### 5 Simplified outline of this instrument

The Commonwealth price for pharmaceutical benefits supplied by an approved medical practitioner is worked out in the same way as the Commonwealth price for those benefits supplied by an approved pharmacist.

## Section 6

---

The Commonwealth will pay an approved medical practitioner or an approved pharmacist for supply of a pharmaceutical benefit only if certain conditions are met. They are as follows:

- (a) if a determination under subsection 85(6) of the Act specifies a brand of the benefit, payment will be made only for supply of that brand of the benefit;
- (b) if the benefit is specified in Schedule 4 to this instrument, payment will be made for supply of the benefit only if it is supplied in a complete pack.

Schedules 1, 2, 3 and 5 list pharmaceutical benefits and ingredients of pharmaceutical benefits for which particular rules apply for working out the Commonwealth price (whether the benefits are supplied by an approved medical practitioner or an approved pharmacist).

Schedule 4 lists pharmaceutical benefits that must be supplied in complete packs by an approved medical practitioner or an approved pharmacist for the practitioner or pharmacist to be paid by the Commonwealth for the supply.

## **Part 2—Commonwealth price for pharmaceutical benefits supplied by approved medical practitioners**

### **7 Commonwealth price for pharmaceutical benefits supplied by approved medical practitioners**

- (1) For the purposes of paragraph 98C(1)(a) of the Act, this section provides for the manner of ascertaining the Commonwealth price for a quantity, or number of units, of a pharmaceutical benefit supplied by an approved medical practitioner, for the purposes of a payment to the practitioner in respect of the supply.
- (2) The Commonwealth price is to be ascertained in the same manner as the Commonwealth price for the supply would have been worked out under the *Commonwealth price (Pharmaceutical benefits supplied by approved pharmacists) Determination 2015* (PB 64 of 2015) if the supply had been made by an approved pharmacist.
- (3) Schedules 1, 2, 3 and 5 identify pharmaceutical benefits and ingredients in relation to which particular rules for ascertaining the Commonwealth price apply.

Note: Those rules are in the *Commonwealth price (Pharmaceutical benefits supplied by approved pharmacists) Determination 2015* (PB 64 of 2015), which is relevant because of subsection (2) of this section.

If a determination under subsection 85(6) of the Act is in force for a brand of a pharmaceutical item consisting of a drug or medicinal preparation, payments will be made by the Commonwealth in respect of the supply of the drug or preparation only if that brand is supplied.

**10 Payment for supply of certain pharmaceutical benefits in complete packs**

Payments will be made by the Commonwealth in respect of the supply of a listed drug in a form described in columns 1 and 2 of an item of Schedule 4 only if the quantity supplied is the quantity contained in a unit of the size described in column 2 of the item (even if the prescription for the supply is for supply of a lesser quantity).
