Subdivision 275-L—Modification for non-arm’s length income

Guide to Subdivision 275-L

275-600 What this Subdivision is about

The trustee of a managed investment trust in relation to an income year is taxed on amounts related to the managed investment trust’s non-arm’s length income for the income year.

Table of sections

Operative provisions

275-605	Trustee taxed on amount of non-arm’s length income of managed investment trust
275-610	Non-arm’s length income
275-615	Commissioner’s determination in relation to amount of non-arm’s length income

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Operative provisions

275-605 Trustee taxed on amount of non-arm's length income of managed investment trust

- (1) Subsections (2), (3) and (4) apply if the Commissioner has made a determination under section 275-615 that specifies an amount of *non-arm's length income for a specified *managed investment trust in relation to a specified income year.

Excess amount to be taxed

- (2) The trustee of the *managed investment trust is liable to pay income tax at the rate declared by the Parliament on the amount mentioned in subsection (5).

Note: The rate is set out in subsection 12(10) of the *Income Tax Rates Act 1986*.

Excess amount to be adjusted

- (3) If the trust is an *AMIT for the income year:
- (a) if paragraph (b) does not apply—treat the trust as having an *over in the income year in which the determination is made, for the specified income year, of a character relating to *ordinary income, or *statutory income, from an *Australian source, equal to the amount mentioned in subsection (5); or
 - (b) if the trust already has such an over in the income year in which the determination is made, for the specified income year—increase the amount of that over by the amount mentioned in subsection (5).
- (4) If the trust is *not* an *AMIT for the income year, reduce the trust's *net income for the income year in which the determination is made by the amount mentioned in subsection (5), to the extent that the net income is attributable to that amount.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 275-610

Excess amount

- (5) The amount is the excess mentioned in paragraph 275-610(1)(b) in respect of the *non-arm's length income, reduced by deductions (if any) that:
- (a) are reflected in:
 - (i) if the trust is an *AMIT for the income year—the amounts of its *trust components for the income year (disregarding subsection (3)); or
 - (ii) otherwise—its *net income for the income year (disregarding subsection (4)); and
 - (b) are attributable only to the amount of non-arm's length income.

275-610 Non-arm's length income

- (1) An amount of *ordinary income or *statutory income is **non-arm's length income** of a *managed investment trust if:
- (a) it is derived from a *scheme the parties to which were not dealing with each other at *arm's length in relation to the scheme; and
 - (b) that amount exceeds the amount that the entity might have been expected to derive if those parties had been dealing with each other at arm's length in relation to the scheme; and
 - (c) the amount is none of the following:
 - (i) a distribution from a *corporate tax entity;
 - (ii) a distribution from a trust that is *not* a party to the scheme mentioned in paragraph (a);
 - (iii) a *return covered by subsection (2).
- (1A) Disregard subparagraph (1)(c)(ii) if the amount of *ordinary income or *statutory income is *excepted MIT CSA income.
- (2) This subsection covers a *return that an entity pays or provides on a *debt interest, if the rate (expressed on an annual basis) of the return does not exceed the greater of:
- (a) the *benchmark rate of return for the interest; and

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) the *base interest rate for the day on which the return is paid or provided, plus 3 percentage points.
- (3) Subsection (4) applies if:
- (a) an amount would be *non-arm's length income of the *managed investment trust (disregarding that subsection); and
 - (b) the amount is a distribution from a trust, or a share of the *net income of a trust, if the trust is a party to the scheme mentioned in paragraph (1)(a).
- (4) The amount is *non-arm's length income of the *managed investment trust only to the extent that the distribution or share of *net income is attributable to non-arm's length income of the trust mentioned in paragraph (3)(b) (on that assumption that the trust were a managed investment trust) because of another operation of this section.
- (5) Subsection (6) applies if:
- (a) an amount (the **first amount**) of *ordinary income or *statutory income of the *managed investment trust that would be *non-arm's length income of the managed investment trust (disregarding that subsection) is:
 - (i) a distribution from a trust that is a party to the scheme mentioned in paragraph (1)(a); or
 - (ii) a share of the *net income of a trust that is a party to that scheme; and
 - (b) another amount (the **second amount**) of ordinary income or statutory income of the managed investment trust is:
 - (i) a distribution from another trust (whether or not the other trust is a party to that scheme); or
 - (ii) a share of the net income of another trust (whether or not the other trust is a party to that scheme); and
 - (c) it is reasonable to conclude that the second amount would have been higher but for the first amount.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 275-615

- (6) The first amount is *not* *non-arm's length income of the *managed investment trust to the extent that the second amount would have been higher as mentioned in paragraph (5)(c).

275-615 Commissioner's determination in relation to amount of non-arm's length income

- (1) The Commissioner may make a determination in writing that specifies an amount of *non-arm's length income for a specified *managed investment trust in relation to a specified income year if the Commissioner is satisfied that:
- (a) the amount of non-arm's length income for the managed investment trust in relation to the income year is reflected in:
 - (i) if the trust is an *AMIT for the income year—one or more of its *trust components for the income year; or
 - (ii) otherwise—its *net income for the income year; and
 - (b) the managed investment trust is a party to the *scheme mentioned in paragraph 275-610(1)(a) at a time in the income year in which the amount is derived; and
 - (c) at least one of the parties to that scheme is *not* a managed investment trust in relation to the income year.
- (1A) Disregard paragraphs (1)(b) and (c) if the amount of *non-arm's length income is *excepted MIT CSA income.

Determination does not form part of assessment

- (2) A determination under subsection (1) does not form part of an assessment.

Notice by Commissioner of determination

- (3) If the Commissioner makes a determination under subsection (1), the Commissioner must give a copy of the determination to the *managed investment trust concerned.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Evidence of determination

- (4) The production of:
- (a) a notice of a determination; or

- is:
- (c) conclusive evidence of the due making of the determination; and
 - (d) conclusive evidence that the determination is correct (except in proceedings under Part IVC of the *Taxation Administration Act 1953* on an appeal or review relating to the determination).

Objections

- (5) If an entity to whom a determination relates is dissatisfied with the determination, the entity may object against it in the manner set out in Part IVC of the *Taxation Administration Act 1953*.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Division 276—Australian managed investment trusts: attribution managed investment trusts

Table of Subdivisions

Guide to Division 276

- 276-A What is an attribution managed investment trust?
- 276-B Member's vested and indefeasible interest in share of income and capital of AMIT
- 276-C Taxation etc. of member components
- 276-D Member components
- 276-E Trust components

- 276-G Shortfall and excess taxation
- 276-H AMMA statements
- 276-J Debt-like trust instruments
- 276-K Ceasing to be an AMIT

Guide to Division 276

276-1 What this Division is about

A managed investment trust in relation to an income year is an attribution managed investment trust (or AMIT) for the income year if certain criteria are satisfied. In particular, for the trust to be an AMIT, the interests of the members of the trust need to be clearly defined at all times during which the trust is in existence in the income year (see Subdivision 276-A).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-5

An AMIT for an income year is treated as a fixed trust. A member of the AMIT in respect of the income year is treated as having a vested and indefeasible interest in a share of the income and capital of the AMIT throughout the income year (see Subdivision 276-B).

Amounts related to income and tax offsets of an AMIT, determined by the trustee to be of a particular tax character, are attributed to members, generally retaining that tax character (see Subdivision 276-C).

Underestimates and overestimates of amounts at the trust level are carried forward and dealt with in later years. This is done on a character-by-character basis. An underestimate in an income year of a particular character results in an under of that character. An overestimate results in an over of that character. Unders and overs arise, and are dealt with, in the income year in which they are discovered (see Subdivision 276-F).

The trustee of an AMIT is liable to pay income tax on certain amounts reflecting under-attribution of income or over-attribution of tax offsets (see Subdivision 276-G).

Special rules apply to a trust that ceases to be an AMIT (see Subdivision 276-K).

Subdivision 276-A—What is an attribution managed investment trust?

Guide to Subdivision 276-A

276-5 What this Subdivision is about

A managed investment trust in relation to an income year is an *attribution managed investment trust* (or *AMIT*) for the income year if certain criteria are satisfied. In particular:

- (a) the trust is registered under section 601EB of the *Corporations Act 2001*;

Making of choice by trustee

- (4) A choice for the purposes of paragraph (1)(d) applies to the income year for which it is made and every subsequent income year.
- (5) A choice for the purposes of paragraph (1)(d) cannot be revoked.

Components of income character

- (1) Subsection (2) applies if a *member of an *AMIT in respect of an income year has, for the income year, a *determined member component of:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (a) a character relating to assessable income; or
 - (b) a character relating to *exempt income; or
 - (c) a character relating to *non-assessable non-exempt income.
- (2) For the purpose of working out the effects mentioned in subsection (3) for the *member, treat the member as having derived, received or made the amount reflected in the *determined member component:
- (a) in the member's own right (rather than as a member of a trust); and
 - (b) in the same circumstances as the *AMIT derived, received or made that amount, to the extent that those circumstances gave rise to the particular character of that component.
- (3) The effects are as follows:
- (a) including an amount in the assessable income of the *member;
 - (b) including an amount in the *exempt income of the member;
 - (c) including an amount in the *non-assessable non-exempt income of the member;
 - (d) determining whether the member has made a *capital gain from a *CGT event;
 - (e) determining the extent to which the member's *net capital loss has been *utilised.

Components of tax offset character

- (4) Subsection (5) applies if a *member of an *AMIT in respect of an income year has, for the income year, a *determined member component of a character relating to a *tax offset.
- (5) For the purpose of working out the effects mentioned in subsection (6) for the *member, treat the member as having paid or received the amount reflected in the *determined member component:
- (a) in the member's own right (rather than as a member of a trust); and

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-85

- (b) in the same circumstances as the *AMIT paid or received that amount.
- (6) The effects are as follows:
 - (a) entitling the member to a *tax offset;
 - (b) entitling the member to a credit under Division 18 in Schedule 1 to the *Taxation Administration Act 1953*.

276-85 Member's assessable income or tax offsets for determined member components—specific rules

- (1) This section makes clarifications and modifications of the operation of section 276-80 in respect of a *member of an *AMIT in respect of an income year.
- (2) For the purposes of this Act, if an amount is included in the *member's assessable income because of the operation of this section, treat that amount as being so included because of the operation of subsection 276-80(2).

Discount capital gains

- (3) Subsection (4) applies if the *member has, for the income year, a *determined member component of the character of:
 - (a) a *discount capital gain from a *CGT asset that is *taxable Australian property; or
 - (b) a discount capital gain from a CGT asset that is *not* taxable Australian property.
- (4) For the purposes of section 276-80 and this section, treat the amount of the component as being double what it would be apart from this subsection.

Franking credit gross-up

- (5) Subsection (6) applies if the *member has, for the income year, a *determined member component (the ***franking credit gross-up***

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

component) of the character of assessable income under subsection 207-20(1) (franking credit gross-up).

- (6) For the purposes of subsection 207-20(1) (franking credit gross-up), treat the reference in that subsection to the amount of the *franking credit on the distribution as instead being a reference to the amount of the franking credit gross-up component.

Limitation on circumstances in paragraph 276-80(2)(b)

- (7) The circumstances mentioned in paragraph 276-80(2)(b) or (5)(b) do not include the following:
- (a) the residence of the trustee of the *AMIT;
 - (b) the place of the central management and control of the AMIT.

276-90 Commissioner's determination as to status of member as qualified person

- (1) Subsection (2) applies to a *member of an *AMIT in respect of an income year if:
- (a) the AMIT is specified in a determination under subsection (3); and
 - (b) the income year is specified in the determination; and
 - (c) the member:
 - (i) is specified in the determination; or
 - (ii) is included in a class of members specified in the determination.
- (2) Treat the *member as *not* being a qualified person in relation to a distribution in relation to the *AMIT for the income year, for the purposes of Division 1A of former Part IIIAA of the *Income Tax Assessment Act 1936*.
- (3) For the purposes of this section, the Commissioner may make a determination in writing that identifies any of the following:
- (a) a specified *member of a specified *AMIT;

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-95

- (b) a specified class of members of a specified AMIT.
- (4) The determination may specify one or more income years.
- (5) In deciding whether to make a determination under subsection (3), the Commissioner may have regard to any of the following:
 - (a) arrangements (if any) entered into by the *member that directly or indirectly reduce the economic exposure of the member to changes in the value of the *membership interests held by the member in the *AMIT;
 - (b) the lack of such arrangements;
 - (c) the length of time that the member has been a member of the AMIT;
 - (d) any other matter that the Commissioner considers relevant.
- (6) A determination under subsection (3) is not a legislative instrument.
- (7) If an entity to whom a determination relates is dissatisfied with the determination, the entity may object against it in the manner set out in Part IVC of the *Taxation Administration Act 1953*.

276-95 Relationship between section 276-80 and withholding rules

- (1) Subsection 276-80(2) does *not* apply to the extent that the *determined member component is reflected in an *AMIT DIR payment or a *fund payment, if an amount in respect of the payment:
 - (a) has been withheld from the payment under Subdivision 12-F or 12-H in Schedule 1 to the *Taxation Administration Act 1953*; or
 - (b) would be so withheld apart from an exemption from a requirement to withhold under Subdivision 12-F in that Schedule; or
 - (c) has been paid under Division 12A in that Schedule; or

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (d) would be so paid apart from an exemption from a requirement to withhold under Subdivision 12-F in that Schedule.
- (2) However, if the *determined member component is reflected in a *fund payment, subsection (1) applies only to the extent to which an amount attributable to the fund payment is treated under section 840-815 as not assessable income and not *exempt income.
- (3) Subsection 276-80(2) does not affect the operation of the following:
- (a) Division 11A of Part III of the *Income Tax Assessment Act 1936*;
 - (b) Subdivision 840-M of this Act;
 - (c) Division 12 in Schedule 1 to the *Taxation Administration Act 1953*.

Note: See Division 12A in Schedule 1 to the *Taxation Administration Act 1953* for provisions about withholding tax that apply specifically to AMITs.

276-100 Relationship between section 276-80 and other charging provisions in this Act

- (1) This section applies if:
- (a) an amount is included in the assessable income of a *member of an *AMIT in respect of an income year in respect of the member's interest in the AMIT; and
 - (b) that amount is so included otherwise than because of the operation of subsection 276-80(2).
- (2) Reduce the amount included in the assessable income of the *member as mentioned in subsection (1) to the extent (if any) that a corresponding amount is included in the assessable income of the member in respect of the member's interest in the *AMIT because of the operation of subsection 276-80(2).
- (3) To avoid doubt, this section is subject to section 230-20 (financial arrangements).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-105

 - (i) unless subparagraph (ii) applies—the member is a foreign resident at the end of the income year; or
 - (ii) if the member is, in respect of that determined member component, a beneficiary in the capacity of a trustee of another trust—a trustee of the other trust is a foreign resident at the end of the income year; and
 - (c) the AMIT is not a *withholding MIT.
- (2) The trustee of the *AMIT is to be assessed and is liable to pay income tax:
- (a) if subparagraph (1)(b)(i) applies and the *member is *not* a company—in respect of the amount mentioned in subsection (3) as if it were the income of an individual and were not subject to any deduction; or
 - (b) if subparagraph (1)(b)(i) applies and the member is a company—in respect of the amount mentioned in subsection (3) at the rate declared by the Parliament for the purposes of this paragraph; or
 - (c) if subparagraph (1)(b)(ii) applies—in respect of the amount mentioned in subsection (4) or (5) at the rate declared by the Parliament for the purposes of this paragraph.

Note: The rates are set out in the following provisions:

- (a) for paragraph (a)—subsection 12(6A) of the *Income Tax Rates Act 1986* and Schedule 10A to that Act;

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-105

- (b) for paragraph (b)—paragraph 28A(a) of that Act;
 - (c) for paragraph (c)—paragraph 28A(b) of that Act.
- (3) The amount is the *determined member component, to the extent that the component:
- (a) is attributable to a period when the *member was an Australian resident; or
 - (b) is attributable to a period when the member was not an Australian resident and is attributable to sources in Australia.
- (4) The amount is the *determined member component, to the extent that the component is attributable to sources in Australia.
- (5) For the purposes of subsection (4), treat the entire amount of the *determined member component as not being attributable to sources in Australia if it is of the character of:
- (a) a *discount capital gain from a *CGT asset that is not *taxable Australian property; or
 - (b) a *capital gain (other than a discount capital gain) from a CGT asset that is not taxable Australian property.

Exception for component reflected in AMIT DIR payment or fund payment

- (6) Subsection (2) does *not* apply to the extent that the *determined member component is reflected in an *AMIT DIR payment or a *fund payment, if an amount in respect of the payment:
- (a) has been withheld from the payment under Subdivision 12-F or 12-H in Schedule 1 to the *Taxation Administration Act 1953*; or
 - (b) would be so withheld apart from an exemption from a requirement to withhold under Subdivision 12-F in that Schedule; or
 - (c) has been paid under Division 12A in that Schedule; or
 - (d) would be so paid apart from an exemption from a requirement to withhold under Subdivision 12-F in that Schedule.

- (7) Subsection (8) applies if a *determined member component is of the character of:
- (a) a *discount capital gain from a *CGT asset that is *taxable Australian property; or
 - (b) a discount capital gain from a CGT asset that is *not* taxable Australian property.
- (8) For the purposes of this section, treat the amount of the component as being double what it would be apart from this subsection.

**276-110 Refundable tax offset for foreign resident member—
member that is not a trustee**

- (1) This section applies if a trustee is assessed and liable to pay income tax under section 276-105 in respect of a *member because of paragraph 276-105(2)(a) or (b).
- (2) The *member is entitled to a *tax offset for the income year equal to the tax paid by the trustee in accordance with subsection 276-105(2).

Note: The tax offset is subject to the refundable tax offset rules: see section 67-23.

Special rule for interposed custodian

276-115 Custodian interposed between AMIT and member

- (1) This section applies if:
- (a) a trust that is a *custodian is a *member of an *AMIT in respect of an income year; and
 - (b) the custodian has, for the income year, a *determined member component of a particular character for the AMIT; and
 - (c) the custodian is interposed between the AMIT and another entity (the *subsequent recipient*); and

- (d) the subsequent recipient:
- (i) starts to have, at a time in the income year, an entitlement to an amount that is reasonably attributable to all or part of the determined member component; or
 - (ii) would start to have, at a time in the income year, such an entitlement if the determined member component were an actual payment of an amount.
- (2) For the purposes of this Subdivision, reduce the *custodian's *determined member component by the amount of the entitlement mentioned in subparagraph (1)(d)(i) or (ii).
- Note: This subsection may operate to reduce the amount of the determined member component multiple times if there is more than one subsequent recipient in respect of which the requirements in paragraphs (1)(c) and (d) are satisfied.
- (3) For the purposes of this Subdivision:
- (a) treat the subsequent recipient as being a *member of the *AMIT in respect of the income year; and
 - (b) treat the subsequent recipient as having, for the income year, a *determined member component for the AMIT that:
 - (i) is of the character mentioned in paragraph (1)(b); and
 - (ii) is equal to the amount of the entitlement mentioned in subparagraph (1)(d)(i) or (ii).

Subdivision 276-D—Member components

Guide to Subdivision 276-D

276-200 What this Subdivision is about

A member's *member component* of a particular character is so much of an AMIT's determined trust component of that character (see Subdivision 276-E) as is attributable to membership interests held by the member, worked out in accordance with certain requirements.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-205

A member's **determined member component** of a particular character is the amount stated to be the member's member component of that character in an AMMA statement (see Subdivision 276-H).

276-210 Meaning of *member component*

Member-level concepts

276-205 Meaning of *determined member component*

- (1) The **determined member component** of a particular character for an income year of a *member of an *AMIT in respect of the income year is the amount of the member's *member component of that character as reflected in the AMIT's latest *AMMA statement for the member for the income year.
- (2) Subsection (3) applies if:
 - (a) the *member makes a choice for the purposes of this paragraph that complies with subsection (5); and
 - (b) the member gives a copy of the choice to the Commissioner within 4 months after:
 - (i) unless subparagraph (ii) applies—the end of the member's income year; or
 - (ii) if the *AMIT gives the member a revised *AMMA statement for the income year at a time after the end of that income year—that time; and
 - (c) the member gives a notice of the choice, in accordance with subsection (7), to the trustee of the AMIT within those 4 months.
- (3) Despite subsection (1), if the *determined member component of that character for the income year (disregarding this subsection)

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

does *not* accord with subsections 276-210(2), (3) and (4), that ***determined member component*** is instead the member's *member component of that character for the income year.

- (4) For the purposes of subsection (3), in working out the member's *member component of that character for the income year, if the *trust component of that character differs from the *determined trust component of that character, treat the references in section 276-210 to determined trust component as instead being references to trust component.

Example: The determined trust component exceeds the trust component because of an unintentional mistake by the trustee of the AMIT. As a result, a member's corresponding determined member component under subsection (1) exceeds what it would have been if the trustee had not made the mistake.

If the member makes a choice under subsection (2), the amount of the determined member component will be determined according to the amount of the trust component.

- (5) The choice must:
- (a) be in writing; and
 - (b) state the following matters:
 - (i) the income year to which the choice relates;
 - (ii) what the *member considers to be the member's *member component of that character for the income year;
 - (iii) the reason why the member considers that the *determined member component of that character for the income year does *not* accord with subsections 276-210(2), (3) and (4).
- (6) The way the *member's *income tax return is prepared is sufficient evidence of the making of the choice.
- (7) The notice must:
- (a) be in writing; and
 - (b) state the matters mentioned in paragraph (5)(b).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-210

276-210 Meaning of *member component*

- (1) This section applies to a *member of an *AMIT in respect of an income year and sets out how to work out the member's *member components for the year.

Meaning of member component

- (2) The *member's ***member component*** of a character is so much of the *AMIT's *determined trust component of that character as is attributable to the *membership interests in the AMIT held by the member, worked out in accordance with the requirements in subsections (3) and (4).

Attribution must be fair and reasonable and accord with constituent documents

- (3) The attribution must be worked out on a fair and reasonable basis, in accordance with the constituent documents of the *AMIT. This requirement is subject to the requirement in subsection (4).

Attribution must not involve streaming of character amounts

- (4) The attribution must not attribute any part of a *determined trust component of a particular character to a *member's *membership interests because of the tax characteristics of the member.

Safe harbour rules

- (5) Without limiting the scope of the requirements in subsection (3) and (4), an amount does not fail to be worked out in accordance with those requirements as mentioned in subsection (2) merely because the amount reflects the fact that:
- (a) the constituent documents of the *AMIT give the trustee of the AMIT the power to direct an amount arising from the sale of an asset to a particular *member, if:
 - (i) the member redeems one or more *membership interests in the AMIT; and

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (ii) the direction of the amount is made to fund the redemption; and
 - (b) the trustee exercises that power.
- (6) Without limiting the scope of the requirements in subsection (3) and (4), an amount does not fail to be worked out in accordance with those requirements as mentioned in subsection (2) merely because the amount reflects the fact that:
 - (a) either:
 - (i) an amount of an *under, relating to a base year (as mentioned in subsection 276-345(1)) increases a *trust component of the *AMIT for a later income year under section 276-305; or
 - (ii) an amount of an *over, relating to a base year (as mentioned in subsection 276-345(1)) decreases a trust component of the AMIT for a later income year under section 276-305; and
 - (b) an entity is a *member of the AMIT at a time in the later income year, but was *not* a member of the AMIT in respect of the base year.
- (7) Without limiting the scope of the requirements in subsection (3) and (4), an amount does not fail to be worked out in accordance with those requirements as mentioned in subsection (2) merely because the amount reflects the fact that:
 - (a) the trustee made a *capital gain or *capital loss in an income year (for the purposes of working out the amount of a *trust component of the *AMIT for an income year in accordance with the rules in section 276-265); and
 - (b) an entity was a *member of the AMIT in respect of the income year, but was *not* a member of the AMIT at the time the capital gain or capital loss was made.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-250

Subdivision 276-E—Trust components

Guide to Subdivision 276-E

276-250 What this Subdivision is about

An AMIT's *trust component* of a particular character is worked out on the basis of the AMIT's assessable income, exempt income, non-assessable non-exempt income and tax offsets (on the assumption that the AMIT were an Australian resident liable to pay tax).

An AMIT's *determined trust component* of a particular character is the amount stated to be its trust component of that character in a document that meets certain requirements.

Trust-level concepts

276-255 Meaning of *determined trust component*

- (1) An *AMIT's *determined trust component* of a particular character for an income year is the amount stated to be its *trust component of that character in a document that meets the requirements in subsection (2).
- (2) The requirements are as follows:
 - (a) the document was created by the *AMIT;

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) the document states expressly the amount of the *trust component;
 - (c) at a time after the document was created, the AMIT sent *AMMA statements for the income year to entities that were *members of the AMIT in respect of the income year;
 - (d) the amount of the trust component stated in the document reflects the amount of the *determined member components reflected in those AMMA statements.
- (3) If, apart from this subsection, there are 2 or more documents that meet the requirements in subsection (2), treat the most recently created of those documents as being the only document that meets those requirements.

Example: The income year for the AMIT ends on 30 June. The trustee creates a document stating the amount for the income year on 1 July. It sends all AMMA statements on 10 July. The trustee creates another document stating a different amount for the income year on 1 September. It sends revised AMMA statements reflecting that amount on 10 September. The document created on 1 September is the only document that meets the requirements in this section in respect of the amount for the income year.

