Mutual Recognition (Equivalence of Gaming and Other Occupations) Amendment Declaration 2015

Page 1 of 2, with attached Schedule 1

1 Name of Declaration

This declaration is the *Mutual Recognition (Equivalence of Gaming and Other Occupations) Amendment Declaration 2015*.

2 Commencement

This declaration commences on the day after it is registered on the Federal Register of Legislative Instruments.

3 Authority

This declaration is made under section 32 the *Mutual Recognition Act 1992*.

4 Amendment to *Mutual Recognition (Maritime and Other Occupations) Declaration 2009 (F2009L03219)*

The *Mutual Recognition (Maritime and Other Occupations) Declaration 2009 (F2009L03219)* is amended as set out in Schedule 1.

Schedule 1

[1] Name of declaration

Omit and substitute:

This Declaration is the Mutual Recognition (Equivalence of Gaming and Other Occupations) Declaration 2009.

[2] Part 2 – Maritime Occupations

Omit

[3] Part 3 – Casino and Gaming Occupations

Omit and substitute:

Part 1 Casino and Gaming Occupations

4. Equivalent casino occupations

- (1) Subject to subsection (2), the occupation which may be carried on only by a person granted a registration, in the jurisdiction, described in Column A of Schedule 1 (**first jurisdiction**) is equivalent to the occupation which may be carried on only by a person granted a registration, in a jurisdiction, described in the same row of Schedule 1 (**second jurisdiction**), subject to any conditions, limitations or restrictions indicated in Schedule 1.
- (2) The occupation which may be carried on only by a person granted a registration, in the jurisdiction, described in Rows 2, 4, 7, 8, 10, 11, 13, 16, 19, 22 and 23 of Column A of Schedule 1 (**first jurisdiction**) is, subject to any conditions, limitations or restrictions indicated in Schedule 1, equivalent to the occupation which may be carried on only by a person granted a registration, in the jurisdiction, described in the same row of Schedule 1 (**second jurisdiction**), where the registrations issued by both jurisdictions authorise the same activity, or same combination of listed activities, below:
 - (a) casino management;
 - (b) casino executive management;
 - (c) the conduct of gaming;
 - (d) gaming machine;
 - (e) keno gaming;
 - (f) the maintenance, construction, or repair of gaming equipment;
 - (g) the maintenance or repair of security and surveillance equipment;
 - (h) the maintenance and support of computer systems in the casino;
 - (i) the movement of money or chips about the casino (other than in relation to the supply of food and beverages);
 - (j) the storage and exchange of money or chips to patrons in the casino (other than in relation to the supply of food and beverages);
 - (k) the counting of money or chips in the casino (other than in relation to the supply of food and beverages);
 - (l) cash and accounting (other than in relation to the supply of food and beverages);
 - (m) internal audit operations;
 - (n) the storage of gaming equipment in the casino;
 - (o) casino promotions (if this is PR);
 - (p) security operations;
 - (q) surveillance operations;
 - (r) administrative and incidental operations.

- (3) For the purposes of subsection (2), where a registration issued by the first jurisdiction does not identify the activities authorised by the registration, the registration is deemed to authorise only the activities in fact carried out by the registration holder in the first jurisdiction.

5. Declaration not to limit powers of a registration authority

- (1) Nothing in this Part is intended to affect the powers, under the *Mutual Recognition Act 1992*, of a registration authority in a second jurisdiction to impose conditions on a registration, other than conditions that relate to the activities authorised to be carried out under the registration.

[4] Part 4 – Shotfirers and Pyrotechnicians, Pest and Weed Controllers, Building Occupations, Builders (2006 Update)

Omit and substitute:

Part 2 Shotfirers and Pyrotechnicians, Pest and Weed Controllers, Building Occupations, Builders (2006 Update)

6. Equivalent occupations Shotfirers and Pyrotechnicians, Pest and Weed Controllers, Building Occupations, Builders (2006 Update)

- (1) The occupation which may be carried on only by a person granted a registration, in the jurisdiction, described in Column A of the Schedule (***first jurisdiction***) is equivalent to the occupation which may be carried on only by a person granted a registration, in a jurisdiction, described in the same row of the Schedule (***second jurisdiction***), subject to any conditions, limitations or restrictions indicated in the Schedule.

7. Declaration not to limit powers of a registration authority

- (1) Nothing in this Part is intended to affect the powers, under the *Mutual Recognition Act 1992*, of a registration authority in a second jurisdiction to impose conditions on a registration, provided that the conditions imposed do not relate to the activities authorised to be carried out under the registration unless such conditions applied to the person's registration in the first jurisdiction.

