declaration about a class of employees if he or she is satisfied that those employees are entitled to productivity related benefits.
- (3) A declaration under this section takes effect from such day, not earlier than 1 July 1990, as is specified in it.

110EA Effect of retrospective declaration under section 110E

If the Minister makes a declaration under section 110E with retrospective effect:

- (a) the amounts paid as productivity contributions in respect of an employee to whom the declaration relates in respect of the period covered by the declaration; and
 - (b) interest in respect of those amounts;
- are payable, as soon as practicable after the declaration is made, to the fund out of which the productivity related benefits to which the employee is entitled as mentioned in subsection 110E(2) are payable.

110F Inclusion of certain employees

- (1) The Minister may, by legislative instrument, declare an eligible employee described in subparagraph (a)(i), (ii) or (iii) of the
-

Section 110G

definition of *productivity employee* in section 110A to be a productivity employee for the purposes of this Part.

- (2) A declaration under this section takes effect from such day, not earlier than 1 July 1990, as is specified in it.