276-260 Meaning of *trust component*

- (1) The object of this section is to ensure that an *AMIT's amounts of assessable income, *exempt income, *non-assessable non-exempt income and *tax offsets for an income year are allocated, according to their character, into separate components for the purposes of this Act.
- (2) An *AMIT's ***trust component*** for an income year:
 - (a) of a character relating to assessable income; or
 - (b) of a character relating to *exempt income; or
 - (c) of a character relating to *non-assessable non-exempt income; or
 - (d) of a character relating to a *tax offset;

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-265

is the amount of that character for the income year worked out for the AMIT in accordance with the rules in sections 276-265 and 276-270.

- (3) This section is subject to Subdivision 276-F (which deals with the effect of *unders and *overs).
- (4) The rules in sections 276-265 and 276-270 apply only for the purposes of determining the amounts of *trust components.

276-265 Rules for working out trust components—general rules

General taxability and residence assumptions to be made

- (1) Work out the amount of the *trust component of each character in relation to the *AMIT assuming that the AMIT's trustee:
 - (a) was liable to pay *tax; and
 - (b) was an Australian resident.

Trust components of assessable income character are net of deductions

- (2) The sum of all of the *trust components of a character relating to assessable income of the *AMIT for the income year equals the total assessable income of the AMIT for the income year, reduced by all deductions of the AMIT for the year. To avoid doubt, for the purposes of this subsection, apply subsection (1).
- (3) However, if that total assessable income does not exceed those deductions, the amount of each *trust component of a character relating to assessable income of the *AMIT for the income year is nil.

276-270 Rules for working out trust components—allocation of deductions

- (1) An amount of a deduction that relates directly only to one or more amounts of assessable income can be deducted only against that

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

amount or those amounts of assessable income. If there are 2 or more such amounts of assessable income, the amount of the deduction is allocated against those amounts on a reasonable basis.

- (2) If an amount of a deduction remains after applying the rules in subsection (1), the remainder can be deducted against other amounts of assessable income. The amount of the remainder is allocated against those amounts on a reasonable basis.
- (3) For the purposes of this section, determine whether a deduction relates directly to an amount of assessable income on a reasonable basis.

Subdivision 276-F—Unders and overs

Guide to Subdivision 276-F

276-300 What this Subdivision is about

This Subdivision sets out how underestimates and overestimates of amounts at the trust level are carried forward and dealt with in later years. This is generally done on a character-by-character basis.

An underestimate in an income year of a particular character results in an under of that character. An overestimate results in an over of that character.

Unders and overs arise, and are dealt with, in the income year in which they are discovered.

Adjustment of trust component for unders and overs etc.

276-305 Adjustment of trust component for unders and overs

Object

- (1) The object of this section is to adjust an *AMIT's *trust component of a particular character for an income year to take account of any *unders or *overs of that character that the AMIT has in the income year.

Unders increase trust component

- (2) If the *AMIT has an *under of that character in the income year (relating to any earlier income year), increase the amount of the *trust component by that under.

Note: Those earlier income years are referred to in section 276-345 as base years.

Overs decrease trust component

- (3) If the *AMIT has an *over of that character in the income year (relating to any earlier income year), decrease the amount of the *trust component by that over.

Note: Those earlier income years are referred to in section 276-345 as base years.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

276-310 Rounding adjustment deficit increases trust component

- (1) If the *AMIT has a *rounding adjustment deficit of that character for the income year, increase the amount of the *trust component by the amount of that rounding adjustment deficit.
- (2) The *AMIT has a ***rounding adjustment deficit*** of a particular character for an income year if:
 - (a) the AMIT has a shortfall for the previous income year under subsection 276-415(1); and
 - (b) the shortfall results wholly or partly from the trustee of the AMIT rounding down amounts in working out *determined member components for the previous income year.The amount of the rounding adjustment deficit is the amount of the shortfall, to the extent that it results from that rounding down.

276-315 Rounding adjustment surplus decreases trust component

- (1) If the *AMIT has a *rounding adjustment surplus of that character for the income year, decrease the amount of the *trust component by the amount of that rounding adjustment surplus.
- (2) The *AMIT has a ***rounding adjustment surplus*** of a particular character for an income year if:
 - (a) the AMIT has an excess for the previous income year under subsection (3); and
 - (b) the excess results wholly or partly from the trustee of the AMIT rounding up amounts in working out *determined member components for the previous income year.The amount of the rounding adjustment surplus is the amount of the excess, to the extent that it results from that rounding up.
- (3) The *AMIT has an excess under this subsection for an income year equal to the amount (if any) by which:
 - (a) the sum of all the *determined member components of all the *members of the AMIT of a particular character relating to

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-320

assessable income, *exempt income or *non-assessable non-exempt income for the income year;

exceeds:

- (b) the *determined trust component of that character of the AMIT for the income year.

276-320 Meaning of *trust component deficit*

If the amount of the *trust component, worked out after applying sections 276-305, 276-310 and 276-315 (and, if applicable, section 276-325), falls short of nil:

- (a) despite those provisions, the *trust component of that character is nil; and
- (b) the shortfall is the *AMIT's *trust component deficit* of that character for the income year.

276-325 Trust component of character relating to assessable income—adjustment for cross-character allocation amount, carry-forward trust component deficit and FITO allocation amount

Section applies to trust component of assessable income character

- (1) This section applies if the *trust component is of a character relating to assessable income.

Cross-character allocation amount decreases trust component

- (2) If the *AMIT has a *cross-character allocation amount of that character for the income year, decrease the amount of the *trust component by that amount.

Note: A cross-character allocation amount of a character for the income year is allocated from a trust component deficit of another character for the income year in accordance with subsections 276-330(2), (3) and (4).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Carry-forward trust component deficit decreases trust component

- (3) If the *AMIT has a *carry-forward trust component deficit of that character for the income year, decrease the amount of the *trust component by the amount of that deficit.

Note: A carry-forward trust component deficit for the income year is worked out in respect of the previous income year under subsection 276-330(5).

FITO allocation amount increases trust component with the character of foreign source income

- (4) If:
- (a) the character of the *trust component is a character relating to *ordinary income, or *statutory income, from a source *other than* an *Australian source; and
 - (b) the *AMIT has a *FITO allocation amount for the income year;

increase the amount of the trust component by that FITO allocation amount.

Note: A FITO allocation amount for the income year is worked out in accordance with section 276-335.

276-330 Meaning of *cross-character allocation amount* and *carry-forward trust component deficit*

Section applies to trust component of assessable income character

- (1) This section applies if the *trust component is of a character relating to assessable income.

Cross-character allocation amount

- (2) The trustee may, in accordance with subsection (3), allocate a *trust component deficit (if any) of that character for the income year against the *AMIT's *other* trust components for that income year that are also of a character relating to assessable income.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-335

- (3) For the trustee to make an allocation under subsection (2) the trustee:
 - (a) must allocate that *trust component deficit between those other *trust components on a reasonable basis; and
 - (b) cannot allocate more to a trust component than the amount of that trust component.
- (4) If the trustee allocates an amount under subsection (2) to a *trust component of a character for that income year, the amount allocated is a **cross-character allocation amount** of that character for that income year.

Carry-forward trust component deficit

- (5) If there is an amount of that *trust component deficit remaining after allocating it in accordance with subsection (2), the remaining amount is the *AMIT's **carry-forward trust component deficit** of the character mentioned in subsection (1) for the *next* income year.

276-335 Meaning of *FITO* allocation amount

- (1) This section applies if:
 - (a) the *AMIT has a *trust component of the character of *foreign income tax paid that counts towards a *tax offset under Division 770; and
 - (b) the AMIT has a *trust component deficit for the income year of that character.
- (2) The *AMIT has a **FITO allocation amount** for the income year equal to the sum of:
 - (a) that *trust component deficit; and
 - (b) the product of:
 - (i) that trust component deficit; and
 - (ii) the *corporate tax gross-up rate.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

276-340 Trust component character relating to tax offset—taxation of trust component deficit

- (1) This section applies if:
- (a) the *AMIT has a *trust component of a character relating to a *tax offset; and
 - (b) the character of the trust component is *not* the character of *foreign income tax paid that counts towards a tax offset under Division 770; and
 - (c) the AMIT has a *trust component deficit for the income year of that character.

Offset trust component deficit (other than FITO character) taxed

- (2) The trustee of the *AMIT is liable to pay tax at the rate declared by the Parliament on the amount of the *trust component deficit.

Note: The tax is imposed by the *Income Tax (Attribution Managed Investment Trusts—Offsets) Act 2016* and the rate of the tax is set out in that Act.

Unders and overs

276-345 Meaning of *under* and *over* of a character

- (1) This section sets out how to work out the amount (if any) of an *AMIT's *under or *over of a particular character for an income year (the *base year*) in a later income year (the *discovery year*).
- (2) The time (the *discovery time*) at which this is worked out for the discovery year is just before the trustee works out the *determined trust component of that character for the discovery year.
- Note: This allows unders and overs to be included in the determined trust component for the discovery year: see section 276-305.
- (3) Compare the following amounts:
- (a) the *AMIT's *trust component of that character for the base year, worked out on the basis of the trustee's knowledge at the discovery time (the *discovery year amount*);

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-350

(b) this amount (the *base year running balance*):

- (i) if the discovery year is the first income year after the base year—the AMIT's *determined trust component of that character for the base year; or
- (ii) otherwise—the discovery year amount worked out under a previous operation of this section for the most recent income year before the discovery year.

A shortfall is an under

- (4) If the base year running balance *falls short* of the discovery year amount, the amount of the shortfall is an *under* of that character, for the base year, that the *AMIT has in the discovery year.

An excess is an over

- (5) If the base year running balance *exceeds* the discovery year amount, the amount of the excess is an *over* of that character, for the base year, that the *AMIT has in the discovery year.

276-350 Limited discovery period for unders and overs

Despite section 276-345, an *AMIT does not have an *under or an *over of a particular character for an income year (the *base year*) if:

- (a) assuming the Commissioner made an assessment of the *trust component of that character on the day on which the document stating the AMIT's *determined trust component of that character for the base year was created; and
- (b) assuming the assessment had not been amended at the discovery time mentioned in subsection 276-345(2) for the under or over;

section 170 of the *Income Tax Assessment Act 1936* would prevent the assessment from being amended to take account of the under or over.

Note: Section 170 of the *Income Tax Assessment Act 1936* specifies the usual period within which assessments may be amended.

- (b) the *member component of the member of that character for the income year.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Liability to tax

276-415 Trustee taxed on amounts of determined trust component that are not reflected in determined member components

- falls short of:
- (b) the *determined trust component of that character of the AMIT for the income year.

Liability to tax

- (2) The trustee is liable to pay income tax at the rate declared by the Parliament on the amount worked out as follows:
- (a) first, work out the sum of each shortfall of the *AMIT under subsection (1) for the income year;
 - (b) next, work out the extent (if any) to which each of those shortfalls gives rise to a *rounding adjustment deficit (see subsection 276-310(2));
 - (c) next, subtract the result of paragraph (b) from the result of paragraph (a);
 - (d) next, work out the extent (if any) to which the result of paragraph (c) is referable to one or more shortfalls under subsection 276-405(1);

- (e) next, subtract the result of paragraph (d) from the result of paragraph (c).

Note: The rate is set out in subsection 12(12) of the *Income Tax Rates Act 1986*.

Gross-up for discount capital gain

- (3) Subsection (4) applies if a *determined member component is of the character of:
- (a) a *discount capital gain from a *CGT asset that is *taxable Australian property; or
 - (b) a discount capital gain from a CGT asset that is *not* taxable Australian property.
- (4) For the purposes of subsection (2), treat the amount of the shortfall under subsection (1) relating to the component as being double what it would be apart from this subsection.

Ensuring unders and overs are properly taxed

276-420 Trustee taxed on amounts of under of character relating to assessable income not properly carried forward

- (1) An *AMIT for an income year has a shortfall under this subsection for the income year equal to the amount (if any) by which:
- (a) an *under of the AMIT of a character relating to assessable income in the income year for an earlier income year (the *base year*) (as worked out by the trustee on the basis of the trustee's knowledge at the discovery time mentioned in subsection 276-345(2));
- falls short of:
- (b) what the under would have been if it had been worked out on the basis of what the trustee should have known at that time.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Liability to tax

- (2) The trustee is liable to pay income tax at the rate declared by the Parliament on the amount that is the sum of each shortfall of the *AMIT under subsection (1) for the income year.

Note: The rate is set out in subsection 12(13) of the *Income Tax Rates Act 1986*.

Adjustment for later unders relating to the same base year

- (3) If there is a shortfall under subsection (1) for a particular character for an income year, for the purposes of applying paragraph 276-345(3)(b) (base year running balance) to a later income year, increase the amount mentioned in subparagraph 276-345(3)(b)(ii) (previous discovery year amount) for that character by the amount of the shortfall.
- (4) Subsection (5) applies if:
- (a) there is a shortfall under subsection (1) for a particular character for an income year; and
 - (b) the *AMIT has an *under of that character in a later income year for the base year mentioned in subsection (1); and
 - (c) the amount mentioned in paragraph (1)(b) is reflected (in whole or in part) in the amount of the under.
- (5) Reduce the shortfall by the extent to which the *under in the later income year reflects the amount mentioned in paragraph (1)(b).

276-425 Trustee taxed on amounts of over of character relating to tax offset not properly carried forward

- (1) An *AMIT for an income year has a shortfall under this subsection for the income year equal to the amount (if any) by which:
- (a) an *over of the AMIT of a character relating to a *tax offset in the income year relating to an earlier income year (the *base year*) (as worked out by the trustee on the basis of the trustee's knowledge at the discovery time mentioned in subsection 276-345(2));

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-425

falls short of:

- (b) what the over would have been if it had been worked out on the basis of what the trustee should have known at that time.

Liability to tax

- (2) The trustee is liable to pay tax at the rate declared by the Parliament on the amount that is the sum of each shortfall of the *AMIT under subsection (1) for the income year.

Note: The tax is imposed by the *Income Tax (Attribution Managed Investment Trusts—Offsets) Act 2016* and the rate of the tax is set out in that Act.

Adjustment for later overs relating to the same base year

- (3) If there is a shortfall under subsection (1) for a particular character for an income year, for the purposes of applying paragraph 276-345(3)(b) (base year running balance) to a later income year, decrease the amount mentioned in subparagraph 276-345(3)(b)(ii) (previous discovery year amount) for that character by the amount of the shortfall.
- (4) Subsection (5) applies if:
 - (a) there is a shortfall under subsection (1) of a particular character relating to a *tax offset for an income year; and
 - (b) the *AMIT has an *over of that character in a later income year relating to the base year mentioned in subsection (1); and
 - (c) the amount mentioned in paragraph (1)(b) is reflected (in whole or in part) in the amount of the over.
- (5) Reduce the shortfall by the extent to which the *over in the later income year reflects the amount mentioned in paragraph (1)(b).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Commissioner may remit tax under this Subdivision

Subdivision 276-H—AMMA statements

Guide to Subdivision 276-H

276-450 What this Subdivision is about

An AMIT for an income year must give each member of the AMIT in respect of the income year an AMIT member annual statement (or AMMA statement) for the income year.

Table of sections

Operative provisions

- 276-455 Obligation to give an AMMA statement
- 276-460 *AMIT member annual statement* (or *AMMA statement*)

Operative provisions

276-455 Obligation to give an AMMA statement

- (1) An *AMIT for an income year must give each *member of the AMIT in respect of the income year an *AMMA statement for the income year.

Note: Section 286-75 in Schedule 1 to the *Taxation Administration Act 1953* provides an administrative penalty for breach of this subsection.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-460

- (2) The statement must be given no later than 3 months after the end of the income year.
- (3) However, the *AMIT need not give an *AMMA statement under subsection (1) to a *member if:
 - (a) all of the member's *determined member components for the AMIT for the income year are nil; and
 - (b) all of the member's *membership interests in the AMIT have an *AMIT cost base net amount for the income year of nil.
- (4) To avoid doubt, the *AMIT does not fail to comply with subsection (1) merely because:
 - (a) the AMIT gives *AMMA statements for the income year to *members in accordance with subsection (1) by the time required under subsection (2); and
 - (b) after that time, the AMIT gives those members further AMMA statements for the income year that replace the AMMA statements mentioned in paragraph (a).

276-460 AMIT member annual statement (or AMMA statement)

- (1) An *AMIT member annual statement* (or *AMMA statement*) is a statement made by an *AMIT for an income year in accordance with this section.
- (2) The statement must:
 - (a) include information that reflects the amount and character of each *member component of the *member for the income year; and
 - (b) state what the trustee reasonably estimates to be the amount of the excess or shortfall mentioned in section 104-107C (AMIT cost base net amount) for the income year in respect of the *CGT asset that is the member's unit or interest in the *AMIT.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (3) The statement is *not* an **AMMA statement** if the *AMIT fails to give it to the *member to whom it is addressed within 4 years after the end of the income year.

Note: The AMIT must give each member an AMMA statement for the income year no later than 3 months after the end of the income year (see section 276-455).

Subdivision 276-J—Debt-like trust instruments

Guide to Subdivision 276-J

276-500 What this Subdivision is about

A debt-like trust instrument in an AMIT is treated as a debt interest in the AMIT. A distribution in relation to the instrument is treated as interest for the purposes of provisions relating to interest withholding tax, and may be treated as a deduction in working out the trust components of the AMIT.

Table of sections

Operative provisions

- 276-505 Meaning of *debt-like trust instrument*
276-510 Debt-like trust instruments treated as debt interests etc.
276-515 Distribution on debt-like trust instrument could be deductible in working out trust components

Operative provisions

276-505 Meaning of *debt-like trust instrument*

- (1) An instrument that gives rise to an interest in a trust is a **debt-like trust instrument** in relation to the trust if:
- (a) the amount of any distribution relating to the interest is fixed, at the time the interest is created, by reference to the amount subscribed for the interest; and

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-510

- (b) any distribution relating to the interest is made solely at the discretion of the trustee of the trust; and
 - (c) rights to distributions of capital or profits arising from all interests in the trust that are in the same *class as the interest, rank above all such rights arising from other interests in the trust (other than those covered under subsection (2)) if:
 - (i) the trust ceases to exist; or
 - (ii) where the trust is a *managed investment scheme—the scheme is under administration or is being wound up; and
 - (d) in a case where, in relation to a particular period, the trustee of the trust does *not* make a distribution relating to the interest—making a distribution of any of the following kinds, in relation to that period, is prohibited by the constituent documents of the trust:
 - (i) a distribution relating to any membership interest in the trust;
 - (ii) a distribution relating to a membership interest in another entity, if that interest is stapled together with a membership interest in the trust.
- (2) This subsection covers an interest in the trust that:
- (a) is *not* a *membership interest in the trust; or
 - (b) satisfies the requirements in paragraphs (1)(a) and (b).

276-510 Debt-like trust instruments treated as debt interests etc.

- (1) For the purposes of this Act:
 - (a) treat a *debt-like trust instrument in relation to an *AMIT as a *debt interest in the AMIT; and
 - (b) treat a distribution on a debt-like trust instrument in relation to an AMIT as a cost incurred by the AMIT in relation to a debt interest issued by the AMIT.
- (2) If a trust is an *AMIT for an income year (disregarding this subsection), paragraph (1)(a) applies for the purposes of:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (a) determining whether the trust is a *managed investment trust in relation to the income year; and
 - (b) determining whether the trust is an AMIT for the income year.
- (3) For the purposes of Division 11A of Part III of the *Income Tax Assessment Act 1936*, if an entity is the holder of a *debt-like trust instrument in an *AMIT, treat a distribution to the entity in accordance with the instrument as interest.

276-515 Distribution on debt-like trust instrument could be deductible in working out trust components

- (1) If an entity is the holder of a *debt-like trust instrument in relation to an *AMIT, for the purposes of sections 276-265 and 276-270, treat a distribution to the entity in accordance with the instrument as a *return that the AMIT pays or provides on a *debt interest.
- (2) For the purposes of subsection (1), disregard the distribution to the extent (if any) that it is referable to any of the following:
 - (a) *exempt income of the *AMIT;
 - (b) *non-assessable non-exempt income of the AMIT.

Subdivision 276-K—Ceasing to be an AMIT

Guide to Subdivision 276-K

276-800 What this Subdivision is about

If a trust ceases to be an AMIT, and discovers an under or over from an income year when it was an AMIT, the under or over will have taxation consequences for the trust in the discovery year.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-805

Table of sections

Operative provisions

276-805	Application of Subdivision to former AMIT
276-810	Continue to work out trust components, unders, overs etc.
276-815	Effect of increase
276-820	Effect of decrease

Operative provisions

276-805 Application of Subdivision to former AMIT

This Subdivision applies if:

- (a) a trust was an *AMIT for an income year; and
- (b) the trust is *not* an AMIT for a later income year (the *discovery year*).

276-810 Continue to work out trust components, unders, overs etc.

- (1) For the purposes of this section, assume that the trust is an *AMIT for the discovery year.
- (2) If the trust has an *under or *over of a character in the discovery year for an earlier income year when the trust was an *AMIT, work out the extent to which the under or over:
 - (a) increases the amount of the AMIT's *trust component of that character for the discovery year; or
 - (b) decreases the amount of the AMIT's trust component of that character for the discovery year.

276-815 Effect of increase

- (1) This section applies if there is an increase as mentioned in paragraph 276-810(2)(a).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-820

- (2) If the character mentioned in subsection 276-810(2) relates to assessable income, treat the amount of the increase as assessable income of the trust for the discovery year.
- (3) Subsection (4) applies if the character mentioned in subsection 276-810(2) is the character of:
 - (a) a *discount capital gain from a *CGT asset that is *taxable Australian property; or
 - (b) a discount capital gain from a CGT asset that is *not* taxable Australian property.
- (4) For the purposes of subsection (2), treat the amount of the increase as being double what it would be apart from this subsection.
- (5) If that character relates to *exempt income, treat the amount of the increase as exempt income of the trust for the discovery year.
- (6) If that character relates to *non-assessable non-exempt income, treat the amount of the increase as non-assessable non-exempt income of the trust for the discovery year.
- (7) If that character relates to a *tax offset, treat the amount of the increase as a tax offset of the trust for the discovery year of a kind corresponding to that character (in addition to any other tax offsets of that kind that the trust may have for the discovery year).

276-820 Effect of decrease

- (1) This section applies if there is a decrease as mentioned in paragraph 276-810(2)(b).
- (2) If the character mentioned in subsection 276-810(2) relates to assessable income:
 - (a) in the case of a character of:
 - (i) a *discount capital gain from a *CGT asset that is *taxable Australian property; or
 - (ii) a discount capital gain from a CGT asset that is *not* taxable Australian property;

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 276-820

- treat half the amount of the decrease as a *capital loss of the trust for the discovery year; or
- (b) in the case of a character of:
- (i) a *capital gain (other than a discount capital gain) from a CGT asset that is taxable Australian property; or
 - (ii) a capital gain (other than a discount capital gain) from a CGT asset that is *not* taxable Australian property;
- treat the amount of the decrease as a capital loss of the trust for the discovery year; or
- (c) in any other case—treat the amount of the decrease as a deduction of the trust for the discovery year.
- (3) If that character relates to *exempt income, treat the amount of the decrease as reducing the exempt income of the trust for the discovery year.
- (4) If that character relates to *non-assessable non-exempt income, treat the amount of the decrease as reducing the non-assessable non-exempt income of the trust for the discovery year.
- (5) If that character relates to a *tax offset, treat the amount of the decrease as reducing the tax offset or offsets (the ***existing offset or offsets***) of the trust for the discovery year of a kind corresponding to that character.
- (6) If that character relates to a *tax offset and exceeds the total of the existing offset or offsets (before the reduction under subsection (5)):
- (a) unless paragraph (b) applies—the trustee is liable to pay tax at the rate declared by the Parliament on the excess; or
- Note: The tax is imposed by the *Income Tax (Attribution Managed Investment Trusts—Offsets) Act 2016* and the rate of the tax is set out in that Act.
- (b) if that character is the character of *foreign income tax paid that counts towards a tax offset under Division 770—subsection (7) applies.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (7) Increase the trust's assessable income for the discovery year by the sum of:
- (a) the excess mentioned in subsection (6); and
 - (b) the product of:
 - (i) that excess; and
 - (ii) the *corporate tax gross-up rate.
- Treat the amount of that increase as assessable income from a source *other than an* *Australian source.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

280-40	Other relevant legislative schemes
--------	------------------------------------

280-1 Effect of this Division

- (1) This Division is a *Guide.
- (2) Tax concessions in this Part are intended to encourage Australians to save in order to make provision for their retirement, recognising that superannuation investments, and the income from them, are quarantined for retirement.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

280-5 Overview

- (1) There are 3 phases in the tax treatment of superannuation, as follows:
 - (a) the contributions phase;
 - (b) the investment phase;
 - (c) the benefits phase.
- (2) In the contributions phase, contributions are made to a superannuation plan in respect of a member of the plan.
- (3) In the investment phase, these contributions are invested by the superannuation provider.
- (4) In the benefits phase, these contributions, plus earnings from investing them, are usually paid as benefits to the member when he or she retires after reaching preservation age. In the event of death, the benefits are usually paid to the member's dependants.
- (5) There is also a regulatory scheme outside this Act that is relevant to the taxation treatment of superannuation. For example, other Acts set out prudential and operating standards for superannuation providers.

Contributions phase

280-10 Contributions phase—deductibility

Contributions that can be deducted

- (1) Employers can usually deduct contributions they make in respect of their employees. Individuals can usually deduct contributions they make in respect of themselves to most complying superannuation funds.

Other contributions cannot be deducted

- (2) Other contributions cannot be deducted. These include contributions made by others in respect of individuals (such as

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 280-15

contributions by a spouse or family member, or Government co-contributions).

