1 Name of regulation

This regulation is the *Civil Aviation (Spent and Redundant Instruments) Repeal Regulation 2014*.

2 Commencement

This regulation commences on the day after it is registered.

3 Authority

This regulation is made under the *Legislative Instruments Act 2003*.

4 Guide to this regulation

This regulation repeals legislative instruments that are spent or no longer required, as authorised by section 48E of the *Legislative Instruments Act 2003*.

To assist the reader, the instruments repealed by this regulation are listed in 4 Schedules.

Schedule 1 deals with solely amending and repealing instruments.

Schedule 2 deals with commencement instruments.

Schedule 3 deals with amending and repealing instruments that contain application, saving or transitional provisions.

Schedule 4 deals with other instruments that are spent or no longer required.

This regulation contains saving provisions that apply to the repeals, in addition to the provision made by section 7 of the *Acts Interpretation Act 1901*. That section applies to this regulation because of section 13 of the *Legislative Instruments Act 2003*.

5 Repeal of amending and repealing instruments

- (1) Each instrument mentioned in Schedule 1 is repealed.
- (2) The repeal of an instrument by this section does not affect any amendment or repeal (however described) made by the instrument.
- (3) Subsection (2) does not limit the effect of section 7 of the *Acts Interpretation Act 1901* as it applies to the repeal of an instrument by this section.

6 Repeal of commencement instruments

- (1) Each instrument mentioned in Schedule 2 is repealed.
- (2) The repeal of an instrument by this section does not affect any commencement provided by the instrument.
- (3) Subsection (2) does not limit the effect of section 7 of the *Acts Interpretation Act 1901* as it applies to the repeal of an instrument by this section.

7 Repeal of amending and repealing instruments containing other provisions

- (1) Each instrument mentioned in Schedule 3 is repealed.
- (2) The repeal of an instrument by this section does not affect:
 - (a) any amendment or repeal (however described) made by the instrument; or
 - (b) the continuing operation of any provision of the instrument made or expressed to be made for an application, saving or transitional purpose (or that makes provision consequential or related to such a provision).
- (3) Subsection (2) does not limit the effect of section 7 of the *Acts Interpretation Act 1901* as it applies to the repeal of an instrument by this section.

8 Repeal of other redundant instruments

- (1) Each instrument mentioned in Schedule 4 is repealed.
- (2) The repeal of an instrument by this section does not affect:
 - (a) any amendment or repeal (however described) made by the instrument; or
 - (b) the continuing operation of any provision of the instrument made or expressed to be made for an application, saving or transitional purpose (or that makes provision consequential or related to such a provision).
- (3) Subsection (2) does not limit the effect of section 7 of the *Acts Interpretation Act 1901* as it applies to the repeal of an instrument by this section.

9 Expiry of regulation

This regulation expires on the day after it commences, as if it had been repealed by another regulation.

Schedule 1—Repeal of amending and repealing instruments

Guide to this Schedule

This Schedule repeals amending and repealing legislative instruments that are spent, and that would have been repealed automatically under section 48A of the *Legislative Instruments Act 2003* if they had been made after the commencement of that section. This Schedule does not include instruments with an application, saving or transitional provision: see Schedule 3.

The repeal of an instrument by this Schedule does not affect any amendment or repeal made by the instrument: see subsection 5(2).

Schedule 2—Repeal of commencement instruments

Guide to this Schedule

This Schedule repeals commencement instruments that are spent, and that would have been repealed automatically under section 48B of the *Legislative Instruments Act 2003* if they had been made after the commencement of that section.

The repeal of an instrument by this Schedule does not affect any commencement the instrument provides for: see subsection 6(2).

Repeal of commencement instruments

Item	Instrument name and series number (if any)	FRLI identifier
1	Proclamation for the <i>Civil Aviation Legislation Amendment (1999 Montreal Convention and Other Measures) Act 2008</i> (made on 12 December 2008)	<u>F2008L04662</u>
2	Proclamation for the <i>Civil Aviation Legislation Amendment (Mutual Recognition with New Zealand) Act 2006</i> (made on 29 March 2007)	<u>F2007L00796</u>

Schedule 3—Repeal of amending and repealing instruments containing other provisions

Guide to this Schedule

This Schedule repeals amending and repealing legislative instruments that also contain application, saving or transitional provisions. The amendments and repeals have happened, and the application, saving or transitional provisions are no longer required. The instruments do not contain any other substantive provisions.

To assist the reader, the location of each application, saving or transitional provision in an instrument is identified in brackets after its name, with “s” used to indicate the provision (e.g. “s. 4” may refer to section 4, regulation 4, clause 4 or the fourth provision of some other type as appropriate).

The repeal of an instrument by this Schedule does not affect any amendment or repeal made by the instrument: see paragraph 7(2)(a). Also, to ensure that the repeal of the application, saving or transitional provisions does not have any unforeseen effect, and to remove any doubt that may otherwise exist, any continuing operation they may have is preserved: see paragraph 7(2)(b).

Schedule 4—Repeal of other redundant instruments

Guide to this Schedule

This Schedule repeals legislative instruments that are spent or no longer required, and that are not covered by the previous Schedules.

More information about why the instruments are spent or no longer required is provided in the explanatory statement accompanying this regulation.

The repeal of an instrument by this Schedule does not affect any amendment or repeal made by the instrument: see paragraph 8(2)(a). Also, to ensure that the repeal of the application, saving or transitional provisions does not have any unforeseen effect, and to remove any doubt that may otherwise exist, any continuing operation they may have is preserved: see paragraph 8(2)(b).
