

**REDISTRIBUTION OF FEDERAL ELECTORAL DIVISIONS IN TASMANIA  
SUGGESTIONS AND COMMENTS ON SUGGESTIONS**

In accordance with section 64 of the *Commonwealth Electoral Act 1918* (the Electoral Act), the Electoral Commissioner invites interested persons or organisations to make written suggestions, from Wednesday 2 November 2016, about the redistribution of federal electoral divisions for the House of Representatives in Tasmania; and to make written comments on the suggestions which are lodged.

**WHY IS A REDISTRIBUTION REQUIRED?**

A redistribution of federal electoral divisions in Tasmania is required because more than seven years have elapsed since the last redistribution. On 1 September 2016, in accordance with section 59 of the Electoral Act, the Electoral Commission directed that a redistribution commence.

As part of a determination on 13 November 2014 of the number of members of the House of Representatives to which each state and territory will be entitled at the next federal general election, it was determined that Tasmania remains entitled to five members of the House of Representatives.

**WHO WILL CONDUCT THE REDISTRIBUTION?**

The redistribution will be conducted by a Redistribution Committee appointed by the Electoral Commission in accordance with section 60 of the Electoral Act.

The Electoral Act requires that the Redistribution Committee for Tasmania comprise the Electoral Commissioner, the Australian Electoral Officer for Tasmania, and two senior officials based in Tasmania.

**LEGAL REQUIREMENTS FOR A REDISTRIBUTION**

In making its proposed redistribution, the Redistribution Committee is bound by section 66 of the Electoral Act.

The number of electors in each proposed electoral division must not deviate by more than 10 per cent above or below the current enrolment quota. The current enrolment quota for Tasmania was determined by the Electoral Commissioner to be 75 014 as at 1 September 2016.

As far as practicable, the Redistribution Committee will ensure that the number of electors enrolled in each division at 14 May 2021 (the projection time) will not deviate by more than 3.5 per cent above or below the projected enrolment quota of 76 983.

The actual and projected enrolment figures, current and projected enrolment quotas, and the redistribution timetable, are available on the Australian Electoral Commission (AEC) website: [www.aec.gov.au/tas-redistribution](http://www.aec.gov.au/tas-redistribution)

Section 66 of the Electoral Act also provides that the Redistribution Committee:

*'give due consideration, in relation to each proposed Electoral Division, to:*

- (i) community of interests within the proposed Electoral Division, including economic, social and regional interests;*
- (ii) means of communication and travel within the proposed Electoral Division;*
- (iv) the physical features and area of the proposed Electoral Division; and*
- (v) the boundaries of existing Divisions in the State or Territory'*

Consideration of existing boundaries is subordinate to the other factors set out above.

**THE BOUNDARIES OF THE ELECTORAL DIVISIONS WILL CHANGE**

On the boundaries in place when the redistribution started on 1 September 2016, the number of electors enrolled in all Tasmanian divisions meet the requirement to be not more than plus or minus 10 per cent of

the current enrolment quota of 75 014. However, the Divisions of Franklin and Braddon do not meet the requirement to be not more than plus or minus 3.5 per cent of the projected enrolment quota of 76 983 at the projection time, as:

- the projected enrolment for the Division of Braddon of 73 286 is less than the permissible minimum number of projected electors of 74 289 at the projection time of 14 May 2021, and
- the projected enrolment for the Division of Franklin of 80 997 is more than the permissible maximum number of projected electors of 79 677 at the projection time of 14 May 2021.

As a consequence, the Redistribution Committee will be required to adjust the boundaries of electoral divisions so that the requirements of the Electoral Act can be met. In adjusting the boundaries of the Divisions of Braddon and Franklin, to ensure they are within the parameters required, it may become necessary to adjust the boundaries of other electoral divisions. This will ensure they also meet the required parameters.

## **THE REDISTRIBUTION PROCESS**

The redistribution is carried out in accordance with the Electoral Act. The key stages of the redistribution process are as follows.

### **Step 6 - The second redistribution proposal**

After it has considered all objections and comments, the augmented Electoral Commission will make its own proposed redistribution.

### **Step 7 - Further objections**

If, in the opinion of the augmented Electoral Commission, their proposal is significantly different from the Redistribution Committee's proposal, the augmented Electoral Commission will invite further objections.
