 - (C) a pension that meets the standards of subregulation 1.07(3A) of the RSA Regulations;and the commutation is made within 6 months after the commencement day of the pension;
 - (ii) the commutation is made to the benefit of a reversionary beneficiary on the death of the primary beneficiary and within one of the following periods after the commencement day of the pension:
 - (A) if the primary beneficiary's life expectancy on the commencement day, rounded up to the next whole number, is a period less than 20 years—that period;
 - (B) in any other case—20 years;

Regulation 1.06

- Commissioner of Taxation under subsection 20F(1) of the *Superannuation (Unclaimed Money and Lost Members) Act 1999*; and
- (f) if the pension reverts or is commuted, it does not have a reversionary component greater than 100% of the benefit that was payable before the reversion or the commutation; and

 - (h) the capital value of the pension and the income from it, cannot be used as security for a borrowing.
- (3) For the purpose of determining whether rules meet the standards in subregulation (2), it is immaterial that:
- (a) if the primary beneficiary dies within the period used for subparagraph (2)(e)(ii), a surviving reversionary beneficiary may obtain a payment equal to the total payments that the primary beneficiary would have received, if the primary beneficiary had not died, from the day of the death until the end of the period; and
 - (b) if the primary beneficiary dies within the period used for subparagraph (2)(e)(ii) and there is no surviving reversionary beneficiary, an amount, not exceeding the difference between the sum of the amounts paid to the primary beneficiary and the sum of the amounts that would have been so payable in the period, is payable to the primary beneficiary's estate; and

Note: 22 December 1992 was the date of Royal Assent to the *Taxation Laws Amendment (Superannuation) Act 1992*.

- (5) For the purpose of determining whether rules meet the standards in subregulation (4), it is immaterial:
- (a) that:
 - (i) the commencement day of the pension occurs on or after 1 June in a financial year; and
 - (ii) the rules do not provide for the payment of an amount in that financial year that meets the standard for the minimum amount in that subregulation; or
 - (b) that the rules do not ensure that the payments in the year in which the pension is to end meet the standard for the minimum amount in that subregulation.
- (6) Rules:
- (a) that do not meet the standards in subregulation (2); and
 - (b) that provide that the size of the payments of benefit in a year is fixed, allowing for variation only as specified in the rules or to allow payments to be made under a payment split; and
 - (c) under which the commencement day is on or after 1 July 1994;
- meet the standards in this subregulation if they at least ensure that:
- (d) the standards in paragraphs (2)(f), (g) and (h) are met; and
 - (e) except in relation to payments, by way of commutation, for superannuation contributions surcharge, variation in payments from year to year does not exceed, in any year, the average rate of increase of the CPI in the preceding 3 years; and
 - (f) payments in accordance with the contracted size are made at least annually; and
 - (g) if, under the rules, the pension can be commuted—except if conversion is in relation to a commutation to pay a superannuation contributions surcharge, the conversion to a lump sum is limited to a sum that is not greater than the sum determined by applying the appropriate pension valuation factor under Schedule 1B to the pension as if the commencement day were the day on which the commutation occurs.
- (7) Rules meet the standards of this subregulation if the rules ensure that:
- (a) for a pension that has a commencement day before 20 September 2004:
 - (i) if the life expectancy of the primary beneficiary on the commencement day is less than 15 years—the pension is paid at least

Regulation 1.06

 - (c) the total amount of the payment, or payments, to be made in the first year after the commencement day (not taking commuted amounts into account) is fixed and that payment, or the first of those payments, relates to the period commencing on the day the primary beneficiary became entitled to the pension; and
 - (d) the total amount of the payments to be made in a year other than the first year after the commencement day (not taking commuted amounts into account) does not fall below the total amount of the payments made in the immediately preceding year (the *previous total*), and does not exceed the previous total:

-

Regulation 1.06

commencement day of the pension is on or after 1 June in a financial year, no payment is required to be made for that financial year.

- (9A) Rules for the provision of a benefit (the *pension*) meet the standards of this subregulation if the rules ensure that payment of the pension is made at least annually, and also ensure that:
- (a) for a pension in relation to which there is an account balance attributable to the beneficiary—the total of payments in any year (excluding payments by way of commutation but including payments under a payment split) is at least the amount calculated under clause 1 of Schedule 7; and

 - (D) the total of payments from the pension in a subsequent year cannot vary from the total of payments in the previous year unless the variation is as a result of an indexation arrangement or the transfer of the pension to another person;
 - (E) if the pension is commuted, the commutation amount cannot exceed the benefit that was payable immediately before the commutation; or
 - (iii) the standards of subregulation (2) are met; or
 - (iv) for rules in existence at the date of registration of the *Superannuation Industry (Supervision) Amendment Regulations 2007 (No. 3)*, the standards of subregulation (2) would be met, except for the circumstances in which those rules allow for either or both of the following:
 - (A) the pension to be commuted;
 - (B) the variation or cessation of pension payments in respect of a child of the deceased; and

Regulation 1.06A

- (c) the pension is transferable to another person only on the death of the beneficiary (primary or reversionary, as the case may be); and
 - (d) the capital value of the pension and the income from it cannot be used as a security for a borrowing.
- (9B) Rules for the provision of a benefit do not meet the standards of any of subregulations (2) to (9A) if, in relation to the death of the beneficiary on or after 1 July 2007, the pension is transferred or paid to a person who would not be eligible to be paid a benefit in the form of a pension under paragraph 6.21(2)(b) or subregulation 6.21(2A) or (2B).
- (9C) If a pension is paid from a successor fund in accordance with rules to which subparagraph (9A)(b)(iv) applied in the original fund, the pension meets the standards of subregulation (9A).
- (10) Despite section 7 of the *Income Tax Assessment (1936 Act) Regulation 2015*, for a pension that has a commencement day on or after 20 September 2004 and on or before 31 December 2004, one of the following life tables are to be used in ascertaining the life expectancy of a person under this regulation:
- (a) the most recently published Australian Life Tables;
 - (b) the *1995-97 Australian Life Tables*.
- (11) In this regulation:
- indexation arrangement***, in relation to a pension, means an arrangement specified in the rules for the provision of the pension that:
- (a) results in the total amount of pension payments in each year:
 - (i) increasing by the same percentage factor; or
 - (ii) being adjusted in line with movements in the Consumer Price Index;or
 - (iii) being adjusted in line with movements in an index of average weekly earnings published by the Australian Statistician; or
 - (iv) being adjusted in accordance with subparagraph (ii) or (iii) but with an increase capped at a maximum level; and
 - (b) ensures that, unless APRA otherwise approves, an adjustment is made at least annually to the amount of the pension payments.

