Instructions

These instructions assist completion of *Reporting Form ARF 730.1 ABS/RBA Fees Charged* (ARF 730.1). ARF 730.1 collects annual statistics on *fees charged* by *ADIs*.

Information reported in ARF 730.1 is required primarily for purposes of the *ABS* and the *RBA*. This information is required for various purposes, including policy and statistical purposes. This information may also be used by *APRA* for prudential and publication purposes.

Reporting level

ARF 730.1 must be completed by each *ADI* to which this Reporting Standard applies under paragraphs 4 or 5.

Reporting basis and unit of measurement

These instructions specify the reporting basis and unit of measurement that applies to each item.

For reporting purposes, unless specified otherwise, enter data as a positive number.

Items on ARF 730.1 must be reported during the *reporting period*.

Counterparties

Report *fees charged* by the *ADI's* operations/transactions in Australia (i.e. on a *domestic books* basis), including fees charged to *residents* and *non-residents*. Accordingly, fees charged by entities outside the scope of *domestic books* – such as funds management or insurance operations – are to be excluded from the data reported.

Exclude *fees charged* to *related parties*.

Fees charged

This form does not follow Australian Accounting Standards for the treatment of fees.

All *fees charged* by the *ADI* (except those explicitly excluded below) must be reported in this form. This includes fees (such as establishment fees) that are recorded as interest income in statutory accounts. Report *fees charged* on an accruals basis.

Report *fees charged* net of any waivers, exemptions or rebates afforded to the customer. Do not deduct any expenses incurred by the *ADI*, including expenses relating to:

- commissions paid to mortgage brokers;
- valuation fees for *housing* and *business loans*;

- loyalty program costs;
- government taxes; and
- charges imposed by the *ADI's* group treasury to various business units.

Reporting by purpose

Classify finance at the lowest level at which it is able to be identified; the purpose that the funds will be used for determines where it is reported on this form. Where finance (identified at the lowest available level) is to be used for more than one purpose, classify that finance to its predominant purpose (based on the purpose for which the largest share of the funds will be used).

Report monetary amounts on ARF 730.1 in Australian dollars or the Australian dollar equivalent of the foreign currency amount. Convert amounts denominated in foreign currency to AUD in accordance with *AASB 121 The Effects of Changes in Foreign Exchange Rates* (AASB 121).

Report values on ARF 730.1 as whole dollars.

Standard Business Reporting (SBR)

Report items on ARF 730.1 with accounting type of debit (assets). The accounting type (i.e. credit or debit) applies to all monetary items and represents the natural accounting type of the item collected.
