- (a) Division 3 has been complied with in relation to the application; and
 - (b) in the case of a telephone application—because of urgent circumstances, it was necessary to make the application by telephone; and
 - (c) there are reasonable grounds for suspecting that a particular person is using, or is likely to use, the service; and
 - (d) information that would be likely to be obtained by intercepting under a warrant communications made to or from the service would be likely to assist in connection with the investigation by the agency of a serious offence, or serious offences, in which:
 - (i) the particular person is involved; or
 - (ii) another person is involved with whom the particular person is likely to communicate using the service; and
 - (e) having regard to the matters referred to in subsection (2), and to no other matters, the Judge or nominated AAT member should issue a warrant authorising such communications to be intercepted;

the Judge or nominated AAT member may, in his or her discretion, issue such a warrant.

Note: Subparagraph (d)(ii)—subsection (3) restricts the issuing of warrants if subparagraph (d)(ii) applies.

- (2) The matters to which the Judge or nominated AAT member shall have regard are:

Section 46

- (a) how much the privacy of any person or persons would be likely to be interfered with by intercepting under a warrant communications made to or from the service referred to in subsection (1); and
 - (b) the gravity of the conduct constituting the offence or offences being investigated; and
 - (c) how much the information referred to in paragraph (1)(d) would be likely to assist in connection with the investigation by the agency of the offence or offences; and
 - (d) to what extent methods of investigating the offence or offences that do not involve so intercepting communications have been used by, or are available to, the agency; and
 - (e) how much the use of such methods would be likely to assist in connection with the investigation by the agency of the offence or offences; and
 - (f) how much the use of such methods would be likely to prejudice the investigation by the agency of the offence or offences, whether because of delay or for any other reason; and

 - (b) interception of communications made to or from a telecommunications service used or likely to be used by that person would not otherwise be possible.

46A Issue of named person warrant

- (1) Where an agency applies to an eligible Judge or nominated AAT member for a warrant in respect of a person and the Judge or nominated AAT member is satisfied, on the basis of the information given to the Judge or nominated AAT member under this Part in connection with the application, that:
- (a) Division 3 has been complied with in relation to the application; and
 - (b) in the case of a telephone application—because of urgent circumstances, it was necessary to make the application by telephone; and
 - (c) there are reasonable grounds for suspecting that a particular person is using, or is likely to use, more than one telecommunications service; and
 - (d) information that would be likely to be obtained by intercepting under a warrant:
 - (i) communications made to or from any telecommunications service that the person is using, or is likely to use; or
 - (ii) communications made by means of a particular telecommunications device or particular telecommunications devices that the person is using, or is likely to use;would be likely to assist in connection with the investigation by the agency of a serious offence, or serious offences, in which the person is involved; and
 - (e) having regard to the matters referred to in subsection (2), and to no other matters, the Judge or nominated AAT member should issue a warrant authorising such communications to be intercepted;

the Judge or nominated AAT member may, in his or her discretion, issue such a warrant.

Note: Subsection (3) restricts the issuing of a warrant authorising interception of communications made by means of a telecommunications device or telecommunications devices identified in the warrant.

Section 46A

- (2) The matters to which the Judge or nominated AAT member must have regard are:
- (a) how much the privacy of any person or persons would be likely to be interfered with by intercepting under a warrant:
 - (i) communications made to or from any telecommunications service used, or likely to be used, by the person in respect of whom the warrant is sought; or
 - (ii) communications made by means of a particular telecommunications device or particular telecommunications devices used, or likely to be used, by the person in respect of whom the warrant is sought;as the case requires; and
 - (b) the gravity of the conduct constituting the offence or offences being investigated; and
 - (c) how much the information referred to in paragraph (1)(d) would be likely to assist in connection with the investigation by the agency of the offence or offences; and
 - (d) to what extent methods (including the use of a warrant issued under section 46) of investigating the offence or offences that do not involve the use of a warrant issued under this section in relation to the person have been used by, or are available to, the agency; and
 - (e) how much the use of such methods would be likely to assist in connection with the investigation by the agency of the offence or offences; and
 - (f) how much the use of such methods would be likely to prejudice the investigation by the agency of the offence or offences, whether because of delay or for any other reason; and
 - (fa) in relation to an application by an interception agency of Victoria—any submissions made by the Victorian PIM under section 44A to the Judge or nominated AAT member; and
 - (g) in relation to an application by an interception agency of Queensland—any submissions made by the Queensland PIM under section 45 to the Judge or nominated AAT member.

- (3) The Judge or nominated AAT member must not issue a warrant that authorises interception of communications made by means of a telecommunications device or telecommunications devices identified in the warrant unless he or she is satisfied that:
- (a) there are no other practicable methods available to the agency at the time of making the application to identify the telecommunications services used, or likely to be used, by the person in respect of whom the warrant would be issued; or
 - (b) interception of communications made to or from a telecommunications service used, or likely to be used, by that person would not otherwise be practicable.

47 Limit on authority conferred by warrant

A warrant issued under section 46 or 46A does not authorise the interception of communications passing over a telecommunications system that a carrier operates unless:

- (a) notification of the issue of the warrant has been received by an authorised representative of the carrier under subsection 60(1); and
- (b) the interception takes place as a result of action taken by an employee of the carrier.

48 Issue of warrant for entry on premises

- (1) If an agency could apply for a warrant under section 46 (authorising interceptions of communications to or from a service), it may instead apply for a warrant under this section that also authorises entry on premises. The agency does so by including in the application that would otherwise have been made under section 46 a request that the warrant also authorise entry on specified premises.
- (2) Where a written application for a warrant includes a request that the warrant authorise entry on specified premises, an affidavit accompanying the application shall:

Section 48

- (a) state why it is considered necessary for the warrant to authorise entry on those premises;
 - (b) set out the number of previous applications (if any) for warrants that the agency has made and that requested authorisation of entry on those premises; and
 - (c) set out the number of warrants (if any) previously issued on such application.
- (3) Where:
- (a) an agency applies under this section to an eligible Judge or nominated AAT member for a warrant in respect of a telecommunications service; and
 - (b) the Judge or nominated AAT member is satisfied that subsection (2) has been complied with in relation to the application; and
 - (c) section 46 would empower the Judge or nominated AAT member to issue a warrant if the application had been made under either of those sections; and
 - (ca) Division 3 has been complied with in relation to the application; and
 - (d) the Judge or nominated AAT member is satisfied, on the basis of the information given to the Judge or nominated AAT member under this Part in connection with the application, that:
 - (i) for technical reasons connected with the nature or operation of the service or of a telecommunications system of which the service forms a part; or
 - (ii) where, if the warrant were issued under section 46, communications to or from the telecommunications service would be intercepted while passing over a telecommunications system operated by a carrier—execution of the warrant as a result of action taken by employees of that carrier might jeopardise security of the investigation by the agency of a serious offence in which a person to whom the application relates is involved;

it would be impracticable or inappropriate to intercept communications under a warrant in respect of the service otherwise than by the use of equipment or a line installed on those premises;

subsections (4) and (5) apply.