1.06A Standards for certain innovative superannuation income streams

- (1) This regulation applies to either of the following (the ***governing conditions***):
- (a) a contract for the provision of a benefit supported by a superannuation interest (within the meaning of the 1997 Tax Act);
 - (b) the rules for the provision of a benefit supported by a superannuation interest (within the meaning of that Act).
- (2) The governing conditions meet the standards of this subregulation if:
- (a) they neither meet the standards in subregulation 1.05(11A) nor the standards in subregulation 1.06(9A) (as applicable); and
 - (b) they comply with subregulation (3) of this regulation; and

Regulation 1.06A

- (c) either:
- (i) they ensure that payment of the benefit is made at least annually; or
 - (ii) the benefit is a deferred superannuation income stream.

Note: Paragraph (a) can be complied with for some of the standards referred to in that paragraph if the governing conditions state that they do not meet those standards (see subregulation (5)).

- (3) The governing conditions comply with this subregulation if they ensure that:
- (a) no payment of the benefit is made before the primary beneficiary satisfies a condition of release mentioned in item 101, 102, 102A, 103 or 106 of Schedule 1; and
 - (b) after payments of the benefit start, the benefit is payable throughout the life of the beneficiary (primary or reversionary); and
 - (c) the amount of benefit payments is determined using a method that ensures that those payments are not unreasonably deferred after they start, having regard to the following:
 - (i) to the extent that the payments depend on the returns on investment of the assets supporting the benefit—when the payments are made and when the returns are derived;
 - (ii) to the extent that the payments depend on the ages, life expectancies or other factors relevant to the mortality of other individuals who are beneficiaries of that kind of benefit—the age, life expectancy or other factors relevant to the mortality of each of those other individuals;
 - (iii) to the extent that the payments do not depend on the returns mentioned in subparagraph (i) or the ages, life expectancies or other factors relevant to mortality mentioned in subparagraph (ii)—the relative sizes of the annual totals of the payments from year to year;
 - (iv) any other relevant factors; and
 - (d) if the benefit is commuted on or after the retirement phase start day for the benefit—the commutation amount does not exceed the amount worked out for the benefit under regulation 1.06B; and
 - (e) if the benefit is commuted before the retirement phase start day for the benefit—the commutation happens only in accordance with the rules set out in regulations 6.16, 6.18, 6.19 and 6.22A, if those rules applied in relation to the benefit as if:
 - (i) the benefit were in a regulated superannuation fund; and
 - (ii) the beneficiary were a member of the fund; and
 - (iii) the provider of the benefit were a trustee of the fund; and
 - (f) the benefit is transferable to another person only on the death of the beneficiary (primary or reversionary, as applicable); and
 - (g) the capital value of the benefit and the income from it cannot be used as a security for a borrowing.
- (4) However, the governing conditions do not meet the standards of subregulation (2) if, in relation to the death of the beneficiary, the benefit is transferred or paid to a person who would not be eligible under

paragraph 6.21(2)(b), or under subregulation 6.21(2A) or (2B), to be paid a benefit.

- (5) The governing conditions may state that they do not meet the standards in subparagraph 1.05(11A)(b)(i) or (ii), or in subparagraph 1.06(9A)(b)(i) or (ii), as applicable. For the purposes of this Part, such a statement has effect according to its terms from the day it is made, and continues to have effect whether or not the statement is later changed or removed.

1.06B Maximum commutation amount for certain innovative superannuation income streams

- (1) For the purposes of paragraph 1.06A(3)(d), the amount for a commutation of a benefit (the *income stream*) is:
- (a) if the income stream is commuted during the 14 day period starting on the retirement phase start day for the income stream—the access amount for the income stream at the time of the commutation; or
 - (b) if the income stream is commuted on the death of the beneficiary within the first half of the life expectancy period for the income stream and paragraph (a) does not apply—the access amount for the income stream at the time of the death; or
 - (c) otherwise:
 - (i) the amount worked out for the income stream under subregulation (2); or
 - (ii) if the amount worked out for the income stream under subregulation (2) is less than or equal to zero—nil.
- (2) For the purposes of paragraph (1)(c), the amount for the income stream is worked out using the following formula:

$$\left(\frac{\text{Access amount for the income stream at the time of the commutation}}{\text{Life expectancy period for the income stream}} \times \frac{\text{Remaining life expectancy}}{\text{Life expectancy period for the income stream}} \right) - \text{Previously commuted amount}$$

where:

previously commuted amount means the sum of any amounts commuted from the income stream before the time of the commutation.

remaining life expectancy means the number of days remaining in the life expectancy period for the income stream after subtracting the number of days in the period:

- (a) starting on the retirement phase start day for the income stream; and
- (b) ending on the day of the commutation.

1.07 Periods when beneficiary may not receive benefits

A benefit is not taken not to meet the standards in regulation 1.05 or 1.06 by reason only that payments of benefit to the beneficiary have been properly suspended during a period when the beneficiary is the holder of a paid public office.

Division 1A.2—Operating standards

1.08 Restriction on factors for converting pensions

- (1) For the purposes of subsection 31(1) of the Act, it is a standard applicable to the operation of a regulated superannuation fund that the fund must not use a factor, for converting a prescribed pension to a lump sum, that is greater than the pension valuation factor that would apply under Schedule 1B if the commencement day of the pension were the day on which it was commuted.
- (2) Subregulation (1) does not apply to the use of a factor that:
 - (a) the Regulator has approved in writing; or
 - (b) is for conversion in relation to a commutation to pay a superannuation contributions surcharge; or
 - (c) is for conversion in relation to a commutation to give effect to an entitlement of a non-member spouse under a payment split.
- (3) In this regulation, *prescribed pension*:
 - (a) means a pension (including a benefit that is taken, under these regulations, to be a pension for the purposes of the Act), other than a benefit that is taken, under subregulation 1.06(1), to be a pension by reason only that it is provided under rules of a superannuation fund that meet the standards of subregulation 1.06(2); but
 - (b) does not include any of the following:
 - (i) an account-based pension;
 - (ii) an allocated pension;

Example: If a change in a fund's investment policy means that information about past earnings rates is not a reliable guide to future earnings, an appropriate explanation (including the change of policy and its likely effect on future earnings rates) must be given.

