

Australian Radiation Protection and Nuclear Safety Act 1998

Notice of intention to make a decision on a facility licence application

Pursuant to sub-regulation 40(2) of the Australian Radiation Protection and Nuclear Safety Regulations 1999, the CEO of the Australian Radiation Protection and Nuclear Safety Agency intends to make a decision under section 32 of the *Australian Radiation Protection and Nuclear Safety Act 1998* regarding the following application for a facility licence:

Application No. A0320 from Australian Radiation Protection and Nuclear Safety Agency, Medical Radiation Services to construct a Radiation Prescribed Facility at 619 Lower Plenty Rd, Yallambie Victoria 3085.

The facility will be a particle accelerator (linear accelerator) with a beam energy of more than 1 MeV and will be used as a national facility for calibration of radiotherapy linear accelerators in Australia and overseas.
