**Radiocommunications (Spectrum Designation) Notice No. 1 of 2014**

I, MALCOM BLIGH TURNBULL, Minister for Communications, having consulted with the Australian Communications and Media Authority, make the following Notice under subsection 36(1) of the *Radiocommunications Act 1992*.

Dated 29 January 2014

MALCOM TURNBULL  
Minister for Communications

---

**1 Name of Notice**

This Notice is the *Radiocommunications (Spectrum Designation) Notice No. 1 of 2014*.

**2 Commencement**

This Notice commences on the day after it is registered on the Federal Register of Legislative Instruments.

**3 Definitions**

In this Notice:

***Australian Spectrum Map Grid (ASMG)*** means the *Australian Spectrum Map Grid 2012* published by the ACMA, as existing from time to time.

***identified geographic areas of Australia*** means the relevant locations specified in the Schedule.

***relevant frequency ranges*** means the following frequency ranges, within the identified geographic areas of Australia:

- (a) 1770 – 1775 MHz and 1865 – 1870 MHz in Adelaide;
- (b) 1710 – 1712.5 MHz and 1805 – 1807.5 MHz in regional South Australia; and
- (c) 1710 – 1712.5 MHz and 1805 – 1807.5 MHz in Cairns/Townsville.

The range of numbers that identifies a frequency band includes the higher but not the lower number.

#### 4 Designation

The relevant frequency ranges are designated as part of the spectrum to be allocated by issuing spectrum licences.

#### Schedule

The following table sets out the identified geographic areas of Australia as referenced by the Hierarchical Cell Identification Scheme (HCIS) identifiers used in the ASMG.