280-15 Contributions phase—limits on superannuation tax concessions

- (1) There is a limit to contributions that can be made in respect of an individual in a year that receive favourable tax treatment.
- (2) If concessional contributions exceed an indexed cap, the excess is included in the individual's assessable income and gives rise to a tax offset. The individual can release the excess concessional contributions from his or her superannuation interests. Unused cap can be carried forward for 5 years.
- (3) If non-concessional contributions exceed an indexed cap, the individual can request the release of either:
 - (a) nothing; or
 - (b) an amount equal to the sum of that excess and 85% of the associated earnings on that excess;from the individual's superannuation interests. Whether or not such a request is made, an amount relating to those associated earnings may be included in the individual's assessable income and may give rise to a tax offset.
- (4) In the absence of such a request, the Commissioner may require the relevant superannuation fund to release the amount described in paragraph (3)(b).

Note: This can be done under subsection 131-15(2) in Schedule 1 to the *Taxation Administration Act 1953*.
- (5) The individual is taxed:
 - (a) on any shortfall between the amount released as described in subsection (3) or (4) and the excess referred to in subsection (3); or
 - (b) on that excess, if the individual requested that nothing be released from the individual's superannuation interests.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (6) The Commissioner may require the release of an amount equal to this tax liability from the individual's superannuation interests.

Note: This can be done under subsection 131-15(3) in Schedule 1 to the *Taxation Administration Act 1953*.

Investment phase

280-20 Investment phase

- (1) Contributions that can be deducted are assessable income of the superannuation provider. Contributions that cannot be deducted are not assessable income of the superannuation provider. (There are some exceptions.)
- (2) Earnings on the investment of amounts in a superannuation plan are assessable income of the superannuation provider.
- (3) The superannuation provider's taxable income is generally taxed at the concessional rate of 15%.
- (4) However, superannuation providers pay no tax on earnings from the assets that support the payment of benefits in the form of income streams, once the income streams have commenced.

Benefits phase

280-25 Benefits phase—different types of superannuation benefit

Superannuation benefits can be drawn down as lump sums, income streams (such as pensions or annuities), or combinations of both. Different tax treatment may apply depending on whether a lump sum or income stream is paid.

280-30 Benefits phase—taxation varies with age of recipient and type of benefit

- (1) The taxation of superannuation benefits depends primarily on the age of the member.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 280-35

- (2) If the member is aged 60 or over, superannuation benefits (both lump sums and income streams) are tax free if the benefits have already been subject to tax in the fund (that is, where the benefits comprise a taxed element). This covers the great majority of superannuation members.
- (3) Where a superannuation benefit contains an amount that has not been subject to tax in the fund (an untaxed element), this element is subject to tax for those aged 60 or over, though at concessional rates. This is relevant generally to those people (for example, public servants), who are members of a superannuation fund established by the Australian Government or a state government.
- (4) If the member is less than 60, superannuation benefits may receive concessional taxation treatment, though the treatment is less concessional than for those aged 60 and over.
- (5) Superannuation benefits may also include a “tax free component”; this component of the benefit is always paid tax free.
- (6) Additional tax concessions may apply when superannuation benefits are paid after a member’s death.

280-35 Benefits phase—roll-overs

A member can “roll over” their superannuation benefits from one complying superannuation plan to another, or between different interests in the same plan. This is usually done to keep the benefits invested in the superannuation system, or to convert a lump sum to a superannuation income stream. No tax is generally payable until the benefits are finally drawn down.

The regulatory scheme outside this Act

280-40 Other relevant legislative schemes

- (1) The *Superannuation Industry (Supervision) Act 1993* and the *Retirement Savings Accounts Act 1997* regulate the prudential and operating standards for superannuation providers. Concessional tax

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

treatment is generally available only if providers comply with these standards.

- (2) Other legislative schemes relevant to superannuation include the following:
- (a) the *Superannuation Guarantee (Administration) Act 1992*, which requires that employers provide a minimum level of superannuation contributions for each of their eligible employees;
 - (b) the *Superannuation (Government Co-contribution for Low Income Earners) Act 2003*, which provides for Government co-contributions to low income earners' superannuation;
 - (c) the *Small Superannuation Accounts Act 1995*, which provides a facility to accept payments of superannuation guarantee shortfalls;
 - (d) the *Superannuation (Unclaimed Money and Lost Members) Act 1999*, which provides for the payment of unclaimed superannuation money, and the maintenance of a register of lost members.

Division 285—General concepts relating to superannuation

285-5 Transfers of property

- (1) Any of the following payments covered by this Part can be or include a transfer of property:
 - (a) a contribution;
 - (b) a *superannuation lump sum.
- (2) The amount of the payment is or includes the *market value of the property.
- (3) The *market value is reduced by the value of any consideration given for the transfer of the property.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Note 2: Section 86-60 (read together with section 86-75) limits the extent to which superannuation contributions by personal service entities are deductions.

- (3) Despite subsection 290-60(2), for you to deduct the contribution the condition in subsection (4) needs to be satisfied instead of the condition in section 290-70.

Note: Section 26-95 restricts deductions for charges imposed by the *Superannuation Guarantee Charge Act 1992*.

- (2) However, this section does not apply to such a contribution that is made during the amnesty period (within the meaning of subsection 74(3) of the *Superannuation Guarantee (Administration) Act 1992*), to the extent that the charge relates to a *superannuation guarantee shortfall for which you qualify for an amnesty under section 74 of that Act.

Note: An example of an indirect return of a contribution is if the fund to which it was made transfers to another fund assets that include the contribution, and the other fund returns the contribution to the person who made it.

- (2) Subsection (1) does not apply if you receive the payment, or the value of the benefit, as a *superannuation benefit.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) the notice includes all or a part of an amount covered by a previous notice;

290-180 Notice may be varied but not revoked or withdrawn

- (1) You cannot revoke or withdraw a valid notice in relation to the contribution (or a part of the contribution).
- (2) You can vary a valid notice, but only so as to reduce the amount stated in relation to the contribution (including to nil). You do so by giving notice to the trustee or the *RSA provider in the *approved form.
- (3) However, you cannot vary a valid notice after:
 - (a) if you have lodged your *income tax return for the income year in which the contribution was made on a day before the end of the next income year—the end of that day; or
 - (b) otherwise—the end of the next income year.
- (3A) The variation is not effective if, when you make it:
 - (a) you were not a member of the fund or the holder of the *RSA; or

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) the trustee or *RSA provider no longer holds the contribution; or

Guide to Division 291

291-1 What this Division is about

There is a cap on the amount of superannuation contributions that may receive concessional tax treatment for an individual in a financial year.

You can carry forward unused concessional contributions cap from the previous 5 financial years and use it to increase your cap in a later financial year (unless your total superannuation balance equals or exceeds \$500,000).

Superannuation contributions that exceed your concessional contributions cap are included in your assessable income for the corresponding income year.

A tax offset compensates for the tax that generally applies to the contributions in the superannuation fund.

Note: Part 2-35 in Schedule 1 to the *Taxation Administration Act 1953* contains rules about releasing the excess concessional contributions from superannuation.

291-5 Object of this Division

291-5 Object of this Division

The object of this Division is to ensure, in relation to *concessional* contributions to superannuation, that the amount of concessionally taxed *superannuation benefits that an individual receives results from contributions that have been made gradually over the course of the individual's life.

Note: Division 292 has the same object, in relation to non-concessional contributions.

Subdivision 291-B—Excess concessional contributions

Guide to Subdivision 291-B

291-10 What this Subdivision is about

This Subdivision includes excess concessional contributions in your assessable income and provides a tax offset.

Operative provisions

291-15 Excess concessional contributions—assessable income, 15% tax offset
291-20 Your *excess concessional contributions* for a financial year

Section 291-15

Operative provisions

291-15 Excess concessional contributions—assessable income, 15% tax offset

If you have *excess concessional contributions for a *financial year:

- (a) an amount equal to the excess concessional contributions is included in your assessable income for your corresponding income year; and
- (b) you are entitled to a *tax offset for that income year equal to 15% of the excess concessional contributions.

Note 1: This offset cannot be refunded, transferred or carried forward: see item 20 of the table in subsection 63-10(1).

Note 3: You can request the release of excess concessional contributions from superannuation: see Division 131 in that Schedule.

291-20 Your *excess concessional contributions* for a financial year

- (1) You have *excess concessional contributions* for a *financial year if the amount of your *concessional contributions for the year exceeds your *concessional contributions cap for the year. The amount of the excess concessional contributions is the amount of the excess.
- (2) Your *concessional contributions cap* is:
 - (a) for the 2017-2018 financial year—\$25,000; or
 - (b) for the 2018-2019 financial year or a later financial year—the amount worked out by indexing annually the amount mentioned in paragraph (a).

Note: Subdivision 960-M shows how to index amounts. However, annual indexation does not necessarily increase the amount of the cap: see section 960-285.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Five year carry forward of unused concessional contributions cap

- (3) However, your **concessional contributions cap** for the *financial year is increased in accordance with subsection (4) if:
- (a) your *concessional contributions for the year would otherwise exceed your concessional contributions cap for the year; and
 - (b) your *total superannuation balance just before the start of the financial year is less than \$500,000; and
 - (c) you have previously unapplied *unused concessional contributions cap for one or more of the previous 5 financial years.
- (4) Apply your unapplied *unused concessional contributions cap for each of the previous 5 *financial years to increase your *concessional contributions cap (but not by more than the excess from paragraph (3)(a)).
- (5) For the purposes of increasing your *concessional contributions cap under subsection (4), apply amounts of *unused concessional contributions cap for previous *financial years in order from the earliest year to the most recent year.

Your unused concessional contributions cap

- (6) You have **unused concessional contributions cap** for a *financial year if the amount of your *concessional contributions for the year falls short of your *concessional contributions cap for the year. The amount of the unused concessional contributions cap is the amount of the shortfall.
- (7) However, you do not have **unused concessional contributions cap** for a *financial year earlier than the 2018-2019 financial year.

291-25 Your concessional contributions for a financial year

- (1) The amount of your **concessional contributions** for a *financial year is the sum of:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 291-25

- (a) each contribution covered under subsection (2); and
- (b) each amount covered under subsection (3).

Note: For rules about defined benefit interests, see Subdivision 291-C.

- (2) A contribution is covered under this subsection if:
 - (a) it is made in the *financial year to a *complying superannuation plan in respect of you; and
 - (b) it is included in the assessable income of the *superannuation provider in relation to the plan, or, by way of a *roll-over superannuation benefit, in the assessable income of a *complying superannuation fund or *RSA provider in the circumstances mentioned in subsection 290-170(5) (about successor funds); and
 - (c) it is *not* an amount mentioned in subsection 295-200(2); and
 - (d) it is *not* an amount mentioned in item 2 of the table in subsection 295-190(1); and
 - (e) it is *not* an amount mentioned in subsection 99G(6) of the *Superannuation Industry (Supervision) Act 1993* that is refunded in accordance with that subsection.
- (3) An amount in a *complying superannuation plan is covered under this subsection if it is allocated by the *superannuation provider in relation to the plan for you for the year in accordance with conditions specified in the regulations.
- (4) For the purposes of paragraph (2)(b), disregard:
 - (a) table item 5.3 in section 50-25 (about income tax exemption for constitutionally protected funds); and
 - (b) Subdivision 295-D (about excluded contributions).

291-155 What this Subdivision is about

This Subdivision modifies the meaning of *concessional contributions* relating to defined benefits interests.

Table of sections

Operative provisions

- 291-160 Application
- 291-165 Concessional contributions—special rules for defined benefit interests
- 291-170 *Notional taxed contributions*
- 291-175 *Defined benefit interest*

Operative provisions

291-160 Application

This Subdivision applies if, in a *financial year, you have:

- (a) a *superannuation interest that is or includes a *defined benefit interest; or
- (b) more than one superannuation interest that is or includes a defined benefit interest.

291-165 Concessional contributions—special rules for defined benefit interests

- (1) Despite section 291-25, the amount of your *concessional contributions* for the *financial year is the sum of:
 - (a) the contributions covered by subsection 291-25(2), and the amounts covered by subsection 291-25(3), to the extent to which they do *not* relate to the *defined benefit interest or interests; and

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 291-170

- (b) your *notional taxed contributions for the financial year in respect of the defined benefit interest or interests; and
- (c) the amount (if any) by which your *defined benefit contributions for the financial year in respect of the defined benefit interest or interests exceed those notional taxed contributions.

Note: Section 291-370 prevents some contributions from causing your concessional contributions for a financial year to exceed the concessional contributions cap.

- (2) In working out your *defined benefit contributions for the *financial year for the purposes of paragraph (1)(c):
 - (a) if Subdivision 293-E applies to you for the income year corresponding to the financial year—disregard subsection 293-150(3); and
 - (b) if Subdivision 293-F applies to you—disregard subsection 293-195(2).

Note: Section 291-370 prevents some contributions from causing your concessional contributions for a financial year to exceed the concessional contributions cap.

291-170 *Notional taxed contributions*

- (1) Your ***notional taxed contributions*** for a *financial year in respect of a *defined benefit interest has the meaning given by the regulations.

Note: For transitional provisions about notional taxed contributions that were previously in former subsections 292-170(6) to (9), see Subdivision 291-C of the *Income Tax (Transitional Provisions) Act 1997*.

- (2) Regulations made for the purposes of subsection (1) may provide for a method of determining the amount of the ***notional taxed contributions***.
- (3) Regulations made for the purposes of subsection (1) may define the *notional taxed contributions, and the amount of notional taxed

contributions, in different ways depending on any of the following matters:

- (a) the individual who has the *superannuation interest that is or includes the *defined benefit interest;
 - (b) the *superannuation plan in which the superannuation interest exists;
 - (c) the *superannuation provider in relation to the superannuation plan;
 - (d) any other matter.
- (4) Regulations made for the purposes of subsection (1) may specify circumstances in which the amount of *notional taxed contributions for a *financial year is nil.
- (5) Subsections (2), (3) and (4) do not limit the regulations that may be made for the purposes of this section.

291-175 *Defined benefit interest*

- (1) An individual's *superannuation interest is a ***defined benefit interest*** to the extent that it defines the individual's entitlement to *superannuation benefits payable from the interest by reference to one or more of the following matters:
 - (a) the individual's salary, or allowance in the nature of salary, at a particular date or averaged over a period;
 - (b) another individual's salary, or allowance in the nature of salary, at a particular date or averaged over a period;
 - (c) a specified amount;
 - (d) specified conversion factors.
- (2) However, an individual's *superannuation interest is *not* a ***defined benefit interest*** if it defines that entitlement solely by reference to one or more of the following:
 - (a) *disability superannuation benefits;
 - (b) *superannuation death benefits;
 - (c) payments of amounts mentioned in paragraph 307-10(a) (temporary disability payments).

Subdivision 291-CA—Contributions that do not result in excess contributions

Guide to Subdivision 291-CA

291-365 What this Subdivision is about

Some contributions and other amounts are treated as always being within your concessional contributions cap, and therefore cannot be excess concessional contributions.

Table of sections

Operative provisions

291-370 Contributions that do not result in excess contributions

Operative provisions

291-370 Contributions that do not result in excess contributions

- (1) In working out your *concessional contributions for a *financial year, treat the sum of the following as an amount equal to your *concessional contributions cap under subsection 291-20(2) for the financial year:
- (a) contributions made in respect of you for the financial year to a *constitutionally protected fund that would (disregarding this section) be concessional contributions;
 - (b) if any of your *notional taxed contributions for the financial year:
 - (i) are worked out under section 291-170 of the *Income Tax (Transitional Provisions) Act 1997*; or
 - (ii) are not worked out under that section, but only because those notional taxed contributions did not meet the requirements of paragraph 291-170(2)(b) or (4)(b) of that Act;

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

the amount of those notional taxed contributions;

- (c) if your *defined benefit contributions for the financial year (worked out excluding contributions and amounts covered by paragraph (a)) exceed your notional taxed contributions for the financial year (also worked out excluding contributions and amounts covered by paragraph (a))—the amount of that excess;

if that sum would otherwise exceed your concessional contributions cap under subsection 291-20(2) for the financial year.

Note: This subsection does *not* take into account any increase in your concessional contributions cap under subsection 291-20(4).

- (2) For the purposes of paragraph (1)(a), treat any amounts covered by subsection 291-25(3) or paragraph 291-165(1)(b) or (c) for the *financial year that relate to a *superannuation interest of yours in the fund as if they were contributions made in respect of you for the financial year to the fund.
- (3) This section has effect despite sections 291-25 and 291-165 of this Act and section 291-170 of the *Income Tax (Transitional Provisions) Act 1997*.

Subdivision 291-D—Other provisions

The Commissioner has a discretion to disregard concessional contributions or allocate them to a different financial year.

Table of sections

Operative provisions

291-465 Commissioner's discretion to disregard contributions etc. in relation to a financial year

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Operative provisions

291-465 Commissioner's discretion to disregard contributions etc. in relation to a financial year

- (1) The Commissioner may make a written determination that, for the purposes of working out the amount of your *excess concessional contributions for a *financial year, all or part of your *concessional contributions for a financial year is to be:
- (a) disregarded; or
 - (b) allocated instead for the purposes of another financial year specified in the determination.

Conditions for making of determination

- (2) The Commissioner may make the determination only if:
- (a) you apply for the determination in accordance with this section; and
 - (b) the Commissioner considers that:
 - (i) there are special circumstances; and
 - (ii) making the determination is consistent with the object of this Division and Division 292.
- (2A) Paragraph (2)(a) does not apply if:
- (a) the determination relates to a contribution that is an amount the Commissioner pays for your benefit under Part 8 of the *Superannuation Guarantee (Administration) Act 1992*; and
 - (b) the amount represents an amount of a charge payment (within the meaning of section 63A of that Act) paid as a result of a disclosure to which paragraph 74(1)(a) of that Act applies; and
 - (c) the entity making the disclosure qualified, under section 74 of that Act, for an amnesty in relation to the *superannuation guarantee shortfall to which the charge payment relates.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Matters to which regard may be had

- (3) In making the determination the Commissioner may have regard to the following:
- (a) whether a contribution made in the relevant *financial year would more appropriately be allocated towards another financial year instead;
 - (b) whether it was reasonably foreseeable, when a relevant contribution was made, that you would have *excess concessional contributions or *excess non-concessional contributions for the relevant financial year, and in particular:
 - (i) if the relevant contribution is made in respect of you by another individual—the terms of any agreement or arrangement between you and that individual as to the amount and timing of the contribution; and
 - (ii) the extent to which you had control over the making of the contribution;
 - (c) any other relevant matters.

Requirements for application

- (4) The application:
- (a) must be in the *approved form; and
 - (b) can only be made after all of the contributions sought to be disregarded or reallocated have been made; and
 - (c) if you receive an *excess concessional contributions determination for the *financial year—must be given to the Commissioner within:
 - (i) 60 days after receiving the determination; or
 - (ii) a further period allowed by the Commissioner.

Notification

- (5) The Commissioner must give you:
- (a) a copy of the determination; or
 - (b) if the Commissioner decides not to make a determination—notice of that decision.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 291-465

Review

- (7) If you are dissatisfied with:
- (a) a determination made under this section in relation to you; or
 - (b) a decision the Commissioner makes not to make such a determination;
- you may object against the determination, or the decision, as the case requires, in the manner set out in Part IVC of the *Taxation Administration Act 1953*.
- (8) To avoid doubt:
- (a) subject to subsection 14ZVB(3) of the *Taxation Administration Act 1953*, you may also object, on the ground that you are dissatisfied with such a determination or decision, relating to all or part of your *concessional contributions for a *financial year:
 - (i) under section 175A of the *Income Tax Assessment Act 1936* against an assessment made in relation to you for the corresponding income year; or
 - (ii) under section 97-10 in Schedule 1 to the *Taxation Administration Act 1953* against an *excess concessional contributions determination made in relation to you for the financial year; and
 - (b) for the purposes of paragraph (e) of Schedule 1 to the *Administrative Decisions (Judicial Review) Act 1977*, the making of a determination under this section is a decision forming part of the process of making an assessment of tax, and making a calculation of charge, under this Act.

Guide to Division 292

292-1 What this Division is about

This Division limits the superannuation contributions made in a financial year that receive concessional tax treatment.

You become liable for tax if:

- (a) your non-concessional contributions exceed an indexed cap; and
- (b) a corresponding amount is not released from your superannuation interests.

An amount may be included in your assessable income, and you may become entitled to a tax offset, if your non-concessional contributions exceed that indexed cap.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 292-5

Subdivision 292-A—Object of this Division

Table of sections

292-5 Object of this Division

292-5 Object of this Division

The object of this Division is to ensure, in relation to *non-concessional* contributions to superannuation, that the amount of concessionally taxed *superannuation benefits that an individual receives results from contributions that have been made gradually over the course of the individual's life.

Note: Division 291 has the same object, in relation to concessional contributions.

Subdivision 292-B—Assessable income and tax offset

292-15 What this Subdivision is about

An amount is included in your assessable income, and you are entitled to a tax offset, if:

- (a) your non-concessional contributions exceed an indexed cap; and
- (b) you are not liable to pay excess non-concessional contributions tax for the financial year on the full amount of the excess.

This amount included in your assessable income relates to:

- (a) your associated earnings on those excess contributions; and
- (b) any amounts that have been released from your superannuation interests.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Table of sections

292-20	Amount in assessable income, and tax offset, relating to your non-concessional contributions
292-25	Amount included in assessable income
292-30	Amount of the tax offset

292-20 Amount in assessable income, and tax offset, relating to your non-concessional contributions

Your assessable income for an income year includes an amount, and you are entitled to a *tax offset for the income year, if:

- (a) you receive one or more *excess non-concessional contributions determinations for a *financial year that corresponds to the income year; and
- (b) you are not liable to pay *excess non-concessional contributions tax for the financial year on the full amount of the excess stated in the most recent of those determinations.

292-25 Amount included in assessable income

- (1) The amount included in your assessable income for the income year is equal to the amount of associated earnings stated in the most recent of those determinations.
- (2) However, if:
 - (a) the sum of any amounts paid in response to release authorities issued in relation to those determinations (the **total amount**) is less than the amount of the excess stated in the most recent of those determinations; and
 - (b) section 292-467 does not apply to you for the *financial year; the amount included in your assessable income for the income year is equal to the amount of associated earnings that would have been stated in that most recent determination if the total amount had been the amount of the excess stated in that determination.

Note 1: The release authorities are issued under Division 131, or former Division 96, in Schedule 1 to the *Taxation Administration Act 1953*.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Chapter 3 Specialist liability rules

Part 3-30 Superannuation

Division 292 Excess non-concessional contributions

Section 292-30

Note 2: Any amounts paid in response to the release authorities are non-assessable non-exempt income (see section 303-15 or former sections 303-15 and 303-17).

292-30 Amount of the tax offset

The *tax offset is equal to 15% of the amount included in your assessable income for the income year under section 292-25.

Note 1: This tax offset compensates for any tax liability of the superannuation provider on earnings from investments made with the contributions making up the excess amount stated in the most recent determination.

Note 2: This offset cannot be refunded, transferred or carried forward (see item 20 of the table in subsection 63-10(1)).

Note: The amount of the tax is set out in that Act.

292-85 Your *excess non-concessional contributions* for a financial year

Your excess non-concessional contributions

- (1) You have *excess non-concessional contributions* for a *financial year if:
- (a) you receive one or more *excess non-concessional contributions determinations for the financial year; and
 - (b) the excess amount stated in the most recent of those determinations exceeds the sum of any amounts paid in response to release authorities issued in relation to those determinations; and
 - (c) section 292-467 of this Act does not apply to you for the financial year.

Note: The release authorities are issued under Division 131, or former Division 96, in Schedule 1 to the *Taxation Administration Act 1953*.

Note: Any excess non-concessional contributions determination you receive after the first one for a financial year is an amended determination.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 292-85

Your non-concessional contributions cap—general rule

- (2) Your **non-concessional contributions cap** for a *financial year is:
- (a) unless paragraph (b) applies—the amount (the **general non-concessional contributions cap** for the year) that is 4 times your *concessional contributions cap under subsection 291-20(2) for the year; or
 - (b) if, immediately before the start of the year, your *total superannuation balance equals or exceeds the *general transfer balance cap for the year—nil.

Note: This subsection does *not* take into account any increase in your concessional contributions cap under subsection 291-20(4).

When you can bring forward your non-concessional contributions cap

- (3) Despite subsection (2), work out your **non-concessional contributions cap** for a *financial year (the **first year**) under subsection (5), and your **non-concessional contributions caps** for the following 2 financial years (the **second year** and **third year**) under subsections (6) and (7), if:
- (a) your *non-concessional contributions for the first year exceed the general non-concessional contributions cap for that year; and
 - (b) paragraph (2)(b) does not apply to you in relation to the first year; and
 - (c) you are under 75 years at any time in the first year; and
 - (d) a previous operation of subsection (6) or (7) does not determine your non-concessional contributions cap for the first year; and
 - (e) the difference (the **first year cap space**) between the *general transfer balance cap for the first year and your *total superannuation balance immediately before the start of the first year exceeds the general non-concessional contributions cap for the first year.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (4) However, do not work out your *non-concessional contributions cap for the third year under subsection (7) if the first year cap space does not exceed an amount equal to twice the general non-concessional contributions cap for the first year.

Note: If this subsection applies, your non-concessional contributions cap for the third year will be worked out under subsection (2) (unless the third year becomes a new first year under a further application of subsection (3)).

First year of bring forward

- (5) Your **non-concessional contributions cap** for the first year is an amount equal to:
- (a) if the first year cap space does not exceed an amount equal to twice the general non-concessional contributions cap for the first year—twice the general non-concessional contributions cap for the first year; or
 - (b) otherwise—3 times the general non-concessional contributions cap for the first year.

