Australian Radiation Protection and Nuclear Safety Agency

Invitation to make submissions on an application for a facility licence under the *Australian Radiation Protection and Nuclear Safety Act 1998*

The Chief Executive Officer (CEO) of the Australian Radiation Protection and Nuclear Safety Agency (ARPANSA) intends to make a decision under section 32 of the *Australian Radiation Protection and Nuclear Safety Act 1998* on the following licence application:

Application by the Australian Nuclear Science and Technology Organisation for a licence to operate a nuclear installation being a facility at the Lucas Heights Science and Technology Centre for housing intermediate level solid waste returned from France and the United Kingdom following the reprocessing of HIFAR spent fuel.

In accordance with Regulation 40 of the Australian Radiation Protection and Nuclear Safety Regulations 1999, the CEO of ARPANSA invites submissions from the public about the application. The CEO will take submissions received into account when making a decision on whether or not to grant the licence for the application.

The application can be downloaded from the ARPANSA website at