- (4) The Judge or nominated AAT member may issue a warrant under this section authorising:
 - (a) entry on those premises in order to install, maintain, use or recover equipment or a line used in the interception of communications being made to or from the service; and
 - (b) interceptions of such communications by the use of that equipment or line.
- (5) If the Judge or nominated AAT member issues such a warrant:
 - (a) the warrant shall state whether entry is authorised to be made at any time of the day or night or only during specified hours; and
 - (b) the warrant may provide that entry may be made without permission first being sought or demand first being made, and authorise measures that the Judge or nominated AAT member is satisfied are necessary and reasonable for that purpose.

49 Form and content of warrant

- (1) A warrant shall be in accordance with the prescribed form and shall be signed by the Judge or nominated AAT member who issues it.
- (2) A warrant may specify conditions or restrictions relating to interceptions under the warrant.
- (2A) Without limiting subsection (2), a named person warrant may state that the warrant does not authorise the interception of communications made to or from a specified telecommunications service.

Section 50

- (3) A warrant shall specify, as the period for which it is to be in force, a period of:
 - (a) if subparagraph 46(1)(d)(ii) applies—up to 45 days; or
 - (b) otherwise—up to 90 days.
- (4) A Judge or nominated AAT member shall not vary a warrant by extending the period for which it is to be in force.
- (5) Neither of subsections (3) and (4) prevents the issue of a further warrant in respect of a service, or a person, in respect of which a warrant has, or warrants have, previously been issued.
- (6) In subsection (5), *warrant* means a warrant issued under this Act.
- (7) A warrant shall set out short particulars of each serious offence in relation to which the Judge or nominated AAT member issuing the warrant was satisfied, on the application for the warrant, as mentioned in:

 - (b) unless the applicant is the chief officer of the agency—a copy of an authorisation by the chief officer under subsection 40(3) that was in force in relation to the applicant when the application was made.

52 Judge or nominated AAT member may revoke warrant where section 51 contravened

- (1) Where a Judge or nominated AAT member who issued a warrant on a telephone application is satisfied that section 51 has not been complied with in relation to the warrant, he or she may, by writing signed by him or her, revoke the warrant and shall, if he or she does so:
 - (a) immediately inform:
 - (i) the person who made the application on the agency's behalf; or

Chapter 3—Preserving and accessing stored communications

Part 3-1A—Preserving stored communications

Division 1—Outline of this Part

107G Outline of this Part

This Part establishes a system of preserving certain stored communications that are held by a carrier. The purpose of the preservation is to prevent the communications from being destroyed before they can be accessed under certain warrants issued under this Act.

Under the system, certain agencies can give a preservation notice to a carrier requiring the carrier to preserve all stored communications that the carrier holds that relate to the person or telecommunications service specified in the notice. The carrier will breach its obligations under section 313 of the *Telecommunications Act 1997* if it does not comply with the notice.

There are 2 types of preservation notices: domestic preservation notices (which cover stored communications that might relate either to a contravention of certain Australian laws or to security) and foreign preservation notices (which cover stored communications that might relate to a contravention of certain foreign laws).

Division 2 deals with domestic preservation notices. There are 2 kinds of domestic preservation notices:

- (a) historic domestic preservation notices, which cover stored communications held by the carrier on a particular day; and

Chapter 3 Preserving and accessing stored communications

Part 3-1A Preserving stored communications

Division 1 Outline of this Part

Section 107G

- (b) ongoing domestic preservation notices, which cover stored communications held by the carrier in a particular 30-day period.

An issuing agency (which is an enforcement agency or the Organisation for an historic domestic preservation notice, and an interception agency or the Organisation for an ongoing domestic preservation notice) can only give a domestic preservation notice if the conditions in section 107J are satisfied. There are certain grounds on which the notice must be revoked (see section 107L).

Division 3 deals with foreign preservation notices. Foreign preservation notices, like historic domestic preservation notices, cover stored communications held by the carrier on a particular day. Only the Australian Federal Police can give a foreign preservation notice to a carrier and it can only do so if a foreign country has made a request for the preservation in accordance with section 107P. There are certain grounds on which the notice must be revoked (see section 107R).

Division 4 has miscellaneous provisions relating to both domestic and foreign preservation notices (such as provisions about the giving of evidentiary certificates by carriers and issuing agencies).

The Ombudsman has functions in relation to preservation notices given by issuing agencies (other than the Organisation) and the Inspector-General of Intelligence and Security has functions in relation to preservation notices given by the Organisation.

Division 2—Domestic preservation notices

107H Domestic preservation notices

- (1) An issuing agency may give a carrier a written notice (a *domestic preservation notice*) requiring the carrier to preserve, while the notice is in force, all stored communications that:
 - (a) relate to the person or telecommunications service specified in the notice; and
 - (b) the carrier holds at any time during:
 - (i) the period that starts at the time the carrier receives the notice and ends at the end of the day the carrier receives the notice (in which case the notice is an *historic domestic preservation notice*); or
 - (ii) the period that starts at the time the carrier receives the notice and ends at the end of the 29th day after the day the carrier receives the notice (in which case the notice is an *ongoing domestic preservation notice*).
- (2) However, the agency can only give the notice if the conditions in subsection 107J(1) or (2) are satisfied.
- (3) In the notice, the agency can only specify:
 - (a) one person; or
 - (b) one or more telecommunications services; or
 - (c) one person and one or more telecommunications services.

107J Conditions for giving domestic preservation notices

Notices given by enforcement agencies or interception agencies

- (1) A domestic preservation notice may be given under subsection 107H(1) if:
 - (a) the issuing agency is:
 - (i) for an historic domestic preservation notice—an enforcement agency; and

Section 107J

- (ii) for an ongoing domestic preservation notice—an enforcement agency that is an interception agency; and
- (b) the agency is investigating a serious contravention; and
- (c) the agency considers that there are reasonable grounds for suspecting that, in the relevant period for the notice, there are stored communications in existence, or stored communications might come into existence, that:
 - (i) might assist in connection with the investigation; and
 - (ii) relate to the person or telecommunications service specified in the notice; and
- (d) the agency intends that if, at a later time, the agency considers that the stored communications would be likely to assist in connection with the investigation, then the agency will apply for a Part 2-5 warrant or a stored communications warrant to access those communications; and
- (e) for an ongoing domestic preservation notice—there is not another ongoing domestic preservation notice in force that:
 - (i) was given by the agency to the same carrier; and
 - (ii) specifies the same person or telecommunications service.