Second year of bring forward

- (6) Your **non-concessional contributions cap** for the second year is:
- (a) if:
 - (i) your *total superannuation balance immediately before the start of the second year is less than the *general transfer balance cap for the second year; and
 - (ii) your *non-concessional contributions for the first year fall short of your cap for the first year (worked out under subsection (5));that shortfall; or
 - (b) otherwise—nil.

Third year of bring forward

- (7) Your **non-concessional contributions cap** for the third year is:
- (a) if:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 292-90

- (i) your ^{*}total superannuation balance immediately before the start of the third year is less than the ^{*}general transfer balance cap for the third year; and
- (ii) your ^{*}non-concessional contributions for the second year fall short of your cap for the second year (worked out under subsection (6));
that shortfall; or
- (b) if:
 - (i) your total superannuation balance immediately before the start of the third year is less than the general transfer balance cap for the third year; and
 - (ii) your cap for the second year is nil; and
 - (iii) your non-concessional contributions for the first year fall short of your cap for the first year (worked out under subsection (5));
that shortfall; or
- (c) otherwise—nil.

292-90 Your *non-concessional contributions* for a financial year

- (1) The amount of your *non-concessional contributions* for a ^{*}financial year is the sum of:
 - (a) each contribution covered under subsection (2); and
 - (aa) each amount covered under subsection (4); and
 - (b) the amount of your ^{*}excess concessional contributions (if any) for the financial year.

Modification for released excess concessional contributions

- (1A) However, if:
 - (a) you make a valid request under section 131-5 in Schedule 1 to the *Taxation Administration Act 1953* in relation to ^{*}excess concessional contributions you have for the ^{*}financial year; and

^{*}To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) a *superannuation provider pays an amount in relation to the release authority issued under section 131-15 in that Schedule in relation to that request;
the amount paid is first increased, by dividing it by 85%, and the increased amount is applied to reduce the amount of excess concessional contributions mentioned in paragraph (1)(b) of this section.

Non-concessional contributions and amounts

- (2) A contribution is covered under this subsection if:
- (a) it is made in the *financial year to a *complying superannuation plan in respect of you; and
 - (b) it is *not* included in the assessable income of the *superannuation provider in relation to the *superannuation plan, or, by way of a *roll-over superannuation benefit, in the assessable income of any *complying superannuation fund or *RSA provider in the circumstances mentioned in subsection 290-170(5) (about successor funds); and
 - (c) it is *not* any of the following:
 - (i) a Government co-contribution made under the *Superannuation (Government Co-contribution for Low Income Earners) Act 2003*;
 - (ii) a contribution covered under section 292-95 (payments that relate to structured settlements or orders for personal injuries);
 - (iii) a contribution covered under section 292-100 (certain CGT-related payments), to the extent that it does not exceed your *CGT cap amount when it is made;

- (1) If you make an application in accordance with subsection (2), the Commissioner may make a written determination that, for the purposes of this Division and Subdivision 97-B in Schedule 1 to the *Taxation Administration Act 1953*, all or part of your *non-concessional contributions for a *financial year is to be:
 - (a) disregarded; or
 - (b) allocated instead for the purposes of another financial year specified in the determination.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (2) You may apply to the Commissioner in the *approved form for a determination under subsection (1). The application can only be made:
- (a) after all of the contributions sought to be disregarded or reallocated have been made; and
 - (b) if you receive one or more *excess non-concessional contributions determinations for the *financial year—before the end of:
 - (i) the period of 60 days starting on the day you receive the most recent of those determinations; or
 - (ii) a longer period allowed by the Commissioner.
- (3) The Commissioner may make a determination under subsection (1) only if he or she considers that:
- (a) there are special circumstances; and
 - (b) making the determination is consistent with the object of this Division.
- (4) In making a determination under subsection (1) the Commissioner may have regard to the matters in subsections (5) and (6) and any other relevant matters.
- (5) The Commissioner may have regard to whether a contribution made in the relevant *financial year would more appropriately be allocated towards another financial year instead.
- (6) The Commissioner may have regard to whether it was reasonably foreseeable, when a relevant contribution was made, that you would have *excess concessional contributions or *excess non-concessional contributions for the relevant *financial year, and in particular:
- (a) if the relevant contribution is made in respect of you by another person—the terms of any agreement or arrangement between you and that person as to the amount and timing of the contribution; and
 - (b) the extent to which you had control over the making of the contribution.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 292-467

- (7) The Commissioner must give you a copy of a determination made under subsection (1).

Review

- (9) If you are dissatisfied with:
- (a) a determination made under this section in relation to you; or
 - (b) a decision the Commissioner makes not to make such a determination;
- you may object against the determination, or the decision, as the case requires, in the manner set out in Part IVC of the *Taxation Administration Act 1953*.
- (10) To avoid doubt:
- (a) subject to subsection 14ZVC(3) of the *Taxation Administration Act 1953*, you may also object, on the ground that you are dissatisfied with such a determination or decision, relating to all or part of your *non-concessional contributions for a *financial year:
 - (i) under section 175A of the *Income Tax Assessment Act 1936* against an assessment made in relation to you for the corresponding income year; or
 - (ii) under section 97-35 in Schedule 1 to the *Taxation Administration Act 1953* against an *excess non-concessional contributions determination made in relation to you for the financial year; and
 - (b) for the purposes of paragraph (e) of Schedule 1 to the *Administrative Decisions (Judicial Review) Act 1977*, the making of a determination under this section is a decision forming part of the process of making an assessment of tax, and making a calculation of charge, under this Act.

292-467 Direction that the value of superannuation interests is nil

- (1) The Commissioner must, by writing, direct that this section applies to you for a *financial year if:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (a) you receive one or more *excess non-concessional contributions determinations for the financial year; and
- (c) the sum of any amounts paid in response to release authorities issued in relation to those determinations is less than the excess amount stated in the most recent of those determinations; and
- (d) the Commissioner is satisfied that the *value of all of your remaining *superannuation interests is nil.

Note 1: The direction means you have no excess non-concessional contributions for the financial year (see paragraph 292-85(1)(c)), even though not all of the excess amount has been released in response to release authorities issued under Division 131, or former Division 96, in Schedule 1 to the *Taxation Administration Act 1953*.

Note 2: The direction does not prevent an amount from being included in your assessable income (see Subdivision 292-B).

Note 3: Any excess non-concessional contributions determination you receive after the first one for a financial year is an amended determination.

(2) The Commissioner must give you a copy of the direction.

(4) To avoid doubt:

- (a) you may object under section 292-245 against an *excess non-concessional contributions tax assessment made in relation to you on the ground that a direction was not made under this section; and
- (b) for the purposes of paragraph (e) of Schedule 1 to the *Administrative Decisions (Judicial Review) Act 1977*, not making a direction under this section is a decision forming part of the process of making an assessment of tax under this Act.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Note: The result of step 2 could be nil, or a negative amount.

Step 3. Add your *defined benefit contributions for the *financial year in respect of the *defined benefit interest or interests.

The result (but not less than nil) is the amount of your **low tax contributions** for the financial year.

- (1) You have a **transfer balance account** if you are, or have at any time been, the *retirement phase recipient of a *superannuation income stream.
- (2) You start to have the *transfer balance account on the later of:
 - (a) 1 July 2017; and
 - (b) the day you first start to be a *retirement phase recipient of a *superannuation income stream.

294-20 Meaning of retirement phase recipient

- (1) You are the **retirement phase recipient** of a *superannuation income stream at a time if:
 - (a) the superannuation income stream is in the *retirement phase at that time; and
 - (b) a *superannuation income stream benefit from the superannuation income stream is payable to you at that time.
- (2) You are also the **retirement phase recipient** of a *superannuation income stream at a time if:
 - (a) the superannuation income stream is in the *retirement phase at that time; and
 - (b) the superannuation income stream is a *deferred superannuation income stream; and
 - (c) a *superannuation income stream benefit from the superannuation income stream will be payable to you after that time.

Section 294-25

294-25 Transfer balance credits

- (1) The following table sets out when a credit arises in your *transfer balance account and the amount of the credit. The credit is called a *transfer balance credit*.

Credits in the transfer balance account			
Item	If:	A credit of:	Arises:
1	just before 1 July 2017, you are the *retirement phase recipient of a *superannuation income stream	the *value, just before 1 July 2017, of the *superannuation interest that supports the superannuation income stream	on the later of: (a) 1 July 2017; and (b) if you are a reversionary beneficiary—the last day of the period of 12 months beginning on the day a *superannuation income stream benefit first becomes payable from the income stream
2	on a day (the <i>starting day</i>) on or after 1 July 2017, you start to be the *retirement phase recipient of a *superannuation income stream	the *value on the starting day of the *superannuation interest that supports the superannuation income stream	(a) on the starting day, unless paragraph (b) applies; or (b) if you are a reversionary beneficiary—at the end of the period of 12 months beginning on the starting day
3	you have *excess transfer balance at the end of a day	your *excess transfer balance earnings for that day	at the start of the next day

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Credits in the transfer balance account

Item	If:	A credit of:	Arises:
4	a *transfer balance credit arises under section 294-55 because of a repayment of a limited recourse borrowing arrangement	the amount of the credit specified in section 294-55	at the time provided by section 294-55
5	a *transfer balance credit arises under regulations made for the purposes of this item	the amount of the credit worked out in accordance with the regulations	at the time specified in the regulations

Note 1: The amount of the transfer balance credit is modified for certain capped defined benefit income streams: see Subdivision 294-D.

Note 2: For the meaning of *excess transfer balance earnings*, see section 294-235.

Note 3: If a payment split applies to payments from the superannuation income stream, a debit arises under section 294-90.

No crediting of earnings if determination issued

- (2) Despite item 3 of the table in subsection (1), no credit arises in your *transfer balance account under that item because of *excess transfer balance at the end of a day if the day is in the period:
- (a) starting on the day the Commissioner makes an *excess transfer balance determination in respect of you; and
 - (b) ending on:
 - (i) unless subparagraph (ii) applies—the first day on which the sum of all *transfer balance debits arising in your *transfer balance account since the determination was issued equals or exceeds the *crystallised reduction amount; or
 - (ii) if a *transfer balance credit arises in your transfer balance account before the day mentioned in subparagraph (i)—the day on which that credit arises.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 294-30

Note: For provisions about excess transfer balance determinations, see Division 136 in Schedule 1 to the *Taxation Administration Act 1953*.

Regulations may provide for exceptions

- (3) The regulations may provide that an item of the table in subsection (1) does not apply to a class of *superannuation income streams specified in the regulations.

294-30 Excess transfer balance

- (1) You have ***excess transfer balance*** at a particular time if, at that time, the *transfer balance in your *transfer balance account exceeds your *transfer balance cap at that time. The amount of the ***excess transfer balance*** is the amount of the excess.

Note: There is a modification for certain capped defined benefit income streams: see Subdivision 294-D.

- (2) The ***transfer balance*** in your *transfer balance account at a time equals:
- (a) the sum of the *transfer balance credits in the account at that time; less
 - (b) the sum of the *transfer balance debits (if any) in the account at that time.

Note 1: For ***transfer balance debits***, see Subdivision 294-C.

Note 2: There is no consequence for having a negative transfer balance.

294-35 Your transfer balance cap

- (1) Your ***transfer balance cap*** for the *financial year in which you first start to have a *transfer balance account is equal to the *general transfer balance cap for that financial year.

Note: The amount of the transfer balance cap is modified for child recipients: see Subdivision 294-E.

- (2) Your ***transfer balance cap*** for a later *financial year is equal to your transfer balance cap for the previous year, subject to section 294-40 (which is about proportional indexation).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (3) The **general transfer balance cap** is:
- (a) for the 2017-2018 *financial year—\$1,600,000; or
 - (b) for the 2018-2019 financial year or a later financial year—the amount worked out by indexing annually the amount mentioned in paragraph (a).

Note: Subdivision 960-M shows how to index amounts. However, annual indexation does not necessarily increase the amount of the cap: see section 960-285.

294-40 Proportionally indexed transfer balance cap

- (1) This section applies to increase your **transfer balance cap** for a *financial year (other than the financial year in which you first start to have a *transfer balance account) if:
- (a) the *general transfer balance cap is increased as a result of indexation for the financial year; and
 - (b) at no time before the start of that financial year has the *transfer balance in your transfer balance account at the end of a day exceeded your transfer balance cap.
- (2) Your **transfer balance cap** is increased for the *financial year by the amount worked out using the following formula:

Unused cap percentage × Indexation increase

where:

indexation increase means the amount by which the *general transfer balance cap for the *financial year increased as a result of indexation.

unused cap percentage is worked out by:

- (a) identifying the highest *transfer balance in your *transfer balance account at the end of any day up to the end of the previous *financial year; and
- (b) identifying the day on which the transfer balance account had that transfer balance at the end of the day, or, if your transfer balance account had that transfer balance at the end of more than one day, the earliest of those days; and

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 294-45

- (c) expressing the transfer balance identified in paragraph (a) as a percentage (rounded down to the nearest whole number) of your *transfer balance cap on the day identified in paragraph (b); and
 - (d) subtracting the result of paragraph (c) from 100%.
- (3) However, if the highest *transfer balance mentioned in paragraph (a) of the definition of **unused cap percentage** in subsection (2) is less than nil, that unused cap percentage is taken to be 100%.

294-45 Transfer balance account ends

The *transfer balance account ceases when the *retirement phase recipient dies.

294-50 Assumptions about income streams

- (1) Subsections (2) and (3) apply for the purposes of working out the following matters at a time:
- (a) whether you have a *transfer balance account;
 - (b) the *transfer balance in your transfer balance account.
- (2) In working out whether there is a **superannuation income stream** at a time:
- (a) have regard only to facts and circumstances that exist at that time; and
 - (b) assume a requirement will be met, to the extent (if any) that:
 - (i) the requirement arises under a provision of the *taxation law or under any rules or standards under which a benefit is, or is purported to be, provided; and
 - (ii) meeting the requirement is a condition for there to be a superannuation income stream at that time; and
 - (iii) it is not possible to determine, having regard only to facts and circumstances that exist at that time, whether or not the requirement has been met.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (3) In working out whether a *superannuation income stream is in the *retirement phase* at a time, disregard the operation of subsection 307-80(4), if the time is before the end of the 60-day period mentioned in paragraph (c) of that subsection.

294-55 Repayment of limited recourse borrowing arrangement

- (1) A *transfer balance credit arises in your *transfer balance account if:
- (a) a *superannuation provider makes a payment in respect of a *borrowing under an *arrangement that is covered by the exception in subsection 67A(1) of the *Superannuation Industry (Supervision) Act 1993* (which is about limited recourse borrowing arrangements); and
 - (b) as a result, there is an increase in the *value of a *superannuation interest that supports a *superannuation income stream of which you are the *retirement phase recipient; and
 - (c) the superannuation interest is in a *small superannuation fund at the time of the payment.
- (2) The amount of the credit is the amount of the increase in *value.
- (3) The credit arises at the time of the payment.

Subdivision 294-C—Transfer balance debits

Guide to Subdivision 294-C

294-75 What this Subdivision is about

A debit arises in your transfer balance account when superannuation income streams that were previously credited (because they receive the earnings tax exemption) are reduced (other than by draw-downs or investment losses) or lose the earnings tax exemption.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 294-80

A debit also arises in your transfer balance account when you make a contribution relating to a structured settlement or personal injury, or where certain events occur that result in you having reduced superannuation.

 - (ii) paragraphs 292-95(1)(b) and (d) were disregarded.

Regulations may provide for exceptions

- (3) The regulations may provide that an item of the table in subsection (1) does not apply to a class of *superannuation income streams specified in the regulations.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

294-85 Certain events that result in reduced superannuation

- (1) A *transfer balance debit arises in your *transfer balance account if:
- (a) subsection (2) or (5) provides that the debit arises; and
 - (b) you notify the Commissioner in the *approved form that the debit has arisen.

Fraud or dishonesty

- (2) A debit arises if:

- (6) The amount of the debit is the amount paid to the trustee in bankruptcy.
- (7) The debit arises at the time of the payment.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 294-90

294-90 Payment splits

- (1) A *transfer balance debit arises in your *transfer balance account if:
- (a) subsection (2) provides that the debit arises; and
 - (b) the Commissioner is notified in the *approved form that the debit has arisen.

Payment splits

- (2) A debit arises if:
- (a) a *superannuation interest is subject to a *payment split but remains an interest of the *member spouse; and
 - (b) the superannuation interest supports a *superannuation income stream that is in the *retirement phase; and
 - (c) as a result of the payment split, a proportion of all *superannuation income stream benefits from the income stream is to be paid to a *non-member spouse; and
 - (d) as a result, the member spouse and the non-member spouse are both *retirement phase recipients of the superannuation income stream.
- (3) The amount of the debit is:
- (a) if you are the *member spouse—the proportion mentioned in paragraph (2)(c); and
 - (b) if you are the *non-member spouse—the remaining proportion;
- of the *value, on the day the debit arises, of the *superannuation interest that supports the *superannuation income stream affected by the *payment split.
- (4) The debit arises at the later of:
- (a) the operative time (within the meaning of Part VIIIB or VIIC (as the case may be) of the *Family Law Act 1975*) for the *payment split; and
 - (b) at the start of the day you first start to have a *transfer balance account.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

294-95 Payment splits—no double debiting

If a *transfer balance debit, worked out by reference to a particular proportion, arises in your *transfer balance account because a *superannuation interest is subject to a *payment split, each of the following debits arising in your account at a later time in respect of the same interest is to be reduced by the same proportion:

- (a) a debit that arises under item 1 of the table in subsection 294-80(1) (about commutations), but only if the commuted income stream is a *capped defined benefit income stream;
- (b) a debit that arises under item 3 of that table (about events that result in reduced superannuation);
- (c) a debit that arises under item 5 or 6 of that table (about income streams that stop being in the retirement phase).

Subdivision 294-D—Modifications for certain defined benefit income streams

Guide to Subdivision 294-D

294-120 What this Subdivision is about

Certain defined benefit lifetime pensions that are subject to commutation restrictions cannot result in excess transfer balance (instead, Subdivision 303-A applies to the superannuation income stream benefits).

Certain commutation-restricted income streams started before 1 July 2017 are covered by the same modification.

- (2) A *superannuation income stream is also a ***capped defined benefit income stream*** if the income stream is prescribed by the regulations for the purposes of this subsection.

294-135 Transfer balance credit—special rule for capped defined benefit income streams

- (1) Section 294-25 applies in relation to a *capped defined benefit income stream as if a reference in that section to the *value of a *superannuation interest were a reference to the *special value of the superannuation interest.

Meaning of special value—lifetime products

- (2) The ***special value***, at a particular time, of a *superannuation interest that supports an income stream that is, or was at any time, a *capped defined benefit income stream covered by item 1 or 2 of the table in subsection 294-130(1), is the amount worked out using the formula:

$$\text{Annual entitlement} \times 16$$

where:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 294-135

annual entitlement is worked out by:

- (a) dividing the amount of the first *superannuation income stream benefit you are entitled to receive from the income stream just after that time by the number of whole days to which that benefit relates; and
- (b) multiplying the result by 365.

Meaning of special value—life expectancy and market linked products

- (3) The **special value**, at a particular time, of a *superannuation interest that supports an income stream that is, or was at any time, a *capped defined benefit income stream covered by any of items 3 to 7 of the table in subsection 294-130(1), is the amount worked out using the formula:

Annual entitlement × Remaining term

where:

annual entitlement has the same meaning as in subsection (2) of this section.

remaining term means the number of years remaining at that time in the period throughout which *superannuation income stream benefits are payable under the income stream, rounded up to the next whole number.

Regulations

- (4) The regulations may specify a method for determining the **special value** of a *superannuation interest that supports a *superannuation income stream prescribed by regulations made for the purposes of subsection 294-130(2).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

294-140 Excess transfer balance—special rule for capped defined benefit income streams

- (1) Despite section 294-30, you have *excess transfer balance* at a particular time if, at that time, the *transfer balance in your *transfer balance account:
- (a) exceeds your *transfer balance cap at that time; and
 - (b) exceeds your capped defined benefit balance from subsection (3) of this section at that time.

- (2) The amount of the *excess transfer balance* is the lesser of the 2 excesses.

Note: For modifications of the tax treatment of benefits paid from capped defined benefit income streams, see Subdivision 303-A.

Your capped defined benefit balance

- (3) You have an amount under this subsection (a *capped defined benefit balance*) at a time equal to:
- (a) the sum of the *transfer balance credits in your *transfer balance account at that time in respect of *capped defined benefit income streams; less
 - (b) the sum of the *transfer balance debits (if any) in your transfer balance account at that time in respect of capped defined benefit income streams.

294-145 Transfer balance debits—special rules for capped defined benefit income streams

Debit for commutation

- (1) Item 1 of the table in subsection 294-80(1) applies in relation to a *capped defined benefit income stream as if the reference in column 2 of that item to the amount of the *superannuation lump sum were a reference to:
- (a) in a case where the commutation mentioned in column 1 of that item is a commutation in full—the *debit value, just

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 294-145

before the commutation takes place, of the *superannuation interest that supports the capped defined benefit income stream; or

- (b) in a case where that commutation is a commutation in part:
- (i) if the capped defined benefit income stream is, or was at any time, covered by item 1 or 2 of the table in subsection 294-130(1)—the debit value mentioned in paragraph (a), multiplied by the fraction mentioned in subsection (1A); or
 - (ii) if the capped defined benefit income stream is, or was at any time, covered by any of items 3 to 7 of the table in subsection 294-130(1)—the amount mentioned in subsection (1B).

(1A) For the purposes of subparagraph (1)(b)(i), the fraction is:

$$1 - \frac{\text{SV just after commutation}}{\text{SV just before commutation}}$$

where:

SV just after commutation means the *special value, just after the commutation takes place, of the *superannuation interest that supports the *capped defined benefit income stream.

SV just before commutation means the *special value, just before the commutation takes place, of the *superannuation interest that supports the *capped defined benefit income stream.

- (1B) For the purposes of subparagraph (1)(b)(ii), the amount is the lesser of the following:
- (a) the *debit value mentioned in paragraph (1)(a);
 - (b) the amount (disregarding this section) of the *superannuation lump sum you received because of the commutation (as mentioned in item 1 of the table in subsection 294-80(1)).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Debit for events that result in reduced superannuation

- (2) Item 3 of the table in subsection 294-80(1) (about events that result in reduced superannuation) applies in relation to a *capped defined benefit income stream as if the amount of the debit provided for in section 294-85 was the *debit value, just before the loss or payment reduces the *value of the *superannuation interest that supports the capped defined benefit income stream, multiplied by the amount worked out using the following formula:

$$1 - \frac{SV \text{ just after event}}{SV \text{ just before event}}$$

where:

SV just after event means the *special value, worked out just after the loss or payment reduces the *value of the *superannuation interest that supports the *capped defined benefit income stream.

SV just before event means the *special value, worked out just before the loss or payment reduces the *value of the *superannuation interest that supports the *capped defined benefit income stream.

Debit for payment split

- (3) Item 4 of the table in subsection 294-80(1) (about a debit for a payment split) applies in relation to a *capped defined benefit income stream as if the reference in section 294-90 to the *value of the *superannuation interest were a reference to the *debit value of the superannuation interest.

Debits for loss of earnings exemption

- (4) Items 5 and 6 of the table in subsection 294-80(1) apply in relation to an income stream that is, or was, a *capped defined benefit income stream as if the reference in the item to the *value of a *superannuation interest were a reference to the *debit value of the superannuation interest.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 294-145

Meaning of debit value

- (5) The **debit value**, at a particular time, of a *superannuation interest that supports an income stream that is, or was at any time, a *capped defined benefit income stream covered by item 1 or 2 of the table in subsection 294-130(1), is:
- (a) the amount of the *transfer balance credit that arose in your *transfer balance account in respect of the income stream; less
 - (b) the amount of any *transfer balance debits (apart from debits arising under item 4 of the table in subsection 294-80(1)) that have arisen in your transfer balance account in respect of the income stream before that time.
- (6) The **debit value**, at a particular time, of a *superannuation interest that supports an income stream that is, or was at any time, a *capped defined benefit income stream covered by any of items 3 to 7 of the table in subsection 294-130(1) is:
- (a) the amount of the *transfer balance credit that arose in your *transfer balance account in respect of the income stream; less
 - (b) the sum of the following:
 - (i) the amount of any *transfer balance debits (apart from debits arising under item 4 of the table in subsection 294-80(1)) that have arisen in your transfer balance account in respect of the income stream before that time;
 - (ii) if item 1 of the table in subsection 294-80(1) applies in relation to the income stream because the income stream is commuted—the amount worked out under subsection (6A).
- (6A) The amount is the sum of the following:
- (a) the total amount of *superannuation income stream benefits that you were entitled to receive from the income stream before the start of the financial year in which the commutation takes place;

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) if regulation 1.07B of the *Superannuation Industry (Supervision) Regulations 1994* applies to the income stream—the greater of the following:
 - (i) the minimum amount under subregulation 1.07B(4) of those regulations for the income stream for that financial year;
 - (ii) the total amount of superannuation income stream benefits that you received from the income stream in that financial year (other than superannuation income stream benefits that you were entitled to receive from the income stream before the start of that financial year);
- (c) if regulation 1.07C of the *Superannuation Industry (Supervision) Regulations 1994* applies to the income stream—the greater of the following:
 - (i) the minimum amount under subregulation 1.07C(3) of those regulations for the income stream for that financial year;
 - (ii) the total amount of superannuation income stream benefits that you received from the income stream in that financial year (other than superannuation income stream benefits that you were entitled to receive from the income stream before the start of that financial year);
- (d) if regulation 1.08 of the *Retirement Savings Accounts Regulations 1997* applies to the income stream—the greater of the following:
 - (i) the minimum amount under regulation 1.08 of those regulations for the income stream for that financial year;
 - (ii) the total amount of superannuation income stream benefits that you received from the income stream in that financial year (other than superannuation income stream benefits that you were entitled to receive from the income stream before the start of that financial year).

