5.7 During any period in which a party is investigating any infringement of this Treaty involving a fishing vessel of the United States, being an infringement which is alleged to have taken place in waters within the jurisdiction, for any purpose, as recognised by international law, of a Pacific Island party, and if that Pacific Island party so notifies the other parties, any licence issued in respect of that vessel shall, for the purposes of Article 3, be deemed not to authorise fishing in the waters of that Pacific Island party.

- (c) “Limited Area” means an area described in Schedule 3; and
- (d) “the vessel” means the vessel in respect of which a licence is issued.

For the purposes of any obligation on the United States pursuant to paragraphs 4 and 5 of Article 4, the amendment shall take effect sixty (60) days from the date that the amended Schedule has been notified to the Government of the United States. The Government of the Pacific Island party shall use its best endeavours to provide advance notice to the Government of the United States of the amendment.

3. Nothing in this Annex and its Schedules, nor acts or activities taking place thereunder, shall constitute recognition of the claims or the positions of any of the parties concerning the legal status and extent of waters and zones claimed by any party. In the claimed waters and zones, the freedoms of navigation and overflight and other uses of the sea related to such freedoms are to be exercised in accordance with international law.

9. The vessel shall not be used for fishing in any Limited Area except in accordance with the requirements set out in Schedule 3, which are applicable to that Limited Area.

Such boarding and inspection shall be conducted as much as possible in a manner so as not to interfere unduly with the lawful operation of the vessel. The operator and each member of the crew shall facilitate and assist in any action by an authorised officer of a Pacific Island party and shall not assault, obstruct, resist, delay, refuse boarding to, intimidate or interfere with an authorised officer in the performance of his or her duties.

- (c) on any other equipment being carried by and intended to be separated from the vessel during normal fishing operations, in letters and figures clearly legible to the naked eye;

and at all times while the vessel is within the Licensing Area or a Closed Area, all parts of these markings shall be clear, distinct and uncovered.

17. The licence shall be carried on board the vessel and produced at the request of an authorised enforcement official of any of the parties. Prior to receipt of the licence, the correct citation of the licence number shall satisfy this requirement.

In particular, the boom shall be lowered as far as possible so that the vessel cannot be used for fishing but so that the skiff is accessible for use in emergency situations; the helicopter, if any, shall be tied down; and launches shall be secured.

23. The vessel shall be operated in such a way that the activities of traditional and locally based fishermen and fishing vessels are not disrupted or in any other way adversely affected.

PART I

1. The amounts payable as set forth in this paragraph.

(a) Annual industry payments shall be made as follows:

- (i) for the first annual Licensing Period, a lump sum of US\$1.75 million for 35 vessels, with the next five licences to be made available for the same pro-rata payment as the first 35 licences, and an additional 10 licences to be made available at US\$60,000 per vessel;
- (ii) for subsequent annual Licensing Periods, 40 vessel licences calculated on the same basis as the first 40 vessel licences in sub-paragraph (i) and indexed to the price of fish as set forth below, with 10 additional licences to be made available at US\$60,000 per vessel and indexed to the price of fish as set forth below.

(b) The indexation shall be applied as follows:

(i) DEFINITIONS

- A. **Base Vessel Payment:** The Base Vessel Payment is US\$50,000 for the first 40 vessels to be licensed and US\$60,000 for vessels to be licensed in excess of 40 vessels.
- B. **Adjusted Individual Vessel Payment:** The Adjusted Individual Vessel Payment is the individual vessel payment of each annual Licensing Period after the first annual Licensing Period. The Adjusted Individual Vessel Payment will always apply to the Licensing Period immediately following its calculation.
- C. **Landed Price:** The Landed Price is the published standard price per ton (American Tuna Sales Association) for fish delivered to American Samoa prevailing at the time a United States purse seine vessel arrives in port for the purpose of offloading its catch.
- D. **Average Landed Price:** The Average Landed Price is calculated by averaging the established landed price categories for yellowfin and skipjack tuna in American Samoa. The landed price categories to be used are: over 7.5 pounds, 4 to 7.5 pounds and 3 to 4 pounds for skipjack; over 20 pounds, 7.5 to 20 pounds and 4 to 7.5 pounds for yellowfin.
- E. **Base Price:** The Base Price is the Average Landed Price for the three months prior to the Treaty entering into force.
- F. **Estimated Landed Value:** The Estimated Landed Value is the Average Landed Price in effect at the time of a vessel's landing weighted by the yellowfin/skipjack mix ratio to be calculated from information on Schedule 6 for that vessel.
- G. **Average Estimated Landed Value:** The Average Estimated Landed Value is the Estimated Landed Value for all landings by United States purse seine vessels in American Samoa in the four quarters preceding the final quarter of the applicable Licensing Period divided by the total number of those landings for the same period.

Fisheries Amendment No. 177, 1987

SCHEDULE—continued

(ii) CALCULATION AND APPLICATION OF INDEXING FACTOR

- A. To obtain the indexing factor by which the Adjusted Individual Vessel Payment shall be calculated, divide the Average Estimated Landed Value for the preceding four quarters by the Base Price.
- B. To obtain the Adjusted Individual Vessel Payment, multiply the Base Vessel Payment by the indexing factor obtained in Paragraph (ii) A.
- C. In no case shall the Adjusted Individual Vessel Payment be less than the Base Vessel Payment.

(iii) NOTIFICATIONS

The established prices and any changes shall be supplied to the Administrator by the Government of the United States within ten (10) days of their publication. The Administrator shall notify the Government of the United States sixty (60) days before the start of each Licensing Period of the Adjusted Individual Vessel Payment along with the computation used to arrive at the Adjusted Individual Vessel Payment. The Adjusted Individual Vessel Payment shall become final thirty (30) days after receipt by the Government of the United States, unless the Government of the United States advises the Administrator otherwise, in which case consultations shall be held.

(iv) CONSULTATIONS

If the established price categories are revised, or if there is a change in the tuna industry structure which makes the price calculations as set forth above inappropriate, the Administrator may consult with representatives of the Government of the United States as necessary to revise the formula.

- (c) There shall be no pro-ration of the Base Vessel Payment or the Adjusted Individual Vessel Payment. There shall be no refunds of the Base Vessel Payment or the Adjusted Individual Vessel Payment following licence issuance pursuant to Annex II.