Notices given by the Organisation

- (2) A domestic preservation notice may be given under subsection 107H(1) if:
 - (a) the issuing agency is the Organisation; and
 - (b) the Organisation considers that there are reasonable grounds for suspecting that, in the relevant period for the notice, there are stored communications in existence, or stored communications might come into existence, that:
 - (i) might assist the Organisation in carrying out its function of obtaining intelligence relating to security; and
 - (ii) relate to the person or telecommunications service specified in the notice; and
 - (c) the Organisation intends that if, at a later time, the Organisation considers that the stored communications would

be likely to assist in carrying out that function, then the Director-General of Security will request a Part 2-2 warrant to access those communications; and

- (d) for an ongoing domestic preservation notice—there is not another ongoing domestic preservation notice in force that:
 - (i) was given by the Organisation to the same carrier; and
 - (ii) specifies the same person or telecommunications service.

107K When a domestic preservation notice is in force

A domestic preservation notice:

- (a) comes into force when the carrier receives it; and
- (b) ceases to be in force at the earliest of the following times:
 - (i) the end of the period of 90 days, starting on the day the carrier receives it;
 - (ii) if the notice is revoked under section 107L—when the carrier receives notice of the revocation;
 - (iii) if a Part 2-5 warrant or stored communications warrant authorising access to the stored communications covered by the notice is issued in relation to the issuing agency—when the warrant ceases to be in force;
 - (iv) if a Part 2-2 warrant authorising access to the stored communications covered by the notice is issued in relation to the issuing agency—the end of the period of 5 days after the day the warrant was issued.

107L Revoking a domestic preservation notice

Discretionary revocation

- (1) An issuing agency that has given a domestic preservation notice may revoke the notice at any time.

Section 107M

Mandatory revocation

- (2) An issuing agency that has given a domestic preservation notice must revoke the notice if:
- (a) if the issuing agency is an enforcement agency (including an interception agency):
 - (i) the condition in paragraph 107J(1)(b) or (c) is no longer satisfied; or
 - (ii) the agency decides not to apply for a Part 2-5 warrant or stored communications warrant to access the stored communications covered by the notice; or
 - (b) if the issuing agency is the Organisation:
 - (i) the condition in paragraph 107J(2)(b) is no longer satisfied; or
 - (ii) the Organisation is satisfied that the Director-General of Security will not request a Part 2-2 warrant to access the stored communications covered by the notice.

Revocation effected by giving revocation notice

- (3) A domestic preservation notice is revoked by the issuing agency giving the carrier to whom it was given written notice of the revocation.

107M Persons who act on the issuing agency's behalf

Historic domestic preservation notices

- (1) An historic domestic preservation notice may only be given or revoked on behalf of an issuing agency by:
- (a) if the issuing agency is an enforcement agency—a person who may, under section 110, apply on the agency's behalf for a stored communications warrant to access the stored communications covered by the notice; and

 - (a) relate to the person or telecommunications service specified in the notice; and
 - (b) the carrier holds at any time during the period that starts at the time the carrier receives the notice and ends at the end of the day the carrier receives the notice.
- (2) In the notice, the Australian Federal Police can only specify:
 - (a) one person; or
 - (b) one or more telecommunications services; or

- (b) ceases to be in force at the earlier of the following times:
 - (i) if the notice is revoked under section 107R—when the carrier receives notice of the revocation;
 - (ii) if a stored communications warrant authorising access to the stored communications covered by the notice is issued after the Attorney-General has given an authorisation in relation to the warrant under section 15B of the *Mutual Assistance in Criminal Matters Act 1987*—when the warrant ceases to be in force.

Penalty: Imprisonment for 2 years or 120 penalty units, or both.

Note: This section does not prohibit accessing of communications, that are no longer passing over a telecommunications system, from the intended recipient or from a telecommunications device in the possession of the intended recipient.

- (1A) Without limiting paragraph (1)(b), a person is taken for the purposes of that paragraph to have knowledge of an act referred to in paragraph (1)(a) if written notice of an intention to do the act is given to the person.

- (3) For the purposes of paragraph (2)(b), access to a stored communication is taken to be under an interception warrant if, and only if, the warrant would have authorised interception of the communication if it were still passing over a telecommunications system.
- (4) In determining, for the purposes of paragraphs (2)(d) and (e), whether an act or thing done by a person was reasonably necessary in order for the person to perform his or her duties effectively, a court is to have regard to such matters (if any) as are specified in, or ascertained in accordance with, the regulations.

Note: The civil remedy provisions in Part 3-7 may apply to a contravention of this section.

Part 3-2—Access by the Organisation to stored communications

109 Access to stored communications under Part 2-2 warrants

In addition to authorising interception of communications, a Part 2-2 warrant also authorises a person to access a stored communication if:

- (a) the warrant would have authorised interception of the communication if it were still passing over a telecommunications system; and
- (b) the person is approved under section 12 in respect of the warrant.

Part 3-3—Access by enforcement agencies to stored communications

Division 1—Applications for warrants

110 Enforcement agencies may apply for stored communications warrants

- (1) An enforcement agency may apply to an issuing authority for a stored communications warrant in respect of a person.
- (2) The application must be made on the agency's behalf by:
 - (a) if the agency is referred to in subsection 39(2)—a person referred to in that subsection in relation to that agency; or
 - (b) otherwise:
 - (i) the chief officer of the agency; or
 - (ii) an officer of the agency (by whatever name called) who holds, or is acting in, an office or position in the agency nominated under subsection (3).
- (3) The chief officer of the agency may, in writing, nominate for the purposes of subparagraph (2)(b)(ii) an office or position in the agency that is involved in the management of the agency.
- (4) A nomination under subsection (3) is not a legislative instrument.

111 Form of applications

- (1) The application must be in writing.
- (2) However, a person making the application on the agency's behalf may make the application by telephone if the person:
 - (a) is the chief officer of the agency or a person in relation to whom an authorisation by the chief officer is in force under subsection (3); and

- (b) thinks it necessary, because of urgent circumstances, to make the application by telephone.
- (3) The chief officer of an enforcement agency may, in writing, authorise persons (including classes of persons) for the purposes of subsection (2). However, each person must be entitled under section 110 to make applications on the agency's behalf.

112 Contents of written applications

The application must, if it is in writing, set out:

- (a) the name of the agency; and
- (b) the name of the person making the application on the agency's behalf.

113 Affidavits to accompany written applications

- (1) The application must, if it is in writing, be accompanied by an affidavit complying with this section.
- (2) The affidavit must set out the facts and other grounds on which the application is based.
- (3) Despite subsection (1), a written application may be accompanied by 2 or more affidavits that together set out each matter that, but for this subsection, this section would have required an affidavit accompanying the application to set out.