2.04 Reasonable efforts are sufficient

- (1) For Division 2.4 or 2.5, the trustee of a superannuation entity is taken to have satisfied a duty or requirement to give information to a person if the trustee has taken reasonable steps to give the information to the person but has been unable to do so.

Division 5.2—Minimum benefits

- (2) If the fund is an accumulation fund, the member's minimum benefits are all of the member's benefits in the fund.

Example of the application of this regulation: A trustee of a fund may receive a non-mandated employer contribution from an employer-sponsor of the fund that the trustee does not

know is a non-mandated employer contribution (i.e. a contribution not made in satisfaction of the employer-sponsor's superannuation guarantee or award obligation).

Upon acceptance, the contribution will be taken to be a mandated employer contribution and therefore subject to the minimum benefits standards.

From this point, one of three circumstances may apply:

- (a) the trustee may become aware in the first year after the contribution was received that the contribution is a non-mandated employer contribution, and, if this is the case, the trustee must treat the contribution as a non-mandated employer contribution; or
- (b) the trustee may become aware more than a year after the contribution was received that the contribution is a non-mandated employer contribution, and, if this is the case, the trustee may continue to treat the contribution as a mandated employer contribution instead of making corrections to reflect the change; or
- (c) the trustee may never become aware that the contribution is a non-mandated employer contribution, and, if this is the case, the contribution will always be taken to be a mandated employer contribution.

 - (b) benefits allotted under Division 6.7 to an interest in the regulated superannuation fund held by, or created for, a receiving spouse.
- (2) If:
 - (a) at least 1 year has elapsed since the fund received the benefits; and
 - (b) the trustee:
 - (i) is satisfied that the benefits are not in fact minimum benefits; and
 - (ii) decides not to continue to treat the benefits as minimum benefits;subregulation (1) ceases to apply to the benefits.
- (3) If:
 - (a) less than 1 year has elapsed since the fund received the benefits; and
 - (b) the trustee is satisfied that the benefits are not in fact minimum benefits;subregulation (1) ceases to apply to the benefits.
- (4) If benefits that have been rolled over or transferred to a regulated superannuation fund are taken under this regulation to be minimum benefits, the amount of the minimum benefits as at any time is the sum of:
 - (a) the benefits rolled over or transferred to the fund; and
 - (b) the investment earnings on those benefits down to that time;less the costs applicable to those benefits down to that time.
- (5) The trustee has power to make a decision of the kind mentioned in subparagraph (2)(b)(ii) despite anything in the governing rules of the fund.

 - (ii) the transferable benefits of the non-member spouse are rolled over or transferred to another fund, an EPSSS or an RSA.
- (2) If subparagraph (1)(b)(i) applies, the trustee may decide that all the benefits held in the original interest, and in the new interest, immediately after the new interest is created are minimum benefits.
- (3) If subparagraph (1)(b)(ii) applies, the trustee may decide that all the benefits held in the original interest immediately after the transferable benefits are rolled over or transferred are minimum benefits.

Note: Transferable benefits rolled over or transferred to another regulated superannuation fund would be minimum benefits in accordance with regulation 5.06.

- (4) However, the trustee must not make a decision mentioned in subregulation (2) or (3) if the decision would have the effect of reducing the minimum benefits held by the other members of the fund.
- (5) If the trustee does not make a decision mentioned in subregulation (2) or (3), the minimum benefits held in the original interest are allocated between the member spouse and the non-member spouse in proportion to the split of benefits in the original interest.

5.07 Minimum benefits—approved deposit funds

6.17A Payment of benefit on or after death of member (Act, s 59(1A))

- (1) For subsections 31(1) and 32(1) of the Act, the standard set out in subregulation (4) is applicable to the operation of regulated superannuation funds and approved deposit funds.
- (2) For subsection 59(1A) of the Act, the governing rules of a fund may permit a member of the fund to require the trustee to provide any benefits in respect of the member, on or after the death of the member, to the legal personal representative or a dependant of the member if the trustee gives to the member information under subregulation (3).
- (3) The trustee must give to the member information that the trustee reasonably believes the member reasonably needs for the purpose of understanding the right of that member to require the trustee to provide the benefits.
- (4) Subject to subregulation (4A), and regulations 6.17B, 7A.17 and 7A.18, if the governing rules of a fund permit a member of the fund to require the trustee to provide any benefits in accordance with subregulation (2), the trustee must pay a benefit in respect of the member, on or after the death of the member, to the person or persons mentioned in a notice given to the trustee by the member if:
- (a) the person, or each of the persons, mentioned in the notice is the legal personal representative or a dependant of the member; and

- (5) A member who gives notice under subregulation (4) may:
- (a) confirm the notice by giving to the trustee a written notice, signed, and dated, by the member, to that effect; or

 - (b) by an order made under subsection 90MU(1) of the *Family Law Act 1975*;
- the trustee is not in breach of the standard.

Note: Subsection 90ML(4) of the *Family Law Act 1975* provides that while a payment flag is operating on a superannuation interest, the trustee must not make any splittable payment to any person in respect of the interest. Subsection 90MU(1) of the *Family Law Act 1975* provides that a court may make an order in relation to a superannuation interest directing the trustee not to make a splittable payment in respect of the interest without the leave of the court.

6.17B Duty to seek information

If an item of information given by a member in a notice under subregulation 6.17A(4) is not sufficiently clear to allow the trustee to pay the benefit, the trustee must seek from the member a written statement to clarify the item as soon as practicable after the trustee receives the notice.

Example: If the proportion of the benefit that will be paid to the person, or to each person, mentioned in the notice is not certain, or is not readily ascertainable from the notice

given by the member, the trustee must seek a statement of that proportion from the member.

