## Civil Aviation Safety Authority

I, ANDREW MELVIN SPARROW, Acting Executive Manager, National Operations & Standards, a delegate of CASA, make this instrument under regulations 61.050, 61.055, 61.060, 61.061, 61.062 and 61.063 of the *Civil Aviation Safety Regulation 1998*.

### [Signed A. Sparrow]

Andrew Sparrow  
Acting Executive Manager, National Operations & Standards

30 August 2019

## Prescription of Aircraft and Ratings — CASR Part 61 (Edition 6) Instrument 2019

---

### 1 Name and commencement

- 1.1 This instrument is the *Prescription of Aircraft and Ratings — CASR Part 61 (Edition 6) Instrument 2019*.
- 1.2 This instrument commences on the day after it is registered.

### 2 Repeal

Instrument *Prescription of aircraft and ratings — CASR Part 61 (Edition 5) Instrument 2018* is repealed.

*Note* Instrument *Prescription of aircraft and ratings — CASR Part 61 (Edition 5) Instrument 2018* was assigned the FRL number F2018L00660.

### 3 Definitions etc.

*Note* In this instrument, certain terms and expressions have the same meaning as they have in the *Civil Aviation Act 1988* and the regulations. These include: **CASR**, **differences training**, **flight review**, **model**, **single-pilot type rating** and **variant**.

- 3.1 In this instrument:

**cell**, for a column of a table in a Schedule of this instrument, means each individual, undivided unit (regardless of its size) into which the column is subdivided.

**CPDS** means centre panel display system.

**CR**, at the end of a type rating designation, means cruise relief.

**CRFE**, at the end of a type rating designation, means cruise relief flight engineer.

**DTR** means differences training required.

**FE**, at the end of a type rating designation, means flight engineer.

**GVFD** means global vision flight deck.

**PEC** means propeller engine control.

**SP**, at the end of a type rating designation, means single-pilot.

- 3.2 Column 1 of a table in a Schedule of this instrument is for general information only and is not intended to qualify or otherwise affect the meaning or operation of anything else in the Schedule.

#### **4 Multi-engine aeroplanes in the single-engine aeroplane class**

RESERVED (regulation 61.050 of CASR).

#### **5 Type ratings — multi-crew aeroplanes**

For paragraph 61.055 (1) (a) of CASR, for each multi-crew aeroplane model mentioned in a cell in column 2 of the table in Schedule 2, the type rating or type ratings mentioned in the corresponding cell in column 4 may be granted for multi-crew operation.

#### **6 Type ratings — multi-crew helicopters**

For paragraph 61.055 (1) (a) of CASR, for each multi-crew helicopter model mentioned in a cell in column 2 of the table in Schedule 3, the type rating or type ratings mentioned in the corresponding cell in column 4 may be granted for multi-crew operation.

#### **7 Variants — multi-crew aeroplanes**

For paragraph 61.055 (1) (b) of CASR, where the multi-crew aeroplane models mentioned in 1 or more cells of column 2 of the table in Schedule 2 have the same type rating, or ratings, as mentioned in the corresponding cell in column 4, each model is a variant of the other models.

#### **8 Variants — multi-crew helicopters**

For paragraph 61.055 (1) (b) of CASR, where the multi-crew helicopter models mentioned in 1 or more cells of column 2 of the table in Schedule 3 have the same type rating, or ratings, as mentioned in the corresponding cell in column 4 of the table, each model is a variant of the other models.

#### **9 Differences training — multi-crew aeroplanes**

- 9.1 For paragraph 61.055 (1) (c) of CASR, if the abbreviation “DTR” appears in a cell of column 3 of the table in Schedule 2 corresponding with a type rating in column 4, then differences training is required for a person to exercise the privileges of the type rating in a variant mentioned in a corresponding cell in column 2 that is different from the variant for which the person first received the type rating.
- 9.2 However, for subsection 9.1, differences training is not required for a variant that is in the same cell in column 2 as the variant for which the person first received the type rating.

#### **10 Differences training — multi-crew helicopters**

- 10.1 For paragraph 61.055 (1) (c) of CASR, if the abbreviation “DTR” appears in a cell of column 3 of the table in Schedule 3 corresponding with a type rating in column 4, then differences training is required for a person to exercise the privileges of the type rating in a variant mentioned in a corresponding cell in column 2 that is different from the variant for which the person first received the type rating.
- 10.2 However, for subsection 10.1, differences training is not required for a variant that is in the same cell in column 2 as the variant for which the person first received the type rating.

