The NHFIC must repay to the Commonwealth an amount equal to the allocation, adjusted to cover the Commonwealth's cost of borrowing, in accordance with those terms and conditions, and reduce the reserve by the allocation.

---

## **Division 3—Allocation and maintenance of funds—NHIF and capacity building**

- (3) Any returns on infrastructure loans and investments must be returned to the Permanent Fund.

### **14 Minimum target value of Permanent Fund**

- (1) The Board must aim to maintain the value of the Permanent Fund in the medium to long term at no less than the minimum target value.
- (2) For this Direction the *minimum target value* of the Permanent Fund at a particular time is the sum of the amounts allocated to the Fund under subsection 13(2), adjusted to cover the Commonwealth's cost of borrowing.

### **15 Limit on grants and capacity building contracts**

- (1) The total value of the amounts payable by the NHFIC under infrastructure grants and capacity building contracts must not exceed \$175 million.
- (2) The total value of the amounts payable by the NHFIC under capacity building contracts must not exceed \$1.5 million.

---

## Part 3—Affordable housing bond aggregator

### **The affordable housing bond aggregator**

The AHBA operates by the NHFIC making loans to registered community housing providers, using money borrowed from the Commonwealth (see section 11) and by raising finance by the issue of bonds on the commercial market. The mechanism will allow money to be raised on a larger scale and on different terms to those that would be possible for the individual providers; the savings will be passed on to the providers in the form of lower interest loans and reduced refinancing risks, enabling them to improve housing outcomes for their clients.

## Division 1—Financing mechanisms and eligibility

### 16 Eligibility for loans

- (1) The NHFIC must not provide loans through the AHBA to an entity other than a registered community housing provider.
- (2) The NHFIC may provide a loan in relation to a mixed tenure development only if it is satisfied that any profits from the development will be applied to support affordable housing outcomes.
- (3) The NHFIC may specify eligibility criteria that must be satisfied by registered community housing providers, or classes of providers.

### 17 Financing mechanism

The NHFIC must obtain security from providers for any loan, at a level that is appropriate having regard to the risk to the NHFIC and the Commonwealth.

## Division 2—Criteria for lending

### 18 Purpose of the AHBA

The Board must aim to provide loans to registered community housing providers at the lowest cost and most appropriate tenor possible, after recovering operational and financing costs and building capital reserves in accordance with this Division. Where appropriate, different loan products should be offered to meet the varying needs of registered community housing providers.

### 19 Matters to be considered when making lending decisions

In deciding whether to make a particular loan, and in setting its conditions, the Board must have regard to the following matters:

- 
- (a) the purpose for which the loan is being sought and the extent to which that purpose supports affordable housing outcomes;
  - (b) the credit-worthiness of the registered community housing provider;
  - (c) whether private sector finance would be available to the registered community housing provider and, if so, the terms on which that finance would be available;
  - (ca) whether the loan would encourage private sector participation in supporting affordable housing outcomes;
  - (d) the likelihood that the NHFIC will receive a return from the loan and the likely extent of that return;
  - (e) the quality of any security available from the registered community housing provider;
  - (f) the expected price of funds raised by the NHFIC bonds during the life of the loan;
  - (g) whether the loan would complement, leverage or support other Commonwealth, State or Territory finance or activities;
  - (h) the object of the Act and the limits set in the Act.

## **20 Benchmark return**

The Board must target an average return on its loans to registered community housing providers that allows it to:

- (a) cover the operating costs of the AHBA; and
- (b) build an adequate capital reserve in accordance with subsection 48(1) of the Act.

## **21 Risk level**

- (1) In targeting the benchmark return for the AHBA, the NHFIC must seek to develop a portfolio that in aggregate has an acceptable but not excessive level of risk, having regard to the terms of the Act and the purpose of the AHBA.
- (2) Within 6 months of the commencement of this Direction, the Board must agree a suitable investment risk evaluation process to assess the AHBA risk, and must advise the Minister of the process chosen.

---

## Part 4—National Housing Infrastructure Facility

### The National Housing Infrastructure Facility

The purpose of the NHIF is to overcome impediments to the provision of housing that are due to the lack of necessary infrastructure. It does this by providing finance for eligible infrastructure projects that would not otherwise have proceeded, or that would only have proceeded at a much later date or with a lesser impact on new affordable housing.

