

**ASSISTANT SECRETARY, NSW AND ACT ASSESSMENTS AND FUEL BRANCH,  
DEPARTMENT OF THE ENVIRONMENT**

**NOTICE UNDER SECTION 17 OF THE *FUEL QUALITY STANDARDS ACT 2000* CONCERNING  
A DECISION TO VARY AN APPROVAL GRANTED UNDER SECTION 13 OF THAT ACT**

I, Simon Banks, Assistant Secretary, NSW and ACT Assessments and Fuel Branch, delegate of the Minister for the Environment, provide the following information concerning my decision to grant an approval under section 13 of the *Fuel Quality Standards Act 2000*.

On 4 June 2014 an approval was granted to International Motorsport Solutions Pty Ltd. The approval varies the Fuel Standard (Petrol) Determination 2001 to permit the supply of racing fuel as specified in the approval. International Motorsport Solutions Pty Ltd has since applied for a variation to the approval to add one regulated person.

**Period of operation**

The variation comes into force on the date of signing and remains in force until 4 June 2016.

**Additional regulated person**

The following regulated person has been added to the approval:

S&S Racing Dynocentre Pty Ltd      21A Davies Avenue      SUNSHINE NORTH VIC 3020  
ABN 48108442397

**Summary of reasons for the approval**

I grant the approval as provided for in section 15 of the Act for the following reasons:

1. The volume of fuel to be supplied under the approval is unlikely to alter significantly by the addition of one regulated person, therefore no significant additional impact on the environment is expected.
2. The addition of one regulated person to the approval is not expected to pose significant safety concerns.

**Simon Banks  
Assistant Secretary  
25 August 2015**