Section 294-170

Regulations

- (7) The regulations may specify a method for determining the *debit value* of a *superannuation interest that supports a *superannuation income stream prescribed by regulations made for the purposes of subsection 294-130(2).

Subdivision 294-E—Modifications for death benefits dependants who are children

Guide to Subdivision 294-E

294-170 What this Subdivision is about

If you are a death benefits dependant, and a child, you are not required to use your retirement transfer balance cap to receive a death benefits income stream.

However, there is a cap on the total amount of your death benefits income streams that receives the earnings tax exemption.

This cap is based on the deceased's superannuation interests in the retirement phase, or, if the deceased did not have any superannuation interests in the retirement phase, on the transfer balance cap.

Table of sections

Operative provisions

294-175	When this Subdivision applies
294-180	Transfer balance account ends
294-185	Transfer balance cap—special rule for child recipient
294-190	Cap increment—child recipient just before 1 July 2017
294-195	Cap increment—child recipient on or after 1 July 2017, deceased had no transfer balance account
294-200	Cap increment—child recipient on or after 1 July 2017, deceased had transfer balance account

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Operative provisions

294-175 When this Subdivision applies

- (1) This Subdivision applies to you if you are a *child recipient of a *superannuation income stream.
- (2) You are a **child recipient** of a *superannuation income stream if:
 - (a) because of the death of a person, you are a *retirement phase recipient of the superannuation income stream; and
 - (b) you are a *child, and a *death benefits dependant, of the deceased; and
 - (c) you are covered by paragraph 6.21(2A)(b) of the *Superannuation Industry (Supervision) Regulations 1994* or paragraph 4.24(3A)(b) of the *Retirement Savings Accounts Regulations 1997* (which are about children who are under age 18, or under age 25 and financially dependent or who have a disability).

294-180 Transfer balance account ends

- (1) Despite sections 294-15 and 294-45, your *transfer balance account ceases at a time if:
 - (a) just before that time, you were a *child recipient of one or more *superannuation income streams; and
 - (b) just after that time, you are no longer a child recipient of any superannuation income stream; and
 - (c) no *transfer balance credits arose in the transfer balance account in respect of a superannuation income stream of which you were a *retirement phase recipient, but not a child recipient.
- (2) If you again start to have a *transfer balance account at a later time, this Division applies in relation to that later transfer balance account as if it were the only transfer balance account you have had.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 294-185

294-185 Transfer balance cap—special rule for child recipient

- (1) Despite section 294-35, your *transfer balance cap* on a day is the sum of the cap increments that have arisen under this Subdivision on and before that day.

Note: Your transfer balance cap is not worked out on a financial year basis and it is not indexed.

- (2) However, if there are one or more *superannuation income streams of which you are, on that day, a *retirement phase recipient but not a *child recipient, your *transfer balance cap* on that day is the sum of:

- (a) the sum of the cap increments that have arisen under this Subdivision on and before that day; and
- (b) your transfer balance cap for the *financial year in which the day falls, worked out disregarding:
- (i) any cap increments that arise under this Subdivision; and
- (ii) any *transfer balance credits or *transfer balance debits that have arisen in your *transfer balance account in respect of superannuation income streams of which you are a child recipient.

Note: Paragraph (b) is the transfer balance cap you would have if you were not a child recipient of any income stream. Disregarding credits, debits and cap increments allows this cap to be indexed appropriately under section 294-40 (which is about proportional indexation).

294-190 Cap increment—child recipient just before 1 July 2017

- (1) A cap increment arises if, just before 1 July 2017, you are the *child recipient of a *superannuation income stream.
- (2) The amount of the cap increment is the *general transfer balance cap.
- (3) The cap increment arises on 1 July 2017.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

**294-195 Cap increment—child recipient on or after 1 July 2017,
deceased had no transfer balance account**

- (1) A cap increment arises if:
 - (a) on a day (the *starting day*) on or after 1 July 2017, you start to be the *child recipient of a *superannuation income stream; and
 - (b) the deceased did not have a *transfer balance account just before death.
- (2) The amount of the cap increment is:
 - (a) the *general transfer balance cap, unless paragraph (b) applies; or
 - (b) if you are *not* the only person to receive a *superannuation death benefit because of the death of the person—the proportion of the general transfer balance cap that corresponds to your share of the deceased's *superannuation interests.
- (3) The cap increment arises on the starting day.

**294-200 Cap increment—child recipient on or after 1 July 2017,
deceased had transfer balance account**

- (1) A cap increment arises if:
 - (a) on a day (the *starting day*) on or after 1 July 2017, you start to be the *child recipient of a *superannuation income stream; and
 - (b) the deceased had a *transfer balance account just before death.

Income stream fully funded by deceased's retirement phase interests

- (2) If the *superannuation interest that supports the *superannuation income stream is wholly attributable to one or more superannuation interests of the deceased that were in the *retirement phase, the amount of the cap increment equals the

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 294-200

amount of the *transfer balance credit that arises in your *transfer balance account in respect of the *superannuation income stream.

Income stream fully funded by deceased's accumulation phase interests

- (3) If the *superannuation interest that supports the *superannuation income stream is wholly attributable to one or more superannuation interests of the deceased that were *not* in the *retirement phase, the amount of the cap increment is nil.

Note: A superannuation income stream covered by this subsection will generally result in excess transfer balance. The exceptions are: where you have additional cap increments under section 294-190 or 294-195, or where you have a higher cap under subsection 294-185(2) because you also receive a non-death benefit income stream.

Income stream partly funded by deceased's accumulation interests

- (4) If the *superannuation interest that supports the *superannuation income stream is:

(a) in part (the ***retirement phase part***) attributable to a superannuation interest of the deceased that was in the *retirement phase; and

(b) in part attributable to a superannuation interest of the deceased that was *not* in the retirement phase;

the amount of the cap increment is so much of the *transfer balance credit that arises in your *transfer balance account in respect of the superannuation income stream as represents the retirement phase part.

Note: A superannuation income stream covered by this subsection will generally result in excess transfer balance. The exceptions are: where you have additional cap increments under section 294-190 or 294-195, or where you have a higher cap under subsection 294-185(2) because you also receive a non-death benefit income stream.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Reduced increment for excess transfer balance

- (5) Despite subsections (2) and (4), the cap increment is reduced if there was *excess transfer balance in the deceased's *transfer balance account just before death. The amount of the reduction is:
- (a) the proportion of the excess transfer balance that corresponds to your share of the deceased's *superannuation interests that were in the *retirement phase; less
 - (b) the amount of any *superannuation lump sum paid to you, because of the death of the person from a superannuation interest of the deceased that was in the retirement phase.

When cap increment arises

- (6) The cap increment arises:
- (a) on the starting day, unless paragraph (b) applies; or
 - (b) if you are a reversionary beneficiary—at the end of the period of 12 months beginning on the starting day.

Treatment of investment earnings after death

- (7) For the purposes of working out under this section the extent to which a *superannuation interest is attributable to another superannuation interest, if:
- (a) a superannuation interest of the deceased was in the *retirement phase; and
 - (b) on or after the death of the deceased, an amount of investment earnings is added to the superannuation interest;
- the superannuation interest is taken to include that amount of investment earnings, except to the extent that the amount of investment earnings includes an amount paid under a policy of insurance on the life of the deceased or an amount arising from self-insurance.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Subdivision 294-F—Excess transfer balance tax

Guide to Subdivision 294-F

294-225 What this Subdivision is about

This Subdivision neutralises the earnings tax exemption on retirement phase income streams that result in excess transfer balance.

Table of sections

Operative provisions

294-230	Excess transfer balance tax
294-235	Your excess transfer balance earnings
294-240	When tax is payable—original assessments
294-245	When tax is payable—amended assessments
294-250	General interest charge

Operative provisions

294-230 Excess transfer balance tax

- (1) If there is an *excess transfer balance period for your *transfer balance account, you are liable to pay *excess transfer balance tax imposed by the *Superannuation (Excess Transfer Balance Tax) Imposition Act 2016* for the period.

Note: The amount of the tax is set out in the *Superannuation (Excess Transfer Balance Tax) Imposition Act 2016*.

- (2) An **excess transfer balance period** for a *transfer balance account is a continuous period of one or more days during which, at the end of each day, there is *excess transfer balance in the account.
- (3) Your *excess transfer balance tax is worked out by reference to the sum of:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (a) your *excess transfer balance earnings for each day in the *excess transfer balance period; and
- (b) for each day in the excess transfer balance period that is also a day in the period mentioned in subsection 294-25(2) (the **determination period**)—the amount worked out by multiplying the rate mentioned in subsection 294-235(2) for the day by the sum of your excess transfer balance earnings for each previous day in the determination period.

294-235 Your excess transfer balance earnings

- (1) Your **excess transfer balance earnings** for a day is worked out by multiplying the rate mentioned in subsection (2) for that day by the amount of your *excess transfer balance at the end of that day.
- (2) The rate is the lower of:
 - (a) the rate worked out under subsection 8AAD(1) of the *Taxation Administration Act 1953* for the day; and
 - (b) a rate determined under subsection (3) for the day.
- (3) The Minister may, by legislative instrument, determine a rate for a day.

294-240 When tax is payable—original assessments

Your *assessed excess transfer balance tax is due and payable at the end of 21 days after the Commissioner gives you notice of the assessment of the amount of the *excess transfer balance tax.

Note: For assessments of excess transfer balance tax, see Division 155 in Schedule 1 to the *Taxation Administration Act 1953*.

294-245 When tax is payable—amended assessments

If the Commissioner amends your assessment, any extra *assessed excess transfer balance tax resulting from the amendment is due and payable 21 days after the day the Commissioner gives you notice of the amended assessment.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 294-250

294-250 General interest charge

If an amount of *assessed excess transfer balance tax that you are liable to pay remains unpaid after the time by which it is due to be paid, you are liable to pay the *general interest charge on the unpaid amount for each day in the period that:

- (a) begins on the day on which the amount was due to be paid;
and
- (b) ends on the last day on which, at the end of the day, any of the following remains unpaid:
 - (i) the assessed excess transfer balance tax;
 - (ii) general interest charge on any of the assessed excess transfer balance tax.

Note: The general interest charge is worked out under Part IIA of the *Taxation Administration Act 1953*.

295-5 Entities to which Division applies

- (1) This Division applies to these entities:
 - (a) a *complying superannuation fund;
 - (b) a *non-complying superannuation fund;
 - (c) a *complying approved deposit fund;
 - (d) a *non-complying approved deposit fund;
 - (e) a *pooled superannuation trust;whether they are established by an *Australian law, by a public authority constituted by or under such a law or in some other way.
- (2) The *superannuation provider in relation to an entity referred to in paragraph (1)(a) to (d) is liable to pay tax on the taxable income of the entity.

Note: A superannuation provider in relation to an entity referred to in paragraphs (1)(a) and (b) or in relation to an RSA is liable to pay tax on the no-TFN contributions income of the entity: see section 295-605.
- (3) The trustee of a *pooled superannuation trust is liable to pay tax on the taxable income of the trust.
- (4) This Division also applies to an *RSA provider that is not a *life insurance company.

Note 1: Division 320 deals with RSA providers that are life insurance companies.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Note 2: However, Subdivisions 295-I and 295-J apply to RSA providers that are life insurance companies: see section 320-155.

295-10 How to work out the tax payable by superannuation entities

- (1) Use this method for *superannuation funds, *approved deposit funds and *pooled superannuation trusts:

Method statement

- Step 1. For a *superannuation fund, work out the *no-TFN contributions income. Apply the applicable rates as set out in the *Income Tax Rates Act 1986* to that income.
- Step 2. Work out the entity's assessable income and deductions taking account of the special rules in this Division. The special rules modify some provisions of this Act. They also include amounts in assessable income, allow deductions and exempt amounts from income tax.
- Step 3. Work out the entity's taxable income as if its trustee:
- (a) were an Australian resident (except where paragraph (b) applies); or
 - (b) for a *non-complying superannuation fund that is a *foreign superannuation fund for the income year—were not an Australian resident.
- Step 4. For a *complying superannuation entity, work out the *low tax component and *non-arm's length component of the entity's taxable income.
- Step 5. Apply the applicable rates as set out in the *Income Tax Rates Act 1986* to:
- (a) if step 4 applies to the entity—the components worked out under that step; or

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 295-15

(b) otherwise—the entity’s taxable income.

Step 6. Subtract the entity’s *tax offsets from the step 5 amount or, for a *superannuation fund, from the sum of the fund’s step 1 and step 5 amounts.

(2) Use this method for *RSA providers:

Method statement

Step 1. Work out the entity’s *no-TFN contributions income. Apply the applicable rates as set out in the *Income Tax Rates Act 1986* to that income.

Step 2. Work out the entity’s assessable income and deductions taking account of the special rules in this Division.

Step 3. Work out the *RSA component and *standard component of the entity’s taxable income.

Step 5. Apply the applicable rates as set out in the *Income Tax Rates Act 1986* to the components. The *RSA component is taxed at a concessional rate.

Step 6. Subtract the entity’s *tax offsets from the sum of the entity’s step 1 and step 5 amounts.

295-15 Division does not impose a tax on property of a State

This Division does not impose a tax on property of any kind belonging to a State (within the meaning of section 114 of the Constitution).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

295-20 Exempting laws ineffective

A *Commonwealth law (other than this Act) does not have the effect of exempting the trustee of an entity to which this Division applies from the liability to pay tax unless it does so expressly.

295-25 Assessments on basis of anticipated SIS Act notice

- (1) The Commissioner may make an assessment for a fund or trust that is not a *complying superannuation entity for the income year as if it were such an entity if the Commissioner considers it likely that a notice will be given under section 40 of the *Superannuation Industry (Supervision) Act 1993* having the effect that it will become such an entity.
- (2) However, the grounds for making an assessment under subsection (1) are taken never to have existed if:
 - (a) the Commissioner becomes satisfied that the notice will not be given; or
 - (b) *APRA does not receive the documents referred to in subsection 36(1) of the *Superannuation Industry (Supervision) Act 1993* about the fund or trust before the end of 12 months after the assessment is made.

295-30 Effect of revocation etc. of SIS Act notices

This Division has effect as if a notice given under section 342 of the *Superannuation Industry (Supervision) Act 1993* (about pre-1 July 88 funding credits) or under regulations made for the purposes of that section had never been given if:

- (a) the notice is revoked; or
- (b) the decision to give the notice is set aside.

295-85 CGT to be primary code for calculating gains or losses

- (1) The modifications in subsection (2) apply if a *CGT event happens involving a *CGT asset that was owned by a *complying superannuation entity just before the time of the event.
- (2) These provisions do not apply to the *CGT event:
 - (a) sections 6-5 (about *ordinary income), 8-1 (about amounts you can deduct), and 15-15 and 25-40 (about profit-making undertakings or plans);

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (a) any *capital gain or *capital loss from the event is attributable to currency exchange rate fluctuations; or
- (b) the *CGT asset is one of these:

 - (ii) a deposit with a bank, building society or other financial institution;
 - (iii) a loan (secured or not);
 - (iv) some other contract under which an entity is liable to pay an amount (whether the liability is secured or not).

295-90 CGT rules for pre-30 June 1988 assets

- (1) This section applies to the trustee of a *complying superannuation entity.
- (2) Parts 3-1 and 3-3 (about capital gains and losses) apply to a *CGT asset that:
 - (a) the trustee or a former trustee owned at the end of 30 June 1988; and
 - (b) the trustee owned at the commencement of this section; as if the trustee had *acquired the asset on 30 June 1988.
- (3) Subsection (2) does not affect how to work out the asset's *cost base or *reduced cost base.

Note: See Subdivision 295-B of the *Income Tax (Transitional Provisions) Act 1997* for rules about cost base.
- (4) Subsection 104-30(5) applies to an option granted by the trustee as if the reference in that subsection to 20 September 1985 were a reference to 1 July 1988.

295-95 Deductions related to contributions

- (1) Provisions of this Act about deducting amounts apply to these entities as if all contributions made to them were included in their assessable income:
 - (a) *complying superannuation funds;
 - (b) *non-complying superannuation funds that are *Australian superannuation funds;
 - (c) *complying approved deposit funds;

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (d) *non-complying approved deposit funds;
- (e) *RSA providers.

Note 1: This means that the entities can deduct amounts incurred in obtaining the contributions.

Note 2: Examples of contributions that are not assessable are:

- contributions which the contributor cannot deduct;
- contributions excluded from assessable income under Subdivision 295-D.

- (2) A *superannuation fund is an ***Australian superannuation fund*** at a time, and for the income year in which that time occurs, if:
 - (a) the fund was established in Australia, or any asset of the fund is situated in Australia at that time; and
 - (b) at that time, the central management and control of the fund is ordinarily in Australia; and
 - (c) at that time either the fund had no member covered by subsection (3) (an ***active member***) or at least 50% of:
 - (i) the total *market value of the fund's assets attributable to *superannuation interests held by active members; or
 - (ii) the sum of the amounts that would be payable to or in respect of active members if they voluntarily ceased to be members;is attributable to superannuation interests held by active members who are Australian residents.
- (3) A member is covered by this subsection at a time if the member is:
 - (a) a contributor to the fund at that time; or
 - (b) an individual on whose behalf contributions have been made, other than an individual:
 - (i) who is a foreign resident; and
 - (ii) who is not a contributor at that time; and
 - (iii) for whom contributions made to the fund on the individual's behalf after the individual became a foreign resident are only payments in respect of a time when the individual was an Australian resident.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 295-100

- (4) To avoid doubt, the central management and control of a *superannuation fund is ordinarily in Australia at a time even if that central management and control is temporarily outside Australia for a period of not more than 2 years.

295-100 Deductions for investing in PSTs and life policies

- (1) Provisions of this Act about deducting amounts apply to *complying superannuation funds and *complying approved deposit funds as if *ordinary income and *statutory income received from these investments were included in their assessable income:
- (a) units in a *pooled superannuation trust;
 - (b) *life insurance policies issued by a *life insurance company;
 - (c) an interest in a trust whose assets consist only of life insurance policies issued by a life insurance company.

Note: Income from these investments is not assessable: see for example sections 295-105 and 118-350.

- (2) A *complying superannuation fund cannot deduct an amount (otherwise than under section 295-465) for fees or charges incurred for:
- (a) *complying superannuation life insurance policies; or
 - (b) *exempt life insurance policies; or
 - (c) units in a *pooled superannuation trust that are *segregated current pension assets of the fund.

295-105 Distributions to PST unitholders

The assessable income of a *complying superannuation entity does not include amounts *derived by the entity because it holds units in a *pooled superannuation trust.

Note: The entity will not be subject to any tax liability when it disposes of the units: see subsection 295-85(2) and section 118-350.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) those made on the contributor's own behalf for which the contributor is entitled to a deduction; and
- (c) those transferred from a foreign superannuation fund to an Australian superannuation fund.

There are some additions and exceptions.

295-165 Exception—spouse contributions

- (1) Item 1 of the table in section 295-160 does not include in assessable income a contribution made by an individual to a *complying superannuation fund or an *RSA:
 - (a) to provide *superannuation benefits for the individual's *spouse (regardless whether the benefits are payable to the individual's spouse's *SIS dependants if the individual's spouse dies before or after becoming entitled to receive the benefits); and
 - (b) that the individual cannot deduct under Subdivision 290-B.
- (2) Paragraph (1)(a) does not apply to *superannuation benefits for a *spouse living permanently separately and apart from the individual.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

295-180 Exception—choice to exclude certain contributions

- (1) Item 1 of the table in section 295-160 does not include an amount in the assessable income of a *public sector superannuation scheme for an income year to the extent that the trustee chooses that it not be included.
- (2) The entity that made the contributions must consent to the choice.

Note: Making this choice effectively shifts the liability for tax on the contributions to the recipient of the benefit. The benefit is treated as an element untaxed in the fund: see Subdivision 301-C.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 295-185

- (3) However, the choice cannot be made for an income year for an amount that exceeds the sum of amounts covered by notices given by the trustee under section 307-285 for *superannuation benefits paid in the income year.

- (4) A payment referred to in item 2 or 3 is included in the income year in which it is received by the *superannuation provider.

Section 295-197

the table in subsection 295-190(1) for the income year in which the contribution was made to the extent that it has been reduced by a notice under section 290-180 if:

- (a) the notice is received by the *superannuation provider after it has lodged its *income tax return for the income year; and
 - (b) the provider exercises the option mentioned in subsection (3).
- (3) An amount referred to in subsection (2) may, at the option of the provider, be excluded from the assessable income of the fund or *RSA provider for the income year referred to in subsection (2) if excluding it would result in a greater reduction in tax for that year than the reduction that would occur for the income year in which the notice is received if a deduction were allowed under item 2 of the table in subsection 295-490(1).

Note: The exclusion is an alternative to the fund deducting the amount under item 2 of the table in subsection 295-490(1).

295-197 Exclusion of personal contributions—successor funds

Scope

- (1) This section applies to the *superannuation provider (the **successor provider**) of a *complying superannuation fund or *RSA if, apart from this section, a *roll-over superannuation benefit would be included in the assessable income of the fund or *RSA provider under item 2A of the table in subsection 295-190(1).

Variation notice received before return lodged

- (2) The benefit is not so included, to the extent that the relevant contribution has been reduced by a notice under section 290-180, if the notice is received by the successor provider before the successor provider has lodged its *income tax return for the income year in which the benefit was transferred.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Variation notice received after return lodged

- (3) The benefit is not so included in the assessable income for the income year in which the benefit was transferred, to the extent that the relevant contribution has been reduced by a notice under section 290-180, if:
- (a) the notice is received by the successor provider after the successor provider has lodged its *income tax return for the income year; and
 - (b) the successor provider exercises the option mentioned in subsection (4).
- (4) An amount referred to in subsection (3) may, at the option of the successor provider, be excluded from the assessable income of the fund or *RSA provider for the income year referred to in subsection (3) if excluding it would result in a greater reduction in tax for that year than the reduction that would occur for the income year in which the notice is received if a deduction were allowed under item 2B of the table in subsection 295-490(1).

Note: The exclusion is an alternative to the fund deducting the amount under item 2B of the table in subsection 295-490(1).

Transfers from foreign funds

295-200 Transfers from foreign superannuation funds

- (1) The assessable income of a fund that is an *Australian superannuation fund for the income year includes an amount transferred to the fund from a fund that was a *foreign superannuation fund for the income year in relation to a member of the foreign fund to the extent that the amount transferred exceeds amounts vested in the member at the time of the transfer.
- (2) The assessable income of a fund that is a *complying superannuation fund for the income year includes so much of an amount transferred to the fund from a fund that was a *foreign superannuation fund for the income year as is specified in a choice

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 295-205

made by a former member of the foreign fund under section 305-80.

- (3) The amount is included in the income year in which the transfer happens.
- (4) This section also applies to an amount transferred from a scheme for the payment of benefits in the nature of superannuation upon retirement or death that:
 - (a) is not, and never has been, an *Australian superannuation fund or a *foreign superannuation fund; and
 - (b) was not established in Australia; and
 - (c) is not centrally managed or controlled in Australia.

Application of tables to RSA providers

295-205 Application of tables to RSA providers

The tables in this Subdivision apply to *RSA providers only to the extent that amounts are paid to *RSAs they provide.

Former constitutionally protected funds

295-210 Former constitutionally protected funds

- (1) This section applies to a *complying superannuation fund for an income year if the fund ceased to be a *constitutionally protected fund during the year or at the end of the previous year.
- (2) The assessable income of the fund for the income year includes the sum of the *roll-over superannuation benefits to the extent that they consist of the *element untaxed in the fund of the *taxable component that would be included in that assessable income if all contributions and earnings accumulated in the fund when the fund ceased to be a *constitutionally protected fund:
 - (a) had been paid out of the fund immediately before it ceased to be a constitutionally protected fund; and

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) were paid to the fund as roll-over superannuation benefits immediately after that time.

Subdivision 295-D—Contributions excluded

Table of sections

295-260	Transfer of liability to investment vehicle
295-265	Application of pre-1 July 88 funding credits
295-270	Anticipated funding credits

295-260 Transfer of liability to investment vehicle

- (1) The *superannuation provider in relation to a *complying superannuation fund or a *complying approved deposit fund (the **transferor**) may reduce the amount that would otherwise be included in the fund's assessable income for an income year under Subdivision 295-C by agreement with another entity (the **transferee**) in which it holds investments.

What the transferee must be

- (2) The transferee must be a *life insurance company or a *pooled superannuation trust.

Note: Amounts transferred are included in the transferee's assessable income: see section 295-320 (for PSTs) and paragraph 320-15(1)(i) (for life insurance companies).

Agreement requirements

- (3) The transferor may make one agreement only for an income year with a particular transferee.
- (4) An agreement:
- (a) must be in writing, and must be signed by or for the transferor and transferee; and
 - (b) must be made by the day the transferor lodges its *income tax return for its income year to which the agreement relates; and
 - (c) cannot be revoked.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 295-265

Limits on transfer

- (5) The total amount covered by the agreements cannot exceed the amount that would otherwise be included in the transferor's assessable income under Subdivision 295-C for that income year.
- (6) The amount covered by an agreement with a particular transferee cannot exceed this amount:

$$\frac{\text{Greatest equity value}}{\text{Transferor's low tax component tax rate}}$$

where:

greatest equity value is the greatest of these amounts during the transferor's income year:

- (a) if the transferee is a *pooled superannuation trust—the *market value of the transferor's investment in units in the trust;
- (b) if not—the market value of the transferor's investment in:
- (i) *life insurance policies issued by the transferee; or
 - (ii) a trust whose assets consist only of life insurance policies issued by the transferee.

transferor's low tax component tax rate is the rate of tax imposed on the *low tax component of the fund's taxable income for the income year.