 - (b) for a request under paragraph (3)(b)—the regulated superannuation fund, approved deposit fund, EPSSS or RSA specified in the request does not accept the rollover or transfer of benefits for the non-member spouse.
- (5) If subparagraph (4)(a)(i) applies:
 - (a) the trustee may give effect to the request; or
 - (b) if the trustee does not give effect to the request, the trustee must:

 - (i) the regulated superannuation fund in which the non-member spouse interest is held has fewer than 5 members; or
 - (ii) the governing rules of the regulated superannuation fund or approved deposit fund in which the original interest is held do not allow a new interest to be created for the non-member spouse in the fund; or
 - (c) if the splittable payment is not a pension payment, and the non-member spouse asks the trustee to roll over or transfer the amount to which the non-member spouse is entitled to another regulated superannuation fund, an RSA, an approved deposit fund or an EPSSS, nominated by the non-member spouse, to be held for the benefit of the non-member spouse—give effect to the request unless the regulated superannuation fund, approved deposit fund, EPSSS or RSA specified in the request does not accept the rollover or transfer of benefits for the non-member spouse.
- (3) If subparagraph (2)(b)(i) applies:
- (a) the trustee may give effect to the request; or
 - (b) if the trustee does not give effect to the request, the trustee must:
 - (i) if the non-member spouse asks the trustee to pay the amount to which the non-member spouse is entitled to the non-member spouse—pay the amount to which the non-member spouse is entitled; or

Part 12—Pre-1 July 1988 funding credits and debits

12.01 Definitions

In this Part, unless the contrary intention appears:

defined benefit fund has the meaning that would be given by regulation 1.03 if **regulated** were omitted from the definition of **defined benefit fund** in that regulation.

PJFC, in relation to a superannuation fund, means an amount specified in a notice by APRA under subsection 342(2) of the Act.

pre-1 July 88 funding amount has the meaning given by regulation 12.02.

pre-1 July 88 funding credits available has the meaning given by subsection 295-265(2) of the 1997 Tax Act.

prescribed event has the meaning given by regulation 12.10.

shortfall-in-assets amount means an amount determined by an actuary in accordance with regulation 12.03.

12.02 Pre-1 July 88 funding amounts

(1) In this regulation:

late payment amount, in relation to a superannuation fund, means an amount (other than an amount representing a contribution that was payable or not payable at the discretion of an employer-contributor in respect of the fund) representing contributions to the fund that were unpaid as at 30 June 1988, being contributions that an employer-contributor in respect of the fund was obliged as at 30 June 1988 to pay in accordance with:

- (a) except if paragraph (b) applies, the governing rules of the fund then in force; or
- (b) in the case of an amount representing contributions in respect of a member of a defined benefit fund who is an associate of an employer-contributor—the determination of an actuary; or
- (c) an agreement certified, or an award made, by an industrial authority.

(2) Subject to subregulation (3), the following amounts are to be treated as pre-1 July 88 funding amounts for the purposes of paragraph 342(2)(a) of the Act:

- (a) a late payment amount;
- (b) a shortfall-in-assets amount.

(3) If:

- (a) the pre-1 July 88 funding amount of a defined benefit fund includes a late payment amount; and

Regulation 12.03

- (b) that late payment amount is sufficient to fund the liabilities of the fund in relation to accrued benefits of the members of the fund;
the pre-1 July 88 funding amount must not include a shortfall-in-assets amount.

12.03 Shortfall-in-assets amount—calculation

- (1) The shortfall-in-assets amount in respect of a superannuation fund is the amount determined by an actuary as the lesser of the amounts calculated in accordance with the following formulas:

$$(a) \left\{ \left[\text{value A of accrued benefits} - \frac{\text{actuarially determined value of fund assets}}{\text{actuarially determined value of fund assets}} \right] \times \frac{\text{net market value of assets}}{\text{actuarially determined value of fund assets}} \right\};$$

$$(b) \left\{ \text{value B of accrued benefits} - \frac{\text{net market value of assets}}{\text{actuarially determined value of fund assets}} \right\}.$$

Note: A shortfall-in-assets amount is the amount of any deficiency in a superannuation fund as at 30 June 1988, other than a deficiency that is the result of contributions that are due, but have not been paid, to the fund.

- (2) In subregulation (1), in relation to a superannuation fund:

actuarially determined value of fund assets means the value of the assets of the fund as at 30 June 1988, including any late payment amount, that is determined by an actuary using a method that the actuary certifies:

- (a) is consistent with the method used in the last actuarial investigation of the fund that was completed before 25 May 1988; and
(b) as determining a value that is comparable to the value of the assets determined in that actuarial investigation.

net market value of fund assets means the amount that, having regard to matters specified in regulation 12.04, could reasonably be estimated to be obtained from disposal of the assets of the fund, and includes any late payment amount.

value A of accrued benefits has the meaning given by regulation 12.05.

value B of accrued benefits has the meaning given by regulation 12.06.

- (3) For the purposes of this regulation:

- (a) an alteration made after 25 May 1988 to the governing rules of a superannuation fund that relates to benefits payable to members of the fund is to be disregarded unless the alteration is a prescribed event; and

- (b) in the case of the calculation of a shortfall-in-assets amount in respect of a member of a superannuation fund who is an associate of an employer, any amount of benefits in respect of the member that is attributable to the exercise of discretion by, or on behalf of, the trustee of the fund is to be disregarded.

12.04 Estimation of net market value of fund assets

For the purposes of the definition of *net market value of fund assets* in subregulation 12.03(2), the following matters are specified:

- (a) the assumptions that, when the assets are sold:
 - (i) the buyer and seller of the assets are willing, but not anxious, to buy and sell the assets; and
 - (ii) there is a period in which to negotiate the sale that is reasonable, having regard to the nature and situation of the assets and the state of the market for assets of the same kind; and
 - (iii) the assets will be reasonably exposed to the market; and
 - (iv) no account is taken of the value or other advantage or benefit, additional to market value, to the buyer incidental to ownership of the assets;
- (b) the value of any estate in the property comprising the assets that is not held by the trustee in the capacity of trustee;
- (c) deduction of the costs of disposing of the assets from the proceeds of the disposal.

