

SCHEDULE OF AIRWORTHINESS DIRECTIVES

AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/PADS/1.

Precision Aerial Delivery System

AD/PADS/1

**Precision Aerial Delivery
System (PADS) Static Line**

4/2009

Requirement: CANCELLED.

This AD is cancelled on 9 April 2009.

Background: This unique Australian AD specified that the static line described in HSJ Aviation drawing 0856 was prohibited from use in the release of PADS except for actual rescue tasks. PADS is no longer in use in Australia, or from Australian-registered aircraft, so the AD is no longer required.
