

**REDISTRIBUTION OF FEDERAL ELECTORAL DIVISIONS IN VICTORIA
SUGGESTIONS AND COMMENTS ON SUGGESTIONS
25 OCTOBER 2023**

In accordance with section 64 of the *Commonwealth Electoral Act 1918* (the Electoral Act), the Electoral Commissioner invites interested persons or organisations to make written suggestions, from Wednesday 25 October 2023, about the redistribution of federal electoral divisions for the House of Representatives in Victoria; and to make written comments on the suggestions which are lodged.

WHY IS A REDISTRIBUTION REQUIRED?

A redistribution of federal electoral divisions in Victoria is required following a determination on Thursday 27 July 2023 of the number of members of the House of Representatives to which each state and territory will be entitled at the next federal general election. Victoria's entitlement decreased from 39 to 38 members of the House of Representatives. On Wednesday 9 August 2023, in accordance with section 59 of the Electoral Act, the Electoral Commission directed that a redistribution commence.

WHO WILL CONDUCT THE REDISTRIBUTION?

The redistribution will be conducted by a Redistribution Committee appointed by the Electoral Commission in accordance with section 60 of the Electoral Act.

The Electoral Act requires that the Redistribution Committee for Victoria comprise the Australian Electoral Commissioner, the Australian Electoral Officer for Victoria, and two senior officials based in Victoria.

LEGAL REQUIREMENTS FOR A REDISTRIBUTION

In making its proposed redistribution, the Redistribution Committee is bound by section 66 of the Electoral Act.

The number of electors in each proposed electoral division must not deviate by more than 10 per cent above or below the redistribution quota. The redistribution quota for Victoria was determined by the Electoral Commissioner to be 116,894.

As far as practicable, the Redistribution Committee will ensure that the number of electors enrolled in each electoral division at Monday 17 April 2028 (the projection time) will not deviate by more than 3.5 per cent above or below the projected enrolment quota of 127,238.

The actual and projected enrolment figures, current and projected enrolment quotas, and the redistribution timetable, are available on the Australian Electoral Commission (AEC) website: www.aec.gov.au/vic-redistribution

Section 66 of the Electoral Act also provides that the Redistribution Committee:

'give due consideration, in relation to each proposed Electoral Division, to:

- (i) community of interests within the proposed Electoral Division, including economic, social and regional interests;*
- (ii) means of communication and travel within the proposed Electoral Division;*
- (iv) the physical features and area of the proposed Electoral Division; and*

(v) *the boundaries of existing Divisions in the State or Territory'*

Consideration of existing boundaries is subordinate to the other factors set out above.

THE BOUNDARIES OF THE ELECTORAL DIVISIONS WILL CHANGE

Abolishing a federal electoral division will require consequential changes to be made to the boundaries of existing federal electoral divisions.

In addition, on the boundaries in place when the redistribution commenced on Wednesday 9 August 2023:

- all federal electoral divisions meet the requirement to be within plus and minus 10 per cent of the redistribution quota of 116,894, and
- 14 electoral divisions do not meet the requirement to be within plus and minus 3.5 per cent of the projected enrolment quota of 127,238 at the projection time of Monday 17 April 2028.

As a consequence, the Redistribution Committee will be required to adjust the boundaries of electoral divisions so that the requirements of the Electoral Act can be met. In adjusting the boundaries of the 14 federal electoral divisions which do not currently meet the required parameters, it may become necessary to adjust the boundaries of other federal electoral divisions. This will ensure they also meet the required parameters.

THE REDISTRIBUTION PROCESS

The redistribution is carried out in accordance with the Electoral Act. The key stages of the redistribution process are as follows.

Step 1 - Suggestions

Any interested person or organisation who wishes to make suggestions relating to the boundaries or names of electoral divisions, has until **6pm Australian Eastern Daylight Time (AEDT) Friday 24 November 2023** to lodge them in writing with the Redistribution Committee via the means listed in the 'How to lodge a suggestion or comment on a suggestion' section below. Suggestions received after the prescribed lodgement time cannot be considered.

People or organisations making suggestions are requested, where practical, to provide any paper maps in A4/A3 size to facilitate copying.

Step 2 - Comments on the suggestions

The suggestions will be available for public inspection **from Monday 27 November 2023** at the office of the Australian Electoral Officer for Victoria (see the AEC website for information about how to make an appointment) and on the AEC's website (www.aec.gov.au/vic-redistribution). Any comments on the suggestions must be lodged in writing with the Redistribution Committee by **6pm AEDT Friday 8 December 2023**. Comments received after the prescribed lodgement time cannot be considered.

Step 3 - Redistribution proposal

After considering the written suggestions and comments, the Redistribution Committee will propose a redistribution of federal electoral divisions for Victoria. Maps showing the proposed boundaries and names of electoral divisions will then be published in selected newspapers and on the AEC website and will be made available at all AEC offices in Victoria.

Step 4 - Objections to the proposed redistribution

Objections to the proposed redistribution must be lodged within 28 days of the publication of the proposed redistribution. There is a further 14-day period for lodgement of written comments on any objections.

Step 5 - Objections considered by the augmented Electoral Commission

The augmented Electoral Commission for Victoria considers all objections and comments on objections. The augmented Electoral Commission comprises the members of the Redistribution Committee together with the Chairperson of the AEC and the third member of the Electoral Commission.

Step 6 - The second redistribution proposal

After it has considered all objections and comments, the augmented Electoral Commission will make its own proposed redistribution.

Step 7 - Further objections

If, in the opinion of the augmented Electoral Commission, their proposal is significantly different from the Redistribution Committee's proposal, the augmented Electoral Commission will invite further objections.

Step 8 - Final determination

After considering all submissions the augmented Electoral Commission will make a final determination of boundaries and names of the electoral divisions for Victoria by notice published in the *Commonwealth Government Notices Gazette*.