- 11 Multi-crew type ratings for which flight review or instrument proficiency check met by a single flight review**  
RESERVED (paragraph 61.055 (1) (d) of CASR).
- 12 Multi-crew type ratings for which instrument proficiency check met by a single instrument proficiency check**  
RESERVED (paragraph 61.055 (1) (e) of CASR).
- 13 Aeroplanes requiring a single-pilot type rating**  
For paragraph 61.060 (1) (a) of CASR, for each aeroplane type certificated for single-pilot operation and mentioned in a cell in column 2 of the table in Schedule 6, a single-pilot type rating is required.
- 14 Helicopters requiring a single-pilot type rating**  
For paragraph 61.060 (1) (a) of CASR, for each helicopter type certificated for single-pilot operation and mentioned in a cell in column 2 of the table in Schedule 7, a single-pilot type rating is required.
- 15 Type ratings — single-pilot aeroplanes**  
For subparagraph 61.060 (1) (b) (i) of CASR, for each aeroplane type certificated for single-pilot operation and mentioned in a cell in column 2 of the table in Schedule 6, the type rating or type ratings mentioned in the corresponding cell in column 4 may be granted for single-pilot operation.
- 16 Type ratings — single-pilot helicopters**  
For subparagraph 61.060 (1) (b) (i) of CASR, for each helicopter type certificated for single-pilot operation and mentioned in a cell in column 2 of the table in Schedule 7, the type rating or type ratings mentioned in the corresponding cell in column 4 may be granted for single-pilot operation.
- 17 Variants — single-pilot aeroplanes**  
For subparagraph 61.060 (1) (b) (ii) of CASR, where the single-pilot aeroplane models mentioned in 1 or more cells of column 2 of the table in Schedule 6 have the same type rating, or ratings, as mentioned in the corresponding cell in column 4, each model is a variant of the other models.
- 18 Variants — single-pilot helicopters**  
For subparagraph 61.060 (1) (b) (ii) of CASR, where the single-pilot helicopter models mentioned in 1 or more cells of column 2 of the table in Schedule 7 have the same type rating, or ratings, as mentioned in the corresponding cell in column 4, each model is a variant of the other models.
- 19 Differences training — single-pilot aeroplanes**
- 19.1 For subparagraph 61.060 (1) (b) (iii) of CASR, if the abbreviation “DTR” appears in a cell of column 3 of the table in Schedule 6 corresponding with a type rating in column 4, then differences training is required for a person to exercise the privileges of the type rating in a variant mentioned in a corresponding cell in column 2 that is different from the variant for which the person first received the type rating.
- 19.2 However, for subsection 19.1, differences training is not required for a variant that is in the same cell in column 2 as the variant for which the person first received the type rating.

## **20 Differences training — single-pilot helicopters**

- 20.1 For subparagraph 61.060 (1) (b) (iii) of CASR, if the abbreviation “DTR” appears in a cell of column 3 of the table in Schedule 7 corresponding with a type rating in column 4, then differences training is required for a person to exercise the privileges of the type rating in a variant mentioned in a corresponding cell in column 2 that is different from the variant for which the person first received the type rating.
- 20.2 However, for subsection 20.1, differences training is not required for a variant that is in the same cell in column 2 as the variant for which the person first received the type rating.

## **21 Single-pilot type ratings for which flight review met by a single flight review**

RESERVED (paragraph 61.060 (1) (c) of CASR).

## **22 Single-pilot type ratings for which instrument proficiency check met by a single instrument proficiency check**

RESERVED (paragraph 61.060 (1) (d) of CASR).

## **23 Aircraft types for which flight review for a pilot type rating meets flight review requirements for a class rating**

- 23.1 For regulation 61.061 of CASR, the flight review requirements for the multi-engine aeroplane class rating are met by a flight review for a multi-engine aeroplane pilot type rating in a multi-engine aeroplane that is mentioned in a cell in column 2 of the table in Schedule 10.
- 23.2 RESERVED (regulation 61.061 of CASR (flight review requirements for the single-engine helicopter class rating)).

## **24 Aircraft types for which flight training and flight review are required for exercise of privileges of a class rating — single-engine aeroplanes**

For regulation 61.062 of CASR, a person may not exercise the privileges of a single-engine aeroplane class rating in an aeroplane of a type or model mentioned in a cell of column 2 of the table in Schedule 12 unless the person meets the flight training and flight review requirements in regulation 61.747 of CASR in any type or model of aeroplane mentioned in the same cell of the column.

## **25 Aircraft types for which flight training and flight review are required for exercise of privileges of a class rating — multi-engine aeroplanes**

For regulation 61.062 of CASR, a person may not exercise the privileges of a multi-engine aeroplane class rating in an aeroplane of a type or model mentioned in a cell of column 2 of the table in Schedule 13 unless the person meets the flight training and flight review requirements in regulation 61.747 of CASR in any type or model of aeroplane mentioned in the same cell of the column.

**26 Aircraft types for which flight training and flight review are required for exercise of privileges of a class rating — single-engine helicopters**

For regulation 61.062 of CASR, a person may not exercise the privileges of a single-engine helicopter class rating in a helicopter of a type or model mentioned in a cell of column 2 of the table in Schedule 14 unless the person meets the flight training and flight review requirements in regulation 61.747 of CASR in any type or model of helicopter mentioned in the same cell of the column.

**27 Single-engine helicopters that may be used for flight reviews for other types of single-engine helicopter**

RESERVED (regulation 61.063 of CASR).

**Schedule 1      Multi-engine aeroplanes included in the single-engine  
aeroplane class**

**(See section 4, and CASR 61.050.)**

RESERVED.

**Schedule 2 Multi-crew pilot aeroplane type ratings, variants and differences training**

(See sections 5, 7 and 9, and CASR 61.055 (1) (a), (b) and (c).)
