Module BB—Clean energy supplement

1067L-BB1 A clean energy supplement is to be added to the person's (the *recipient's*) maximum basic rate if the recipient is residing in Australia and:

- (a) is in Australia; or
- (b) is temporarily absent from Australia and has been so for a continuous period not exceeding 13 weeks.

However, this Module does not apply if quarterly clean energy supplement is payable to the recipient.

Note: Section 918 may affect the addition of the clean energy supplement.

Recipient has reached pension age

- 1067L-BB2 If the recipient has reached pension age, the recipient's clean energy supplement is $\frac{1}{26}$ of the amount worked out by:
- (a) applying the applicable percentage in the following table to the clean energy pension rate; and
 - (b) rounding the result of paragraph (a) up or down to the nearest multiple of \$2.60 (rounding up if that rate is not a multiple of \$2.60 but is a multiple of \$1.30).

Percentage to be applied		
Item	Recipient's family situation	Use this %
1	Not a member of a couple	66.33%
2	Partnered	50%
3	Member of an illness separated couple	66.33%
4	Member of a respite care couple	66.33%
5	Partnered (partner in gaol)	66.33%

Note: For *clean energy pension rate*, see section 20B.

Recipient has not reached pension age

- 1067L-BB3 If the recipient has not reached pension age, the recipient's clean energy supplement is the recipient's clean energy (under pension age) rate.

- 1067L-BB4 The recipient's *clean energy (under pension age) rate* is worked out by:

- (a) working out 1.7% of the maximum basic rate, worked out:
 - (i) for 1 January 2014; and
 - (ii) for a person whose circumstances on that day were the same as the recipient's current circumstances; and

(b) rounding the result of paragraph (a) up or down to the nearest multiple of 10 cents (rounding up if that result is not a multiple of 10 cents but is a multiple of 5 cents).

915 When quarterly clean energy supplement is payable

Quarterly clean energy supplement is payable to a person for each day for which an election by the person under subsection 915A(1) or 1061VA(1) is in force in relation to a social security payment the person is receiving.

Note: Section 918 may affect the person's qualification for quarterly clean energy supplement.

915A Electing to receive quarterly clean energy supplement

(1) If:

- (a) Part 2.25C (about quarterly pension supplement) does not apply to a person in relation to a social security payment the person is receiving; and
- (b) clean energy supplement is used to work out the rate of that social security payment;

the person may, in a manner or way approved by the Secretary, make an election to receive the person's clean energy supplement under this Division as a separate social security payment.

Note: The person could make an election under subsection 1061VA(1) if Part 2.25C applies to the person in relation to the social security payment. That election would cause quarterly clean energy supplement to be payable (see section 915).

(2) An election comes into force as soon as practicable after it is made.

- (3) An election ceases to be in force if the person ceases to receive a social security payment (a *main payment*) calculated using a Rate Calculator that has a clean energy supplement Module.
- (4) The person may, in a manner or way approved by the Secretary, revoke an election. A revocation takes effect as soon as practicable after it happens.

915B Rate of quarterly clean energy supplement

- (1) The person's daily rate of quarterly clean energy supplement, for a particular day, is:
 - (a) if the Rate Calculator for the main payment received on that day produces an annual rate— $1/364$ of the amount that, apart from this Division, would be the person's clean energy supplement for that day; or
 - (b) if the Rate Calculator for the main payment received on that day produces a fortnightly rate— $1/14$ of the amount that, apart from this Division, would be the person's clean energy supplement for that day.
- (2) This section has effect subject to subsection 1210(3A).

48D Payment of quarterly clean energy supplement

- (2) An instalment of quarterly clean energy supplement is to be paid to a person as soon as is reasonably practicable on or after the first supplement test day (the *current test day*) that follows a day for which quarterly clean energy supplement is payable to the person.

Note: For when quarterly clean energy supplement is payable to the person, see section 915 of the 1991 Act.

- (3) The amount of the instalment is worked out by:
 - (a) working out the amount of the person's quarterly clean energy supplement for each day during the test period for

which quarterly clean energy supplement is payable to the person; and

(b) adding up the amounts resulting from paragraph (a).

(4) In this section:

supplement test day means:

- (a) 20 March; or
- (b) 20 June; or
- (c) 20 September; or
- (d) 20 December.

test period means the period:

Division 8—Adjustments relating to clean energy household assistance

1206GF Special rules for indexation of certain rates on or after 20 March 2013

- (1) The indexation factor for an amount set out in subsection (2) on an indexation day on or after 20 March 2013 is to be reduced by the brought forward CPI indexation amount, but not below 1.

Note: Once the brought forward CPI indexation amount becomes 0, there will be no further reduction of the factor.

Example: Assume that the indexation factor worked out under section 1193 on 20 March 2013 is 1.003. The brought forward CPI indexation amount in relation to 20 March 2013 is 0.007 (as there has been no previous reduction). That indexation factor is reduced to 1 on 20 March 2013.

Further assume that on 20 September 2013 the indexation factor is 1.010. The brought forward CPI indexation amount in relation to 20 September 2013 is 0.004. That indexation factor is reduced to 1.006 on 20 September 2013.

The brought forward CPI indexation amount in relation to later indexation days is now 0 so there is no further reduction of the indexation factor.

- (2) For the purposes of subsection (1), the amounts are as follows:
- (a) pension MBR;
 - (b) PS rate;
 - (c) PS minimum rate;
 - (d) PS basic rate;
 - (e) benefit MBR (ordinary);
 - (f) pension supplement component for pension bonus;
 - (g) maximum transitional pension rates.
- (3) The living cost indexation factor worked out under section 1197:
- (a) for pension MBR, except to the extent that pension MBR covers the maximum basic rate for pension PP (single); and
 - (b) for each indexation day on or after 20 March 2013; is to be reduced by the brought forward PBLCI indexation amount, but not below 1.

Note: Once the brought forward PBLCI indexation amount becomes 0, there will be no further reduction of the factor.

Example: Assume that the living cost indexation factor worked out under section 1197 on 20 March 2013 is 1.003. The brought forward PBLCI indexation amount in relation to 20 March 2013 is 0.007 (as there has been no previous reduction). That indexation factor is reduced to 1 on 20 March 2013.

Further assume that on 20 September 2013 the living cost indexation factor is 1.010. The brought forward PBLCI indexation amount in relation to 20 September 2013 is 0.004. That indexation factor is reduced to 1.006 on 20 September 2013.

The brought forward PBLCI indexation amount in relation to later indexation days is now 0 so there is no further reduction of the living cost indexation factor.

- (4) Neither paragraph (2)(a), nor subsection (3), affect:
- (a) the rate of a payment worked out under clause 146 of Schedule 1A; or
 - (b) an amount worked out in relation to a pension because of clause 149 of that Schedule.
- (5) In this section:

brought forward CPI indexation amount, in relation to a day, means:

- (a) if subsection (3) applies for the amount, and the brought forward PBLCI indexation amount in relation to the day is 0—0; and
- (b) otherwise—0.007 less any reduction made under subsection (1) for a previous day.

brought forward PBLCI indexation amount, in relation to a day, means:

- (a) if the brought forward CPI indexation amount in relation to the day is 0—0; and
- (b) otherwise—0.007 less any reduction made under subsection (3) for a previous day.

1206GG Special rules for indexation of certain rates on or after 1 January 2014

- (1) The indexation factor for AP MBR or YA MBR on an indexation day on or after 1 January 2014 is to be reduced by the brought forward indexation amount, but not below 1.

(2) In this section:

brought forward indexation amount, in relation to a day, means 0.007 less any reduction made under this section for a previous day.

