Dear Assistant Legislation Officer

Australian Postal Corporation (Performance Standards) Amendment (Speed of Mail Delivery) Regulation 2015 – amended Regulation Impact Statement

I enclose an amended Regulation Impact Statement (RIS) to replace the RIS previously provided in relation to the tabling of the *Australian Postal Corporation (Performance Standards) Amendment (Speed of Mail Delivery) Regulation 2015* (FRLI Number F2015L01179).

The amended RIS corrects a small number of minor factual errors in the original document to ensure that the RIS is consistent with the amending regulation and the accompanying Explanatory Statement.

The Office of Best Practice Regulation (OBPR) has reviewed the changes and has determined that the changes do not affect its earlier assessment of the RIS as being compliant with Australian Government requirements.

If you require anything further, please contact the a/g LLO on 02 6271 1277 in the first instance.

Yours sincerely

Garth Donovan
A/g Assistant Secretary, Postal Services