## Division 1—Financing mechanisms and eligibility

### 22 Eligible project proponents

- (1) To be eligible for finance under the NHIF, a project proponent must be:
  - (a) a State or Territory; or
  - (b) a local governing body as defined in section 4 of the *Local Government (Financial Assistance) Act 1995*; or
  - (c) a local government-owned investment corporation or utility provider that is a corporation to which section 51(xx) of the Constitution applies; or
  - (d) a State government-owned utility provider that forms part of the State or that is a corporation to which section 51(xx) of the Constitution applies; or
  - (e) a Territory government-owned utility provider; or
  - (f) a registered community housing provider; or
  - (g) an entity that is a special purpose vehicle.

  - (b) a member of a special purpose vehicle is an **underlying eligible member** if it is an entity mentioned in paragraphs (1)(a) to (f).

### 23 Eligible projects

Finance under the NHIF must be provided for a project only if the project:

- (a) would provide critical infrastructure to support new housing, particularly new affordable housing, including (but not limited to):
  - (i) new or upgraded infrastructure for services such as water, sewerage, electricity, telecommunications or transportation; or

- 
- (ii) site remediation works including the removal of hazardous waste or contamination; and
  - (b) would not itself provide housing; and
  - (c) would not provide community infrastructure, such as parks, day-care centres or libraries; and
  - (d) would be unlikely to proceed, or would be likely to proceed only at a much later date, or with a lesser impact on new affordable housing, without finance under the NHIF.

### **23A Identifying eligible projects**

- (1) The NHFIC must:
  - (a) make reasonable efforts to identify projects, or potential projects, that could be suitable for funding under the NHIF; and
  - (b) promote the NHIF to the proponents of such projects.
- (2) As soon as practical after the end of:
  - (a) the 3 months starting on 1 July 2022; and
  - (b) each successive 3 months;the NHFIC must report to the Minister on the activities of the NHFIC under subsection (1) during the 3 months.

### **24 Financing mechanisms**

- (1) Eligible projects may be funded through any combination of loans, investments and grants.

  - (b) lower interest rates than offered by Commercial Financiers;
  - (c) extended periods of capitalisation of interest beyond construction completion;
  - (d) deferral of loan repayments or other types of tailored loan repayment schedules;
  - (e) lower or different fee structures than those offered by Commercial Financiers.
- (3) For a project proponent other than a State or Territory, the NHFIC must obtain security for any loan, at a level that is appropriate having regard to the risk to the NHFIC and the Commonwealth.

---

*Investments*

- (4) The NHFIC may make an investment in relation to a project by acquiring an equity interest in the project proponent.

*Grants*

- (5) Grant proposals seeking other forms of financing from the NHIF as part of a blended financing arrangement are to be preferred.

## **Division 2—Criteria for financing decisions**

### **25 Matters to be considered when making financing decisions**

- (1) The NHFIC must be satisfied of the following in order to provide finance under the NHIF:
  - (a) the project proponent is eligible under section 22;
  - (b) the project is eligible under section 23;
  - (c) the risk that any loan will not be repaid does not exceed an acceptable level.
- (2) In making a financing decision, the NHFIC must have regard to the following:
  - (a) the likely effect of the project on the supply and ongoing availability of affordable housing;
  - (b) the extent of any concession that it would be appropriate to offer;
  - (c) the quality of the security available from the project proponent;
  - (d) the credit-worthiness of the project proponent;
  - (e) whether finance under the NHIF is needed to encourage private sector participation in financing the project;
  - (f) whether finance under the NHIF would complement, leverage or support other Commonwealth, State or Territory finance or activities;
  - (g) the object of the Act and the limits set in the Act;
  - (h) where the project proponent is a special purpose vehicle—the extent to which its underlying eligible members will be involved in the project over its duration.

### **26 Matters to be considered when determining concessions**

- (1) In determining any concession to be granted in making a financing decision, the NHFIC must have regard to the following:
  - (a) the extent and mix of all concessions necessary for the proposal to proceed;
  - (b) the extent of any public benefit that would result from the housing-enabling infrastructure;
  - (c) the object of the Act.

- 
- (2) The NHFIC must limit the concessions offered to the minimum that it considers are needed for the proposal to proceed in the proposed timeframe.
  - (3) The NHFIC may propose contract terms to ensure that the NHIF is not providing greater concessions than it considers are needed.

## **27 Benchmark rate of return**

The Board is to target an average return that allows it to at least maintain the minimum target value set under section 14.