7. Licences in this column issued under *Dangerous Substances Act 2004* (ACT)
8. Licences in this column issued under *Dangerous Goods Act 1998* (NT)

Codes for scopes of work and restrictions for Pyrotechnicians licences

- P Work conducted in relation to the assembly, positioning and firing of ground, aerial fireworks and theatrical fireworks (aka close proximity fireworks), and:
- Check display areas to make sure that safety regulations are met
 - The on-site risk assessment and management of safety, at the display, as outlined in the safety management plan or as otherwise authorised by the Fireworks Contractor.
 - Ensure site security and safety, including crowd management and creation of a prohibited area, prior to /during and after (e.g. unexploded fireworks, support stakes, empty casings) the display
 - Liaise with key stakeholders – local council, police and any other relevant bodies and land owner
 - Decide quantity of fireworks required
- Assemble fuses, firing circuits and charges; test or inspect the electronic firing device where applicable and fire charges
- P1
- Conduct risk assessment including assessment of environmental conditions (including wind and fire restrictions) and implement safe work procedures in accordance with risk assessment
 - Design fireworks display suitable for the display site
- P2 Testing of shop goods fireworks
- Check testing ground to make sure that safety regulations are met
 - Check testing environment where shop goods fireworks will be dismantled
 - Check ignition method and fuse burning time
 - Check pyrotechnic content and composition
 - Check construction type and integrity
 - Check performance of the firework
 - Check debris characteristics
 - Testing of shop goods fireworks
 - Check testing ground to make sure that safety regulations are met

Type of pyrotechnics/fireworks

A≤300	Aerial shells up to and including 300mm
AU	Aerial shells unlimited size
AS≤75	Aerial salutes up to and including 75mm
CF/S	Chinese Firecrackers/Chinese String Fireworks
G	Ground display fireworks
TF	Theatrical fireworks or special effects fireworks used in close proximity (Articles)
MIX	The making and use of special effects and theatrical fireworks in situ (not TF)

Instructions for reading the exclusions and restrictions on licences

Where a licence in the second jurisdiction is marked 'restricted to' or 'excluding', the coding immediately below the licence name refers to specific conditions on the functions and situation, sites and application methods within the scope of the licence. Note the scope of work Codes P and P1 are common for every pyrotechnicians licence.

Schedule 4: Mutual recognition matrix – Pest and Weed Controllers

Codes for statutes under which licences for Pest and Weed Controllers are issued

1. Licences in this column issued under the *Occupational Health and Safety Act 2000* or *Pesticides Act 1999* (NSW)
2. Licences in this column issued under the *Public Health and Wellbeing Act 2008* or *Agricultural and Veterinary Chemicals (Control of Use) Act 1992* (VIC)
3. Licences in this column issued under the *Pest Management Act 2001* or *Agricultural Chemicals Distribution Control Act 1966* (QLD)
4. Licences in this column issued under the *Health Act 1911* or *Aerial Spraying Control Act 1966* (WA)
5. Licences in this column issued under the *Controlled Substances Act 1984* (SA)
6. Licences in this column issued under the *Agricultural and Veterinary Chemicals (Control of Use) Act 1995* (TAS)
7. Licences in this column issued under the *Environment Protection Act 1997* (ACT)
8. Licences in this column issued under the *Medicines, Poisons and Therapeutics Goods Act 2012* or *Agricultural and Veterinary Chemicals (Control of Use) Act 2004* (NT)

Codes for licence levels

- (S) A person must be supervised by a licensed/registered operator to be allowed to exercise the functions of the licensed operator.
- (U) Person is able to undertake controlled activities on their own account without having to be employed and supervised by another licensed/registered operator.

Agreed Scopes of Work for Pest and Weed Controllers

Codes for functions

- AP The control, destruction or repelling of arthropod pests (e.g. European Wasps) but excluding timber pests and plant arthropod pests.
- LV The control, destruction or repelling of large vertebrate pests (eg. foxes, rabbits).
- PP The control, destruction or repelling of plant arthropod pests and diseases.
- SV The control, destruction or repelling of small vertebrate pests (eg. birds, rodents).
- TP The control, destruction or repelling of timber pests (eg. termites).
- WD The control, destruction or repelling of plants that are weeds.

Codes for situations

- AG The application of a pesticide in, on or immediately around an agricultural building or other structure dealing with the storage of agricultural products. May include: agricultural storage areas (eg. On - and off - farm and commercial grain silos, other agricultural storage arrangements, post harvest treatments); a vessel (ship or boat), vehicle (includes a motor vehicle, tractor, train) or aircraft, that holds either agricultural produce or is used in agricultural activities.
- CR The application of pesticide for an agricultural crop purposes (including viticulture, horticultural and pasture situations).
- FO The application of a pesticide in forestry situations.
- NA The application of a pesticide in or on a non-agricultural building (including domestic or commercial) or other structures. May include: a storage area (warehouse, shed etc); a vessel (ship or boat) or a vehicle (includes a motor vehicle, train) or aircraft, and the land immediately around domestic residences

and commercial buildings.

NC The application of a pesticide in non-crop situations. May include: recreational turf situations on land (including public parks, the land around clubhouses and amenities), industrial sites (not including built structures); timber yards; rights of way; irrigation channels; wastelands; bushlands; cemeteries etc.

Codes for application methods

AA The spraying, spreading or dispersing of any pesticide from an aircraft in flight. Includes baits.

FG Fumigation means any treatment carried out with a fumigant. A fumigant is a substance that, when in a gaseous or vaporous state, is used to control or destroy pests.

GM The ground application of pesticides by a machine or apparatus powered other than by hand - excluding application by an aircraft in flight or by fumigation.

HA The ground application of pesticides by a hand held appliance (excluding fumigation). A hand held appliance includes a small portable spray that can be carried and operated manually.

Instructions for reading the restrictions on licences

Where a licence in the second jurisdiction is marked 'restricted to', the coding immediately below the licence name refers to specific conditions on the functions and situation, sites and application methods within the scope of the licence.