Note: Once the brought forward indexation amount becomes 0, there will be no further reduction of the factor.

Example: Assume that the indexation factor worked out under section 1193 on 1 January 2014 is 1.003. The brought forward indexation amount in relation to 1 January 2014 is 0.007 (as there has been no previous reduction). That indexation factor is reduced to 1 on 1 January 2014.

Further assume that on 1 January 2015 the indexation factor is 1.010. The brought forward indexation amount in relation to 1 January 2015 is 0.004. That indexation factor is reduced to 1.006 on 1 January 2015.

The brought forward indexation amount in relation to later indexation days is now 0 so there is no further reduction of the indexation factor.

where:

clean energy supplement component means the clean energy supplement worked out under point 1064-C3 for a person who is not a member of a couple:

- (a) whether or not the person for whom the income cut-out amount is being worked out is a member of a couple; and
- (b) whether or not that Module applies to the person for whom the income cut-out amount is being worked out.

maximum basic rate means the amount specified in column 3 of item 1 of the table in point 1064-B1.

ordinary free area limit means the amount specified in column 3 of item 1 in Table E-1 in point 1064-E4.

pension supplement component means the pension supplement amount worked out under point 1064-BA3 for a person who is not a member of a couple:

- (a) whether or not the person for whom the income cut-out amount is being worked out is a member of a couple; and
- (b) whether or not that point applies to the person for whom the income cut-out amount is being worked out.

 - (ii) the main rate would be reduced as described in paragraph (1)(b);

the person's quarterly clean energy supplement is reduced to the same extent (if any) that the component of the main rate that would correspond to the person's clean energy supplement would be reduced under subsection (1) were quarterly clean energy supplement not payable to the person.

- (a) in relation to any day during the period starting on 1 July 2012 and ending on 30 June 2013, a determination under section 18 of the Family Assistance Administration Act is in force in respect of the individual because the Secretary is satisfied that the individual is eligible for family tax benefit under section 33 of this Act because of the death of another individual; and
 - (b) either:
 - (i) the Secretary has determined that the other individual was entitled to an amount of a clean energy advance, but the other individual died before the amount was paid; or

- (ii) the Secretary is satisfied that the other individual would have become entitled to an amount of a clean energy advance if the other individual had not died.

Note: The amount of the advance is worked out under section 107.

- (2) If the Secretary makes a determination under subsection (1), no-one else is, or can become, entitled to a clean energy advance because of the death of the other individual.

Division 2—Amount of clean energy advance

105 Amount of advance where entitlement under section 103

- (1) On the day (the *decision day*) that the Secretary determines that an individual is entitled to a clean energy advance under section 103, the Secretary must work out the amount of the advance.

Secretary determines entitlement before 1 July 2012

- (2) If the decision day is before 1 July 2012, the amount of the individual's clean energy advance is, subject to subsections (5) and (6), worked out as follows:

Method statement

Step 1. Work out the individual's clean energy daily rate (see section 106) on the decision day (assuming that any rate or amount that is to be indexed on 1 July 2012 had already been indexed on the decision day).

Step 2. Multiply the amount at step 1 by 365: the result is the amount of the individual's clean energy advance.

Secretary determines entitlement in the 2012-13 income year

- (3) If the decision day is on or after 1 July 2012 and before 1 July 2013, the amount of the individual's clean energy advance is, subject to subsections (5) and (6), worked out as follows:

Method statement

- Step 1. Work out the sum of the individual's clean energy daily rates (see section 106) for each day in the period beginning on 1 July 2012 and ending on the decision day.
- Step 2. Multiply the individual's clean energy daily rate on the decision day by the number of days in the 2012-13 income year that are after the decision day.
- Step 3. Work out the sum of the amounts at steps 1 and 2: the result is the amount of the individual's clean energy advance.

Secretary determines entitlement on or after 1 July 2013

- (4) If the decision day is on or after 1 July 2013, the amount of the individual's clean energy advance is, subject to subsections (5) and (6), the sum of the individual's clean energy daily rates (see section 106) for each day in the 2012-13 income year.

Reduced amount if rate took account of a section 28 or 29 percentage determination

- (5) If, in relation to any of the following days:
- (a) if the decision day is before 1 July 2012—the decision day;
 - (b) if the decision day is on or after 1 July 2012 and before 1 July 2013—a day in the period beginning on 1 July 2012 and ending on the decision day;
 - (c) if the decision day is on or after 1 July 2013—a day in the 2012-13 income year;

a determination under section 28 or 29 of a particular percentage in relation to one or more FTB children of the individual is in effect, the clean energy daily rate for that day is that percentage of the clean energy daily rate that would otherwise apply.

Legislative instrument

- (6) If:
- (a) an individual is entitled to a clean energy advance under section 103 in relation to an FTB child; and
 - (b) before the decision day in relation to the individual, a former partner of the individual was entitled to a clean energy

advance under section 103 or 108 in relation to that FTB child; and

- (c) at the time the former partner became so entitled, the individual and the former partner were members of the same couple;

then:

- (d) subsections (2) to (5) do not apply in relation to working out the amount of the individual's clean energy advance; and
- (e) the amount of the individual's clean energy advance is worked out in accordance with an instrument made under subsection (7) (which may be nil).

- (7) The Minister may, by legislative instrument, specify a method for working out the amount of clean energy advances for the purposes of subsection (6).

106 Clean energy daily rate

- (1) An individual's *clean energy daily rate* for a day is worked out as follows:

Method statement

Step 1. If the individual's rate of family tax benefit on that day (disregarding reductions (if any) under clause 5 or 25A of Schedule 1) consisted of or included a Part A rate greater than nil:

- (a) if the Part A rate is worked out under clause 3 of Schedule 1 and the individual's income and maintenance tested rate exceeds the individual's base rate—work out the sum of the amounts at paragraphs (a) and (ca) of step 1 of the method statement in that clause; or
- (b) if the Part A rate is worked out under clause 3 of Schedule 1 and the individual's income and maintenance tested rate is less than or equal to the individual's base rate—work out the sum of the amounts at paragraphs (a) and (d) of step 1 of the method statement in clause 25 of that Schedule; or

- (c) if the Part A rate is worked out under clause 25 of Schedule 1 and the individual's Method 2 income and maintenance tested rate is less than or equal to the individual's provisional Part A rate—work out the sum of the amounts at paragraphs (a) and (d) of step 1 of the method statement in that clause; or
- (d) if the Part A rate is worked out under clause 25 of Schedule 1 and the individual's Method 2 income and maintenance tested rate exceeds the individual's provisional Part A rate—work out the sum of the amounts at paragraphs (a) and (ca) of step 1 of the method statement in clause 3 of that Schedule.

Step 2. If the individual's rate of family tax benefit on that day consisted of or included a Part B rate greater than nil, work out whichever of the following amounts is appropriate:

- (a) the sum of the amounts under paragraphs 29(1)(a) and (b) of Schedule 1;
- (b) the sum of the amounts at paragraphs (a) and (b) of step 1 of the method statement in subclause 29(2) of Schedule 1;
- (c) the sum of the amounts under paragraphs 29A(2)(a) and (b) of Schedule 1.

Step 3. Work out the sum of the amounts at steps 1 and 2.

Step 4. Multiply the amount at step 3 by 0.017.

Step 5. Divide the amount at step 4 by 365 (rounded to the nearest cent (rounding 0.5 cents upwards)); the result is the individual's *clean energy daily rate* for that day.

- (2) If steps 1 and 2 of the method statement in subsection (1) do not apply in relation to an individual on a day, the individual's *clean energy daily rate* for that day is nil.

