PREFACE

Standards Amended by AASB 2007-8

This Standard amends Australian Accounting Standards (including Interpretations).

These amendments arise from the issuance in September 2007 of a revised AASB 101 *Presentation of Financial Statements*, as a result of the issuance by the IASB of a revised IAS 1 *Presentation of Financial Statements*.

Main Features of this Standard

Application Date

This Standard is applicable to annual reporting periods beginning on or after 1 January 2009. Early adoption is permitted for annual reporting periods beginning on or after 1 January 2005 but before 1 January 2009, provided AASB 101 is also adopted for the same period. This Standard is applied when AASB 101 is applied.

Main Requirements

The revision of AASB 101 necessitates consequential amendments to Australian Accounting Standards (including Interpretations).

This Amending Standard also changes the term 'general purpose financial report' to 'general purpose financial statements' and the term 'financial report' to 'financial statements' in application paragraphs, where relevant, of Australian Accounting Standards (including Interpretations) to better align with IFRS terminology.
