Section 140 of the *National Health Act 1953* (the NHA), section 133 of the *Health Insurance Act 1973* (the HIA), section 19-40 of the *Private Health Insurance Incentives Act 1998* (the PHIA), section 9 of the *Private Health Insurance Complaints Levy Act 1995* (the Complaints Levy Act), section 10 of the *Private Health Insurance (Council Administration Levy) Act 2003* (the Council Administration Levy Act), and section 11 of the *Private Health Insurance (Reinsurance Trust Fund Levy) Act 2003* (the Reinsurance Trust Fund Levy Act), provide

that the Governor-General may make regulations prescribing matters required or permitted by those Acts to be prescribed.

As part of the reforms to private health insurance announced by the Australian Government on 26 April 2006, regulation of private health insurance is to be moved from the *National Health Act 1953* (NHA) to a new *Private Health Insurance Act 2007* (PHI Act) and Private Health Insurance Rules (PHI Rules) made under the PHI Act. A Bill for the PHI Act was introduced into the House of Representatives on 7 December 2006; the commencement date of the PHI Act, and of the PHI Rules, is 1 April 2007.

In addition, the following Acts contain amendments transitional or consequential on the PHI Act, or associated taxing legislation:

- *Private Health Insurance (Transitional Provisions and Consequential Amendments) Act 2007*;
- *Private Health Insurance (Council Administration Levy) Amendment Act 2007* (Council Administration Levy Amendment Act);
- *Private Health Insurance (Reinsurance Trust Fund Levy) Amendment Act 2007* (Reinsurance Trust Fund Levy Amendment Act); and
- *Private Health Insurance Complaints Levy Amendment Act 2007* (Complaints Levy Amendment Act).

As a consequence, amendments to regulations made under the NHA, the *Health Insurance Act 1973*, the *Private Health Insurance Incentives Act 1998*, and to regulations made under the above private health insurance levies acts are necessary. These amendments repeal obsolete regulations, and remove obsolete terminology in the regulations.

As part of the changes to private health insurance, regulation 13 of the *Health Insurance Regulations 1975* is amended to update terminology regarding the particulars to be recorded by practitioners for professional services rendered as part of an episode of hospital treatment, and to provide for particulars to be recorded by practitioners for professional services rendered as part of an episode of hospital-substitute treatment, where the patient chooses to receive a benefit from a private health insurer.

Private health insurers were extensively consulted and provided with opportunities to comment upon the new Private Health Insurance legislative package. Consultations were attended by representatives from individual private health insurers and peak industry bodies (the Australian Health Insurance Association and Health Insurance Restricted Membership Association members funds), private hospitals and their industry representatives (Australian Private Hospitals Association and Catholic Health Australia), the Australian Medical Association, the Private Health Insurance Administration Council, the Private Health Insurance Ombudsman, Consumer Health Forum and central agencies. All of the industry representatives expressed strong support for the new legislative framework.

Details of the Regulations are set out in the Attachment.

The NHA, the HIA, the PHI Act, and the Complaints Levy Act do not specify any conditions that need to be met before the power to make regulations may be exercised. However, the Council Administration Levy Act and the Reinsurance Trust Fund Levy Act both provide that before the Governor-General makes regulations under those Acts, the Minister must take into consideration any relevant recommendation made to the Minister by the Private Health Insurance Administration Council.

The Regulations are legislative instruments for the purpose of the *Legislative Instruments Act 2003*.

The Regulations do not have retrospective operation. The Regulations (except for the *Private Health Insurance Incentives Repeal Regulations 2007 (No. 1)* and the regulations under the Complaints Levy Act, Council Administration Levy Act and Reinsurance Trust Fund Levy Act) commence if they are registered before the proposed PHI Act commences - on the commencement of the PHI Act, or if they are registered after the PHI Act commences – on the day after they are registered.

The regulations under the Complaints Levy Act, Council Administration Levy Act, and Reinsurance Trust Fund Levy Act, commence if they are registered before Schedule 1 to each of the Complaints Levy Amendment Act, Council Administration Levy Amendment Act, or Reinsurance Trust Fund Levy Amendment Act, respectively - on the commencement of Schedule 1 of the relevant amending Act, or if they are registered after the commencement of Schedule 1 of the relevant amending Act - on the day after they are registered.

The *Private Health Insurance Incentives Repeal Regulations 2007 (No. 1)* will commence on 30 September 2007. It is necessary to retain the Incentives Regulations until at least 1 September 2007, so that they will apply to the annual statement made by private health insurers on or before 15 July 2007, and to allow ample transition time in relation to this last annual statement required by the *Private Health Insurance Incentives Regulations 1998*.

A Regulation Impact Statement (RIS) was prepared for the Private Health Insurance Bill 2006 which analysed the options associated with the Australian Government's initiatives to improve the attractiveness of and participation in private health insurance for consumers. The measures include those under the PHI Act and associated private health insurance legislation and legislative instruments. The Office of Best Practice Regulation has advised that no additional RIS is required.

DETAILS OF THE *HEALTH INSURANCE AMENDMENT REGULATIONS 2007 (No. 2)*

1. Name of Regulations

Regulation 1 provides that the title of the Regulations is the *Health Insurance Amendment Regulations 2007 (No. 2)*.

2. Commencement

Regulation 2 provides for the Regulations to commence, if they are registered before the *Private Health Insurance Act 2007* (PHI Act) – on the commencement of the PHI Act; or if they are registered after the PHI Act commences – on the day after they are registered.