- (3) An individual's *clean energy daily rate* for a day is nil if the individual is an absent overseas recipient on that day (disregarding section 63A).
- (4) The calculation under subsection (1) for a day is to be done disregarding any FTB child of the individual who is an absent overseas FTB child (disregarding section 63A) on that day.
- (5) The calculation under subsection (1) is to be done disregarding section 32.
- (6) If:
 - (a) the decision day (see subsection 105(1)) is before 1 July 2013; and
 - (b) on the decision day:
 - (i) an FTB child of the individual is outside Australia and the FTB child left Australia before 1 April 2013; and
 - (ii) that FTB child is not an absent overseas FTB child (disregarding section 63A);then the calculation under subsection (1) of this section on the decision day is to be done disregarding that FTB child.
- (7) If the child referred to in subsection (6) returns to Australia before 1 July 2013, then, for the purposes of section 108, there is taken to be a change in the individual's circumstances on the day of the child's return.
- (8) If the child referred to in subsection (6) does not return to Australia before 1 July 2013, then, for the purposes of section 108, there is taken to be a trigger day of 30 June 2013 in relation to the individual.

107 Amount of advance where entitlement under section 104

If the Secretary makes a determination under subsection 104(1) that an individual is entitled to a clean energy advance, the amount of the advance is the amount referred to in subparagraph 104(1)(b)(i) or (ii) (as the case requires).

Division 3—Top-up payments of clean energy advance

108 Top-up payments of clean energy advance

General case

- (1) If:
- (a) the Secretary pays a clean energy advance (the ***original payment***) to an individual in circumstances where the Secretary determined the individual is entitled to the advance under section 103 and where the amount of the advance is not worked out under subsection 105(6); and
 - (b) the decision day (see subsection 105(1)) is before 1 July 2013; and
 - (c) on a day (the ***trigger day***) after the decision day and before 1 July 2013, the individual's circumstances change so that:
 - (i) if the individual has not previously become entitled to a payment under this section—the amount of the original payment is less than the amount of the clean energy advance that would have been paid to the individual if the decision day had been the trigger day; or
 - (ii) if the individual has previously become entitled to one or more payments under this section—the sum of those payments and the original payment is less than the amount of the clean energy advance that would have been paid to the individual if the decision day had been the trigger day;

then the individual is entitled to a further payment of clean energy advance equal to the amount of the shortfall.

Case involving former partner

- (2) If:
- (a) the Secretary pays a clean energy advance (the ***original payment***) to an individual in circumstances where the Secretary determined the individual is entitled to the advance under section 103 and where the amount of the advance is worked out under subsection 105(6); and
 - (b) the decision day (see subsection 105(1)) is before 1 July 2013; and

- (c) on a day after the decision day and before 1 July 2013, the individual's circumstances change; and
- (d) the individual is entitled to a further payment of clean energy advance in accordance with an instrument made under subsection (3);

then the amount of the individual's further clean energy advance is worked out in accordance with an instrument made under subsection (3) (which may be nil).

- (3) The Minister may, by legislative instrument:
 - (a) specify the circumstances in which individuals are entitled to further payments of clean energy advances for the purposes of subsection (2); and
 - (b) specify a method for working out the amount of further clean energy advances for the purposes of subsection (2).

Interpretation

- (4) For the purposes of this section, there is taken not to be a change in the individual's circumstances merely because a determination under section 28 in relation to the individual is varied or ceases to be in force.

Division 4—General rules

109 General rules

If:

- (a) an individual is entitled to a clean energy advance under section 103 or 108 in relation to an FTB child; and
- (b) the amount of the advance was not worked out by applying subsection 105(5);

then, while the individual is a member of a couple, the other member of the couple is not entitled to a clean energy advance under section 103 or 108 in relation to that child.

- then the Secretary must not pay the clean energy advance to the individual at a time that is earlier than the time family tax benefit is paid to the individual, or the individual's partner, in relation to that day.
- (3) If:
- (a) the decision day (see subsection 105(1) of the Family Assistance Act) is on or after 1 July 2013; and
 - (b) in relation to one or more days in the 2012-13 income year, section 32AA or 32AD of this Act prevents the Secretary from making a payment of family tax benefit to the individual, or the individual's partner, worked out on the basis referred to in subsection 20(1), (2A) or (3) of this Act;

38AB Base FTB clean energy child amount

For the purposes of this Division, the ***base FTB clean energy child amount*** for an FTB child of an individual is the amount that would be the FTB clean energy child amount under subclause 38AF(2) if the individual's clean energy supplement (Part A) were being worked out under Subdivision B and clause 38AG did not apply.

38AC FTB clean energy child amount—recipient of other periodic payments

The FTB clean energy child amount for an FTB child of an individual is the base FTB clean energy child amount (see clause 38AB) if:

38AE Sharing family tax benefit (shared care percentages)

Item	Category of FTB child
1	FTB child who has not turned 18, or who has turned 18 and who is a senior secondary school child
2	FTB child who has turned 18 and who is not a senior secondary school child

- (2) For the purposes of subclause (1), the ***FTB clean energy child amount***, in relation to an item in the table in subclause (1), is worked out as follows:

Method statement

- Step 1. Work out the amount applicable on 1 July 2013 under:
- (a) for item 1 of that table—paragraph 26(2)(a); or
 - (b) for item 2 of that table—paragraph 26(2)(b).
- Step 2. Work out the FTB gross supplement amount on 1 July 2013 under subclause 38A(3).
- Step 3. Work out the sum of the amounts at steps 1 and 2.
- Step 4. Multiply the amount at step 3 by 0.017.
- Step 5. Round the amount at step 4 to the nearest multiple of \$3.65 (rounding up if necessary): the result is the ***FTB clean energy child amount***.

- (3) This clause does not apply in relation to a day if an election made by the individual under subsection 58A(1) is in force on that day.

Note: If that election is in force on one or more days in a quarter, then after the end of the quarter the Secretary must review the instalment determination taking into account this Subdivision: see section 105B of the Family Assistance Administration Act.

38AG Sharing family tax benefit (shared care percentages)

If an individual has a shared care percentage for an FTB child of the individual, the FTB clean energy child amount for the child, in working out the individual's clean energy supplement (Part A), is the individual's shared care percentage of the FTB clean energy child amount that would otherwise apply to the child.

105B Review of instalment determination—taking account of clean energy supplements

- (1) This section applies if:
 - (a) a determination under section 16 is in force in a quarter under which an individual is entitled to be paid family tax benefit by instalment; and
 - (b) disregarding subsection (2) of this section, an election made by the individual under subsection 58A(1) of the Family Assistance Act is in force on one or more days in that quarter.
- (2) After the end of that quarter:
 - (a) for the purposes of subsection 105(1), the Secretary is taken to be satisfied that there is sufficient reason to review the determination; and
 - (b) the Secretary must exercise the power conferred by subsection 105(1) to review the determination; and
 - (c) the review must be done by assuming that:
 - (i) Division 2B of Part 4 of Schedule 1 to the Family Assistance Act and Division 2AA of Part 5 of that Schedule applied in relation to those days; and
 - (ii) the election was not in force on those days.

Note: Those Divisions deal with clean energy supplement (Part A) and clean energy supplement (Part B).

Definition

(3) In this section:

quarter means a period of 3 months beginning on 1 July, 1 October, 1 January or 1 April.

Note: This section applies in relation to the quarter beginning on 1 July 2013 and all later quarters: see item 34 of Schedule 2 to the *Clean Energy (Household Assistance Amendments) Act 2011*.