114 Information to be given on telephone applications

The information given to an issuing authority in connection with a telephone application to the issuing authority:

- (a) must include particulars of the urgent circumstances because of which the person making the application on the agency's behalf thinks it necessary to make the application by telephone; and
- (b) must include each matter that, if the application had been made in writing, section 112 or 113 would have required the application, or an affidavit accompanying it, to set out; and

Section 115

- (c) must be given orally or in writing, as the issuing authority directs.

115 Giving further information to Judge

- (1) An issuing authority may require further information to be given in connection with an application to the issuing authority for a warrant.
- (2) The further information:
 - (a) must be given on oath if the application was made in writing; and
 - (b) must be given orally or otherwise, as the issuing authority directs.

Division 2—Issuing of warrants

116 Issuing of stored communications warrants

- (1) An issuing authority to whom an enforcement agency has applied for a stored communications warrant in respect of a person may, in his or her discretion, issue such a warrant if satisfied, on the basis of the information given to him or her under this Part in connection with the application, that:
- (a) Division 1 has been complied with in relation to the application; and
 - (b) in the case of a telephone application—because of urgent circumstances, it was necessary to make the application by telephone; and
 - (c) there are reasonable grounds for suspecting that a particular carrier holds stored communications:
 - (i) that the person has made; or
 - (ii) that another person has made and for which the person is the intended recipient; and
 - (d) information that would be likely to be obtained by accessing those stored communications under a stored communications warrant would be likely to assist in connection with:
 - (i) in the case of an application other than a mutual assistance application—the investigation by the agency of a serious contravention in which the person is involved (including as a victim of the serious contravention); or
 - (ii) in the case of a mutual assistance application—the investigation or investigative proceeding, by the foreign country to which the application relates, of a serious foreign contravention to which the application relates and in which the person is involved (including as a victim of the serious foreign contravention); and

Section 116

- (da) if the stored communications warrant is applied for in relation to a person who is the victim of the serious contravention—the person is unable to consent, or it is impracticable for the person to consent, to those stored communications being accessed; and
 - (e) in any case—having regard to the matters referred to in subsection (2) or (2A) (as the case requires), and to no other matters, the issuing authority should issue a warrant authorising access to such stored communications.
- (2) In the case of an application other than a mutual assistance application, the matters to which the issuing authority must have regard are:
- (a) how much the privacy of any person or persons would be likely to be interfered with by accessing those stored communications under a stored communications warrant; and
 - (b) the gravity of the conduct constituting the serious contravention; and
 - (c) how much the information referred to in subparagraph (1)(d)(i) would be likely to assist in connection with the investigation; and
 - (d) to what extent methods of investigating the serious contravention that do not involve the use of a stored communications warrant in relation to the person have been used by, or are available to, the agency; and
 - (e) how much the use of such methods would be likely to assist in connection with the investigation by the agency of the serious contravention; and
 - (f) how much the use of such methods would be likely to prejudice the investigation by the agency of the serious contravention, whether because of delay or for any other reason.
- (2A) In the case of a mutual assistance application, the matters to which the issuing authority must have regard are:

- (a) how much the privacy of any person or persons would be likely to be interfered with by accessing those stored communications under a stored communications warrant; and
 - (b) the gravity of the conduct constituting the serious foreign contravention; and
 - (c) how much the information referred to in subparagraph (1)(d)(ii) would be likely to assist in connection with the investigation, to the extent that this is possible to determine from information obtained from the foreign country to which the application relates.
- (3) The warrant may be issued in relation to the investigation of more than one serious contravention or serious foreign contravention, but cannot relate to both a serious contravention and a serious foreign contravention.

117 What stored communications warrants authorise

A stored communications warrant authorises persons approved under subsection 127(2) in respect of the warrant to access, subject to any conditions or restrictions that are specified in the warrant, a stored communication:

- (a) that was made by the person in respect of whom the warrant was issued; or
- (b) that another person has made and for which the intended recipient is the person in respect of whom the warrant was issued;

and that becomes, or became, a stored communication before the warrant is first executed in relation to the carrier that holds the communication.

118 Form and content of stored communications warrants

- (1) A stored communications warrant:
 - (a) must be in accordance with the prescribed form; and
 - (b) must be signed by the issuing authority who issues it.

Section 119

- (2) A stored communications warrant may specify conditions or restrictions relating to accessing stored communications under the warrant.
- (3) A stored communications warrant must set out short particulars of each serious contravention or serious foreign contravention in relation to which the issuing authority issuing the warrant was satisfied, on the application for the warrant, as mentioned in subparagraph 116(1)(d)(i) or (ii), as the case may be.

119 Duration of stored communications warrants

- (1) A stored communications warrant remains in force:
 - (a) until it is first executed; or
 - (b) until the end of the period of 5 days after the day on which it was issued;whichever occurs sooner.
- (2) However, if the warrant relates to more than one telecommunications service and those services are not all operated by the same carrier, the warrant remains in force, to the extent that it relates to a telecommunications service operated by a particular carrier:
 - (a) until it is first executed in relation to a telecommunications service operated by that particular carrier; or
 - (b) until the end of the period of 5 days after the day on which it was issued;whichever occurs sooner.
- (3) An issuing authority must not vary a stored communications warrant by extending the period for which it is to be in force.
- (4) This section does not prevent the issue of a further warrant in respect of the person in respect of whom the warrant was issued.
- (5) However, if the further warrant relates to the same telecommunications service as the previous warrant, it must not be issued within 3 days after the day on which the previous warrant was executed or (if subsection (2) applies) was last executed.

- (1) Upon revoking a stored communications warrant, the chief officer of an enforcement agency must cause the chief officer of any other enforcement agency that is exercising authority under the warrant to be informed forthwith of the revocation.
- (2) If an authorised representative of a carrier has been informed, under section 121, of the issue of a stored communications warrant and that warrant is subsequently revoked, the chief officer of the enforcement agency to which the warrant was issued must:

Chapter 5—Co-operation with agencies

Part 5-1—Definitions

187 Definitions

- (1) This section sets out the meaning of the following 2 important concepts used in this Chapter:
 - (a) interception capability (relating to obligations under Part 5-3);
 - (b) delivery capability (relating to obligations under Part 5-5).These concepts do not overlap.

Interception capability

- (2) In this Chapter, ***interception capability***, in relation to a particular kind of telecommunications service that involves, or will involve, the use of a telecommunications system, means the capability of that kind of service or of that system to enable:
 - (a) a communication passing over the system to be intercepted; and
 - (b) lawfully intercepted information to be transmitted to the delivery points applicable in respect of that kind of service.

Delivery capability

- (3) In this Chapter, ***delivery capability***, in relation to a particular kind of telecommunications service that involves, or will involve, the use of a telecommunications system, means the capability of that kind of service or of that system to enable lawfully intercepted information to be delivered to interception agencies from the delivery points applicable in respect of that kind of service.