12.05 Value A of accrued benefits

- (1) Value A of accrued benefits in relation to a superannuation fund is the total value of accrued benefits in respect of all members of the fund as at 30 June 1988 that is calculated in accordance with regulation 12.07.
- (2) For the purposes of calculating value A of accrued benefits, the following assumptions apply:
 - (a) that a member of the superannuation fund will not die or become disabled before the member's normal retirement from the work force;
 - (b) that the governing rules of the fund providing for benefits and the amounts of the benefits vested in members of the fund are those rules and amounts as at 25 May 1988;
 - (c) that the value of the accrued benefits in the fund in respect of a member of the fund is not less than the amount of benefits vested in the member on 30 June 1988;
 - (d) if the governing rules of the fund provide for adjustment of pension benefits to compensate for changes in the cost of living at the discretion of the trustees of the fund, that the rules providing for adjustment are disregarded, unless:
 - (i) all pension benefits have been increased under that rule on at least 3 occasions before 30 June 1988; and

Regulation 12.06

- (ii) at least 1 of those increases occurred in the period from the beginning of 1 July 1985 to the end of 30 June 1988.
- (3) Subject to this regulation, the elements of the actuarial basis for the calculation of value A of accrued benefits in respect of a superannuation fund are taken to be those used in the last actuarial investigation of the fund that was completed before 25 May 1988.
- (4) If an actuarial investigation of a superannuation fund was not completed before 25 May 1988, a superannuation actuary must submit to APRA in writing the elements that the superannuation actuary proposes to use in respect of the fund:
 - (a) for the purposes of regulation 12.07; and
 - (b) in substitution for the elements referred to in that subregulation.
- (5) APRA must approve a proposed element of the actuarial basis for the calculation of value A of accrued benefits in respect of a superannuation fund if APRA is satisfied that the proposed element corresponds reasonably closely to the element that would have been used if an actuarial investigation had been made into the fund.
- (6) In special circumstances, APRA may approve a proposed element of the actuarial basis for the calculation of value A of accrued benefits in respect of a superannuation fund if APRA is satisfied that application of the proposed element is reasonable in those circumstances.
- (7) Liability to pay tax on income of the fund is not a special circumstance for the purposes of subregulation (6) if the liability results directly from an amendment of the Tax Act made by the *Taxation Laws Amendment (Superannuation) Act 1989*.

12.06 Value B of accrued benefits

- (1) Value B of accrued benefits in relation to a superannuation fund is the total value of accrued benefits in respect of all members of the fund as at 30 June 1988 that is calculated in accordance with regulation 12.07.
- (2) For the purposes of calculating value B of accrued benefits, the following assumptions apply:
 - (a) that a member of the superannuation fund will not:
 - (i) die, or become disabled, before the member's normal retirement from the work force; or
 - (ii) withdraw from the fund, or retire from the work force, before the age of the member's normal retirement;
 - (b) that the governing rules of the fund providing for benefits and the amounts of the benefits vested in the member are those rules and amounts as at 25 May 1988;
 - (c) that the value of the accrued benefits in the fund in respect of the member is not less than the amount of benefits vested in the member on 30 June 1988;

- (d) that the annual earning rate of the fund, net of administrative or other costs, is 10%;
 - (e) that if the governing rules of the fund provide for adjustment of pension benefits to compensate for changes in the cost of living at the discretion of the trustees of the fund—the adjustment factor is the lesser of:
 - (i) the average annual percentage increase in pension benefits (if any) in the period from the beginning of 1 July 1985 to the end of 30 June 1988; and
 - (ii) 7% annually;
 - (f) if the governing rules of the fund provide for adjustment of benefits to compensate for changes in the cost of living, other than at the discretion of the trustee of the fund, that the adjustment factor is 7% annually;
 - (g) if the governing rules of the fund provide for adjustment of benefits in accordance with the amount or rate of salary of members of the fund, that the amount or rate increases by 8.5% annually;
 - (h) that the probability of survival of the member after the member's retirement from the work force is ascertained in accordance with the Australian Life Tables 1985-1987 prepared by the Australian Government Actuary.
- (3) Subject to this regulation, the elements of the actuarial basis for the calculation of value B of accrued benefits in respect of a superannuation fund are taken to be those used in the last actuarial investigation of the fund that was completed before 25 May 1988.
- (4) In special circumstances, a superannuation actuary may submit to APRA in writing a proposal to substitute:
- (a) an assumption stated in paragraph (2)(d), (e), (f), (g) or (h) in respect of a superannuation fund with another assumption; or
 - (b) an element referred to in subregulation (3) in respect of a superannuation fund with another element.
- (5) APRA may approve a proposed assumption or element mentioned in subregulation (4) if APRA is satisfied that application of that assumption or element would be reasonable in the circumstances.
- (6) Liability to pay tax on income of the fund is not a special circumstance for the purposes of subregulation (4) if the liability results directly from an amendment of the Tax Act made by the *Taxation Laws Amendment (Superannuation) Act 1989*.

12.07 Calculation of value A or B of accrued benefits

For the purposes of regulations 12.05 and 12.06, the value of the benefits payable to a member in respect of a period after 30 June 1988 is the total of the amounts in respect of each financial year, or part of a financial year, in the period that are determined by a superannuation actuary:

- (a) in respect of each kind of benefit that the member is, or may be, entitled to receive from the superannuation fund; and

Regulation 12.08

(b) by using the following formula:

$$P_1 \times \text{Net present value} \times P_2$$

where:

P_1 is the probability, determined by the superannuation actuary, of the member being paid a benefit in each financial year, or part of a financial year; and

Net present value is the value of each benefit to the fund, being an amount that is determined by the superannuation actuary as at 30 June 1988:

- (i) in the case of the calculation of value A of accrued benefits—using the earning rate of the fund used in the actuarial investigation of the fund mentioned in subregulation 12.05(3); and
- (ii) in the case of the calculation of value B of accrued benefits—using the earning rate of the fund referred to in paragraph 12.06(2)(d); and

P_2 is a proportion that is calculated:

- (i) in the case of the calculation of value A of accrued benefits—using the method applied in the actuarial investigation of the fund mentioned in subregulation 12.05(3); and
- (ii) in the case of the calculation of value B of accrued benefits—as follows:

$$\frac{\text{completed period of fund membership in relation to the member at 30 June 1988}}{\text{completed period of fund membership in relation to the member at the members date of exit from the fund}}$$

where a reference to **completed period of fund membership** in relation to the member at a particular time is a reference to the period from the time at which the member joined, or last joined, the fund to the particular time.

12.08 Date before which applications to be made

For the purposes of paragraph 342(3)(b) of the Act, the day on or before which an application in relation to a fund must be made is the day specified for that purpose by APRA by notice in writing given to the trustee of the fund.

12.09 Application fees

- (1) For the purposes of subparagraph 342(3)(d)(ii) of the Act, the following application fees are prescribed:
 - (a) if the application is for a PJFC that consists of a late payment amount or is the aggregate of late payment amounts—\$300;
 - (b) subject to subregulation (2), if the application is for a PJFC that consists of a shortfall-in-assets amount or is the aggregate of shortfall-in-assets amounts, an amount calculated using the formula:

$0.002 \times$ the amount of the PJFC;

- (c) if an application is for a PJFC that includes:
- (i) a late payment amount or the aggregate of late payment amounts; and
 - (ii) a shortfall-in-assets amount or the aggregate of shortfall-in-assets amounts;
- the fee prescribed in paragraph (b), as if the PJFC consisted of a shortfall-in-assets amount or the aggregate of shortfall-in-assets amounts.