34 Application of amendments

- (1) The amendments made by items 15 and 33 apply in relation to the quarter beginning on 1 July 2013 and all later quarters.
- (2) The amendments made by items 15A to 28 apply in relation to the 2013-14 income year and later income years.
- (3) The amendments made by items 29 to 32 apply in relation to the indexation day that is 1 July 2014 and all later indexation days.

35 Saving

- (1) This item applies if:
 - (a) under subitem 6(2) of Schedule 1 to the *Family Assistance and Other Legislation Amendment Act 2011*, the amendments made by that Schedule do not affect the payability to an individual (the **adult**) of family tax benefit for another individual (the **child**) for a day in the period (the **transitional period**) described in subitem 6(4) of that Schedule; and
 - (b) immediately before 1 July 2013, that period had not ended.
- (2) For the purposes of working out if item 5 of the table in subclause 38AA(1) of Schedule 1 to the *A New Tax System (Family Assistance) Act 1999* applies in relation to the adult and the child on or after 1 July 2013 and before the end of the transitional period, the reference in that item to 22 is taken to be a reference to 25.

Part 3—Clean energy advances for approved care organisations

36 Administrative scheme for paying clean energy advances to approved care organisations

- (1) A Minister administering the *A New Tax System (Family Assistance) Act 1999* may, by legislative instrument, determine a scheme under which payments of clean energy advances may be made to approved care organisations (within the meaning of that Act) in particular circumstances. The Minister may, by legislative instrument, vary or revoke the scheme.
- (2) The circumstances in which the scheme provides for payments must be circumstances occurring in relation to the period starting on 14 May 2012 and ending on 30 June 2013.
- (3) Without limiting subitem (1), the scheme may deal with the following:
 - (a) the circumstances in which payments are to be made;
 - (b) the amount of the payments;
 - (c) what an approved care organisation has to do to get a payment;
 - (d) debt recovery;
 - (e) administrative matters, such as determination of entitlement and how and when payments will be made;
 - (f) the review of decisions made under the scheme (including internal review, review by the Social Security Appeals Tribunal or review by the Administrative Appeals Tribunal).
- (4) For the purposes of subsection 12(1) of the *Legislative Instruments Act 2003*, an instrument made under subitem (1) (except an instrument of revocation) does not take effect until the end of the period in which it could be disallowed in either House of the Parliament.
- (5) Payments under the scheme are to be made out of the Consolidated Revenue Fund, which is appropriated accordingly.

Part 4—Clean energy supplement for approved care organisations

A New Tax System (Family Assistance) Act 1999

37 Subsection 58(2)

Repeal the subsection, substitute:

Annual rate of family tax benefit to approved care organisation

- (2) An approved care organisation's annual rate of family tax benefit for an individual is the sum of:
- (a) the organisation's standard rate under subsection (2A); and
 - (b) the organisation's clean energy supplement under subsection (2B).
- (2A) An approved care organisation's standard rate for an individual is \$1,372.40.
- (2B) An approved care organisation's clean energy supplement for an individual is worked out as follows:

Method statement

- Step 1. Work out the amount applicable under subsection (2A) on 1 July 2013.
- Step 2. Multiply the amount at step 1 by 0.017.
- Step 3. Round the amount at step 2 to the nearest multiple of \$3.65 (rounding up if necessary): the result is the *clean energy supplement*.

- (1) Paragraph 58(2)(b) and subsection 58(2B) of the *A New Tax System (Family Assistance) Act 1999*, as inserted by this Act, apply in relation to the 2013-14 income year and later income years.
- (2) The amendments made by items 39 and 41 apply in relation to the indexation day that is 1 July 2014 and all later indexation days.

Part 4—Transitional indexation provisions

46 At the end of Part 4 of Schedule 4

Add:

10 Adjustment of indexation factor for certain amounts on and after 1 July 2013

- (1) This clause applies to the following amounts:
 - (a) FTB child rate (A1);
 - (b) FTB child rate (A2);
 - (c) FTB standard rate (B);
 - (d) FTB standard ACO rate.
- (2) For each amount to which this clause applies, the indexation factor, worked out under clause 5 for each indexation day that is on or after 1 July 2013, is to be reduced by the brought forward indexation amount, but not below 1.
- (3) In this clause:

brought forward indexation amount, in relation to an indexation day, means 0.007 less any reduction made under this clause for a previous indexation day.

Note: Once the brought forward indexation amount becomes zero, there will be no further reduction of the indexation factor.

Example: Assume that the indexation factor worked out under clause 5 on 1 July 2013 is 1.004. The brought forward indexation amount in relation to 1 July 2013 is 0.007 (as there has been no previous reduction). That indexation factor is reduced to 1 on 1 July 2013.

Further assume that on 1 July 2014 the indexation factor is 1.010. The brought forward indexation amount in relation to 1 July 2014 is 0.003. That indexation factor is reduced to 1.007 on 1 July 2014.

The brought forward indexation amount in relation to later indexation days is now zero so there is no further reduction of the indexation factor.

11 Adjustment of indexation factor for certain amounts on and after 1 July 2014

- (1) This clause applies to the following amounts:
 - (a) FTB gross supplement amount (A);
 - (b) FTB gross supplement amount (B).
- (2) For each amount to which this clause applies, the indexation factor, worked out under clause 5 for each indexation day (a *reduction day*) that is on or after 1 July 2014, is to be reduced by the brought forward indexation amount, but not below 1.
- (3) In this clause:

brought forward indexation amount, in relation to a reduction day, means 0.007 less:

- (a) any reduction made under subclause 10(2) on 1 July 2013; and
- (b) any reduction made under this clause for a previous reduction day.

Note: Once the brought forward indexation amount becomes zero, there will be no further reduction of the indexation factor.

Example: Assume that the indexation factor worked out under clause 5 on 1 July 2014 is 1.010 and that there was a reduction of 0.004 under subclause 10(2) on 1 July 2013.

The brought forward indexation amount in relation to 1 July 2014 is 0.003. The indexation factor worked out under clause 5 on 1 July 2014 is reduced to 1.007.

The brought forward indexation amount in relation to later reduction days is now zero so there is no further reduction of the indexation factor.

 - (c) the amount of the clean energy supplement (Part B) under Division 2B of Part 4 of that Schedule.

Part IIIE—Clean energy payments

Division 1—Clean energy advances

Subdivision A—Eligibility for clean energy advances

61A Persons receiving clean energy underlying payments

Eligibility for days before 1 July 2012

- (1) The Commission may, on a day during the period starting on 14 May 2012 and ending on 30 June 2012, determine that a person is eligible for a clean energy advance for a clean energy underlying payment if, on that day:
 - (a) the person receives the payment; and
 - (b) the person's rate of the payment is greater than nil; and
 - (ba) the person is residing in Australia; and
 - (c) the person is in Australia.

Note: For *clean energy underlying payment* see subsection 5Q(1).

Eligibility for days in period 1 July 2012-19 March 2013

- (2) The Commission may determine that a person is eligible for a clean energy advance for a clean energy underlying payment if, on a day in the period starting on 1 July 2012 and ending on 19 March 2013:
 - (a) the person receives the payment; and
 - (b) the person's rate of the payment is greater than nil; and

- (ba) the person is residing in Australia; and
- (c) the person is in Australia.

Note: For *clean energy underlying payment* see subsection 5Q(1).

- (3) A determination under subsection (2) must specify the first day during the period set out in that subsection for which the person:
 - (a) satisfies paragraphs (2)(a), (b) and (ba); and
 - (b) is in Australia, disregarding any temporary absence from Australia for a continuous period not exceeding 13 weeks.