Part 5-2—Delivery points

188 Delivery points

- (1) Each carrier must:
- (a) nominate, in respect of a particular kind of telecommunications service of that carrier and in respect of each interception agency, at least one place in Australia as the location of a point from which lawfully intercepted information can most conveniently be transmitted in relation to that interception agency; and
 - (b) inform the Communications Access Co-ordinator of the place or places nominated for each interception agency.

Note 1: The nominated location becomes a delivery point: see the definition of *delivery point* in subsection 5(1).

Note 2: The definition of *carrier* in subsection 5(1) includes carriage service providers.

Note 3: Delivery points are significant for the interception capability obligations in Part 5-3 and for the delivery capability obligations in Part 5-5.

Disagreement over delivery points

- (2) The Communications Access Co-ordinator may, at any time, notify a carrier that an interception agency does not agree to the location of a point nominated under subsection (1) by that carrier in respect of a particular kind of telecommunications service and of that interception agency.
- (3) Upon being so notified, the carrier must nominate another location of a point in respect of that kind of telecommunications service and of that interception agency and inform the Communications Access Co-ordinator.

Note: The nominated location becomes a delivery point: see the definition of *delivery point* in subsection 5(1).

Section 188

- (4) If the location of a point nominated under subsection (3) is still unsatisfactory to the interception agency, the Communications Access Co-ordinator must:
- (a) inform the carrier to that effect; and
 - (b) refer the disagreement to the ACMA for a determination under subsection (5).
- (5) The ACMA, after hearing the views of the carrier and the views of the interception agency concerning the best location of a point in relation to that kind of telecommunications service and that interception agency, must determine the location of a point for the purposes of this section.

Note: The determined location becomes a delivery point: see the definition of *delivery point* in subsection 5(1).

Factors to be considered in determining delivery points

- (6) In determining the location of a delivery point, the carrier and the interception agency or, failing agreement, the ACMA, must have regard to:
- (a) the configuration of the kind of telecommunications service in respect of which the delivery point is required to be decided; and
 - (b) the relative costs to the carrier and the interception agency of any particular point that is chosen as that delivery point; and
 - (c) the reasonable needs of the interception agency; and
 - (d) the reasonable commercial requirements of the carrier; and
 - (e) the location of any delivery points already existing in relation to that interception agency or other interception agencies.
- (7) It is not a requirement that a place where an interception takes place is the place nominated as the location of a delivery point if, in accordance with the criteria set out in subsection (6), another more suitable location exists.

Changing delivery points

- (8) If:
-

- (a) the location of a delivery point has been determined by the ACMA in respect of a particular kind of telecommunications service and of an interception agency; and
- (b) as a result of a material change in the circumstances of the carrier concerned, the location of that point becomes unsuitable;

the carrier:

- (c) may nominate another place as the location of that delivery point in respect of that kind of telecommunications service and of that interception agency; and
- (d) must inform the Communications Access Co-ordinator of the place so nominated.

Note: The nominated location becomes a delivery point: see the definition of *delivery point* in subsection 5(1).

(9) If:

- (a) the location of a delivery point has been determined by the ACMA in respect of a particular kind of telecommunications service and of an interception agency; and
- (b) as a result of a material change in the circumstances of the interception agency, the location of that point becomes unsuitable; and
- (c) the interception agency, either directly or through the Communications Access Co-ordinator, requests the carrier to nominate another place as the location of that delivery point;

the carrier must:

- (d) nominate another place as the location of that delivery point in respect of that kind of telecommunications service and of that interception agency; and
- (e) inform the Communications Access Co-ordinator of the place nominated.

Note: The nominated location becomes a delivery point: see the definition of *delivery point* in subsection 5(1).

(10) Subsections (2) to (7) apply in relation to a nomination under subsection (8) or (9) as if it were a nomination under subsection (1).

Part 5-3—Interception capability

Division 1—Obligations

189 Minister may make determinations

- (1) The Minister may, by legislative instrument, make determinations in relation to interception capabilities applicable to a specified kind of telecommunications service that involves, or will involve, the use of a telecommunications system.
- (2) A determination:
 - (a) must specify an international standard or guidelines (the *international standard*), or the relevant part of the international standard, on which the determination is based; and
 - (b) must provide for interception capability by adopting, applying or incorporating the whole or a part of the international standard, with only such modifications as are necessary to facilitate the application of the standard or the relevant part of the standard in Australia (including any transitional arrangement in relation to an existing kind of telecommunications service that might be required); and
 - (c) must be accompanied by a copy of the international standard or of the relevant part of the international standard.
- (3) For the purposes of subsection (2), the international standard specified in a determination:
 - (a) must deal primarily with the requirements of interception agencies in relation to the interception of communications passing over a telecommunications network and related matters; and
 - (b) may be a part of an international agreement or arrangement or a proposed international agreement or arrangement.

Matters to be taken into account

- (4) Before making a determination under subsection (1), the Minister must take into account:

190 Obligations of persons covered by a determination

- (1) If a determination under section 189 applies to a particular kind of telecommunications service that involves, or will involve, the use of a telecommunications system, each carrier supplying that kind of service must comply with the determination.

Note: The definition of *carrier* in subsection 5(1) includes carriage service providers.

- (2) Without limiting subsection (1), if a carrier is required to have interception capability in relation to a particular kind of telecommunications service under the determination, the carrier is required to ensure that the capability is developed, installed and maintained.

Note 1: A person may be exempted from the requirements of this section under a provision of Division 2.

Note 2: The cost of this capability is to be borne by the carriers: see Division 2 of Part 5-6.

191 Obligations of persons not covered by a determination in relation to a kind of telecommunications service

- (1) Each carrier supplying a particular kind of telecommunications service that is not covered by any determination under section 189 but that involves, or will involve, the use of a telecommunications system must ensure that the kind of service or the system has the capability to:

Chapter 5 Co-operation with agencies

Part 5-3 Interception capability

Division 1 Obligations

Section 191

- (a) enable a communication passing over the system to be intercepted in accordance with an interception warrant; and
- (b) transmit lawfully intercepted information to the delivery points applicable in respect of that kind of service.

Note: The definition of *carrier* in subsection 5(1) includes carriage service providers.

- (2) Without limiting subsection (1), the obligation under that subsection includes the obligation to ensure that the capability is developed, installed and maintained.

Note 1: A person may be exempted from the requirements of this section under a provision of Division 2.

Note 2: The cost of this capability is to be borne by the carriers: see Division 2 of Part 5-6.