295-265 Application of pre-1 July 88 funding credits

Choice to reduce contributions included in assessable income

- (1) The *superannuation provider in relation to a *complying superannuation fund can choose to reduce the amount of contributions that would otherwise be included in the fund's assessable income for an income year under item 1 of the table in section 295-160 if it has pre-1 July 88 funding credits available for the income year.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

When funding credits are available

- (2) Use this method to work out whether a fund has pre-1 July 88 funding credits available for an income year:

Method statement

Step 1. Identify the amount of pre-1 July 88 funding credits unused at the end of the previous income year.

Step 2. Index that amount.

Note: Subdivision 960-M shows you how to index amounts.

Step 3. Add any pre-1 July 88 funding credits transferred to the fund in the income year under regulations made for the purposes of subsection 342(7) of the *Superannuation Industry (Supervision) Act 1993*.

Step 4. Deduct from the step 3 amount:

- (a) pre-1 July 88 funding credits transferred from the fund in the income year under regulations made for the purposes of subsection 342(7) of that Act; and
- (b) amounts specified in a notice given to the *superannuation provider in relation to the fund under subsection 342(6) of that Act for the income year.

Step 5. The result is the pre-1 July 88 funding credits available to the fund for the income year.

That amount, reduced by any amount specified in a choice made under subsection (1) for the income year, is the amount of pre-1 July 88 funding credits unused at the end of the income year.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 295-265

Note 1: Regulations under subsection 342(7) of the SIS Act allow APRA to approve transfers of pre-1 July 88 funding credits between funds.

Note 2: Subsection 342(6) of that Act covers the situation where the fund's rules are changed to produce a reduction in pre-1 July 88 funding credits and the trustee notifies APRA of the change.

- (3) If a notice is given to the *superannuation provider in relation to the fund under subsection 342(2) of the *Superannuation Industry (Supervision) Act 1993* granting the trustee a pre-1 July 88 funding credit, this section applies as if the pre-1 July 88 funding credit had arisen at the beginning of the income year in which 1 July 1988 occurred.
- (4) However, if a notice is given to the *superannuation provider in relation to the fund under subsection 342(4) of the *Superannuation Industry (Supervision) Act 1993* for the income year, the fund has no pre-1 July 88 funding credits.

Note: Subsection 342(4) of that Act covers the situation where the fund's rules are changed to produce a reduction in pre-1 July 88 funding credits and the provider fails to notify APRA of the change.

Limit on choice

- (5) The total amount covered by the choice cannot exceed the pre-1 July 88 funding credits available to the fund for the income year.
- (6) The total amount covered by the choice also cannot exceed the amount of contributions that would otherwise be included in the fund's assessable income for the income year under item 1 of the table in section 295-160 that are used to fund liabilities that accrued before 1 July 1988.
- (7) The regulations may prescribe either or both of the following:
- (a) the manner in which the *superannuation provider in relation to a *superannuation fund is to work out the amount applicable to the fund under subsection (6) for an income year;

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) methods (other than the method specified in subsection (6)) of working out how the provider of a superannuation fund can apply pre-1 July 88 funding credits.
- (8) Methods prescribed under paragraph (7)(b) may be applicable to particular *superannuation funds or to a class or classes of superannuation funds.

295-270 Anticipated funding credits

- (1) Subsection (2) has effect if the *superannuation provider in relation to a *complying superannuation fund expects a notice to be given under subsection 342(2) of the *Superannuation Industry (Supervision) Act 1993* or under regulations made for the purposes of subsection 342(7) of that Act to the effect that pre-1 July 88 funding credits of a particular amount will be available to the fund for the income year.
- (2) Section 295-265 applies to the fund as if pre-1 July 88 funding credits of the anticipated amount were available to the fund for the income year (in addition to any other pre-1 July 88 funding credits available to the fund for the year).
- (3) However, section 295-265 applies to the fund for the income year as if pre-1 July 88 funding credits of the anticipated amount were not available to the fund for the income year if:
 - (a) it becomes clear that the expected notice will not be given or that the specified amount of pre-1 July 88 funding credits will not be available; or
 - (b) *APRA does not receive the things referred to in subsection 342(3) of the *Superannuation Industry (Supervision) Act 1993* (for a notice expected under subsection 342(2) of that Act) or the things required to be given under regulations made for the purposes of subsection 342(7) of that Act (for a notice under those regulations) before the earlier of:
 - (i) the end of 12 months after the fund's assessment is made for the income year; and

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 295-320

- (ii) the time the things are required to be given by the regulations.

Subdivision 295-F—Exempt income

Table of sections

295-385	Income from assets set aside to meet current pension liabilities
295-387	Disregarded small fund assets
295-390	Income from other assets used to meet current pension liabilities
295-395	Meaning of <i>segregated non-current assets</i>
295-400	Income of a PST attributable to current pension liabilities
295-405	Other exempt income
295-407	Covered superannuation income streams—RSAs
295-410	Amount credited to RSA

295-385 Income from assets set aside to meet current pension liabilities

- (1) The *ordinary income and *statutory income of a *complying superannuation fund for an income year is exempt from income tax to the extent that:
- (a) it would otherwise be assessable income; and
 - (b) it is from *segregated current pension assets.

Exception

- (2) Subsection (1) does not apply to:
- (a) *non-arm's length income; or
 - (b) amounts included in assessable income under Subdivision 295-C.

Meaning of segregated current pension assets

- (3) Assets of a *complying superannuation fund are *segregated current pension assets* at a time if:
- (a) the assets are invested, held in reserve or otherwise dealt with at that time solely to enable the fund to discharge all or part of its liabilities (contingent or not) in respect of *RP superannuation income stream benefits of the fund at that time; and

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 295-385

- (b) the trustee of the fund obtains an *actuary's certificate before the date for lodgment of the fund's *income tax return for the income year to the effect that the assets and the earnings that the actuary expects will be made from them would provide the amount required to discharge in full those liabilities, or that part of those liabilities, as they fall due.
- (4) Assets of a *complying superannuation fund are also ***segregated current pension assets*** of the fund at a time if the assets are invested, held in reserve or otherwise being dealt with at that time for the sole purpose of enabling the fund to discharge all or part of its liabilities (contingent or not), as they become due, in respect of *superannuation income stream benefits:
- (a) that are *RP superannuation income stream benefits of the fund at that time; and
- (b) prescribed by the regulations for the purposes of this section.
- (5) Subsection (4) does not apply unless, at all times during the income year, the liabilities of the fund (contingent or not) to pay *RP superannuation income stream benefits of the fund were liabilities in respect of superannuation income stream benefits that are prescribed by the regulations for the purposes of this section.
- (6) However, assets of a *complying superannuation fund that are supporting a *superannuation income stream benefit that is prescribed by the regulations for the purposes of this section are not ***segregated current pension assets*** to the extent that the *market value of the assets exceeds the account balance supporting the benefit.
- (7) Also, *disregarded small fund assets are not segregated current pension assets.

Meaning of segregated current pension assets—trustee choice

- (8) Despite subsections (3) to (6), none of the assets of a *complying superannuation fund are ***segregated current pension assets*** of the fund at any time in an income year if the trustee of the fund

chooses under subsection (9) to treat all of the assets as not being segregated current pension assets for the year.

- (9) The trustee of a *complying superannuation fund may choose to treat all of the assets of the fund as not being *segregated current pension assets of the fund for an income year if, at one or more times in the year, all *superannuation interests in the fund are in the *retirement phase.
- (10) Subsections (8) and (9) do not apply if:
- (a) at all times in the year, all *superannuation interests in the fund are in the *retirement phase; or
 - (b) the assets of the fund are *disregarded small fund assets at all times in the year.

295-387 Disregarded small fund assets

- (1) The assets of a *complying superannuation fund are ***disregarded small fund assets*** at all times in an income year if the fund is covered by subsection (2) for the income year.
- (2) A *complying superannuation fund is covered by this subsection for an income year if:
- (a) the fund is a *small superannuation fund at a time during the income year; and
 - (b) at a time during the income year, there is at least one *superannuation interest in the fund that is in the *retirement phase; and
 - (c) just before the start of the income year:
 - (i) a person has a *total superannuation balance that exceeds \$1.6 million; and
 - (ii) the person is the *retirement phase recipient of a *superannuation income stream (whether or not the fund is the *superannuation income stream provider for the superannuation income stream); and
 - (d) at a time during the income year, the person has a superannuation interest in the fund (whether or not the

Section 295-390

superannuation interest is the superannuation interest mentioned in paragraph (b)).

- (3) However, the fund is not covered by subsection (2) for an income year if, at all times during the income year, all of the assets of the superannuation fund would, apart from subsection 295-385(7), be *segregated current pension assets.

295-390 Income from other assets used to meet current pension liabilities

- (1) A proportion of the *ordinary income and *statutory income of a *complying superannuation fund that would otherwise be assessable income is exempt from income tax under this section. The proportion is worked out under subsection (3).

Exception

- (2) Subsection (1) does not apply to:
- (a) *non-arm's length income; or
 - (b) amounts included in assessable income under Subdivision 295-C; or
 - (c) income *derived from *segregated non-current assets; or
 - (d) income that is exempt from income tax under section 295-385.

Formula

- (3) The proportion is:

$$\frac{\text{Average value of current pension liabilities}}{\text{Average value of superannuation liabilities}}$$

where:

average value of current pension liabilities is the average value for the income year of the fund's current liabilities (contingent or not) in respect of *RP superannuation income stream benefits of

the fund at any time in that year. This does not include liabilities for which *segregated current pension assets are held.

average value of superannuation liabilities is the average value for the income year of the fund's current and future liabilities (contingent or not) in respect of *superannuation benefits in respect of which contributions have, or were liable to have, been made. This does not include liabilities for which *segregated current pension assets or *segregated non-current assets are held.

Actuary's certificate

- (4) The value of particular liabilities of the fund at a particular time is the amount of the fund's assets, together with future contributions in respect of the benefits concerned and expected earnings on the assets and contributions after that time, that would provide the amount required to discharge those liabilities as they fall due. This must be specified in an *actuary's certificate obtained by the trustee of the fund before the date for lodgment of the fund's *income tax return for the income year.
- (5) The expected earnings are worked out at the rate the actuary expects will be the rate of the fund's earnings on its assets (except *segregated current pension assets or *segregated non-current assets).

Superannuation liabilities where no current certificate

- (6) The superannuation liabilities do not have to be valued by an actuary for the income year if the fund has no *segregated current pension assets or *segregated non-current assets for the income year. Instead, the value can be worked out using this formula:

$$\frac{\text{Last value of superannuation liabilities}}{\text{Last value of assets}} \times \text{Current value of assets}$$

where:

current value of assets is the value of all of the fund's assets at a time in the income year, as specified in an *actuary's certificate

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 295-395

obtained by the trustee of the fund before the date for lodgment of the fund's *income tax return for the income year.

last value of assets is the most recent value of all of the fund's assets specified in an *actuary's certificate.

last value of superannuation liabilities is the value, at the time of that most recent valuation, of the fund's superannuation liabilities specified in an *actuary's certificate.

Note: This allows a fund to avoid the expense of an actuarial valuation of its superannuation liabilities, except in those years that a valuation is required by the SIS Act in order for the fund to continue to be complying.

- (7) Subsections (4), (5) and (6) do not apply in working out the amounts to be used in the formula in subsection (3) if, at all times during the income year, the liabilities of the fund in respect of *RP superannuation income stream benefits of the fund at those times were liabilities in respect of superannuation income stream benefits that are prescribed by the regulations for the purposes of this subsection.

295-395 Meaning of *segregated non-current assets*

- (1) Assets of a *complying superannuation fund are ***segregated non-current assets*** at a time in an income year if:
- (a) the assets are invested, held in reserve or otherwise dealt with at that time solely to enable the fund to discharge all or part of its current and future liabilities (contingent or not) to pay benefits in respect of which contributions have, or were liable to have, been made; and
 - (b) the trustee of the fund obtains an *actuary's certificate before the date for lodgment of the fund's *income tax return for the income year to the effect that the amount of the assets, together with any future contributions, and the earnings that the actuary expects will be made from them will provide the amount required to discharge in full those liabilities, or that part of those liabilities, as they fall due.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (2) The liabilities referred to in paragraph (1)(a) do not include liabilities (contingent or not) in respect of *RP superannuation income stream benefits of the fund at that time.
- (3) However, *disregarded small fund assets are not segregated non-current assets.

295-400 Income of a PST attributable to current pension liabilities

- (1) This proportion of the *ordinary income and *statutory income that would otherwise be assessable income of a *pooled superannuation trust is *exempt income:

$$\frac{\text{Average number of units in the trust during the income year that are *segregated current pension assets of unitholders that are *complying superannuation funds}}{\text{Average number of units in the trust during the income year}}$$

Exceptions

- (2) Subsection (1) does not apply to:
 - (a) *non-arm's length income; or
 - (b) amounts included in assessable income under item 1 of the table in section 295-320.

Alternative exemption

- (3) However, the trustee of the *pooled superannuation trust can choose that a different amount be *exempt income of the trust under this section if a percentage of the assessable income of the trust would have been exempt income under section 295-385 or 295-390 if it had been *derived instead by the unitholders in the trust in proportion to their holdings.
- (4) That percentage of the trust's *ordinary income and *statutory income is then *exempt income.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 295-405

295-405 Other exempt income

The *ordinary income or *statutory income of an entity is exempt from income tax as set out in this table.

Note: For an explanation of the acronyms used, see section 295-35.

Exempt income		
Item	For this entity:	This is exempt:
1	CSF N-CSF CADF N-CADF	A grant of financial assistance under Part 23 of the <i>Superannuation Industry (Supervision) Act 1993</i>
2	*RSA provider	Amount credited to the *RSA where a *superannuation income stream covered by section 295-407 was paid from the RSA for all of the period in the income year that the RSA existed
3	*RSA provider	Part of an amount credited to the *RSA (worked out under section 295-410) where a *superannuation income stream covered by section 295-407 was paid from the RSA for part of the period in the income year that the RSA existed

295-407 Covered superannuation income streams—RSAs

A *superannuation income stream is covered by this section if:

- (a) it is a pension (within the meaning of the *Retirement Savings Accounts Act 1997*); and
- (b) it is in the *retirement phase.

295-410 Amount credited to RSA

For item 3 of the table in section 295-405, the part of the amount credited to the *RSA that is *exempt income is worked out by:

- (a) multiplying the amount by the number of days in the income year for which the pension covered by section 295-407 was paid; and

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) dividing the result by the number of days in the income year that the RSA existed.

temporary inability to engage in *gainful employment, that is payable for no longer than:

- (i) 2 years; or
- (ii) if an approval under section 62 of the *Superannuation Industry (Supervision) Act 1993* is in force for benefits of that kind and the approval specifies a longer maximum period—that longer period; or
- (iii) if there is no such approval in force—a longer period allowed by the Commissioner.

Note 1: The fund can deduct amounts in relation to these benefits under either section 295-465 or 295-470, but not both.

Note 2: The taxable component of the superannuation lump sums will contain an element untaxed in the fund: see section 307-290.

295-465 Complying funds—deductions for insurance premiums

Deductions for insurance premiums

- (1) A *complying superannuation fund can deduct the proportions specified in this table of premiums it pays for insurance policies that are (wholly or partly) for current or contingent liabilities of the fund to provide benefits referred to in section 295-460 for its members. It can deduct the amounts for the income year in which the premiums are paid.

Deductions of *complying superannuation funds

Item	The fund can deduct this amount:
1	30% of the premium for a *whole of life policy if all individuals whose lives are insured are members of the fund
2	10% of the premium for an *endowment policy if all individuals whose lives are insured are members of the fund
3	30% of the part of an insurance policy premium (for a policy that is not a *whole of life policy or an *endowment policy) that is specified in the policy as being for a distinct part of the policy, if that part would have been a whole of life policy had it been a separate policy

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Deductions of *complying superannuation funds

Item The fund can deduct this amount:

4	10% of the part of an insurance policy premium (for a policy that is not a *whole of life policy or an *endowment policy) that is specified in the policy as being for a distinct part of the policy, if that part would have been an endowment policy had it been a separate policy
5	The part of a premium that is specified in the policy as being wholly for the liability to provide certain benefits, if those benefits are benefits referred to in section 295-460
6	So much of other insurance policy premiums as are attributable to the liability to provide benefits referred to in section 295-460

Note: If the fund receives a rebate or refund of an insurance premium, the amount may be included in its assessable income: see table item 4 in section 295-320.

(1A) If item 5 of the table applies to part, but not all, of an insurance policy premium, item 6 of the table applies to the rest of the premium as if item 5 did not apply to the premium.

(1B) For the purposes of item 6 of the table, the regulations may provide that a specified proportion of a specified insurance policy premium may be treated as being attributable to the *complying superannuation fund's liability to provide benefits referred to in section 295-460.

Note: The fund may deduct a proportion other than that specified in the regulations for the premium, but must obtain an actuary's certificate in accordance with subsection (3) in order to do so. The same applies if the insurance policy premium is not specified in the regulations.

Deductions for self-insurance

(2) A *complying superannuation fund can also deduct the amount it could reasonably be expected to pay in an *arm's length transaction to obtain an insurance policy to cover it for that part of its current or contingent liabilities to provide benefits referred to in section 295-460 for which it does not have insurance coverage. It can deduct the amount for the income year when it has the liability.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 295-465

- (2A) For the purposes of subsection (2), the regulations may provide that a specified proportion of an amount mentioned in subsection (2B) may be treated as being the amount the fund could reasonably be expected to pay in an *arm's length transaction to obtain an insurance policy to cover it for its current or contingent liabilities to provide benefits referred to in section 295-460.

Example: If:

- (a) an actuary certifies the amount a fund could reasonably be expected to pay in an arm's length transaction to obtain an insurance policy; and
 - (b) the insurance policy covers liabilities of the fund to provide a class of total and permanent disability benefits broader than that covered by section 295-460; and
 - (c) the insurance policy is specified in the regulations; and
 - (d) the fund does not have insurance coverage for the liabilities;
- the fund may deduct, under subsection (2), so much of that certified amount as is specified in the regulations.
- (2B) The amount is the amount a *complying superannuation fund could reasonably be expected to pay in an *arm's length transaction to obtain an insurance policy specified in the regulations.

Actuary's certificate

- (3) The trustee must obtain an *actuary's certificate before the date for lodgment of the fund's *income tax return for the income year in order to deduct an amount referred to in item 6 of the table or in subsection (2).
- (3A) Subsection (3) does not apply to an amount referred to in item 6 of the table in relation to an insurance policy premium, if the trustee deducts, under that item, only the proportion (if any) of the premium specified in the regulations made for the purposes of subsection (1B).

Choice not to deduct amounts under this section

- (4) The trustee may choose not to deduct amounts under this section for an income year and to deduct instead (under section 295-470) amounts based on the fund's future liability to pay the benefits.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (5) The choice applies also to future income years unless the Commissioner decides that it should not.

295-470 Complying funds—deductions for future liability to pay benefits

- (1) A *complying superannuation fund can deduct an amount under this section for an income year if:
- (a) the trustee of the fund makes a choice under subsection 295-465(4) and the choice applies to the income year; and
 - (b) the trustee pays:
 - (i) a benefit referred to in paragraph 295-460(a), (aa) or (b) for the income year in consequence of the termination of a member's employment; or
 - (ii) a benefit referred to in paragraph 295-460(c).
- (2) The amount the fund can deduct is:

$$\text{Benefit amount} \times \frac{\text{Future service days}}{\text{Total service days}}$$

where:

benefit amount is:

- (a) for a benefit that is a *superannuation lump sum—the amount of the lump sum; or
- (b) for a benefit that is a *superannuation income stream—the *value of the *superannuation interest supporting the income stream; or
- (c) for a benefit referred to in paragraph 295-460(c)—the total of the amounts paid during the income year.

future service days is the number of days in the period starting when:

- (a) the termination happened; or

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 295-475

(b) for a benefit referred to in paragraph 295-460(c)—the member became unable to engage in *gainful employment; and ending on the member's *last retirement day.

total service days is the sum of future service days and the number of days in:

- (a) for a benefit that is a *superannuation lump sum—the *service period for the superannuation lump sum; or
 - (b) for another benefit—the period ending on the first day of the period to which the first payment of the benefit relates and starting on the earliest of:
 - (i) the day on which the member joined the relevant *superannuation fund; and
 - (ii) the first day of the period of employment to which the benefit relates (including a qualifying period before the member could join the fund and any period when the member was not a member of the fund); and
 - (iii) the day applicable under subsection (3).
- (3) The applicable day is the first day of the *service period for a *superannuation lump sum that is a *roll-over superannuation benefit if all or part of the *value of the other benefit is attributable to the roll-over superannuation benefit.

295-475 RSA providers—deductions for insurance premiums

An *RSA provider can deduct premiums it pays for insurance policies that are wholly for its liability to provide benefits referred to in section 295-460 for its *RSA holders. It can deduct the amounts for the income year in which the premiums are paid.

Note: If the RSA provider receives a rebate or refund of an insurance premium, the amount may be included in its assessable income: see table item 5 in section 295-320.

295-480 Meaning of *whole of life policy* and *endowment policy*

- (1) A ***whole of life policy*** is an insurance policy:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (a) that includes an investment component; and
 - (b) the premiums for which are not dissected; and

 - (i) the death of the individual insured; or
 - (ii) the earlier of the death of the individual insured and the individual attaining the age specified in the policy (being at least the age of 85).
- (2) An **endowment policy** is an insurance policy:
- (a) that includes an investment component; and
 - (b) the premiums for which are not dissected; and
 - (c) where the sum insured (and any bonuses) are payable on:
 - (i) a day specified in, or worked out under, the policy; or
 - (ii) the death of the individual insured if that happens before that day;
- but does not include a *whole of life policy.

295-555 Components of taxable income—RSA providers

295-545 Components of taxable income—complying superannuation funds, complying ADFs and PSTs

- (1) The taxable income of a *complying superannuation entity is split into a *non-arm's length component and a *low tax component.
- Note: A concessional rate applies to the low tax component, while the non-arm's length component is taxed at the highest marginal rate. The rates are set out in the *Income Tax Rates Act 1986*.
- (2) If an entity is not of a kind referred to in paragraph 295-550(8)(a) (about certain small entities), the *non-arm's length component* for an income year is the entity's *non-arm's length income for that year less any deductions to the extent that they are attributable to that income.
- (2A) If the entity is of a kind referred to in paragraph 295-550(8)(a) (about certain small entities), the *non-arm's length component* for an income year is the lesser of:
- (a) the sum of:
 - (i) each amount of the entity's *non-arm's length income under subsection 295-550(1), (2), (4) or (5) for that year less any deductions to the extent that they are attributable to that income; and
 - (ii) each amount of the entity's non-arm's length income under subsection 295-550(8) or (9) for that year; and
 - (b) the entity's taxable income for the income year:
 - (i) less the contributions that are included in the entity's assessable income under Subdivision 295-C for the income year; and
 - (ii) plus any deductions to the extent that they are attributable to those contributions.
- (3) The *low tax component* is any remaining part of the entity's taxable income for the income year.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

295-550 Meaning of *non-arm's length income*

- (1) An amount of *ordinary income or *statutory income is ***non-arm's length income*** of a *complying superannuation entity if, as a result of a *scheme the parties to which were not dealing with each other at *arm's length in relation to the scheme, one or more of the following applies:
- (a) the amount of the income is more than the amount that the entity might have been expected to derive if those parties had been dealing with each other at arm's length in relation to the scheme;
 - (b) if the entity is of a kind referred to in paragraph (8)(a) (about certain small entities):
 - (i) in gaining or producing the income, the entity incurs a loss, outgoing or expenditure of an amount that is less than the amount of a loss, outgoing or expenditure that the entity might have been expected to incur if those parties had been dealing with each other at arm's length in relation to the scheme; and
 - (ii) subsection (8) does not apply to the loss, outgoing or expenditure;
 - (c) if the entity is of a kind referred to in paragraph (8)(a) (about certain small entities):
 - (i) in gaining or producing the income, the entity does not incur a loss, outgoing or expenditure that the entity might have been expected to incur if those parties had been dealing with each other at arm's length in relation to the scheme; and
 - (ii) subsection (9) does not apply to the loss, outgoing or expenditure that the entity might have been expected to incur.

This subsection does not apply to an amount to which subsection (2) applies or an amount *derived by the entity in the capacity of beneficiary of a trust.

- (2) An amount of *ordinary income or *statutory income is also ***non-arm's length income*** of the entity if it is:

- (a) a *dividend paid to the entity by a *private company; or
 - (b) ordinary income or statutory income that is reasonably attributable to such a dividend;
- unless the amount is consistent with an *arm's length dealing.
- (3) In deciding whether an amount is consistent with an *arm's length dealing under subsection (2), have regard to:
 - (a) the value of *shares in the company that are assets of the entity; and

Section 295-555

- (ii) the amount is less than the amount of a loss, outgoing or expenditure that the entity might have been expected to incur if those parties had been dealing with each other at arm's length in relation to the scheme;

an amount of the entity's ordinary income and statutory income equal to twice the difference between the amount that the entity did incur and the amount that the entity might have been expected to incur is *non-arm's length income* of the entity.