Disregard nil rate in certain circumstances

- (4) For the purposes of subsections (1) and (2), a person is taken to receive a clean energy underlying payment at a rate greater than nil even if the person's rate would be nil, or pension would not be payable, merely because:
 - (a) the rate is reduced, or pension is not payable, under Division 4, 5 or 5A of Part II or section 74; or
 - (b) an election by the person under subsection 60A(1) (Quarterly pension supplement) is in force.

Only one determination for a particular person and clean energy underlying payment

- (5) The Commission must not make a determination under subsection (2) relating to a person and a clean energy underlying payment if the Commission has made a determination under subsection (1) or (2) relating to the same person and clean energy underlying payment.

61B One advance for each clean energy underlying payment

A separate clean energy advance is payable to a person for each clean energy underlying payment for which the Commission has determined that the person is eligible for a clean energy advance.

Note: This section is subject to section 65A (multiple entitlement exclusions).

Subdivision B—Amount of a clean energy advance

61C Amount of a clean energy advance

- (1) On the day (the *decision day*) that the Commission determines that a person is eligible for a clean energy advance for a clean energy underlying payment, the Commission must work out the amount of the advance.

Note: The advance will be paid in a lump sum as soon as is reasonably practicable: see section 61G.

- (2) The amount of the advance is the result of the following formula rounded up to the nearest multiple of \$10:

Clean energy advance daily rate × Number of advance days

where:

clean energy advance daily rate is worked out under section 61D.

number of advance days is worked out under section 61E.

61D Clean energy advance daily rate

For pension at rate affected by Division 4 of Part II

 - (a) working out 1.7% of the rate for 1 July 2012 specified in whichever one of those subsections is relevant; and
 - (b) adding 20 cents to the result of paragraph (a); and
 - (c) rounding the result of paragraph (b) up or down to the nearest multiple of 10 cents (rounding up if that result is not a multiple of 10 cents but is a multiple of 5 cents); and
 - (d) dividing the result of paragraph (c) by 14.

Note: For **member of a couple**, **partnered**, **illness separated couple** and **respite care couple** see subsections 5E(1) and (5) and 5R(5) and (6) respectively.

- (6) For the purposes of the table in subsection (5) (and of paragraph (5)(d)), a person's family situation is to be determined as at whichever of the following days is relevant:
- (a) the day the Commission determines under subsection 61A(1) that the person is eligible for the clean energy advance for service pension or seniors supplement;
 - (b) the day specified under subsection 61A(3) in a determination under subsection 61A(2) that the person is eligible for the

clean energy advance for service pension or seniors supplement.

61E *Number of advance days*

The person's *number of advance days* is the number of days in the period:

- (a) starting on 1 July 2012 or, if the person is eligible for the clean energy advance because of a determination under subsection 61A(2), the day specified under subsection 61A(3) in the determination; and
- (b) ending on 19 March 2013.

Subdivision C—Top-up payments of clean energy advance

61F *Top-up payments of clean energy advance*

- (1) The Commission may by legislative instrument determine that persons:
 - (a) who have been paid the amount (the *original payment*) of a specified clean energy advance for a clean energy underlying payment (the *original underlying payment*) worked out under Subdivision B; and
 - (b) whose circumstances change, within a period specified in the instrument, in a way that is specified in the instrument and is covered by subsection (2) or (3);are eligible for a further payment, of the amount worked out in accordance with the instrument, of the clean energy advance.
- (2) This subsection covers a person's circumstances changing in a way such that:
 - (a) immediately after the change the Commission could still have determined that the person would have been eligible for a clean energy advance for the original underlying payment, had the Commission not already made such a determination; and
 - (b) had the amount of the original payment been worked out by reference to the person's circumstances immediately after the change, the clean energy advance daily rate that would have been used for working out that amount would have been

greater than the rate actually used for working out that amount.

- (3) This subsection covers a change in a person's circumstances that, apart from a multiple entitlement exclusion, would (if any necessary administrative decisions were made) entitle the person to a clean energy bonus, under an Act or a scheme, relating to a payment other than the original underlying payment.
- (4) For the purposes of subsection (3), a **multiple entitlement exclusion** is an instrument that:
 - (a) provides a person is not entitled to a clean energy bonus under an Act or a scheme because of the person's entitlement to or receipt of the original payment or the original underlying payment; and
 - (b) is made under:
 - (i) section 65A; or
 - (ii) section 424L of the MRCA; or
 - (iii) section 918 of the Social Security Act;or is an instrument establishing entitlements to a clean energy bonus under a scheme.
- (5) An instrument under subsection (1) may provide for:
 - (a) different periods for changes in circumstances depending on different changes in circumstances; and
 - (b) different ways of working out further amounts of the original payment depending on different changes in circumstances.

Subdivision D—Payment of clean energy advance

61G Payment of clean energy advance

- (1) An amount of clean energy advance for which a person is eligible is payable in a single lump sum on the day that the Commission considers to be the earliest day on which it is reasonably practicable for the amount to be paid.
- (2) However, the clean energy advance is not payable if the Commission is aware that the person has died.

Subdivision E—Debts

61H Debts relating to clean energy advances

- (1) This section applies if:
 - (a) a person has been paid a clean energy advance for a clean energy underlying payment; and
 - (b) after the advance was paid, one of the following events happens to a determination that directly or indirectly affected the payability or amount of the clean energy advance paid to the person:
 - (i) the determination is changed, revoked or set aside;
 - (ii) the determination is superseded by another determination; and
 - (c) the event happened wholly or partly because the person knowingly made a false or misleading statement or knowingly provided false information; and
 - (d) had the event happened on or before the day the advance was paid:
 - (i) the advance would not have been paid; or
 - (ii) the advance would have been reduced.

Note 1: Examples of determinations directly affecting the payability or amount of the clean energy advance include:

- (a) a determination relating to the person's eligibility for the clean energy underlying payment to which the advance related; and
- (b) the determination of the person's eligibility for the clean energy advance.

Note 2: An example of a determination indirectly affecting the amount of the advance is a determination relating to a change in circumstances that results in the person becoming eligible for a further payment of the advance under an instrument made under section 61F.

Creation and amount of debt

- (2) The advance is a debt due to the Commonwealth by the person if subparagraph (1)(d)(i) applies.
- (3) The amount by which the advance would have been reduced is a debt due to the Commonwealth by the person if subparagraph (1)(d)(ii) applies.

Relationship with other sections

- (4) The other provisions of this Act under which debts arise do not apply in relation to clean energy advances to which this section applies.
- (5) A debt that arises under this section is a recoverable amount within the meaning of subsection 205(8).

Division 5—Multiple entitlement exclusions

65A Multiple entitlement exclusions

- (1) The Commission may by legislative instrument determine that persons in circumstances specified in the instrument are not entitled to a clean energy bonus under this Act that is specified in the instrument.

Note: For *clean energy bonus* see subsection 5Q(1).

- (2) Those circumstances must relate to persons' entitlement to or receipt of one or more of the following:
 - (a) another clean energy bonus under this Act;
 - (b) a clean energy bonus under the MRCA;
 - (c) a clean energy bonus under the Social Security Act;
 - (d) a clean energy bonus under a scheme (however described), whether or not the scheme is provided for by or under an Act.
- (3) An instrument under subsection (1) has effect according to its terms, despite any other provision of this Act.

For the purposes of sections 62A and 62B, a person is taken to receive a pension under Part II or IV at a rate greater than nil even if the person's rate would be nil, or pension would not be payable, merely because the rate is reduced, or pension is not payable, under Division 4, 5 or 5A of Part II or section 74.

62D Electing for quarterly payment of clean energy supplement for pension under Part II or IV

Election

- (1) A person may, in a manner or way approved by the Commission, make an election to be paid quarterly instalments of:
 - (a) the person's clean energy supplement under section 62A; or
 - (b) the person's clean energy supplement under section 62B.

