Education Services for Overseas Students (TPS Levies) (Risk Rated Premium and Special Tuition Protection Components) Amendment Instrument 2021

Summary

The *Education Services for Overseas Students (TPS Levies) (Risk Rated Premium and Special Tuition Protection Components) Amendment Instrument 2021* (Amendment Instrument) amends the *Education Services for Overseas Students (TPS Levies) (Risk Rated Premium and Special Tuition Protection Components) Instrument 2020* (Principal Instrument) to correct a minor technical error in the Principal Instrument in order to give effect to the intention of the Principal Instrument.

Commencement

The Amendment Instrument commences on the day after the instrument is registered.

Authority

The Principal Instrument was made by the Tuition Protection Service (TPS) Director under sections 9 and 10 of the *Education Services for Overseas Students (TPS Levies) Act 2012* (TPS Levies Act). The Amendment Instrument amends the Principal Instrument under section 9 of the TPS Levies Act. Subsection 33(3) of the *Acts Interpretation Act 1901* provides where an Act confers a power to make, grant or issue any instrument of a legislative or administrative character (including rules, regulations or by-laws) the power shall be construed as including a power exercisable in the like manner and subject to the like conditions (if any) to repeal, rescind, revoke, amend, or vary any such instrument.

Purpose and operation

The Principal Instrument specifies a method for working out the amount payable by all *non-exempt* providers registered on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) with respect to the risk rated premium and special tuition protection components of the TPS levy.

The Amendment Instrument corrects a technical error in a formula under subsection 10(3) of the Principal Instrument which sets out the risk factor for maximum overseas source country concentration. The amendment to the formula ensures that the application and operation of section 10 of the Principal Instrument gives effect to the purpose and intention of the Principal Instrument as outlined in section 10 and in the explanatory statement of the Principal Instrument.

Consultation

The TPS Director consulted extensively before making the Principal Instrument as explained in the explanatory statement of that instrument. The minor technical amendment made through this Amendment Instrument is consistent with and gives effect to the recommendations of the TPS

Advisory Board, advice of the Australian Government Actuary, views of the regulators (the Australian Skills Quality Authority and Tertiary Education Quality and Standards Agency) and industry peak bodies and the Treasurer's approval in respect to the Principal Instrument.

Financial Impact Statement

The Amendment Instrument does not change the financial impact outlined in the Principal Instrument.

Regulatory Impact Statement

A regulatory impact statement is not required due to the technical nature of this Amendment Instrument consistent with previous advice from the Office of Best Practice Regulation (OBPR) in relation to the Principal Instrument (OBPR ID 25749).

Schedule 1 – Amendments

Item 1: Subsection 10(3)

5. Item 1 amends the formula in subsection 10(3) of the Principal Instrument to make an editorial correction to remove the '-1' part of the formula.
6. Without this amendment, the intended operation of the table under subsection 10(2) could not apply as intended given the result of the formula under subsection 10(3) would give rise to a negative percentage. This does not reflect the original intention of section 10 as explained in the explanatory statement for the Principal Instrument and as recommended by the TPS Advisory Board and approved by the Treasurer.
7. Therefore, this amendment merely corrects an obvious error in the formula under subsection 10(3) of the Principal Instrument.