(9) If:

- (a) a *complying superannuation entity is of a kind referred to in paragraph (8)(a) (about certain small entities); and
- (b) as a result of a *scheme the parties to which were not dealing with each other at *arm's length in relation to the scheme, in gaining or producing the *ordinary income and *statutory income of the entity (but not in gaining or producing income in relation to any particular asset or assets of the entity), the entity does not incur a loss, outgoing or expenditure that the entity might have been expected to incur if those parties had been dealing with each other at arm's length in relation to the scheme;

an amount of the entity's ordinary income and statutory income equal to twice the amount that the entity might have been expected to incur is *non-arm's length income* of the entity.

295-555 Components of taxable income—RSA providers

- (1) The taxable income of an *RSA provider is split into:
- (a) an *RSA component; and
- (c) a *standard component.

Note: The RSA component is taxed at the same concessional rate that applies to the low tax component of complying superannuation entities (see section 23 of the *Income Tax Rates Act 1986*). The standard component is taxed at the standard company rate.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

(2) The **RSA component** for an income year is worked out in this way:

Method statement

- Step 1. Add these amounts included in the provider's assessable income for the income year:
- (a) amounts included under Subdivision 295-C; and
 - (b) other amounts credited during the year to *RSAs that it provides.
- Step 2. Subtract from the step 1 amount amounts paid from those *RSAs (except benefits for the RSA holders or tax).
- Step 3. The result is the **RSA component**.

- (3) However, if the *RSA component is more than the *RSA provider's taxable income:
- (a) the provider's taxable income is equal to that sum; and
 - (b) this Act applies to the provider as if it had a *tax loss for the income year of an amount that would have been that loss if the RSA component were not *ordinary income or *statutory income.
- (4) The **standard component** is the remaining part (if any) of the *RSA provider's taxable income for the income year after subtracting the *RSA component.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (2) However, an amount is not ***no-TFN contributions income*** if:

Section 307-120

307-150 Modification in respect of superannuation lump sum with element untaxed in fund

307-120 Components of superannuation benefit

- (1) Work out the following components of a *superannuation benefit under this Subdivision:
 - (a) the *tax free component*;
 - (b) the *taxable component*.
- (2) Work out those components under:
 - (a) if the benefit is not mentioned in paragraph (b), (c), (d), (e) or (f)—section 307-125; or
 - (b) if the benefit is a *superannuation guarantee payment—section 307-130; or
 - (c) if the benefit is a *superannuation co-contribution benefit payment—section 307-135; or
 - (d) if the benefit is a *contributions-splitting superannuation benefit—section 307-140; or
 - (e) if the benefit is a payment under subsection 17(2), (2AB) or (2AC), 20H(2), (2AA), (2A) or (3), 20QF(2), (5) or (6), 21E(2), (5) or (6), 22B(2), (5) or (6), 24G(2), (3A) or (3B) or 24NA(2), (3) or (4) of the *Superannuation (Unclaimed Money and Lost Members) Act 1999*—section 307-142; or
 - (f) if the benefit is a payment by the Commissioner under subsection 131-80(1) or (3) in Schedule 1 to the *Taxation Administration Act 1953*—section 307-143.
- (3) Those components may be modified under sections 307-145 (which deals with certain disability benefits) and 307-150 (which deals with certain *elements untaxed in fund).

307-125 Proportioning rule

- (1) The object of this section is to ensure that the *tax free component and *taxable component of a *superannuation benefit are calculated by:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (a) first, determining the proportions of the *value of the *superannuation interest that those components represent; and
 - (b) next, applying those proportions to the benefit.
- (2) The *superannuation benefit is taken to be paid in a way such that each of those components of the benefit bears the same proportion to the amount of the benefit that the corresponding component of the *superannuation interest bears to the *value of the superannuation interest.

Example: The amount of a superannuation lump sum is \$100. Just before the benefit is paid, the value of the superannuation interest was \$1000 (of which \$200 was the tax free component and \$800 was the taxable component). For the lump sum, the tax free component is \$20 and the taxable component is \$80.

- (3) For the purposes of subsection (2), determine the *value of the *superannuation interest, and the amount of each of those components of the interest, at whichever of the following times is applicable:
- (a) if the *superannuation benefit is a *superannuation income stream benefit—when the relevant *superannuation income stream commenced;
 - (b) if the superannuation benefit is a *superannuation lump sum—just before the benefit is paid;
 - (c) despite paragraphs (a) and (b), if the superannuation benefit arises from the commutation of a superannuation income stream:
 - (i) if subparagraph (ii) does not apply—when the relevant superannuation income stream commenced; or
 - (ii) if the superannuation income stream is a *deferred superannuation income stream that had not commenced before the time the commutation happened—just before the time the commutation happened;
 - (d) despite paragraphs (a) and (b), if:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 307-130

- (i) the superannuation benefit is an *involuntary roll-over superannuation benefit paid from a superannuation interest; and
 - (ii) that interest was supporting a superannuation income stream immediately before that benefit was paid; when that superannuation income stream commenced.
- (4) Subsection (2) does not apply to a *superannuation benefit if any of the following applies:
 - (a) the regulations specify an alternative method for determining those components of the benefit;
 - (b) a determination under subsection (5) specifies an alternative method for determining those components of the benefit;
 - (c) the Commissioner consents in writing to the use of another method for determining those components of the benefit.If so, use that method to determine those components of the benefit.
- (5) For the purposes of paragraph (4)(b), the Commissioner may determine, by legislative instrument, one or more alternative methods for determining those components of a *superannuation benefit.
- (6) If the *superannuation benefit is an *unclaimed money payment or a *small superannuation account payment, for the purposes of this section:
 - (a) treat the benefit as a superannuation benefit paid from a *superannuation interest; and
 - (b) treat the amount of the benefit as the *value of that superannuation interest just before the time the benefit is paid.

307-130 Superannuation guarantee payment consists entirely of taxable component

The components of a *superannuation benefit that is a *superannuation guarantee payment are as follows:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (a) the *tax free component is nil;
- (b) the *taxable component is the amount of the benefit.

307-133 PPL superannuation contribution payment

The components of a *superannuation benefit that is a *PPL superannuation contribution payment are as follows:

- (a) the *tax free component is nil;
- (b) the *taxable component is the amount of the benefit.

307-135 Superannuation co-contribution benefit payment consists entirely of tax free component

The components of a *superannuation benefit that is a *superannuation co-contribution benefit payment are as follows:

- (a) the *tax free component is the amount of the benefit;
- (b) the *taxable component is nil.

307-140 Contributions-splitting superannuation benefit consists entirely of taxable component

The components of a *superannuation benefit that is a *contributions-splitting superannuation benefit are as follows:

- (a) the *tax free component is nil;
- (b) the *taxable component is the amount of the benefit.

307-142 Components of certain unclaimed money payments

Preliminary

- (1) This section explains how to work out the *tax free component, and the *taxable component, of a *superannuation benefit that is a payment by the Commissioner under subsection 17(2), (2AB) or (2AC), 20H(2), (2AA), (2A) or (3), 20QF(2), (5) or (6), 21E(2), (5) or (6), 22B(2), (5) or (6), 24G(2), (3A) or (3B) or 24NA(2), (3) or (4) of the *Superannuation (Unclaimed Money and Lost Members)*

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 307-142

Act 1999, or by a State or Territory authority as mentioned in subsection 18(5) of that Act, in respect of a person.

Tax free component

- (2) Work out the *tax free component as follows (unless subsection (3B) or (3C) applies):

Method statement

Step 1. Work out the amount (the **unclaimed amount**) (or amounts), set out in column 1 of the table in subsection (3), to which the *superannuation benefit is attributable.

Note: A payment made under subsection 17(2) of the *Superannuation (Unclaimed Money and Lost Members) Act 1999* is attributable to a single unclaimed amount set out in item 1 or 2 of the table.

A payment under subsection 20H(2) or (3) of that Act may be attributable to more than one unclaimed amount.

A payment under subsection 20QF(2) of that Act is attributable to a single unclaimed amount set out in item 3A of the table.

A payment under subsection 21E(2) of that Act is attributable to a single unclaimed amount set out in item 3B of the table.

A payment under subsection 22B(2) of that Act is attributable to a single unclaimed amount set out in item 3C of the table.

A payment made under subsection 24G(2) of that Act is attributable to a single unclaimed amount set out in item 4 of the table.

A payment under subsection 24NA(2) or (3) of that Act may be attributable to more than one unclaimed amount.

Step 2. Assume that the unclaimed amount (or each unclaimed amount), instead of being paid to the Commissioner, had been paid to the person as the payment (the **claimed equivalent**) set out in column 2 of the table.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Step 3. The *tax free component of the *superannuation benefit consists of so much of the superannuation benefit as is attributable to the amount set out in column 3 of the table for the claimed equivalent (or as is attributable to the amounts set out in that column for the claimed equivalents).

(3) This is the table mentioned in subsection (2):

Tax free component			
Item	Column 1 Unclaimed amount	Column 2 Claimed equivalent	Column 3 Tax free component of claimed equivalent
1	an amount paid, on or after 1 July 2007, to: (a) the Commissioner under subsection 17(1) of the <i>Superannuation (Unclaimed Money and Lost Members) Act 1999</i> ; or (b) a State or Territory authority, as mentioned in subsection 18(4) of that Act; in respect of the person	a *superannuation benefit paid from a *superannuation plan	the *tax free component of that superannuation benefit

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Chapter 3 Specialist liability rules

Part 3-30 Superannuation

Section 307-142

Tax free component			
Item	Column 1 Unclaimed amount	Column 2 Claimed equivalent	Column 3 Tax free component of claimed equivalent

3	an amount paid to the Commissioner under subsection 20F(1) of the <i>Superannuation (Unclaimed Money and Lost Members) Act 1999</i> in respect of the person (other than an amount referred to in section 65AA of the <i>Superannuation Guarantee (Administration) Act 1992</i>)	a *superannuation benefit paid from a *superannuation plan	the * tax free component of that superannuation benefit
3A	an amount paid to the Commissioner under section 20QD of the <i>Superannuation (Unclaimed Money and Lost Members) Act 1999</i> in respect of the person	a *superannuation benefit paid from a *superannuation plan	the * tax free component of that superannuation benefit
3B	an amount paid to the Commissioner under	a *superannuation benefit paid from a	the * tax free component of that superannuation

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Tax free component

Note 1: Section 65AA of the *Superannuation Guarantee (Administration) Act 1992* requires certain shortfall components to be treated as amounts paid to the Commissioner under subsection 20F(1) of the *Superannuation (Unclaimed Money and Lost Members) Act 1999*.

The effect of excluding such shortfall components from item 3 of the table in this subsection is that the taxable component includes so much of the superannuation benefit as is attributable to such a shortfall component.

Note 2: The table in this subsection does not cover interest paid by the Commissioner under subsection 20H(2A) of the *Superannuation (Unclaimed Money and Lost Members) Act 1999*.

The effect of this is that the taxable component includes so much of the superannuation benefit as is attributable to such interest.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 307-142

- (3A) Treat the amount set out in column 3 of an item of the table in subsection (3) as being nil, if:
- (a) the unclaimed amount set out in column 1 of the item is an amount paid to the Commissioner by a State or Territory authority (within the meaning of the *Superannuation (Unclaimed Money and Lost Members) Act 1999*) in the circumstances mentioned in section 18AA, 20JA, 20QH or 24HA of that Act; and
 - (b) the Commissioner does not have sufficient information to work out the amount set out in column 3 of the item.
- (3B) The *tax free component is the amount of the benefit, if the *superannuation benefit is paid under subsection 17(2AB) or (2AC), 20H(2AA), 20QF(5) or (6), 21E(5) or (6), 22B(5) or (6), 24G(3A) or (3B) or 24NA(4) of the *Superannuation (Unclaimed Money and Lost Members) Act 1999* (interest).
- (3C) Despite subsection (3B), the *tax free component is nil, if the *superannuation benefit is paid under subsection 20H(2AA) of the *Superannuation (Unclaimed Money and Lost Members) Act 1999* (interest) in respect of a person who:
- (a) is a former temporary resident (within the meaning of that Act) when the payment is made; or
 - (b) if the person died before the payment is made—was a former temporary resident just before dying.

Taxable component

- (4) The *taxable component is so much (if any) of the *superannuation benefit as is not the *tax free component.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

307-143 Components of a superannuation benefit that is a repayment when an entitlement to a credit ceases for a release authority relating to an FHSS determination

Preliminary

- (1) This section explains how to work out the *tax free component, and the *taxable component, of your *superannuation benefit that:
 - (a) is a repayment by the Commissioner under subsection 131-80(1) in Schedule 1 to the *Taxation Administration Act 1953* of an amount (the **released amount**) paid to the Commissioner in relation to you; or
 - (b) is a payment by the Commissioner under subsection 131-80(3) in Schedule 1 to the *Taxation Administration Act 1953* of an equivalent amount to an amount (the **released amount**) paid to the Commissioner in relation to you.

Tax free component

- (2) The *tax free component of your *superannuation benefit is equal to the total amount that the released amount reduced the tax free components of your *superannuation interests.

Taxable component

- (3) The *taxable component of your *superannuation benefit is equal to the total amount that the released amount reduced the taxable components of your *superannuation interests.

307-145 Modification for disability benefits

- (1) Work out the **tax free component** of the *superannuation benefit under subsection (2) if the benefit is a *superannuation lump sum and a *disability superannuation benefit.

Note: This section does not apply to an unclaimed money payment.

- (2) The **tax free component** is the sum of:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 307-150

- (a) the *tax free component of the benefit worked out apart from this section; and
- (b) the amount worked out under subsection (3).

However, the tax free component cannot exceed the amount of the benefit.

- (3) Work out the amount by applying the following formula:

$$\text{Amount of benefit} \times \frac{\text{Days to retirement}}{\text{Service days} + \text{Days to retirement}}$$

where:

days to retirement is the number of days from the day on which the person stopped being capable of being *gainfully employed to his or her *last retirement day.

service days is the number of days in the *service period for the lump sum.

- (4) The balance of the *superannuation benefit is the **taxable component** of the benefit.

307-150 Modification in respect of superannuation lump sum with element untaxed in fund

- (1) This section applies to a *superannuation lump sum if:
 - (a) it is not a *roll-over superannuation benefit; or
 - (b) it is a roll-over superannuation benefit that includes an *element untaxed in the fund, all or part of which will be included in the assessable income of the *superannuation provider in relation to the *superannuation fund into which the benefit is paid.
- (2) However, this section applies to the *superannuation lump sum only to the extent that it is attributable to a *superannuation interest that existed just before 1 July 2007.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (3) If the *superannuation lump sum includes an *element untaxed in the fund:
- (a) increase the *tax free component of the benefit by the amount that is the lesser of these amounts:
 - (i) the amount worked out under subsection (4); and
 - (ii) the amount of the element untaxed in the fund (apart from this section); and
 - (b) reduce the element untaxed in the fund by the lesser of those amounts.
- (4) Work out the amount by applying the following formula:

$$\text{Original tax free component and untaxed element} \times \frac{\text{Number of days in the *service period for the lump sum that occurred before 1 July 1983}}{\text{Number of days in the *service period for the lump sum}}$$

where:

original tax free component and untaxed element is the sum of:

- (a) the *tax free component of the *superannuation benefit (apart from this section); and
 - (b) the *element untaxed in the fund of the superannuation benefit (apart from this section).
- (5) If the benefit is in part attributable to a *crystallised pre-July 83 amount, in working out the *tax free component of the *superannuation benefit (apart from this section) for the purposes of subsection (4), disregard the amount of the benefit that is attributable to the *crystallised segment of the *superannuation interest from which the benefit is paid.

- 307-215 *Taxable component* of superannuation interest
- 307-220 What is the *contributions segment*?

307-200 Regulations relating to meaning of superannuation interests

- (1) In the circumstances specified in the regulations, treat a *superannuation interest* as two or more superannuation interests in the way specified in the regulations.
- (2) In the circumstances specified in the regulations, treat 2 or more *superannuation interests* as one superannuation interest in the way specified in the regulations.
- (3) Regulations for the purposes of this section may specify a way of treating a *superannuation interest in relation to one or more of the following aspects of the interest:
 - (a) the *tax free component (and the *contributions segment and *crystallised segment relating to that component);
 - (b) the *taxable component;
 - (c) the *element taxed in the fund of the taxable component;
 - (d) the *element untaxed in the fund of the taxable component.
- (4) Regulations for the purposes of subsection (1) may specify a way of allocating an amount relating to a *superannuation interest treated as two or more superannuation interests in accordance with those regulations to those interests.
- (5) Subsections (3) and (4) do not limit the regulations that may be made for the purposes of this section.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

307-205 Value of superannuation interest

- (1) The **value** of a *superannuation interest at a particular time is:
 - (a) if the regulations specify a method for determining the value of the superannuation interest—that value; or
 - (b) otherwise—the total amount of all the *superannuation lump sums that could be payable from the interest at that time.
- (2) The **accumulation phase value** of an individual's *superannuation interest, at a particular time when the interest is not in the *retirement phase, is:
 - (a) if the regulations specify that value or a method for determining that value—that value; or
 - (b) otherwise—the total amount of the *superannuation benefits that would become payable if the individual voluntarily caused the interest to cease at that time.

307-210 Tax free component of superannuation interest

- (1) The **tax free component** of a *superannuation interest is so much of the *value of the interest as consists of:
 - (a) the *contributions segment of the interest; and
 - (b) the *crystallised segment of the interest.

Tax free component reduces if a benefit is paid

- (2) If a *superannuation benefit is paid from the *superannuation interest:
 - (a) the *crystallised segment of the interest is reduced (but not below zero) by an amount equal to the *tax free component of the benefit; and
 - (b) if any of that amount remains, the *contributions segment of the interest is reduced (but not below zero) by that remaining amount.

Note: This has the effect of reducing the interest's tax free component by the amount of the benefit's tax free component.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 307-215

307-215 Taxable component of superannuation interest

The *taxable component* of a *superannuation interest is the *value of the interest less the *tax free component of the interest.

307-220 What is the *contributions segment*?

- (1) The *contributions segment* of a *superannuation interest is the total amount of the contributions to the interest:
- (a) that were made after 30 June 2007; and
 - (b) to the extent that they have not been and will not be included in the assessable income of the *superannuation provider in relation to the *superannuation plan in which the interest is held.

This section has effect subject to subsection 307-210(2).

Note: This segment may be reduced if a superannuation benefit is paid from the superannuation interest: see subsection 307-210(2).

- (2) For the purposes of this section:
- (a) in determining whether contributions are included in the contributions segment under subsection (1):
 - (i) disregard the *taxable component of a *roll-over superannuation benefit paid into the interest; and
 - (ia) disregard the *tax free component of an *involuntary roll-over superannuation benefit paid into the interest from another superannuation interest (the *earlier interest*) (other than an earlier interest that was supporting a *superannuation income stream immediately before that benefit was paid); and
 - (ib) if subparagraph (ia) applies—include as a contribution an amount equal to the amount referred to in subsection (5); and
 - (ii) for a *superannuation plan that is a *constitutionally protected fund—treat the superannuation plan as if it were not a constitutionally protected fund; and
 - (b) disregard section 295-180 and Subdivision 295-D.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (3) For the purposes of subparagraph (2)(a)(i), treat the *excess untaxed roll-over amount (if any) of the *roll-over superannuation benefit as part of the *tax free component of the benefit instead of the *taxable component of the benefit.
- (4) Subparagraph (2)(a)(i) does not apply to a *roll-over superannuation benefit that is a *departing Australia superannuation payment made under subsection 20H(2), (2AA) or (2A) of the *Superannuation (Unclaimed Money and Lost Members) Act 1999*.
- Note 1: The whole departing Australia superannuation payment is included in the contributions segment of the superannuation interest, as none of the payment has been or will be included in the superannuation provider's assessable income.
- Note 2: Including the whole payment in that segment, and thus the tax free component, of the superannuation interest ensures that the amount of the payment, which is taxed by the *Superannuation (Departing Australia Superannuation Payments Tax) Act 2007*, does not attract more tax when paid as a superannuation benefit from the interest.
- (5) For the purposes of subparagraph (2)(a)(ib), the amount is:
- (a) if the *involuntary roll-over superannuation benefit is covered by paragraph 306-12(a) or (c)—the sum of the contributions segment, and crystallised segment, of the earlier interest immediately before the benefit was paid; or
 - (b) if the benefit is covered by paragraph 306-12(b)—the proportion of that sum that the benefit was to the *value of the earlier interest immediately before the benefit was paid.

307-225 What is the *crystallised segment*?

- (1) To work out the *crystallised segment* of a *superannuation interest, first assume that:
- (a) an eligible termination payment had been made in respect of the holder of the interest just before 1 July 2007; and
 - (b) the amount of the eligible termination payment had been equal to the *value of the interest at that time.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 307-230

- (2) The *crystallised segment* of the *superannuation interest is the total amount of the following components of the eligible termination payment:
- (a) the concessional component;
 - (b) the post-June 1994 invalidity component;
 - (c) the undeducted contributions;
 - (d) the CGT exempt component;
 - (e) the pre-July 83 component.

This section has effect subject to subsection 307-210(2).

Note: This segment may be reduced if a superannuation benefit is paid from the superannuation interest: see subsection 307-210(2).

- (3) For the purposes of paragraph (2)(e), disregard the *value of the interest just before 1 July 2007 to the extent that it would consist, apart from this subsection, of the *element untaxed in the fund of the *taxable component of a *superannuation benefit constituted by the eligible termination payment.
- (4) In this section, the following terms have the same meaning as in subsection 27A(1) of the *Income Tax Assessment Act 1936* (as in force just before 1 July 2007):
- (a) *concessional component*;
 - (b) *post-June 1994 invalidity component*;
 - (c) *undeducted contributions*;
 - (d) *CGT exempt component*;
 - (e) *pre-July 83 component*;
 - (f) *eligible termination payment*.

307-230 Total superannuation balance

- (1) Your *total superannuation balance*, at a particular time, is the sum of the following:
- (a) if you have one or more *superannuation interests that are not in the *retirement phase—the *accumulation phase values, at that time, of each such interest;

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) if you have a *transfer balance account—the *transfer balance of the account at that time (but not less than nil);
- (c) the amount of each *roll-over superannuation benefit:
 - (i) paid at or before that time; and
 - (ii) received by the *complying superannuation plan, or the entity from which the *superannuation annuity is being purchased, after that time; and
 - (iii) not reflected in the value in paragraph (a) or the balance in paragraph (b);
- (d) if you have an LRBA amount under section 307-231 (about limited recourse borrowing arrangements) in relation to one or more *regulated superannuation funds—the LRBA amounts for each such regulated superannuation fund.

Modification for structured settlement contributions

- (2) However, if a *structured settlement contribution is made at or before a time in respect of you, your **total superannuation balance** at that time is modified by:
 - (a) if you do not have a *transfer balance account—reducing the sum worked out under subsection (1) by the sum of any such structured settlement contributions; and
 - (b) if you have a transfer balance account:
 - (i) first, working out the *transfer balance mentioned in paragraph (1)(b) disregarding the operation of item 2 of the table in subsection 294-80(1); and
 - (ii) then, reducing the sum worked out under subsection (1) (having regard to subparagraph (i) of this paragraph) by the sum of any such structured settlement contributions.

Modification for account-based income streams

- (3) For the purposes of working out the *transfer balance mentioned in paragraph (1)(b):
 - (a) if a *transfer balance credit has arisen, at or before that time, in your *transfer balance account in respect of a *superannuation income stream covered by subsection (4)—

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 307-230

disregard the operation of the following provisions in relation to the superannuation income stream:

- (i) items 1 and 2 of the table in subsection 294-25(1);
 - (ii) items 1, 3, 4, 5 and 6 of the table in subsection 294-80(1); and
- (b) if, at that time, you have a *superannuation interest that supports a superannuation income stream covered by subsection (4) of this section—increase the amount of that balance by the total amount of the *superannuation benefits that would become payable if:
- (i) you had the right to cause the superannuation interest to cease at that time; and
 - (ii) you voluntarily caused the superannuation interest to cease at that time.
- (4) This subsection covers a *superannuation income stream that is any of the following:
- (a) an *allocated annuity;
 - (b) an *allocated pension;
 - (c) an allocated pension (within the meaning of the *Retirement Savings Accounts Regulations 1997*);
 - (d) an *account-based annuity;
 - (e) an account-based pension (within the meaning of the *Superannuation Industry (Supervision) Regulations 1994*);
 - (f) an account based pension (within the meaning of the *Retirement Savings Accounts Regulations 1997*);
 - (g) a market linked annuity (within the meaning of the *Superannuation Industry (Supervision) Regulations 1994*);
 - (h) a market linked pension (within the meaning of the *Superannuation Industry (Supervision) Regulations 1994*);
 - (i) a market linked pension (within the meaning of the *Retirement Savings Accounts Regulations 1997*).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

307-231 Limited recourse borrowing arrangements

- (1) You have an amount under this section (an **LRBA amount**), in relation to a *regulated superannuation fund in which you have one or more *superannuation interests, if:
- (a) the *superannuation provider in relation to the fund has a *borrowing under an *arrangement that is covered by the exception in subsection 67A(1) of the *Superannuation Industry (Supervision) Act 1993* (which is about limited recourse borrowing arrangements); and
 - (b) the borrowing has not been repaid at the time of working out your *total superannuation balance; and
 - (c) at that time, the asset or assets that secure the borrowing support, to an extent, a superannuation interest of yours; and
 - (d) the fund is a *small superannuation fund at that time; and
 - (e) either:
 - (i) you have satisfied (whether at or before that time) a condition of release specified in paragraph 307-80(2)(c); or
 - (ii) the lender is an *associate of the superannuation provider.
- Note: Subsection 318(3) of the *Income Tax Assessment Act 1936* sets out when an entity is an associate of a trustee.
- (2) The amount of your LRBA amount in relation to the *regulated superannuation fund is the sum of the amounts worked out under subsection (3) for:
- (a) if subparagraph (1)(e)(i) applies—each *borrowing that satisfies paragraphs (1)(a), (b) and (c); or
 - (b) if subparagraph (1)(e)(i) does not apply—each borrowing that satisfies paragraphs (1)(a), (b) and (c) and subparagraph (1)(e)(ii).
- (3) The amount under this subsection, in respect of a *borrowing, is worked out using the following formula:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 307-231

$$\text{Outstanding balance} \times \frac{\text{Value of your supported super interests}}{\text{Value of all supported super interests}}$$

where:

outstanding balance means the outstanding balance on the *borrowing at the time of working out your *total superannuation balance.

value of all supported super interests means the sum of the *values at that time of all *superannuation interests in the *regulated superannuation fund that are supported by the asset or assets that secure the *borrowing.

value of your supported super interests means the sum of the *values at that time of each *superannuation interest of yours that is supported by the asset or assets that secure the *borrowing.