Note 1: If the person is receiving both kinds of pension under Part II or IV, he or she may make an election relating to one kind but not the other or make separate elections for each kind.

Note 2: If a person does not make an election to be paid quarterly instalments of the clean energy supplement for one of those kinds of pensions, the supplement for that kind of pension will be paid in instalments under section 121.

- (2) The election:
 - (a) comes into force as soon as practicable after it is made; and
 - (b) ceases to be in force if the pension ceases to be payable to the person; and
 - (c) may be revoked by the person, in a manner or way approved by the Commission, with effect as soon as practicable after the revocation is made.

Quarterly payment

- (3) If the election is in force on a day in the 3 months starting on 20 March, 20 June, 20 September or 20 December, an instalment of the clean energy supplement is to be paid to the person on, or as soon as reasonably practicable after, the day after the end of that period.
- (4) The amount of the instalment is the total amount of the clean energy supplement payable to the person for the days in that period

on which the election was in force. For this purpose, the rate of the clean energy supplement payable for a day is $\frac{1}{14}$ of the fortnightly rate of the supplement that applied on that day.

Subdivision B—Quarterly clean energy supplement for service pension

62E Quarterly clean energy supplement for service pension

- (1) Quarterly clean energy supplement for service pension that a person is receiving is payable, as a separate payment, to the person for each day for which an election by the person is in force under subsection 60A(1).

Note 1: There is no provision for quarterly clean energy supplement for seniors supplement, because seniors supplement is always paid quarterly (see section 118PC).

Note 2: Section 65A may affect the person's entitlement to quarterly clean energy supplement.

- (2) If the election is in force on a day in the 3 months starting on 20 March, 20 June, 20 September or 20 December, an instalment of quarterly clean energy supplement is to be paid to the person on, or as soon as reasonably practicable after, the day after the end of that period.
- (3) The amount of the instalment is the total amount of the quarterly clean energy supplement payable to the person for the days in that period on which the election was in force.
- (4) For the purposes of subsection (3), the rate of quarterly clean energy supplement payable for a day is $\frac{1}{364}$ of what would be the person's clean energy supplement under the Rate Calculator for the day apart from this section.

Reductions

- (5) This section is subject to subclause 4(5) of Schedule 6.
- (6) If:
 - (a) an election by the person under subsection 60A(1) is in force on a particular day; and
 - (b) apart from this subsection, the portion of the instalment of the person's quarterly clean energy supplement that corresponds

to that day would be reduced under subclause 4(5) of Schedule 6, but not reduced to a nil amount;
the amount of that portion of the instalment is not to be reduced under subclause 4(5) of Schedule 6.

- (a) a service pension;
 - (b) seniors supplement;
 - (c) a pension under Part II or IV at a rate determined under or by reference to Division 4 of Part II or subsection 30(1);
 - (d) Special Rate Disability Pension under the MRCA;
 - (e) compensation under Division 2 (Compensation for member's death for wholly dependent partners) of Part 2 of Chapter 5 of the MRCA.

Note 1: Section 198 of the MRCA sets Special Rate Disability Pension by reference to the rate of pension under section 24 of this Act (so indexation of amounts affecting that rate also affects that pension).

Note 2: Division 2 of Part 2 of Chapter 5 of the MRCA sets compensation under that Division by reference to the rate of pension under

subsection 30(1) of this Act (so indexation of amounts affecting that rate also affects the compensation).

Adjustment of indexation factor

- (2) An indexation factor that:
- (a) is worked out under section 59D on a day that is on or after 20 March 2013; and
 - (b) is directly or indirectly relevant to the indexation of an amount provided for by:
 - (i) subsection 5GA(1) (which provides for the PS rate mentioned in table item 2 of section 59A); or
 - (ii) subsection 5GA(2) (which provides for the PS minimum rate mentioned in table item 2A of section 59A); or
 - (iii) subsection 5GA(4) (which provides for the PS basic rate mentioned in table item 2B of section 59A); or
 - (iv) subsection 22(3) or (4), 23(4) or 24(4); or
 - (v) paragraph 30(1)(a) or (b); or
 - (vi) table item 2 of point SCH6-B1 of the Rate Calculator (which provides for the pension MBR mentioned in table item 1 of section 59A);

is, for the purposes of the indexation of such an amount on that day, to be reduced by the brought-forward CPI indexation amount, but not below 1.

- Note 1: An indexation factor worked out under section 59D is indirectly relevant to the indexation of an amount provided for by subsection 22(3) or (4), 23(4) or 24(4) or paragraph 30(1)(b). This is because:
- (a) section 198 provides for indexation of such an amount by reference to the pension MBR factor worked out under section 59LA; and
 - (b) the pension MBR factor depends on the increase in the single pension rate MBR amount, which in turn depends (under section 59G) on indexation of the pension MBR amount under section 59C, which involves the indexation factor worked out under section 59D.
- Note 2: An indexation factor worked out under section 59D is indirectly relevant to the indexation of an amount provided for by paragraph 30(1)(a). This is because that amount is affected by indexation under section 59G, which in turn depends on indexation under section 59C.
- Note 3: Once the brought-forward CPI indexation amount becomes 0, there will be no further reduction of the indexation factor.

Schedule 3 Clean energy payments under the Veterans' Entitlements Act
Part 3 Indexation

Example: Assume that the indexation factor worked out under section 59D on 20 March 2013 is 1.005. The brought-forward CPI indexation amount in relation to 20 March 2013 is 0.007 (as there has been no previous reduction). That indexation factor is reduced to 1 on 20 March 2013.

Further assume that on 20 September 2013 the indexation factor is 1.010. The brought-forward CPI indexation amount in relation to 20 September 2013 is 0.002. That indexation factor is reduced to 1.008 on 20 September 2013.

The brought-forward CPI indexation amount in relation to later indexation days is now 0 so there is no further reduction of the indexation factor.

Definition of brought-forward CPI indexation amount

(3) In this section:

brought-forward CPI indexation amount for a day means:

- (a) 0.007 less any reduction made under subsection (2) for an earlier day; or
- (b) 0 if the brought-forward PBLCI indexation amount for the day under section 198MB is 0.

198MB Adjustment of living cost indexation factor for limited time on and after 20 March 2013 for certain purposes

Application

- (1) This section applies for purposes connected with the following payments on or after 20 March 2013:
- (a) a service pension;
 - (b) a pension under Part II or IV at a rate determined under or by reference to section 22, 23 or 24 or subsection 30(1);
 - (c) Special Rate Disability Pension under the MRCA;
 - (d) compensation under Division 2 (Compensation for member's death for wholly dependent partners) of Part 2 of Chapter 5 of the MRCA.

Note 1: Section 198 of the MRCA sets Special Rate Disability Pension by reference to the rate of pension under section 24 of this Act (so indexation of amounts affecting that rate also affects that pension).

Note 2: Division 2 of Part 2 of Chapter 5 of the MRCA sets compensation under that Division by reference to the rate of pension under subsection 30(1) of this Act (so indexation of amounts affecting that rate also affects the compensation).

Adjustment of living cost indexation factor

- (2) A living cost indexation factor that:
- (a) is worked out under section 59EAB on a day that is on or after 20 March 2013; and
 - (b) is directly or indirectly relevant to the indexation of an amount provided for by:
 - (i) subsection 22(3) or (4), 23(4) or 24(4); or
 - (ii) paragraph 30(1)(a) or (b); or
 - (iii) table item 2 of point SCH6-B1 of the Rate Calculator (which provides for the pension MBR mentioned in table item 1 of section 59A);

is, for the purposes of the indexation of such an amount on that day, to be reduced by the brought-forward PBLCI indexation amount, but not below 1.

