Migration (LIN 19/048: Specification of Occupations – Subclass 482 visa) Amendment Instrument 2019

Overview of the Migration (LIN19/048: Specification of Occupations – Subclass 482) Amendment Instrument 2019

The *Migration Regulations 1994* (‘the Migration Regulations’) set out requirements for the grant of a Temporary Skill Shortage (subclass 482) visa (‘the TSS visa’). One requirement is that the applicant be nominated by their employer, in an occupation that appears on one of the skilled occupations lists for this subclass of visa. This instrument specifies the lists of skilled occupations and Australian and New Zealand Standard Classification of Occupations (ANZSCO) codes for the assessment of nominations under the relevant Migration Regulations.

This instrument makes the following amendments to the *Migration (LIN 19/048: Specification of Occupations- Subclass 482 Visa) Instrument 2019*:

- corrects a drafting error in subparagraph (c)(i) of the definition of *health workforce certificate* in Section 4 by substituting the correct ABN for the NSW Rural Doctors Network Ltd.
- removes inapplicability condition 23 from the occupation of Horse Breeder (ANZSCO code 121316) in the Regional Occupation List (item 12 in the table in subsection 8(3) of the instrument). The purpose of this amendment is to ensure that the instrument reflects the correct policy intention for this occupation.

Human rights implications

The instrument has been assessed against the seven core international human rights treaties and it does not engage any of the applicable rights or freedoms.

Conclusion

This Bill/Disallowable Legislative Instrument is compatible with human rights as it does not raise any human rights issues.
