**REPATRIATION MEDICAL AUTHORITY**

**INSTRUMENT NO. 90 of 2015**

***VETERANS' ENTITLEMENTS ACT 1986***  
***MILITARY REHABILITATION AND COMPENSATION ACT 2004***

**EXPLANATORY NOTES FOR TABLING**

1. The Repatriation Medical Authority (the Authority), under subsection 196B(8) of the *Veterans' Entitlements Act 1986* (the VEA) revokes Instrument No. 68 of 2007, as amended, determined under subsection 196B(3) of the VEA concerning **malignant neoplasm of the gallbladder**.
2. The Authority is of the view that on the sound medical-scientific evidence available it is more probable than not that **malignant neoplasm of the gallbladder** and **death from malignant neoplasm of the gallbladder** can be related to particular kinds of service. The Authority has therefore determined pursuant to subsection 196B(3) of the VEA a Statement of Principles concerning malignant neoplasm of the gallbladder (No. 90 of 2015). This Instrument will in effect replace the revoked Statement of Principles.

**Purpose and Operation**

3. The Statement of Principles will be applied in determining claims under the VEA and the *Military Rehabilitation and Compensation Act 2004* (the MRCA).
4. The Statement of Principles sets out the factors that must exist, and which of those factors must be related to the following kinds of service rendered by a person:
  - eligible war service (other than operational service) under the VEA;
  - defence service (other than hazardous service and British nuclear test defence service) under the VEA;
  - peacetime service under the MRCA,

before it can be said that, on the balance of probabilities, malignant neoplasm of the gallbladder or death from malignant neoplasm of the gallbladder is connected with the circumstances of that service. The Statement of Principles has been determined for the purposes of both the VEA and the MRCA.

5. This Instrument results from an investigation notified by the Authority in the Government Notices Gazette of 31 October 2012 concerning malignant neoplasm of the gallbladder in accordance with section 196G of the VEA. The investigation involved an examination of the sound medical-scientific evidence now available to the Authority, including the sound medical-scientific evidence it has previously considered.

6. The contents of this Instrument are in similar terms as the revoked Instrument. Comparing this Instrument and the revoked Instrument, the differences include:
- adopting the latest revised Instrument format, which commenced in 2015;
  - specifying a day of commencement for the Instrument in section 2;
  - revising the factor in subsection 9(3) concerning 'primary sclerosing cholangitis';
  - revising the factor in subsection 9(4) concerning 'ionising radiation';
  - new factor in subsection 9(5) concerning 'being obese';
  - new factor in subsection 9(6) concerning 'diabetes mellitus';
  - deleting a factor concerning 'ulcerative colitis';
  - new definitions of 'being obese', 'cumulative equivalent dose', 'MRCA', 'primary sclerosing cholangitis' and 'VEA' in Schedule 1 - Dictionary;
  - revising the definition of 'relevant service' in Schedule 1 - Dictionary; and
  - deleting the definitions of 'a chronic typhoid carrier' and 'sclerosing cholangitis'.

### **Consultation**

7. Prior to determining this Instrument, the Authority advertised its intention to undertake an investigation in relation to malignant neoplasm of the gallbladder in the Government Notices Gazette of 31 October 2012, and circulated a copy of the notice of intention to investigate to a wide range of organisations representing veterans, service personnel and their dependants. The Authority invited submissions from the Repatriation Commission, organisations and persons referred to in section 196E of the VEA, and any person having expertise in the field. No submissions were received for consideration by the Authority during the investigation.
8. On 19 February 2015, the Authority wrote to organisations representing veterans, service personnel and their dependants regarding the proposed Instrument and the medical-scientific material considered by the Authority. This letter emphasised the deletion of a factor relating to *ulcerative colitis*. The Authority provided an opportunity to the organisations to make representations in relation to the proposed Instrument prior to its determination. No submissions were received for consideration by the Authority. Minor changes were made to the content of the proposed Instrument following this consultation process, and a revised Instrument format was applied.

### **Human Rights**

9. This instrument is compatible with the Human Rights and Freedoms recognised or declared in the International Instruments listed in Section 3 of the *Human Rights (Parliamentary Scrutiny) Act 2011*. A Statement of Compatibility with Human Rights follows.

### **Finalisation of Investigation**

10. The determining of this Instrument finalises the investigation in relation to malignant neoplasm of the gallbladder as advertised in the Government Notices Gazette of 31 October 2012.

## **Statement of Compatibility with Human Rights**

*(Prepared in accordance with Part 3 of the Human Rights (Parliamentary Scrutiny) Act 2011)*

**Instrument No.:** **Statement of Principles No. 90 of 2015**

**Kind of Injury, Disease or Death:** **Malignant neoplasm of the gallbladder**

This Legislative Instrument is compatible with the human rights and freedoms recognised or declared in the international instruments listed in section 3 of the *Human Rights (Parliamentary Scrutiny) Act 2011*.

### **Overview of the Legislative Instrument**

1. This Legislative Instrument is determined pursuant to subsection 196B(8) of the *Veterans' Entitlements Act 1986* (the VEA) for the purposes of the VEA and the *Military Rehabilitation and Compensation Act 2004* (the MRCA).
2. This Legislative Instrument:-
  - facilitates claimants in making, and the Repatriation Commission in assessing, claims under the VEA and the MRCA respectively, by specifying the circumstances in which medical treatment and compensation can be extended to eligible persons who have malignant neoplasm of the gallbladder;
  - facilitates the review of such decisions by the Veterans' Review Board and the Administrative Appeals Tribunal;
  - outlines the factors which the current sound medical-scientific evidence indicates must exist before it can be said that, on the balance of probabilities, malignant neoplasm of the gallbladder is connected with the circumstances of eligible service rendered by a person, as set out in clause 4 of the Explanatory Notes;
  - replaces Instrument No. 68 of 2007, as amended; and
  - reflects developments in the available sound medical-scientific evidence concerning malignant neoplasm of the gallbladder which have occurred since that earlier instrument was determined.
3. The Instrument is assessed as being a technical instrument which improves the medico-scientific quality of outcomes under the VEA and the MRCA.

### **Human Rights Implications**

4. This Legislative Instrument does not derogate from any human rights. It promotes the human rights of veterans, current and former Defence Force members as well as other persons such as their dependents, including:
  - the right to social security (Art 9, *International Covenant on Economic, Social and Cultural Rights*; Art 26, *Convention on the Rights of the Child* and Art 28,

*Convention on the Rights of Persons with Disabilities*) by helping to ensure that the qualifying conditions for the benefit are 'reasonable, proportionate and transparent'<sup>1</sup>;

- the right to an adequate standard of living (Art 11, ICSECR; Art 27, CRC and Art 28, CRPD) by facilitating the assessment and determination of social security benefits;
- the right to the enjoyment of the highest attainable standard of physical and mental health (Art 12, ICSECR and Art 25, CRPD), by facilitating the assessment and determination of compensation and benefits in relation to the treatment and rehabilitation of veterans and Defence Force members; and
- the rights of persons with disabilities by facilitating the determination of claims relating to treatment and rehabilitation (Art 26, CRPD).

### **Conclusion**

This Legislative Instrument is compatible with human rights as it does not derogate from and promotes a number of human rights.

Repatriation Medical Authority

---

<sup>1</sup> In General Comment No. 19 (The right to social security), the Committee on Economic, Social and Cultural Rights said (at paragraph 24) this to be one of the elements of ensuring accessibility to social security.