Note 1: A living cost indexation factor worked out under section 59EAB is indirectly relevant to the indexation of an amount provided for by subsection 22(3) or (4), 23(4) or 24(4) or paragraph 30(1)(b). This is because:

- (a) section 198 provides for indexation of such an amount by reference to the pension MBR factor worked out under section 59LA; and
- (b) the pension MBR factor depends on the increase in the single pension rate MBR amount, which in turn depends (under section 59G) on indexation of the pension MBR amount under section 59C, which may involve the living cost indexation factor worked out under section 59EAB.

Note 2: A living cost indexation factor worked out under section 59EAB is indirectly relevant to the indexation of an amount provided for by paragraph 30(1)(a). This is because that amount is affected by indexation under section 59G, which in turn depends on indexation under section 59C.

Note 3: Once the brought-forward PBLCI indexation amount becomes 0, there will be no further reduction of the living cost indexation factor.

Example: Assume that the living cost indexation factor worked out under section 59EAB on 20 March 2013 is 1.005. The brought-forward PBLCI indexation amount in relation to 20 March 2013 is 0.007 (as there has been no previous reduction). That living cost indexation factor is reduced to 1 on 20 March 2013.

Further assume that on 20 September 2013 the living cost indexation factor is 1.010. The brought-forward PBLCI indexation amount in relation to 20 September 2013 is 0.002. That living cost indexation factor is reduced to 1.008 on 20 September 2013.

The brought-forward PBLCI indexation amount in relation to later indexation days is now 0 so there is no further reduction of the indexation factor.

Definition of brought-forward PBLCI indexation amount

(3) In this section:

brought-forward PBLCI indexation amount for a day means:

- (a) 0.007 less any reduction made under subsection (2) for an earlier day; or
- (b) 0 if the brought-forward CPI indexation amount for the day under section 198MA is 0.

58 At the end of Part 5 of Schedule 5

Add:

35 Special rules for indexation of rates payable under clause 30

- (1) This clause applies if clause 30 affects the rate at which service pension is payable to a person for a day on or after 20 March 2013.
- (2) Subsection 198MA(2), and the definition of *brought forward CPI indexation amount* (except paragraph (b) of that definition) in subsection 198MA(3), apply in relation to the amount described in subparagraph 30(4)(a)(i) of this Schedule for the person in the same way as they apply in relation to the person's PS minimum rate.
- (3) The following provisions do not affect the rate of the person's service pension worked out under clause 30 or an amount worked out in relation to the person's pension because of clause 34:
 - (a) subparagraph 198MA(2)(b)(vi);
 - (b) section 198MB.

A separate clean energy advance is payable to a person for each clean energy underlying payment for which the Commission has determined that the person is eligible for a clean energy advance.

Note: This section is subject to section 424L (multiple entitlement exclusions).

Division 2—Amount of a clean energy advance

424E Amount of a clean energy advance

- (1) On the day (the *decision day*) that the Commission determines that a person is eligible for a clean energy advance for a clean energy underlying payment, the Commission must work out the amount of the advance.

Note: The advance will be paid in a lump sum as soon as is reasonably practicable: see section 424J.

- (2) The amount of the advance is the result of the following formula rounded up to the nearest multiple of \$10:

Clean energy advance daily rate × Number of advance days

where:

clean energy advance daily rate is worked out under section 424F.

number of advance days is worked out under section 424G.

424F Clean energy advance daily rate

For compensation under Part 2 of Chapter 4

- (1) The **clean energy advance daily rate** for compensation under Part 2 of Chapter 4 is the same as that rate worked out under subsection 61D(1) of the *Veterans' Entitlements Act 1986* for a pension at a rate determined under subsection 22(3) of that Act.

For Special Rate Disability Pension

- (2) The **clean energy advance daily rate** for Special Rate Disability Pension is the same as that rate worked out under subsection 61D(1) of the *Veterans' Entitlements Act 1986* for a pension at a rate determined under subsection 24(4) of that Act.

424G Number of advance days

The person's **number of advance days** is the number of days in the period:

- (a) starting on 1 July 2012 or, if the person is eligible for the clean energy advance because of a determination under subsection 424A(2), 424B(2) or 424C(2), the day specified under that subsection in the determination; and
- (b) ending on:
 - (i) 19 March 2013, if the clean energy underlying payment is Special Rate Disability Pension or compensation under Division 2 of Part 2 of Chapter 5; or
 - (ii) 30 June 2013, if the clean energy underlying payment is compensation under Part 2 of Chapter 4.

Division 3—Top-up payments of clean energy advance

424H Top-up payments of clean energy advance

- (1) The Commission may by legislative instrument determine that persons:
 - (a) who have been paid the amount (the *original payment*) of a specified clean energy advance for a clean energy underlying payment (the *original underlying payment*) worked out under Division 2; and
 - (b) whose circumstances change, within a period specified in the instrument, in a way that is specified in the instrument and is covered by subsection (2) or (3);are eligible for a further payment, of the amount worked out in accordance with the instrument, of the clean energy advance.
- (2) This subsection covers a person's circumstances changing in a way such that:
 - (a) immediately after the change the Commission could still have determined that the person would have been eligible for a clean energy advance for the original underlying payment, had the Commission not already made such a determination; and
 - (b) had the amount of the original payment been worked out by reference to the person's circumstances immediately after the change, the clean energy advance daily rate that would have been used for working out that amount would have been greater than the rate actually used for working out that amount.
- (3) This subsection covers a change in a person's circumstances that, apart from a multiple entitlement exclusion, would (if any necessary administrative decisions were made) entitle the person to a clean energy bonus, under an Act or a scheme, relating to a payment other than the original underlying payment.
- (4) For the purposes of subsection (3), a *multiple entitlement exclusion* is an instrument that:
 - (a) provides a person is not entitled to a clean energy bonus under an Act or a scheme because of the person's entitlement to or receipt of the original payment or the original underlying payment; and

- (b) is made under:
 - (i) section 424L; or
 - (ii) section 65A of the *Veterans' Entitlements Act 1986*; or
 - (iii) section 918 of the *Social Security Act 1991*;or is an instrument establishing entitlements to a clean energy bonus under a scheme.
- (5) An instrument under subsection (1) may provide for:
 - (a) different periods for changes of circumstances depending on different changes in circumstances; and
 - (b) different ways of working out further amounts of the original payment depending on different changes in circumstances.

Division 4—Payment of clean energy advance

424J Payment of clean energy advance

- (1) An amount of clean energy advance for which a person is eligible is payable in a single lump sum on the day that the Commission considers to be the earliest day on which it is reasonably practicable for the advance to be made.
- (2) However, the clean energy advance is not payable if the Commission is aware that the person has died.

Division 5—Debts

424K Debts relating to clean energy advances

- (1) This section applies if:
 - (a) a person has been paid a clean energy advance for a clean energy underlying payment; and
 - (b) after the advance was paid, one of the following events happens to a determination that directly or indirectly affected the payability or amount of the clean energy advance paid to the person:
 - (i) the determination is changed, revoked or set aside;
 - (ii) the determination is superseded by another determination; and

Schedule 4 Clean energy payments under the Military Rehabilitation and Compensation Act

Part 1 Clean energy advances

- (c) the event happened wholly or partly because the person knowingly made a false or misleading statement or knowingly provided false information; and
- (d) had the event happened on or before the day the advance was paid:
 - (i) the advance would not have been paid; or
 - (ii) the advance would have been reduced.