- (2) A fee under paragraph (1)(b) must not be:
- (a) less than \$500; or
 - (b) more than \$5,000.

12.10 Prescribed events for the purposes of paragraph 342(4)(a) of the Act

- (1) For the purposes of paragraph 342(4)(a) of the Act, a prescribed event in relation to a superannuation fund is any alteration of the governing rules of the fund having the effect that calculation of a pre-1 July 88 funding amount under the rules as so altered produces an amount that is less than the amount calculated using the formula:

$$\left(\begin{array}{c} \text{PJFC} \\ \text{originally} \\ \text{granted} \\ \text{to the fund} \end{array} \right) + \left(\begin{array}{c} \text{any PJFCs} \\ \text{transferred} \\ \text{to the fund} \end{array} \right) - \left(\begin{array}{c} \text{any PJFCs} \\ \text{transferred} \\ \text{from the fund} \end{array} \right)$$

- (2) A reference in subregulation (1) to a PJFC is a reference to the amount of the PJFC multiplied by the indexation factor calculated in accordance with Subdivision 960-M of the Tax Act.

12.11 When and how APRA to be notified of prescribed events

- (1) For the purposes of paragraph 342(4)(b) of the Act, if a prescribed event occurs in relation to a superannuation fund, the trustee of the fund must give notice in writing to APRA of the event not later than:
- (a) a date 3 months after the date of the occurrence; or
 - (b) 31 March 1995;
- whichever happens last.
- (2) The notice must have with it:
- (a) a statement of an amount that is certified by a superannuation actuary as the amount by which the pre-1 July 88 funding credits available in the fund is reduced as a result of the prescribed event; and
 - (b) a statement by the trustees of the fund that describes the prescribed event in sufficient detail to allow the statement to be properly considered.
- (3) In spite of subregulation (1), APRA may give notice in writing to the trustee of a superannuation fund extending the time in which the trustee must give notice to APRA of a prescribed event.

Regulation 12.12

12.12 Transfer of PJFCs—trustees of transferor funds

- (1) If the trustee of a defined benefit fund proposes to transfer a PJFC, or part of a PJFC, from the fund (in this regulation called *the transferor fund*) to another superannuation fund (in this regulation called *the transferee fund*), the trustee may apply in writing to APRA to approve the transfer.
- (2) APRA may approve an application only if:
 - (a) the requirements specified in regulation 12.15 are satisfied; or
 - (b) if a requirement of that kind is not satisfied—APRA is satisfied that, because of special circumstances, the requirement does not need to be satisfied.
- (3) The amount of a PJFC to be transferred must not exceed the lesser of:
 - (a) the amount of the liability in respect of benefits to be transferred to the transferee fund, being benefits accrued before 1 July 1988; and
 - (b) the amount of any pre-1 July 88 funding credits available in the transferor fund immediately before the transfer.
- (4) As soon as practicable after a decision is made by APRA to approve a transfer, APRA must give notice in writing of the approval to the trustees of both the transferor fund and the transferee fund.

12.13 Transfer of PJFCs—trustees of transferee funds

- (1) The trustee of a superannuation fund (in this regulation called *the transferee fund*) may apply in writing to APRA to approve the transfer of a PJFC, or part of a PJFC, from a defined benefit fund (in this regulation called *the transferor fund*), if:
 - (a) the application arises as a direct result of the transfer of a member or members of the transferor fund, and the benefit entitlements of that member or those members, to 1 or more transferee funds following reconstitution of the transferor fund into the transferee fund or transferee funds; or
 - (b) the application arises as a direct result of the transfer of a member or members of a transferor fund, and the benefit entitlements of that member or those members, to the transferee fund following the merger of 2 or more transferor funds into the transferee fund; or
 - (c) the transferee fund:
 - (i) was constituted on or after 1 July 1988; and
 - (ii) assumed responsibility for the liabilities, but not all the assets, in respect of contributions for superannuation purposes relating to the employment of persons before that date, being contributions that were made to a transferor fund.
- (2) APRA may approve an application only if:
 - (a) the requirements specified in regulation 12.15 are satisfied; or

- (b) where a requirement of that kind is not satisfied—APRA is satisfied that, because of special circumstances, the requirement does not need to be satisfied.
- (3) The amount of a PJFC to be transferred must not exceed the lesser of:
 - (a) the amount of the liability in respect of benefits to be transferred to the transferee fund, being benefits accrued before 1 July 1988; and
 - (b) the amount of any pre-1 July 88 funding credits available in the transferor fund immediately before the transfer.
- (4) As soon as practicable after a decision is made by APRA to approve a transfer, APRA must give notice in writing of the approval to the trustees of both the transferee fund and the transferor fund.

12.14 Transfer of PJFCs—revocation of approval

APRA may revoke an approval given under regulation 12.12 or 12.13 only if:

- (a) information about matters relating to the application for approval that was not available to APRA when APRA made the decision to approve the application becomes available to APRA; and
- (b) after considering that information, APRA is satisfied that:
 - (i) a requirement specified in regulation 12.15 (other than a requirement that does not need to be satisfied under paragraph 12.12(2)(b) or 12.13(2)(b)) was not satisfied in relation to the transfer; or
 - (ii) in the case of a requirement that, under paragraph 12.12(2)(b) or 12.13(2)(b), does not need to be satisfied—there were no special circumstances to justify the application of that paragraph.

12.15 Transfer of PJFCs—requirements to be satisfied

The requirements referred to in paragraph 12.12(2)(a) and 12.13(2)(a) are that:

- (a) a superannuation actuary certifies that the amount of the PJFC to be transferred is reasonable having regard to:
 - (i) the amount of unfunded liability to be transferred from the transferor fund; and
 - (ii) the amount of the remaining unfunded liability of that fund; in relation to the amount of benefits that have accrued before 1 July 1988; and
- (b) the trustee of the transferor fund has been given notice by APRA of the grant of the PJFC under subsection 342(2) of the Act; and
- (c) at the date of the transfer the amount of the PJFC to be transferred is equal to or less than the amount of the pre-1 July 88 funding credits available in the transferor fund; and
- (d) the transferee fund is a complying superannuation fund, in accordance with section 45 of the Act, in relation to the year of income in which the transfer is to take place; and

Regulation 12.19

- (e) a superannuation actuary certifies that sufficient information is available about the accrued entitlements of members of the transferor fund as at 30 June 1988 to enable calculations to be made after that date to ascertain whether a prescribed event has occurred.