## **28 Risk level**

- (1) In targeting the benchmark return for the NHIF, the NHFIC must seek to develop a portfolio that in aggregate has an acceptable but not excessive level of risk, having regard to the terms of the Act and the purpose of the NHIF.
- (2) Within 6 months of the commencement of this Direction, the Board must agree a suitable investment risk evaluation process to assess the NHIF risk, and must advise the Minister of the process chosen.

---

## **Part 5—Support for capacity building**

### **Capacity building**

The NHFIC may provide support for capacity building under this Part to assist registered community housing providers to further develop their financial and management capabilities. This support would be provided by the NHFIC entering into contracts with persons or entities to provide services to registered community housing providers for this purpose.

### **29 Support for capacity building**

The NHFIC may enter into contracts with persons or entities to provide services to registered community housing providers for the purpose of developing their financial and management capabilities.

---

## Part 5A—First Home Guarantee

### **First Home Guarantee**

The purpose of the First Home Guarantee is to facilitate first home buyers entering into the housing market sooner. It does this by allowing the NHFIC to issue up to 35,000 guarantees each financial year from 2022-23 for loans to first home buyers with a deposit of between 5 and 20 per cent of the property's value.

### **New Home Guarantee**

The New Home Guarantee is a part of the First Home Guarantee that specifically relates to building a new dwelling or purchasing a newly built dwelling. The purpose of the New Home Guarantee is to support jobs in the residential construction sector and promote home ownership. It does this by allowing the NHFIC to issue up to an additional 10,000 guarantees for each of the 2020-21 and 2021-22 financial years for loans to first home buyers to purchase a newly built dwelling or build such a dwelling. Any unissued New Home Guarantees from 2020-21 can be rolled over into the 2021-22 financial year at the discretion of the responsible Minister; however unissued New Home Guarantees from 2021-22 cannot be rolled over into the following financial year.

### **Family Home Guarantee**

The Family Home Guarantee is a part of the First Home Guarantee that specifically relates to single parents with dependants, including those who are not first home buyers. The purpose of the Family Home Guarantee is to support such single parents on a pathway to home ownership. It does this by allowing NHFIC to issue up to an additional 5,000 guarantees for each of the 2022-23, 2023-24 and 2024-25 financial years to eligible single parents with a deposit of between 2 and 20 per cent of the property's value. An eligible single parent is not required to be a first home buyer, but must not own property at the time of entering into a loan under the Family Home Guarantee. The single parent must meet the eligible lender's credit assessment criteria.

### **Regional First Home Buyer Guarantee**

The purpose of the Regional First Home Buyer Guarantee is to help persons living in a regional area to purchase a home in that area. It does this by allowing the NHFIC to issue up to an additional 10,000 guarantees for each of the 2022- 23, 2023- 24 and 2024- 25 financial years. Additional eligibility requirements relating to the area in which the home is located, and residency in the area, must be satisfied.

## 29G NHFIC may rely on information

The NHFIC may rely on information supplied by an eligible lender, a borrower, or a third party, that has a relevant role in the issue and administration of a guarantee under this Part.

## Division 2—Requirements for guarantees

### 29H Form of guarantee

#### *When guarantee becomes payable*

- (1) A guarantee issued by the NHFIC may only cover a payment where there is a balance owing on the guaranteed loan following the application of the proceeds of sale by the lender that was as a consequence of the default by the borrower under the terms of the loan contract.

#### *Limit on amount of guarantee*

- (2) Where subsection (1) applies, the amount payable under a guarantee issued by NHFIC is an amount equal to the lesser of:
  - (a) the money owed to the lender under the loan agreement after the proceeds of the sale of the residential property that is the subject of the loan have been applied; and
  - (b) the amount worked out using the following formula:

$$A - B$$

where:

*A* is 20 per cent of the value of the residential property that is the subject of the eligible loan.

*B* is the deposit paid by the borrower or borrowers under the loan agreement.

#### *Cessation of guarantee*

- (3) Subject to subsection (4), the terms of a guarantee issued by the NHFIC under this Part must provide for the guarantee to cease when the balance of the loan becomes less than 80 per cent of the value of the residential property.
- (4) However, subsection (3) does not require the guarantee to cease where the proceeds of the sale by the lender that was as a consequence of default by the borrower are applied against the loan resulting in the balance of the loan being 80 per cent or less than the value of the residential property.