Note 1: Examples of determinations directly affecting the payability or amount of the clean energy advance include:

- (a) a determination relating to the person's eligibility for the clean energy underlying payment to which the advance related; and
- (b) the determination of the person's eligibility for the clean energy advance.

Note 2: An example of a determination indirectly affecting the amount of the advance is a determination relating to a change in circumstances that results in the person becoming eligible for a further payment of the advance under an instrument made under section 424H.

Creation and amount of debt

- (2) The advance is a debt due to the Commonwealth by the person if subparagraph (1)(d)(i) applies.
- (3) The amount by which the advance would have been reduced is a debt due to the Commonwealth by the person if subparagraph (1)(d)(ii) applies.

Recovery of debt

- (4) A debt under this section is recoverable by the Commission from the person in a court of competent jurisdiction.
- (5) The recoverable amount may be deducted from an amount that is payable to or for the benefit of the person under this Act.

- (2) Those circumstances must relate to persons' entitlement to or receipt of one or more of the following:
 - (a) another clean energy bonus under this Act;
 - (b) a clean energy bonus under the *Veterans' Entitlements Act 1986*;
 - (c) a clean energy bonus under the *Social Security Act 1991*;

- (1) On the day (the *decision day*) that the Secretary determines that a person (the *recipient*) is qualified for a clean energy advance, the Secretary must work out the amount of the advance.

Note: The advance will be paid in a lump sum as soon as is reasonably practicable (see subsection 25(4) and section 26C).

- (2) The amount of the advance is the result of the following formula rounded up to the nearest multiple of \$10:

Clean energy advance daily rate × Number of advance days

- (3) However, no amount is payable under this section for the qualification if:
- (a) the qualification is under section 8G; and
 - (b) a clean energy advance has already been paid to the recipient for a qualification under section 8H.

Note: The qualification under section 8G may result in a top-up payment under section 24F.

24D Clean energy advance daily rate

Recipient has reached pension age

- (1) If the recipient reaches pension age on or before the decision day, the recipient's **clean energy advance daily rate** is worked out by:
- (a) working out 1.7% of the total of:
 - (i) double the maximum basic rate under Pension Rate Calculator A, worked out for 1 July 2012 for a person who is partnered; and
 - (ii) the combined couple rate of pension supplement for 1 July 2012; and
 - (b) rounding the result of paragraph (a) up or down to the nearest multiple of \$5.20 (rounding up if that result is not a multiple of \$5.20 but is a multiple of \$2.60); and
 - (c) adding \$5.20 to the result of paragraph (b); and
 - (d) applying the applicable percentage in the following table to the result of paragraph (c); and
 - (e) dividing the result of paragraph (d) by 364.

Percentage to be applied		
Item	Recipient's family situation on the advance qualification day	Use this %
1	Not a member of a couple	66.33%
2	Partnered	50%
3	Member of an illness separated couple	66.33%
4	Member of a respite care couple	66.33%
5	Partnered (partner in gaol)	66.33%

Recipient under pension age but not of youth allowance age

- (2) If the recipient is not covered by subsection (1) and is not of youth allowance age on the advance qualification day, the recipient's **clean energy advance daily rate** is worked out by:
- (a) working out 1.7% of the maximum basic rate for newstart allowance, worked out:
 - (i) for 1 July 2012; and
 - (ii) for a person in circumstances the same as the recipient's on the advance qualification day; and
 - (b) rounding the result of paragraph (a) up or down to the nearest multiple of 10 cents (rounding up if that result is not a multiple of 10 cents but is a multiple of 5 cents); and
 - (c) adding 20 cents to the result of paragraph (b); and
 - (d) dividing the result of paragraph (c) by 14.

Recipient under 21 with a partial capacity to work

- (3) If, on the advance qualification day, the recipient is under 21 and has a partial capacity to work, the recipient's **clean energy advance daily rate** is worked out by:
- (a) working out 1.7% of the total of the maximum basic rate, and the youth disability supplement, for youth allowance, worked out:
 - (i) for the first day of the recipient's clean energy advance period; and
 - (ii) for a person in circumstances the same as the recipient's on the advance qualification day; and
 - (b) rounding the result of paragraph (a) up or down to the nearest multiple of 10 cents (rounding up if that result is not a multiple of 10 cents but is a multiple of 5 cents); and
 - (c) adding 20 cents to the result of paragraph (b); and
 - (d) dividing the result of paragraph (c) by 14.

Other recipients of youth allowance age

- (4) If, on the advance qualification day, the recipient is of youth allowance age and not covered by subsection (3), the recipient's **clean energy advance daily rate** is worked out by:
- (a) working out 1.7% of the maximum basic rate for youth allowance, worked out:

- (i) for the first day of the recipient's clean energy advance period; and
- (ii) for a person in circumstances the same as the recipient's on the advance qualification day; and
- (b) rounding the result of paragraph (a) up or down to the nearest multiple of 10 cents (rounding up if that result is not a multiple of 10 cents but is a multiple of 5 cents); and
- (c) adding 20 cents to the result of paragraph (b); and
- (d) dividing the result of paragraph (c) by 14.

24E *Number of advance days*

The recipient's *number of advance days* is the number of days in the recipient's clean energy advance period that are on or after:

- (a) if the recipient qualifies for the clean energy advance before 1 July 2012—1 July 2012; or
- (b) otherwise—the advance qualification day.

24F **Top-up payments of clean energy advance**

Work out adjusted amount if circumstances change

- (1) If:
 - (a) the Secretary pays a clean energy advance (the *original payment*) to the recipient; and
 - (b) the recipient's circumstances change on a day (the *change day*) before the end of the recipient's clean energy advance period;

work out an amount under subsection (3). However, if this section has previously applied to the recipient, work out an amount under subsection (4).

When a top-up is payable

- (2) If the total of:
 - (a) the original payment; and
 - (b) any previous payments under this subsection;falls short of the amount worked out under subsection (3) or (4) (as applicable), the recipient is qualified for a further payment of clean energy advance equal to the amount of the shortfall.

Note: The advance will be paid in a lump sum as soon as is reasonably practicable (see subsection 25(4) and section 26C).

Adjusted amount for the earliest change day

- (3) For the purposes of subsection (1), round up to the nearest multiple of \$10 the result of the formula:

Original pro-rata amount + First pro-rata amount

where:

first pro-rata amount means the amount that would be the result of the formula set out in subsection 24C(2) if:

- (a) the advance qualification day were the change day; and
- (b) if the change day is specified in a determination, for the recipient, under subsection 8G(2) because of subsection 8G(3):
 - (i) the recipient's clean energy advance period were worked out by reference to the qualification resulting from that determination; and
 - (ii) the reference in subsection 24D(1) to the decision day were a reference to the change day.

Note: Paragraph (b) only applies if the recipient qualifies a second time for a clean energy advance, this time under section 8G (whereas the recipient qualified for the original payment under section 8H).

original pro-rata amount means the amount that would be the result of the formula set out in subsection 24C(2) if the recipient's number of advance days did not include days on or after the change day.

Note: The formula set out in subsection 24C(2) does not include the rounding mentioned in that subsection.

Adjusted amount for later change days

- (4) For the purposes of subsection (1), round up to the nearest multiple of \$10 the sum of the following:

- (a) the original pro-rata amount worked out under subsection (3) for the earliest change day;
- (b) the first pro-rata amount worked out under subsection (3) for the earliest change day but as if the number of advance days did not include days on or after the next change day;

- (c) the amount for each change day later than the earliest worked out in a way corresponding to the way the first pro-rata amount was worked out under paragraph (b) for the earliest change day.