Division 2—Exemptions

- (2) The exemption must be in writing.
- (3) The exemption may be:
 - (a) unconditional; or
 - (b) subject to such conditions as are specified in the exemption.
- (4) An exemption given under subsection (1) is not a legislative instrument.
- (5) If:
 - (a) a person applies in writing to the Communications Access Co-ordinator for an exemption under subsection (1) from all the obligations, or from particular obligations, imposed on the person under Division 1 in so far as those obligations relate to a specified kind of telecommunications service; and
 - (b) the Co-ordinator does not make, and communicate to the applicant, a decision granting, or refusing to grant, the exemption within 60 days after the day on which the Co-ordinator receives the application;the Co-ordinator is taken, at the end of that period of 60 days, to have granted an exemption to the applicant from the obligations to which the application relates in so far as those obligations relate to that kind of telecommunications service.
- (6) An exemption that is taken under subsection (5) to have been granted to a person who applied for an exemption under subsection (1) has effect only until the Communications Access

Section 193

Co-ordinator makes, and communicates to the person, a decision on the application.

Matters to be taken into account

- (7) Before giving an exemption under subsection (1), the Communications Access Co-ordinator must take into account:
 - (a) the interests of law enforcement and national security; and
 - (b) the objects of the *Telecommunications Act 1997*.
- (8) The Communications Access Co-ordinator may take into account any other matter he or she considers relevant.

193 ACMA may grant exemptions for trial services

- (1) The ACMA may exempt a specified person from all or any of the obligations imposed on the person under Division 1 in so far as those obligations relate to a kind of telecommunications service that is a trial service.
- (2) The ACMA must not grant an exemption unless the ACMA, after consulting any interception agencies that the ACMA considers appropriate, is satisfied that the exemption is unlikely to create a risk to national security or law enforcement.
- (3) The exemption must be in writing.
- (4) The exemption may be:
 - (a) unconditional; or
 - (b) subject to such conditions as are specified in the exemption.
- (5) An exemption given under subsection (1) is not a legislative instrument.

Part 5-4—Interception capability plans

195 Nature of an interception capability plan

- (1) An interception capability plan (*IC plan*) of a carrier or nominated carriage service provider is a written instrument that complies with subsections (2) and (3).

Matters to be included in the instrument

- (2) The instrument must set out:
- (a) a statement of the policies of the carrier or provider in relation to interception generally and of its strategies for compliance with its legal obligation to provide interception capabilities in relation to a particular kind of telecommunications service that involves, or will involve, the use of a telecommunications system; and
 - (b) a statement of the compliance by the carrier or provider with that legal obligation; and
 - (c) a statement of any relevant developments in the business of the carrier or provider that are proposed within the period of 5 years from the start of the plan and that, if implemented, are likely to affect those interception capabilities; and
 - (d) a statement of the locations at which communications passing over a telecommunications system are intercepted or proposed to be intercepted by the carrier or provider; and

- (5) The Minister must consult the ACMA before making a determination under subsection (4).

IC plans are not legislative instruments

- (6) An instrument made under subsection (1) is not a legislative instrument.

196 Time for giving IC plans by carriers

- (1) A carrier must give an IC plan to the Communications Access Co-ordinator by:
 - (a) each 1 July; or
 - (b) if the Co-ordinator agrees to a later day instead of a particular 1 July—that later day.

Note: If the business plans of the carrier change, the carrier may be required to give the Co-ordinator another IC plan under section 201.

- (2) The Communications Access Co-ordinator must inform the ACMA of any agreement under paragraph (1)(b).

Further rule for future carriers

- (3) If the carrier became a carrier on a day (the **start day**) after the commencement of this section, the carrier must also give an IC plan to the Communications Access Co-ordinator within 90 days after the start day.

197 Time for giving IC plans by nominated carriage service providers

- (1) A nominated carriage service provider must give an IC plan to the Communications Access Co-ordinator by:
 - (a) each 1 July; or

- (b) if the Co-ordinator agrees to a later day instead of a particular 1 July—that later day.

- (2) The Communications Access Co-ordinator must inform the ACMA of any agreement under paragraph (1)(b).

Further rule for future nominated carriage service providers

- (3) If the carriage service provider became a nominated carriage service provider on a day (the *start day*) after the commencement of this section, the provider must also give an IC plan to the Communications Access Co-ordinator within 90 days after the start day.

Ministerial declaration

- (4) For the purposes of this Part and Part 5-4A, the Minister may, by writing, declare a carriage service provider to be a nominated carriage service provider.
- (5) A declaration made under subsection (4) is not a legislative instrument.

198 Consideration of IC plans

- (1) If a carrier or a nominated carriage service provider gives the Communications Access Co-ordinator an IC plan under section 196, 197 or 201, or an amended IC plan under this section, the Co-ordinator must, within 60 days of receiving the plan:
- (a) approve the plan and notify the carrier or provider of the approval; or
 - (b) give the plan back to the carrier or provider with a written request for the carrier or provider to give the Co-ordinator an amended IC plan to take account of specified matters.

Section 198

Consultation with interception agencies and the ACMA

- (2) As soon as practicable after receiving an IC plan (the **original plan**) under section 196, 197 or 201, the Communications Access Co-ordinator must:
- (a) give a copy of the plan to:
 - (i) the interception agencies that, in the opinion of the Co-ordinator, are likely to be interested in the plan; and
 - (ii) the ACMA; and
 - (b) invite each such interception agency to provide comments on the plan to the Co-ordinator.

Request for amendment of original plan

- (3) If:
- (a) the Communications Access Co-ordinator receives a comment from an interception agency requesting an amendment of the original plan; and
 - (b) the Co-ordinator considers the request to be a reasonable one; the Co-ordinator must:
 - (c) give the carrier or provider a copy of the comment or a summary of the comment; and
 - (d) request that the carrier or provider respond to the comment or summary within the period (the **response period**) of 30 days of receiving the comment or summary.

Response to request for amendment of original plan

- (4) The carrier or provider must respond to a request for an amendment of the original plan either:
- (a) by indicating its acceptance of the request, by amending the original plan appropriately and by giving the amended plan to the Communications Access Co-ordinator within the response period; or
 - (b) by indicating that it does not accept the request and providing its reasons for that non-acceptance.

The ACMA's role

- (5) If the carrier or provider indicates that it does not accept a request for an amendment of the original plan, the Communications Access Co-ordinator must:
- (a) refer the request and the carrier's or provider's response to the ACMA; and
 - (b) request the ACMA to determine whether any amendment of the original plan is required.
- (6) The ACMA must then:
- (a) determine in writing that no amendment of the original plan is required in response to the request for the amendment; or
 - (b) if, in the opinion of the ACMA:
 - (i) the request for the amendment is a reasonable one; and
 - (ii) the carrier's or provider's response to the request for the amendment is not reasonable;determine in writing that the original plan should be amended in a specified manner and give a copy of the determination to the carrier or provider.