307-275 Element taxed in the fund and element untaxed in the fund of superannuation benefits

- (1) The *taxable component of a *superannuation benefit consists of an *element taxed in the fund* or an *element untaxed in the fund*, or both.
- (2) The *taxable component of a *superannuation benefit consists wholly of an *element taxed in the fund* except as provided in a later section of this Subdivision.
- (3) Despite subsection (2), the *taxable component of any of the following kinds of *superannuation benefit consists wholly of an *element untaxed in the fund*:
 - (a) a *small superannuation account payment;
 - (b) a *superannuation guarantee payment.

307-280 Superannuation benefits from constitutionally protected funds etc.

- (1) The *taxable component of a *superannuation benefit paid from a *superannuation fund that is a *constitutionally protected fund consists wholly of an *element untaxed in the fund*.
- (2) Despite subsection (1), if:
 - (a) the benefit is a *superannuation lump sum; and
 - (b) the benefit is attributable to one or more *roll-over superannuation benefits that consisted of, or included, an *element taxed in the fund;the *taxable component of the benefit has an *element taxed in the fund* equal to the total of those elements taxed in the fund.
- (3) The *taxable component of a *superannuation income stream benefit consists wholly of an *element untaxed in the fund* if it is paid from a *superannuation fund that was a *constitutionally protected fund on the first day of the period to which the *superannuation income stream relates.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 307-285

307-285 Trustee can choose to convert element taxed in the fund to element untaxed in the fund

- (1) If:
- (a) you receive a *superannuation benefit from a *public sector superannuation scheme; and
 - (b) the trustee of the scheme gives you written notice specifying an amount as the *element untaxed in the fund of the *taxable component of the benefit; and
 - (c) the notice is given within the time and in the manner approved by the Commissioner in writing; and
 - (d) the scheme came into operation on or before 5 September 2006;
- the taxable component consists of an *element untaxed in the fund* equal to the specified amount.
- (2) The trustee of the scheme can give only one notice under subsection (1) in relation to a particular *superannuation lump sum.

307-290 Taxed and untaxed elements of death benefit superannuation lump sums

- (1) This section applies to a *superannuation death benefit that is a *superannuation lump sum, in relation to which a deduction has been, or is to be, claimed under section 295-465 or 295-470.
- Note 1: Those sections allow deductions for insurance premiums that have been paid, and for liability for future benefits.
- Note 2: Deductions made under former section 279 or 279B of the *Income Tax Assessment Act 1936* are treated for the purposes of this section as having been made under section 295-465 or 295-470 (see section 307-290 of the *Income Tax (Transitional Provisions) Act 1997*).
- (2) The *taxable component of the *superannuation lump sum includes an *element taxed in the fund* worked out as follows:
- (a) first, work out the amount under the formula in subsection (3);

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) next, reduce that amount (but not below zero) by the *tax free component (if any) of the superannuation lump sum.
- (3) For the purposes of paragraph (2)(a), the formula is:

$$\text{*superannuation lump sum} \times \frac{\text{Service days}}{\text{Service days} + \text{Days to retirement}}$$

where:

days to retirement is the number of days from the day on which the deceased died to the deceased's *last retirement day.

service days is the number of days in the *service period for the lump sum.

- (4) The ***element untaxed in the fund*** of the *taxable component is the balance of the taxable component.

307-295 Superannuation benefits from public sector superannuation schemes may include untaxed element

- (1) This section applies to a *superannuation benefit that is paid from a *public sector superannuation scheme that is not a *constitutionally protected fund.
- (2) If the *superannuation benefit paid is not sourced to any extent from contributions made into a *superannuation fund or earnings on such contributions, the *taxable component of the superannuation benefit consists wholly of an ***element untaxed in the fund***.
- (3) If the benefit is a *superannuation lump sum that is partly sourced from contributions made into a *superannuation fund or earnings on such contributions, the ***element taxed in the fund*** and the ***element untaxed in the fund*** of the *taxable component of the benefit are worked out as follows:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 307-297

Method statement

- Step 1. Subdivide the *taxable component of the *superannuation lump sum (the **original benefit**) into 2 notional superannuation lump sums as follows:
- (a) the amount sourced from contributions made into a *superannuation fund or earnings on such contributions (the **fund benefit**);
 - (b) the remainder of the taxable component of the lump sum (the **non-fund benefit**).
- Step 2. The fund benefit consists of an **element taxed in the fund**, an **element untaxed in the fund**, or both, as worked out under this Subdivision.
- Step 3. The non-fund benefit consists wholly of an **element untaxed in the fund**.
- Step 4. The **element taxed in the fund** of the original benefit equals the element taxed in the fund of the fund benefit.
- Step 5. The **element untaxed in the fund** of the original benefit is the sum of the elements untaxed in the fund worked out under steps 2 and 3.

307-297 Public sector superannuation schemes—elements set by regulations

- (1) This section applies to a *superannuation benefit that is paid from a *public sector superannuation scheme that is not a *constitutionally protected fund.
- (2) Despite any other provision of this Subdivision, the *taxable component of the *superannuation benefit consists of an **element untaxed in the fund** equal to the amount (if any) specified by the

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

regulations in relation to the benefit for the purposes of this section.

- (3) The amount specified must not be less than the amount that would be the *element untaxed in the fund under the other provisions of this Subdivision.

307-300 Certain unclaimed money payments

Preliminary

- (1) This section explains how to work out the *element taxed in the fund, and the *element untaxed in the fund, of the *taxable component of a *superannuation benefit that is a payment by the Commissioner under subsection 17(2), 20H(2), (2AA), (2A) or (3), 20QF(2), 21E(2), 22B(2), 24G(2) or 24NA(2) or (3) of the *Superannuation (Unclaimed Money and Lost Members) Act 1999*.

Element taxed in the fund

- (2) Work out the ***element taxed in the fund*** as follows (unless subsection (3A) applies):

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 307-300

Method statement

Step 1. Work out the amount (the ***unclaimed amount***) (or amounts), set out in column 1 of the table in subsection (3), to which the *taxable component is attributable.

Note: A payment made under subsection 17(2) of the *Superannuation (Unclaimed Money and Lost Members) Act 1999* is attributable to a single unclaimed amount set out in item 1 or 2 of the table.

A payment under subsection 20H(2) or (3) of that Act may be attributable to more than one unclaimed amount.

A payment under subsection 20QF(2) of that Act is attributable to a single unclaimed amount set out in item 3A of the table.

A payment under subsection 21E(2) of that Act is attributable to a single unclaimed amount set out in item 3B of the table.

A payment under subsection 22B(2) of that Act is attributable to a single unclaimed amount set out in item 3C of the table.

A payment made under subsection 24G(2) of that Act is attributable to a single unclaimed amount set out in item 4 of the table.

A payment under subsection 24NA(2) or (3) of that Act may be attributable to more than one unclaimed amount.

Step 2. Assume that the unclaimed amount (or each unclaimed amount), instead of being paid to the Commissioner, had been paid to the person as the payment (the ***claimed equivalent***) set out in column 2 of the table.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Step 3. The *element taxed in the fund* of the *taxable component consists of so much of the taxable component as is attributable to the amount set out in column 3 of the table for the claimed equivalent (or as is attributable to the amounts set out in that column for the claimed equivalents).

(3) This is the table mentioned in subsection (2):

Element taxed in the fund			
Item	Column 1 Unclaimed amount	Column 2 Claimed equivalent	Column 3 Taxed element of claimed equivalent
1	an amount paid, on or after 1 July 2007, to the Commissioner under subsection 17(1) of the <i>Superannuation (Unclaimed Money and Lost Members) Act 1999</i> in respect of the person	a *superannuation benefit paid from a *superannuation plan	the *element taxed in the fund of the *taxable component of that superannuation benefit
2	an amount paid, before 1 July 2007, to the Commissioner under subsection 17(1) of the <i>Superannuation (Unclaimed Money and Lost Members) Act 1999</i> in respect of the person	an eligible termination payment (within the meaning of subsection 27A(1) of the <i>Income Tax Assessment Act 1936</i> , as in force just before 1 July 2007)	the taxed element of the post-June 83 component of that eligible termination payment under Subdivision AA of Division 2 of Part III of the <i>Income Tax Assessment Act 1936</i> , as in force just before 1 July 2007

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Chapter 3 Specialist liability rules

Part 3-30 Superannuation

Division 307 Key concepts relating to superannuation benefits

Section 307-300

Element taxed in the fund			
Item	Column 1 Unclaimed amount	Column 2 Claimed equivalent	Column 3 Taxed element of claimed equivalent
3	an amount paid to the Commissioner under subsection 20F(1) of the <i>Superannuation (Unclaimed Money and Lost Members) Act 1999</i> in respect of the person (other than an amount referred to in section 65AA of the <i>Superannuation Guarantee (Administration) Act 1992</i>)	a *superannuation benefit paid from a *superannuation plan	the *element taxed in the fund of the *taxable component of that superannuation benefit
3A	an amount paid to the Commissioner under section 20QD of the <i>Superannuation (Unclaimed Money and Lost Members) Act 1999</i> in respect of the person	a *superannuation benefit paid from a *superannuation plan	the *element taxed in the fund of the *taxable component of that superannuation benefit
3B	an amount paid to the Commissioner under section 21C of the <i>Superannuation (Unclaimed Money and Lost Members) Act 1999</i> in respect of the person	a *superannuation benefit paid from a *superannuation plan	the *element taxed in the fund of the *taxable component of that superannuation benefit
3C	an amount paid to the Commissioner under section 22 of the <i>Superannuation (Unclaimed Money and Lost Members) Act 1999</i> in respect of the person	a *superannuation benefit paid from a *superannuation plan	the *element taxed in the fund of the *taxable component of that superannuation benefit

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Element taxed in the fund

Item	Column 1 Unclaimed amount	Column 2 Claimed equivalent	Column 3 Taxed element of claimed equivalent
4	an amount paid to the Commissioner under section 24E of the <i>Superannuation (Unclaimed Money and Lost Members) Act 1999</i> in respect of the person	a *superannuation benefit paid from a *superannuation plan	the *element taxed in the fund of the *taxable component of that superannuation benefit

Note 1: Section 65AA of the *Superannuation Guarantee (Administration) Act 1992* requires certain shortfall components to be treated as amounts paid to the Commissioner under subsection 20F(1) of the *Superannuation (Unclaimed Money and Lost Members) Act 1999*.

The effect of excluding such shortfall components from item 3 of the table in this subsection is that the element untaxed in the fund includes so much of the superannuation benefit as is attributable to such a shortfall component.

Note 2: The table in this subsection does not cover interest paid by the Commissioner under subsection 20H(2A) of the *Superannuation (Unclaimed Money and Lost Members) Act 1999*.

The effect of this is that the element untaxed in the fund of the taxable component includes so much of the superannuation benefit as is attributable to such interest.

(3A) The ***element taxed in the fund*** is nil, if the *superannuation benefit is paid under subsection 20H(2AA) of the *Superannuation (Unclaimed Money and Lost Members) Act 1999* (interest).

Note: The taxable component of a superannuation benefit paid by the Commissioner under subsection 17(2AB) or (2AC), 20QF(5) or (6), 21E(5) or (6), 22B(5) or (6) or 24G(3A) or (3B) of the *Superannuation (Unclaimed Money and Lost Members) Act 1999*, or under subsection 20H(2AA) in respect of a person who is not a former temporary resident, is nil: see subsections 307-142(3B) and (4) of this Act.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 307-345

Element untaxed in the fund

- (4) The ***element untaxed in the fund*** of the *taxable component is so much (if any) of the taxable component as is not the element taxed in the fund.

Subdivision 307-F—Low rate cap and untaxed plan cap amounts

Table of sections

307-345 *Low rate cap amount*

307-350 *Untaxed plan cap amount*

307-345 *Low rate cap amount*

Starting amount

- (1) Your ***low rate cap amount*** for the 2007-2008 income year is \$140,000.

Note: However, if you became entitled to a rebate under the corresponding provision of the *Income Tax Assessment Act 1936*, see section 307-345 of the *Income Tax (Transitional Provisions) Act 1997*.

Reductions and increases

- (2) If you receive one or more *superannuation member benefits that are *superannuation lump sums in an income year, reduce your ***low rate cap amount*** for the next income year (but not below zero) by the total of the amounts that:
- (a) are included in your assessable income for the first year in respect of those lump sums; and
 - (b) are counted towards your entitlement to a *tax offset under subsection 301-20(2) or 301-105(4) for the first year.

- (4) For the purposes of subsection (3), the index amount for the 2007-2008 income year is \$140,000. The index amount is then indexed annually.

Note: Subdivision 960-M shows how to index amounts. However, annual indexation does not necessarily increase the index amount: see section 960-285.

307-350 *Untaxed plan cap amount*

- (1) Your **untaxed plan cap amount** for a *superannuation plan at the start of the 2007-2008 income year is \$1,000,000.

 - (i) is a *superannuation lump sum; and
 - (ii) includes an *element untaxed in the fund.
- (2) Reduce your **untaxed plan cap amount** just after that time:
 - (a) if the total of the *elements untaxed in the fund of the *superannuation member benefits to which paragraph (1A)(b) applies falls short of your untaxed plan cap amount at that time—by that total; or
 - (b) otherwise—to nil.
- (2A) For the purposes of subsections (1A) and (2), disregard subsection 307-5(8).

Subdivision 310-B—Choice to transfer losses

Table of sections

310-10	Original fund's assets extend beyond life insurance policies and units in pooled superannuation trusts

310-10 Original fund's assets extend beyond life insurance policies and units in pooled superannuation trusts

- (1) A trustee of:
- (a) a *complying superannuation fund (other than a *self managed superannuation fund) (the *transferring entity* or the *original fund*); or

can choose to transfer losses if an *arrangement is made for which the conditions in this section are satisfied.

Transferring entity's assets include other assets

Original fund's members transfer to a continuing fund

- (3) The second condition is satisfied if, under the *arrangement:
 - (a) the transferring entity ceases to have any members (within the meaning of the *Superannuation Industry (Supervision) Act 1993*) at a particular time (the **completion time**); and

310-40	Effect of transferring a tax loss

310-25 Who losses can be transferred to

An entity choosing under Subdivision 310-B to transfer losses can choose to transfer any or all of the transferring entity's losses set out in section 310-30, in whole or in part, to one or more of the following entities (a *receiving entity*):

- (a) a continuing fund for the choice;
- (b) a *pooled superannuation trust in which units are held by a continuing fund for the choice just after the completion time;
- (c) a *life insurance company with which a *complying superannuation life insurance policy is held by a continuing fund for the choice just after the completion time.

310-30 Losses that can be transferred

(1) The transferring entity's losses that can be transferred are:

- (a) any of its *net capital losses for income years earlier than the income year for the transferring entity that includes the completion time (the *transfer year*), to the extent that it was not *utilised before the completion time (an *earlier year net capital loss*); and
- (b) any net capital loss it would have made for the transfer year were the transfer year to have ended at the completion time (a *transfer year net capital loss*); and
- (c) any of its *tax losses for income years earlier than the transfer year, to the extent that it was not utilised before the completion time (an *earlier year tax loss*); and
- (d) any tax loss it would have incurred for the transfer year were the transfer year to have ended at the completion time (a *transfer year tax loss*);

worked out subject to the modifications set out in this section.

Note: If the entity choosing to transfer losses also chooses an asset roll-over under Subdivision 310-D for the same arrangement, none of the

transfer events for the roll-over will contribute towards a loss transferred under this Subdivision (see subsections 310-55(1), 310-60(3), 310-65(1) and 310-70(1)).

- (2) For a choice under section 310-15 (life insurance companies), work out those losses by only considering the following to the extent that they relate to assets reasonably attributable to a *complying superannuation life insurance policy issued by the transferring entity and held by the original fund:
 - (a) *capital gains from *complying superannuation assets;
 - (b) *capital losses from complying superannuation assets;
 - (c) assessable income covered by subsection 320-137(2) (about complying superannuation assets);

- (3) For a choice under section 310-20 (pooled superannuation trusts), work out those losses by only considering *capital gains, *capital losses, assessable income and deductions to the extent that they relate to assets reasonably attributable to units in the transferring entity held by the original fund.

310-35 Effect of transferring a net capital loss

- (1) To the extent that an earlier year net capital loss is transferred to a receiving entity:
 - (a) the transferring entity is taken not to have made the loss for that earlier income year; and
 - (b) an amount equal to the transferred amount is taken to be:
 - (i) if the receiving entity is a *life insurance company—a *capital loss from *complying superannuation assets made by the receiving entity for the transfer year; and
 - (ii) otherwise—a capital loss made by the receiving entity for the transfer year.
- (2) To the extent that a transfer year net capital loss is transferred to a receiving entity:

Section 310-40

- (a) if the transferring entity is a *life insurance company—the sum of the transferring entity's *capital losses from *complying superannuation assets for the transfer year is reduced by an amount equal to the transferred amount; and
- (b) if the transferring entity is not a life insurance company—the sum of the transferring entity's capital losses for the transfer year is reduced by an amount equal to the transferred amount; and
- (c) if the receiving entity is a life insurance company—an amount equal to the transferred amount is taken to be a capital loss from complying superannuation assets made by the receiving entity for the transfer year; and
- (d) if the receiving entity is not a life insurance company—an amount equal to the transferred amount is taken to be a capital loss made by the receiving entity for the transfer year.

310-40 Effect of transferring a tax loss

- (1) To the extent that an earlier year tax loss is transferred to a receiving entity:
 - (a) the transferring entity is taken not to have incurred the loss for that earlier income year; and
 - (b) for the purposes of section 36-15, an amount equal to the transferred amount is taken to be:
 - (i) if the receiving entity is a *life insurance company—a *tax loss of the *complying superannuation class incurred by the receiving entity for the income year immediately prior to the transfer year; and
 - (ii) otherwise—a tax loss incurred by the receiving entity for the income year immediately prior to the transfer year; and
 - (c) for all other purposes of this Act, an amount equal to the transferred amount is taken to be:
 - (i) if the receiving entity is a life insurance company—a tax loss of the complying superannuation class incurred by the receiving entity for the transfer year; and

- (ii) otherwise—a tax loss incurred by the receiving entity for the transfer year.
- (2) To the extent that a transfer year tax loss is transferred to a receiving entity:
 - (a) if the transferring entity is a *life insurance company—the sum of the transferring entity’s deductions covered by subsection 320-137(4) (about complying superannuation assets) for the transfer year is reduced by an amount equal to the transferred amount; and

Subdivision 310-D—Choice for assets roll-over

Table of sections

310-45	Choosing the assets roll-over
310-50	Choosing the form of the assets roll-over

310-45 Choosing the assets roll-over

- (1) An entity can choose a roll-over under this Subdivision if:
 - (a) the entity makes or could make a choice under Subdivision 310-B (the **losses choice**) to transfer the losses of an entity (the **transferring entity**); and
 - (b) the conditions in this section are satisfied for the *arrangement to which the losses choice relates.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 310-45

- (2) The first condition is that, under the *arrangement, one or more *CGT events (the *transfer events*) happen in relation to the following assets (the *original assets*) of the transferring entity with the result that it ceases to own those assets:
 - (a) for a losses choice under section 310-10 (original funds)—all of its *CGT assets;
 - (b) for a losses choice under section 310-15 (life insurance companies)—all of its CGT assets reasonably attributable to the *complying superannuation life insurance policy held by the original fund for the losses choice just before the arrangement was made;
 - (c) for a losses choice under section 310-20 (pooled superannuation trusts)—all of its CGT assets reasonably attributable to the units in that entity held by the original fund for the losses choice just before the arrangement was made.
- (3) The second condition is that the transfer events all happen in the income year (the *transfer year*) for the transferring entity that includes the completion time for the losses choice.
- (4) The third condition is that, for each transfer event, an asset (the *received asset*) becomes an asset of one of the following (the *receiving entity*) as a result of the event:
 - (a) a continuing fund for the losses choice;
 - (b) a *pooled superannuation trust in which units are held by a continuing fund for the losses choice just after the completion time;
 - (c) a *life insurance company with which a *complying superannuation life insurance policy is held by a continuing fund for the losses choice just after the completion time.
- (5) For the purposes of subsection (2), ignore any *CGT assets retained by the transferring entity:
 - (a) to pay its existing or expected debts relating to the *arrangement; or
 - (b) to meet its liabilities relating to individuals who have remained members (within the meaning of the

310-50 Choosing the form of the assets roll-over

- (1) An entity that chooses a roll-over under this Subdivision must choose the form of the roll-over that applies to each of the following:
 - (a) the original assets that are not *revenue assets;
 - (b) the original assets that are revenue assets.
- (2) In respect of original assets that are not *revenue assets, the entity choosing the roll-over must choose either section 310-55 (global asset approach) or 310-60 (individual asset approach) to apply to the original assets and the corresponding received assets.
- (3) In respect of original assets that are *revenue assets, the entity choosing the roll-over must choose either section 310-65 (global asset approach) or 310-70 (individual asset approach) to apply to the original assets and the corresponding received assets.

Note: The entity choosing the form of the roll-over may choose different forms of roll-over for its CGT assets and revenue assets.

Section 310-55

310-55 CGT assets—if global asset approach chosen

Consequences for transferring entity

- (1) For each of the original assets to which this section applies, the transferring entity's *capital proceeds from the relevant transfer event are taken to be an amount equal to:
 - (a) if, apart from this subsection, the event would result in a *capital gain—the asset's *cost base just before the event; or
 - (b) if, apart from this subsection, the event would result in a *capital loss—the asset's *reduced cost base just before the event.

Note: This section only applies if it is chosen to apply under subsection 310-50(2).

Consequences for receiving entity

- (2) For each of the received assets to which this section applies, the first element of the *cost base of the asset (in the hands of the receiving entity) is taken to be an amount equal to the cost base of the corresponding original asset just before the relevant transfer event.
- (3) For each of the received assets to which this section applies, the first element of the *reduced cost base of the asset (in the hands of the receiving entity) is taken to be an amount equal to the reduced cost base of the corresponding original asset just before the relevant transfer event.

310-60 CGT assets—individual asset approach

Consequences for transferring entity

- (1) The transferring entity may disregard any *capital gain or *capital loss for a transfer event relating to an original asset to which this section applies.

Note: This section only applies if it is chosen to apply under subsection 310-50(2).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (2) Subsections (3), (4) and (5) apply if under subsection (1) the transferring entity disregards a *capital gain or *capital loss for a transfer event relating to an original asset.
- (3) The transferring entity's *capital proceeds from the transfer event are taken to be an amount equal to:
 - (a) if, apart from this subsection, the event would result in a *capital gain—the asset's *cost base just before the event; or
 - (b) if, apart from this subsection, the event would result in a *capital loss—the asset's *reduced cost base just before the event.

Consequences for receiving entity

- (4) The first element of the *cost base of the corresponding received asset (in the hands of the receiving entity) is taken to be an amount equal to the cost base of the original asset just before the event.
- (5) The first element of the *reduced cost base of the corresponding received asset (in the hands of the receiving entity) is taken to be an amount equal to the reduced cost base of the original asset just before the event.

310-65 Revenue assets—if global asset approach chosen

Consequences for transferring entity

- (1) For each of the original assets to which this section applies, the transferring entity's gross proceeds for the relevant transfer event are taken to be the amount (the *deemed proceeds*) the transferring entity would need to have received in order to have a nil profit and nil loss for the event.

Note: This section only applies if it is chosen to apply under subsection 310-50(3).

Consequences for receiving entity

- (2) For each of the received assets to which this section applies, the receiving entity is taken, for the purposes of this Act, to have paid

Section 310-70

an amount for that asset at the time of the transfer event that is equal to the deemed proceeds for the corresponding original asset.

310-70 Revenue assets—individual asset approach

Consequences for transferring entity

- (1) If the transferring entity derives assessable income (other than a *capital gain) or incurs a *tax loss for a transfer event relating to an original asset to which this section applies, the entity choosing the roll-over can choose for the transferring entity's gross proceeds for the event to be taken to be the amount (the **deemed proceeds**) the transferring entity would need to have received in order to have a nil profit and nil loss for the event.

Note: This section only applies if it is chosen to apply under subsection 310-50(3).

Consequences for receiving entity

- (2) If a choice is made under subsection (1), the receiving entity is taken to have paid an amount for the corresponding received asset at the time of the transfer event that is equal to the deemed proceeds for the event.

310-75 Further consequences for roll-overs involving life insurance companies

- (1) Section 320-200 (about consequences of transferring assets to or from a complying superannuation asset pool) does not apply for a transfer event for the roll-over if either the transferring entity or the receiving entity is a *life insurance company.
- (2) If the receiving entity for the roll-over is a *life insurance company, each received asset of that entity is taken:
 - (a) to be a *complying superannuation asset of that entity; and
 - (b) not to be, in whole or in part, a *life insurance premium.