12.19 Actuaries to certify in relation to determinations

A superannuation actuary who makes a determination under this Part must certify that the determination:

- (a) is consistent with this Part; and
- (b) except to the extent (if any) that this Part otherwise requires, is made in accordance with a method that The Institute of Actuaries of Australia would accept as a proper actuarial practice.

12.20 Substituted accounting periods

The trustee of a superannuation fund for which the Commissioner of Taxation has approved a 12-month period as a substituted accounting period for the purposes of section 18 of the Tax Act may:

- (a) treat a reference in this Part to 30 June 1988 as a reference to the last day of the substituted accounting period corresponding to the year of income that ended on 30 June 1988; and
- (b) treat a reference in this Part to 1 July 1988 as a reference to the day after that day.

Part 12A—Trans-Tasman retirement savings portability

Division 1—General

12A.01 Purpose of Part 12A

This Part sets out matters to implement the Arrangement between the Government of Australia and the Government of New Zealand on Trans-Tasman Retirement Savings Portability, signed at Brisbane on 16 July 2009.

Note 1: The Arrangement does not cover all complying superannuation funds. A number of types of superannuation funds and schemes are excluded (for example, self managed superannuation funds and defined benefit interests in defined benefit funds): see regulation 12A.03.

Note 2: Amounts covered by the Arrangement are:

- (a) payments received by complying superannuation funds from KiwiSaver schemes on or after the day the Arrangement comes into force for Australia; and
- (b) superannuation benefits paid to KiwiSaver scheme providers by complying superannuation funds on or after the day the Arrangement comes into force for Australia; and
- (c) amounts paid between participating Australian funds if the member's benefits include any New Zealand-sourced amount; and
- (d) superannuation benefits paid to an individual from an interest that includes any New Zealand-sourced amount.

See regulation 12A.03.

Note 3: The matters in this Part are also relevant to Division 312 of Part 3-30 of the *Income Tax Assessment Act 1997*, which provides for the taxation treatment of retirement savings to which the Arrangement relates.

12A.02 Definitions for Part 12A

In this Part:

Arrangement means the Arrangement between the Government of Australia and the Government of New Zealand on Trans-Tasman Retirement Savings Portability, signed at Brisbane on 16 July 2009.

Australian-sourced amount means an amount that:

- (a) was originally accrued in a complying superannuation fund; and
- (b) is subsequently received by a KiwiSaver scheme; and
- (c) is identified by the receiving KiwiSaver scheme as an amount described in paragraph (a).

Note: As part of trans-Tasman retirement savings portability, an Australian-sourced amount may eventually be received by the same complying superannuation fund in which it originally accrued or another complying superannuation fund. It will still be an Australian-sourced amount at that time.

KiwiSaver scheme has the meaning given by subsection 995-1(1) of the 1997 Tax Act.

Regulation 12A.03

KiwiSaver scheme provider has the meaning given by subsection 995-1(1) of the 1997 Tax Act.

New Zealand-sourced amount means an amount that:

- (a) was originally accrued in a KiwiSaver scheme; and
- (b) is subsequently received by a complying superannuation fund; and
- (c) is identified by the complying superannuation fund as an amount described in paragraph (a).

returning New Zealand-sourced amount means a New Zealand-sourced amount that has been received by the same, or another, complying superannuation fund for the second or subsequent time.

Note 1: As part of trans-Tasman retirement savings portability, a New Zealand-sourced amount may eventually be received by the same KiwiSaver scheme in which it originally accrued or another KiwiSaver scheme. It will still be a New Zealand-sourced amount at that time.

Note 2: If retirement savings move between Australia and New Zealand on more than one occasion, it is likely that:

- (a) a part of the savings will be a New Zealand-sourced amount because that part was originally accrued in a KiwiSaver scheme; and
- (b) a part of the savings will be an Australian-sourced amount because that part was originally accrued in a complying superannuation fund.

tax free component of an Australian-sourced amount means an amount that:

- (a) is, or is part of, an Australian-sourced amount; and
- (b) was, or was included in, the tax free component of the member's former superannuation interest in Australia before the Australian-sourced amount was paid to a KiwiSaver scheme.

Note: The Act defines other expressions used in this Part.

12A.03 Payments to which this Part applies

- (1) This Part applies in relation to:
 - (a) a payment made between a complying superannuation fund and a KiwiSaver scheme; and
 - (b) a payment made between complying superannuation funds that includes a New Zealand-sourced amount; and
 - (c) a payment between complying funds if:
 - (i) the member has an interest in the complying superannuation fund that is, or includes, a New Zealand-sourced amount; and
 - (ii) the payment does not include a New Zealand-sourced amount.
- (2) However, this Part does not apply in relation to the following:
 - (a) a defined benefit interest in a defined benefit fund;
 - (b) an unfunded public sector superannuation scheme;
 - (c) a self managed superannuation fund.
- (3) Also, this Part does not apply in relation to:

Regulation 12A.03

- (a) a payment made by a complying superannuation fund to the extent that the payment contains an element untaxed in the fund (within the meaning given by subsection 995-1(1) of the 1997 Tax Act); and
- (b) benefits that are being paid as a pension.

Division 2—New Zealand-sourced amounts

12A.04 Application of Division 2

This Division applies in relation to:

- (a) a New Zealand-sourced amount received by a complying superannuation fund from a KiwiSaver scheme; and
- (b) the treatment of a New Zealand-sourced amount in a complying superannuation fund.

12A.05 Treatment of New Zealand-sourced amounts

For the purposes of implementing the Arrangement:

- (a) Part 1 of these Regulations applies in relation to a New Zealand-sourced amount received by a complying superannuation fund from a KiwiSaver scheme; and
- (b) the application of Part 1 is modified to the extent necessary to ensure that the Part describes concepts, processes and other matters sufficiently to implement the Arrangement.

12A.06 Benefit protection standards

- (1) For the purposes of implementing the Arrangement, Part 5 of these Regulations, as affected by subregulations (2) to (4), applies in relation to:
 - (a) a New Zealand-sourced amount received by a complying superannuation fund; and
 - (b) the treatment of a New Zealand-sourced amount in a complying superannuation fund.

