3 Authority

This instrument is made under subsection 104(1) of the Australian Consumer Law.

Note: The reference to the Australian Consumer Law is a reference to Schedule 2 to the *Competition and Consumer Act 2010* as it applies as a law of the Commonwealth, States and Territories: see section 140K of that Act and corresponding provisions of Acts of States and Territories applying that Schedule.

4 Schedules

Each instrument that is specified in a Schedule to this instrument is amended or repealed as set out in the applicable items in the Schedule concerned, and any other item in a Schedule to this instrument has effect according to its terms.

5 Definitions

In this instrument:

Australian/New Zealand Standard means the Australian/New Zealand Standard *AS/NZS ISO 8124.1:2019 Safety of toys Part 1: Safety aspects related to mechanical and physical properties*, published jointly by, or on behalf of, Standards Australia and Standards New Zealand, as in force or existing at the time when this instrument commences.

Section 6

Note: The Australian/New Zealand Standard could in 2020 be purchased from SAI Global's website (<https://www.saiglobal.com>). The Australian Competition and Consumer Commission can make a copy of the standard available for viewing at one of its offices, subject to licensing conditions.

European Standard means the European Standard *EN 71-1:2014+A1:2018: Safety of toys - Part 1: Mechanical and physical properties*, published by the European Committee for Standardization, as in force or existing at the time when this instrument commences.

Note: The European Standard could in 2020 be purchased from SAI Global's website (<https://www.saiglobal.com>). The Australian Competition and Consumer Commission can make a copy of the standard available for viewing at one of its offices, subject to licensing conditions.

International Standard means the International Standard *ISO 8124-1:2018 Safety of toys — Part 1: Safety aspects related to mechanical and physical properties*, published by the International Organization for Standardization, as in force or existing at the time when this instrument commences.

Note: The International Standard could in 2020 be purchased from the International Organization for Standardization's website (<https://www.iso.org>). The Australian Competition and Consumer Commission can make a copy of the standard available for viewing at one of its offices, subject to licensing conditions.

magnetic toy means a product or material supplied new that:

- (a) is designed or clearly intended for use in play by a child under 14 years of age; and
- (b) is supplied with one or more magnets or magnetic components.

transitional period means the period of 12 months beginning on the day this instrument commences.

US Standard means the American Society for Testing and Materials Standard ASTM F963 - 17 Standard Consumer Safety Specification for Toy Safety, published by the American Society for Testing and Materials International, as in force or existing at the time when this instrument commences.

Note: The US Standard could in 2020 be purchased from SAI Global's website (<https://www.saiglobal.com>). The Australian Competition and Consumer Commission can make a copy of the standard available for viewing at one of its offices, subject to licensing conditions.

6 Application

- (1) This instrument applies to magnetic toys.

Note: A permanent ban has been imposed on small, high powered magnets under subsection 114(1) of the Australian Consumer Law. Notice of the ban (Consumer Protection Notice No. 5 of 2012 - Imposition of Permanent Ban on Small, High Powered Magnets) could in 2020 be viewed on the Federal Register of Legislation website (<https://www.legislation.gov.au>).