Amendment of original plan

- (7) On receipt of a determination under paragraph (6)(b), the carrier or provider must:
- (a) amend the original plan to take account of that determination; and
 - (b) give the amended plan to the Communications Access Co-ordinator.

ACMA determination not a legislative instrument

- (8) A determination made under subsection (6) is not a legislative instrument.

199 Commencement of IC plans

An IC plan of a carrier or nominated carriage service provider:

Section 200

- (a) comes into force on the day the carrier or provider is notified by the Communications Access Co-ordinator that the plan has been approved; and
- (b) continues in force until the day the carrier or provider is notified by the Co-ordinator that another IC plan of the carrier or provider has been approved.

200 Compliance with IC plans

During the period that an IC plan of a carrier or nominated carriage service provider is in force, the carrier or provider must ensure that its business activities are consistent with the plan.

201 Consequences of changed business plans

- (1) If, because of changes to the business plans of a carrier or nominated carriage service provider, an IC plan given by that carrier or provider ceases, during the period before another such IC plan is due to be given, to constitute an adequate IC plan of that carrier or provider, the carrier or provider must:
 - (a) prepare a new IC plan having regard to those changed business plans; and
 - (b) give the new IC plan to the Communications Access Co-ordinator as soon as practicable.

Note: The new IC plan is subject to consideration in accordance with section 198.

- (2) Subsection (1) applies only if the change in business plans has, or is likely to have, a material adverse effect on the ability of the carrier or provider to comply with its obligations under Part 5-3.

202 Confidential treatment of IC plans

Once the Communications Access Co-ordinator, the ACMA or an interception agency receives an IC plan of a carrier or nominated carriage service provider, the Co-ordinator, the ACMA or the interception agency:

- (a) must treat the plan as confidential; and

Section 202

- (b) must ensure that it is not disclosed to any person or body not referred to in this section without the written permission of the carrier or provider.

Section 202A

Part 5-4A—Requirement arising from proposed changes

202A Purpose of Part

The purpose of this Part is:

- (a) to require carriers and nominated carriage service providers to give notice of the particulars of any change that is proposed in relation to a telecommunications service or a telecommunications system, whose implementation may affect the capacity of the carrier or provider to comply with its obligations under:
 - (i) this Act; or
 - (ii) section 313 of the *Telecommunications Act 1997*; and
- (b) to allow the Communications Access Co-ordinator to notify agencies of such proposed changes.

202B Carrier or provider to notify of proposed change

- (1) This section applies if, at any time, a carrier or a nominated carriage service provider becomes aware that the implementation by the carrier or provider of a change that is proposed to a telecommunications service or a telecommunications system is likely to have a material adverse effect on the capacity of the carrier or provider to comply with its obligations under:
 - (a) this Act; or
 - (b) section 313 of the *Telecommunications Act 1997*.
- (2) A change to a telecommunications service or a telecommunications system includes (but is not limited to) the following:
 - (a) the carrier or carriage service provider providing one or more new telecommunication services;
 - (b) the carrier or carriage service provider changing the location of notifiable equipment (including moving equipment outside Australia);

Section 202B

- (c) the carrier or carriage service provider procuring notifiable equipment (including procuring equipment that is located outside Australia);
 - (d) the carrier or carriage service provider entering into outsourcing arrangements:
 - (i) to have all or part of the telecommunication services provided for the carrier or provider; or
 - (ii) to have all or part of the provision of telecommunication services managed for the carrier or provider; or
 - (iii) to have all or some information to which section 276 of the *Telecommunications Act 1997* applies in relation to the carrier or provider, managed for the carrier or provider;
 - (e) the carrier or carriage service provider entering into arrangements to have all or some information to which section 276 of the *Telecommunications Act 1997* applies in relation to the carrier or provider accessed by persons outside Australia.
- (3) The carrier or provider must notify the Communications Access Co-ordinator, in writing, of its intention to implement the proposed change.
- (4) A notification provided under subsection (3) must include a description of the proposed change.
- (5) After notifying the Communications Access Co-ordinator of a proposed change, the carrier or provider may implement the change if the carrier or provider has not been notified in writing by the Co-ordinator within 30 days after the day the carrier or provider notifies the Co-ordinator.
- (6) If:
- (a) the Communications Access Co-ordinator notifies the carrier or provider in writing within 30 days after the day the carrier or provider notifies the Co-ordinator; and

Section 202C

- (b) within 30 days after the Co-ordinator so notifies the carrier or provider, the Co-ordinator makes a determination under section 203 that applies to the carrier or provider; the carrier or provider must not implement the proposed change until the carrier or provider has complied with the determination.
- (7) To avoid doubt, subsection (6) does not prevent the Communications Access Co-ordinator from making a determination under section 203, that applies to the carrier or provider, more than 30 days after the Co-ordinator first notifies the carrier or provider in writing as mentioned in paragraph (6)(a).

202C Communications Access Co-ordinator may notify agencies

- (1) After the Communications Access Co-ordinator has been notified by a carrier or nominated carriage service provider of an intention to implement a proposed change, the Co-ordinator may notify agencies that are likely to be interested of the proposed change.
- (2) On receiving notification from a carrier or provider of an intention to implement a proposed change, the Communications Access Co-ordinator, and each agency that receives notification of the proposed change, must treat the proposed change as confidential.

Part 5-5—Delivery capability

203 Communications Access Co-ordinator may make determinations

- (1) The Communications Access Co-ordinator may, by writing, make determinations in relation to delivery capabilities applicable in relation to:
- (a) a specified kind of telecommunications service that involves, or will involve, the use of a telecommunications system and that is supplied by one or more specified carriers; and
 - (b) one or more specified interception agencies.

Note 1: The definition of *carrier* in subsection 5(1) includes carriage service providers.

Note 2: For specification by class, see subsection 33(3AB) of the *Acts Interpretation Act 1901*.

Note 3: A determination may make different provision with respect to different matters or different classes of matters (see subsection 33(3A) of the *Acts Interpretation Act 1901*).

- (2) A determination under subsection (1) must relate to all or any of the following:
- (a) the format in which lawfully intercepted information is to be delivered to an interception agency from the delivery point in respect of a kind of telecommunications service and of that interception agency;
 - (b) the place to which, and manner in which, that information is to be delivered;
 - (c) any ancillary information that should accompany that information.
- (3) The Communications Access Co-ordinator must consult the ACMA before making a determination under subsection (1).
- (4) A determination made under subsection (1) is not a legislative instrument.

Section 204

204 Obligations of persons covered by a determination

- (1) If a determination under section 203 applies:
- (a) to a particular kind of telecommunications service that involves, or will involve, the use of a telecommunications system; and
 - (b) to a carrier;
- the carrier must comply with the determination.

Note: The definition of *carrier* in subsection 5(1) includes carriage service providers.