Note: In order to implement the Arrangement, it is appropriate to treat a New Zealand-sourced amount as an amount that is subject to Australia's benefit protection standards, apart from any differences required by the Arrangement.

Reduction of amount of benefits

- (2) The application of Part 5 is modified to the extent necessary to ensure that, if the trustee of a complying superannuation fund is required to reduce a member's benefits in the complying superannuation fund by a particular amount, the trustee must:
 - (a) first charge the amount to the member's benefits that are not New Zealand-sourced amounts; and
 - (b) if the full amount cannot be charged under paragraph (a)—then charge the remainder to the member's New Zealand-sourced amounts to the extent possible.

Note: In accordance with the Arrangement, the intention is that any decrements to retirement savings balances would first be applied to host country retirement savings before being applied to retirement savings transferred from the source country.

Separate identification of New Zealand-sourced amount

- (3) The application of Part 5 is modified to the extent necessary to ensure that the trustee of a complying superannuation fund is, at all times, required to administer a member's interest in the complying superannuation fund in a way that allows any New Zealand-sourced amount in the fund to be identified separately.

Minimum benefit

- (4) The application of Part 5 is modified to the extent necessary to ensure that a New Zealand-sourced amount in a complying superannuation fund is treated as a minimum benefit in the same way as other amounts in the fund would be treated as minimum benefits.

12A.07 Payment standards

- (1) For the purposes of implementing the Arrangement, Part 6 of these Regulations, as affected by subregulations (2) to (8):
- (a) applies in relation to a New Zealand-sourced amount that is rolled over or transferred between complying superannuation funds; and
 - (b) applies in relation to an amount to be paid from a complying superannuation fund to a KiwiSaver scheme to the extent necessary to allow the amount to be paid.

Note: In order to implement the Arrangement, it is appropriate to treat a New Zealand-sourced amount as an amount that is subject to Australia's payment standards, apart from any differences required by the Arrangement.

No payments to self managed superannuation funds

- (1) For the purposes of subsection 31(1) of the Act, it is a standard applicable to the operation of regulated superannuation funds that, subject to subregulation (2), a beneficiary's right or claim to accrued benefits, and the amount of those accrued benefits, must not be altered adversely to the beneficiary by amendment of the governing rules or by any other act carried out, or consented to, by the trustee of the fund.
- (2) The standard stated in subregulation (1) does not apply to an alteration if:
 - (a) in the case of an alteration that does not relate to minimum benefits within the meaning of Part 5:
 - (i) subject to subregulation (3), written consent to the alteration has been given by:

 - (e) the alteration:
 - (i) affects only the benefits of members in respect of whom assessments under section 15 of the *Superannuation Contributions Tax (Assessment and Collection) Act 1997* have been made; and
 - (ii) serves to enable the trustee:

Regulation 13.16

 - (B) in relation to an amount paid before reimbursement occurs—to charge interest on the amount paid; or
 - (f) the alteration is made:
 - (i) to give effect to a payment split; or
 - (ii) as a consequence of the trustee taking action that, because of Division 2.2 of the *Family Law (Superannuation) Regulations 2001*, has the effect that a future payment in respect of the superannuation interest of the member spouse would not be a splittable payment; or
 - (iii) as a consequence of the operation of a fund's governing rules that, because of Division 2.2 of the *Family Law (Superannuation) Regulations 2001*, has the effect that a future payment in respect of the superannuation interest of the member spouse would not be a splittable payment; or
 - (g) the alteration enables the trustee to be reimbursed for an amount paid, or to be paid, under section 24 of the Co-contribution Act.
- (3) A consent referred to in subparagraph (2)(a)(i) is not effective for the purposes of this regulation unless, before the consent is given:

 - (i) informs the beneficiary that it is proposed that the beneficiary's right or claim to accrued benefits, or the amount of those benefits, be affected adversely; and
 - (ii) explains the effect of the alteration on the beneficiary's rights or claims to accrued benefits and the amount of those benefits; and
 - (iii) provides any other information that the trustee reasonably believes a beneficiary would expect to be told about the proposed alteration; and
 - (ab) if the benefits are subject to a payment split, the trustee has given a copy of the notice to the non-member spouse; and
 - (b) the beneficiary, and the non-member spouse (if any), have been allowed adequate time to consider the proposed alteration and its effect on the beneficiary's rights or claims to accrued benefits and the amount of those benefits.
- (4) For the purposes of sub-subparagraph (2)(a)(ii)(A), the procedures to be followed in obtaining the approval of beneficiaries are as follows:
- (a) the trustee of the fund must send to each beneficiary of the fund who would be adversely affected by the alteration a notice that:
 - (i) informs the beneficiary that it is proposed that the beneficiary's right or claim to accrued benefits, or the amount of those benefits, be affected adversely; and
 - (ii) explains the effect of the alteration on the beneficiary's rights or claims to accrued benefits and the amount of those benefits; and
 - (iii) explains that the alteration requires:

- (A) the approval of at least two-thirds of all of the beneficiaries of the fund who are affected by it, obtained by ballot in accordance with this subregulation; and
 - (B) the consent of the Regulator; and
 - (iv) explains the manner in which the beneficiary can cast his or her vote in relation to the ballot; and
 - (v) provides any other information that the trustee reasonably believes a beneficiary would expect to be told about the proposed alteration;
 - (b) the ballot must be conducted in a manner that ensures that each beneficiary is given not less than 21 days to consider the notice and the proposed alteration before voting.
- (5) An approval referred to in sub-subparagraph (2)(a)(ii)(B) is not effective for the purposes of this regulation unless, at least 21 days before the giving of that approval, the trustee of the fund has given to each beneficiary of the fund who would be adversely affected by the alteration a notice that:
- (a) informs the beneficiary that it is proposed that the beneficiary's right or claim to accrued benefits, or the amount of those benefits, be affected adversely; and
 - (b) explains the effect of the alteration on the beneficiary's rights or claims to accrued benefits and the amount of those benefits and
 - (c) provides any other information that the trustee reasonably believes a beneficiary would expect to be told about the proposed alteration.
- (6) In deciding whether to consent to an alteration under subparagraph (2)(a)(ii), the Regulator must consider the effect that the alteration would have on the value of benefits that may become payable to a person who is the non-member spouse in relation to an interest in the fund that is subject to a payment split.