3. Amendment of *Health Insurance Regulations 1975*

Regulation 3 provides that the *Health Insurance Regulations 1975* (the Principal Regulations) are amended as set out in Schedule 1.

Schedule 1 - Amendments

Item [1] Regulation 2, at the foot

Item 1 inserts a Note at the foot of regulation 2 indicating that a number of expressions used in these Regulations are defined in the Act. These expressions include ‘hospital treatment’ ‘hospital-substitute treatment’ and ‘private health insurer’.

Item [2] Subregulation 13(2)

Regulation 13 is made for the purpose of subsection 19(6) of the HIA which provides that medicare benefit is not payable in respect of a professional service unless prescribed particulars are recorded on the account or receipt, or on the form of the assignment or agreement (where relevant), in relation to the professional service.

Item 2 amends subregulation 13(2), which relates to professional services rendered to a patient while hospital treatment is provided to the patient in a hospital or day hospital facility, to update terminology to reflect the definition of ‘hospital treatment’ in the PHI. The reference to ‘professional services of the kind referred to in paragraph (ea) of Schedule 1 to the *National Health Act 1953*’ is replaced with a reference to ‘professional services rendered as part of an episode of hospital treatment’. The particulars to be recorded by practitioners have not changed.

On commencement of the PHI, paragraph (ea) of Schedule 1 to the NHA will be repealed: item 59, Schedule 1 T&C. ‘Hospital treatment’ will be defined in subsection 3(1) of the HIA. The definition in subsection 3(1) of the HIA will provide that ‘hospital treatment’ has the same meaning as in section 121-5 of the PHI.

The amendment to subregulation 13(2) reflects paragraph 10(2)(a) (setting the rate of medicare benefit at 75% of the Schedule fee), and subsections 10AC(1) and 10ACA(1) (Medicare safety net and extended safety net) of the HIA. Paragraph 10(2)(a), and subsections 10AC(1) and 10ACA(1) will be amended by the T&C. The amendment to

subregulation 13(2) ensures that, as is currently the case, where a professional service is rendered as part of an episode of hospital treatment, the Medicare benefit is 75% of the Schedule fee, and the Medicare safety nets do not apply.

Item 2 also inserts new subregulation 13(2A) which relates to professional services provided as part of an episode of hospital-substitute treatment where the person who receives the treatment chooses to receive a benefit from a private health insurer.

In this circumstance, new subregulation 13(2A) will require practitioners to record a description of the professional service (with either a description sufficient to identify the Medicare item or the Medicare item number), and, the phrase “hospital-substitute treatment”.

‘Hospital-substitute treatment’ will be defined in subsection 3(1) of the HIA. The definition in subsection 3(1) of the HIA will provide that ‘hospital-substitute treatment’ has the same meaning as in the PHI.

New subregulation 13(2A) also reflects paragraph 10(2)(a) (setting the rate of medicare benefit at 75% of the Schedule fee), and subsections 10AC(1) and 10ACA(1) (Medicare safety net and extended safety net) of the HIA. This ensures that where a professional service is rendered as part of an episode of hospital-substitute treatment, and the person who receives the treatment chooses to receive a benefit from a private health insurer, the Medicare benefit is 75% of the Schedule fee, and the Medicare safety nets do not apply.

Item [3] Paragraph 13(10)(c)

Item [4] Paragraph 13(10)(d)

Items 3 and 4 remove paragraph 13(10)(c) of the Principal Regulations and also omit the reference to paragraph (c) in paragraph 13(10)(d).

Paragraph 13(10)(c) deals with identification numbers in respect of the collection of a specimen from outreach services. The definition of ‘outreach service’ in subsection 4(1) of the *National Health Act 1953* will be repealed on the commencement of the PHI by section 37, Schedule 1, T&C.

Currently approved outreach services will be taken to be hospital treatment until 1 July 2008 pursuant to paragraph 16(2)(b) of the T&C (although there is a power to revoke an outreach determination if needed). After that, such services may still fall within the definition of hospital treatment, although they will no longer be ‘taken to be’ or deemed to fall within the definition of hospital treatment.

On and from commencement of the PHI it will no longer be considered necessary to have a separate identification number for outreach services.

Item [5] Regulation 13A

Item 5 removes regulation 13A from the Principal Regulations.

Regulation 13A provides, for the purpose of paragraph 20A(2C)(c) of the *Health Insurance Act 1973* (HIA), that a request for the assignment of medicare benefits to approved billing agents must be in the form approved by the Medicare Australia CEO.

Subsection 20A(2C) will be repealed by item 32, Schedule 2 to the T&C, and a new subsection 20A(2A) will be inserted into the HIA. Subsection 20A(2A) will enable assignment of medicare benefits to approved billing agents in accordance with an approved form.

Item [6] Subregulation 19(1A) definition of *hospital-related service*, paragraphs (a) and (b)

Item 6 removes the reference to ‘day hospital facility’ from the definition of ‘hospital-related service’ in subregulation 19(1A).

On the commencement of the PHI ‘day hospital facilities’ will become private hospitals pursuant to paragraph 15(1)(d) and subsection 15(3), T&C. The definition of ‘day hospital facility’ will be repealed by section 20, Schedule 1, T&C.

The reference to ‘hospital’ in amended paragraphs 19(1A)(a) and (b) will be sufficient to also cover premises which were ‘day hospital facilities’ immediately prior to the commencement of the PHI.

Subsection 3(1) of the HIA will contain definitions of ‘hospital’ and ‘private hospital’ which cross-refer to the definitions of ‘hospital’ and ‘private hospital’ in the PHI.