- (2) Without limiting subsection (1), if a carrier is required to have delivery capability in relation to a particular kind of telecommunications service under the determination, the carrier is required to ensure that the capability is developed, installed and maintained.

Note: The cost of this capability is to be borne by the interception agencies: see Division 3 of Part 5-6.

205 Obligations of persons not covered by a determination in relation to a kind of telecommunications service

- (1) Each carrier supplying a particular kind of telecommunications service that is not covered by any determination under section 203 but that involves, or will involve, the use of a telecommunications system must ensure that the kind of service or the system has a delivery capability.

Note: The definition of *carrier* in subsection 5(1) includes carriage service providers.

- (2) Without limiting subsection (1), the obligation under that subsection includes the obligation to ensure that the capability is developed, installed and maintained.

Note: The cost of this capability is to be borne by the interception agencies: see Division 3 of Part 5-6.

Part 5-6—Allocation of costs

Division 1—Outline of Part

206 Outline of Part

- (1) Division 2 provides that the cost of developing, installing and maintaining an interception capability imposed on a carrier under Part 5-3 is to be borne by the carrier.
- (2) Division 3 provides that the cost of developing, installing and maintaining a delivery capability imposed on a carrier under Part 5-5 is to be borne by the interception agencies.

Note: This Part does not deal with the allocation of costs in relation to carriers complying with authorisations under Division 3 or 4 of Part 4-1. Section 314 of the *Telecommunications Act 1997* deals with this matter.

Division 2—Interception capability

207 Costs to be borne by the carriers

The capital and ongoing costs of developing, installing and maintaining a capability imposed on a carrier under section 190 or 191 in respect of a particular kind of telecommunications service are to be borne by the carrier.

Note: The definition of *carrier* in subsection 5(1) includes carriage service providers.

Division 3—Delivery capability

208 Costs to be borne by the interception agencies

The capital and ongoing costs, worked out in accordance with section 209, of developing, installing and maintaining a delivery capability imposed on a carrier under Part 5-5 in respect of a particular kind of telecommunications service are to be borne by the interception agency concerned.

Note: The definition of *carrier* in subsection 5(1) includes carriage service providers.

209 Working out costs of delivery capabilities

- (1) Each carrier who is obliged to ensure the development, installation and maintenance of a delivery capability must ensure that the capability is developed, installed and maintained on such terms and conditions:
 - (a) as are agreed in writing between the carrier and the interception agency concerned; or
 - (b) in the absence of such an agreement—as are determined in writing by the ACMA.
- (2) The terms and conditions on which a carrier is to provide a delivery capability must be consistent with the following principles:
 - (a) the principle that the most cost effective means of ensuring the development, installation and maintenance of that capability is employed;
 - (b) the principle that the carrier is to incur the costs (whether of a capital nature or otherwise) relating to the development, installation and maintenance of that capability;
 - (c) the principle that the carrier may, over time, recover from an interception agency such of those costs as are required, under section 208, to be borne by that interception agency.

Section 209

- (3) Nothing in subsection (2) prevents a carrier from entering into an agreement with more than one interception agency.
- (4) The agreement should also provide that if the working out of the costs to a particular interception agency of developing, installing and maintaining a delivery capability is the subject of a disagreement between the carrier and that interception agency:
 - (a) the interception agency may request the ACMA to arbitrate the matter; and
 - (b) if it does so, those costs are to be as determined by the ACMA.
- (5) The regulations may make provision in relation to the conduct of an arbitration by the ACMA under this section.
- (6) The existence of a cost dispute in relation to a delivery capability does not affect the obligations of the carrier in respect of that capability while that dispute is being resolved.
- (7) If, as a result of the arbitration of a cost dispute between the carrier and an interception agency, the ACMA concludes that a lesser rate of charge would have been available, the carrier:
 - (a) must allow the interception agency credit for any costs already charged to the extent that they were worked out at a rate that exceeds that lesser rate; and
 - (b) must adjust its means of working out future costs; to take account of that conclusion.
- (8) For the purposes of this section, any reference in this section to terms and conditions agreed between a carrier and an interception agency includes a reference to terms and conditions agreed between the carrier and:
 - (a) in the case of an interception agency of a State—the State, on behalf of the interception agency; and
 - (b) in the case of an interception agency of the Commonwealth—the Commonwealth, on behalf of the interception agency.

- (9) A determination made under paragraph (1)(b) is not a legislative instrument.

210 Examination of lower cost options

- (1) In undertaking an arbitration under section 209, the ACMA may on its own initiative or at the request of an interception agency, by notice in writing given to a carrier, require the carrier:
- (a) to examine, at the expense of the carrier, the possibility of a lower cost option than the one designated by the carrier for providing a delivery capability; and
 - (b) to report to the ACMA, within a period specified in the notice, on the results of that examination.
- (2) If a carrier receives a notice under subsection (1), the carrier must, within the period specified in the notice:
- (a) carry out the examination concerned; and
 - (b) report in writing to the ACMA on the results of the examination.
- (3) A notice given under subsection (1) is not a legislative instrument.

211 ACMA may require independent audit of costs

- (1) In undertaking an arbitration under section 209, the ACMA may, by notice in writing, require a carrier to arrange for an audit of the costs claimed to have been incurred by the carrier in relation to the provision to an interception agency of a delivery capability.
- (2) Subject to subsection (3), the audit is to be carried out by an auditor selected by the carrier and approved by the ACMA.
- (3) If the auditor selected by a carrier is not approved by the ACMA, the ACMA may require that the audit be carried out by an auditor selected by the ACMA or by the ACMA itself.
- (4) Unless the audit is carried out by the ACMA itself, the ACMA may, in the notice requiring the audit, specify the period within which the auditor is to report to the ACMA.

Chapter 5 Co-operation with agencies

Part 5-6 Allocation of costs

Division 3 Delivery capability

Section 211

- (5) If a carrier receives a notice under this section, the carrier:
 - (a) must co-operate in full with the person or body carrying out the audit; and
 - (b) must bear the costs of the audit.
- (6) A notice given under this section is not a legislative instrument.

Chapter 6—Regulations

Part 6-1—Regulations

300 Regulations

The Governor-General may make regulations, not inconsistent with this Act, prescribing matters:

- (a) required or permitted by this Act to be prescribed; or
- (b) necessary or convenient to be prescribed for carrying out or giving effect to this Act.

Legislation history and amendment history—Endnotes 3 and 4

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

Misdescribed amendments

A misdescribed amendment is an amendment that does not accurately describe the amendment to be made. If, despite the misdescription, the amendment can be given effect as intended, the amendment is incorporated into the compiled law and the abbreviation “(md)” added to the details of the amendment included in the amendment history.

If a misdescribed amendment cannot be given effect as intended, the amendment is set out in the endnotes.
