Chapter 1—Preliminary

Part 1—Preliminary

1-1 Name

This instrument is the *Export Control (Organic Goods) Rules 2021*.

1-3 Authority

- (1) Subject to subsection (2), this instrument is made under the *Export Control Act 2020*.
- (2) Chapter 12 is made under the following:
 - (a) the *Export Control Act 2020*;
 - (b) item 92 of Schedule 3 to the *Export Control (Consequential Amendments and Transitional Provisions) Act 2020*.

1-4 Application of this instrument

This instrument does not limit the operation of, and applies in addition to, any other rules made under section 432 of the Act that apply in relation to goods that are prescribed goods under subsection 2-1(1) of this instrument.

Example: Milk products described as organic or biodynamic may be prescribed milk products under the *Export Control (Milk and Milk Products) Rules 2021*. The export for food of the milk products would also be subject to the prescribed export conditions for prescribed milk products under that instrument.

1-5 Simplified outline of this instrument

General

This instrument prescribes matters and makes other provision in relation to certain organic goods (prescribed organic goods) for the purposes of the *Export Control Act 2020* (the Act).

Prescribed organic goods must not be exported from Australian territory unless the conditions prescribed by this instrument (prescribed export conditions) are complied with. A person may commit an offence or be liable to a civil penalty if prescribed organic goods are exported in contravention of prescribed export conditions (see Division 4 of Part 1 of Chapter 2 of the Act).

This instrument prescribes other matters and makes other provision in relation to the export of prescribed organic goods, including in relation to the following:

- (a) exemptions;

Section 1-5

- (b) organic goods certificates;
- (c) approved arrangements;
- (d) trade descriptions;
- (e) audits;
- (f) records;
- (g) samples;
- (h) damaged or destroyed organic goods.

Structure of this instrument and Chapter numbering

This instrument is arranged in Chapters that have the same number and name as the corresponding Chapters in the Act. For example, the provisions of this instrument that are made for the purposes of Chapter 5—Approved arrangements of the Act are included in Chapter 5—Approved arrangements of this instrument. This means there are gaps in the Chapter numbering because there are no provisions for the purposes of some Chapters of the Act.

- (2) Organic goods that are cosmetic products are not prescribed for the purposes of subsection 28(1) of the Act unless:
- (a) the goods are intended to be exported to a country (the *importing country*); and
 - (b) for the purpose of meeting an importing country requirement of that country, an organic goods certificate is required in relation to the organic goods.

Note: Examples of cosmetic products are soaps, shampoos and fragrances (including for pet grooming), skin moisturisers, colour cosmetics and deodorants.

 - Note 2: Organic goods are taken not to be prescribed goods in the circumstances prescribed by section 2-2 of this instrument (see the definition of *prescribed goods* in section 12 of the Act).
- (3) However, a provision of this Division (the *relevant provision*) does not apply in relation to prescribed organic goods if:
 - (a) the organic goods are to be exported in a circumstance referred to in subsection 52(1) or (3) of the Act; and
 - (b) an exemption from the relevant provision is in force in relation to the organic goods under Part 2 of Chapter 2 of the Act.

2-4 Export of prescribed organic goods is prohibited unless prescribed conditions are complied with

The export from Australian territory of prescribed organic goods is prohibited unless the exporter of the organic goods holds an organic goods certificate in relation to the organic goods and the organic goods certificate is in force at the time the organic goods are exported.

- Note 1: Other conditions will apply in addition to the condition in this section if the prescribed organic goods are prescribed under other rules made for the purposes of section 432 of the Act. For example, if the goods are prescribed meat products under the *Export Control (Meat and Meat Products) Rules 2021*, the export for food of the meat products would also be subject to the prescribed export conditions for prescribed meat products under that instrument.

For the purposes of subparagraph 53(3)(f)(i) of the Act, the period within which an application for an exemption in relation to relevant goods must be made is 10 business days before the following:

- (a) if operations to prepare the relevant goods for export have started—the date it is proposed to export the relevant goods;
- (b) in any other case—the date it is proposed to start carrying out operations to prepare the relevant goods for export.

Note 1: The Secretary may allow a different period (see subparagraph 53(3)(f)(ii) of the Act).

Note 2: An application for an exemption must comply with the requirements in subsection 53(3) of the Act.

2-7 Conditions of exemption—matters to which Secretary must have regard

2-8 Period of effect of exemption

For the purposes of paragraph 57(b) of the Act, an exemption granted under paragraph 54(1)(a) of the Act remains in force (unless it is revoked under section 59 of the Act):

- (a) indefinitely; or
- (b) if a period is specified in the instrument of exemption—for the specified period.

Note: The exemption takes effect on the date stated in the instrument of exemption under paragraph 56(1)(e) of the Act (see paragraph 57(a) of the Act).

2-9 Variation of conditions of exemption—matters to which Secretary must have regard

For the purposes of subsection 58(3) of the Act, a matter to which the Secretary must have regard is whether varying a condition of an exemption in relation to relevant goods will ensure that one or more objects of the Act will be met in relation to the goods.

2-10 Revocation of exemption—matters to which Secretary must have regard

- Note 5: An organic goods certificate (other than a certificate issued by electronic means) must be retained in a secure place when it is not being used (see section 11-3 of this instrument).

2-12 Information to be included in organic goods certificate

For the purposes of subsection 62(1) of the Act, an organic goods certificate in relation to prescribed organic goods must state the following:

- (a) the kind and quantity of the organic goods;
- (b) for each kind of organic goods:
 - (i) the name of the organic operator who carries out the last operation to produce or prepare the organic goods for export; and
 - (ii) if an identification number has been issued to that organic operator by an approved certifying body—that number;
- (c) the importing country for the organic goods;
- (d) the date the organic goods are proposed to be exported;
- (e) the issuing body for the organic goods certificate;
- (f) if the issuing body is an approved certifying body—that the approved certifying body reasonably believes that:
 - (i) export operations in relation to the organic goods have been carried out in accordance with the National Organic Standard; and
 - (ii) all importing country requirements relating to the export operations and the organic goods have been met.

Note: An organic goods certificate must be in a form approved by the Secretary (see section 5-5).

2-13 Requirements before organic goods certificate may be issued

For the purposes of subparagraph 62(2)(b)(iii) of the Act, the following requirements must be complied with before an organic goods certificate in relation to prescribed organic goods may be issued:

- (a) export operations in relation to the organic goods have been carried out in accordance with the National Organic Standard;
- (b) the applicable requirements of the Act in relation to the export operations and the organic goods have been complied with;
- (c) all importing country requirements relating to the export operations and the organic goods have been met.

Note: A reference to the Act includes a reference to these rules (see section 1-6 and subsection 432(1) of the Act).

2-14 Issuing bodies for organic goods certificates

For the purposes of section 63 of the Act, each of the following is an issuing body for an organic goods certificate:

- (a) an approved certifying body;
- (b) the Secretary.

2-15 Changes that require applicant to give additional or corrected information to issuing body

For the purposes of paragraph 66(1)(b) of the Act, each of the following changes is prescribed in relation to prescribed organic goods in relation to which an application for an organic goods certificate has been made:

Note: If a change prescribed by this section occurs, the applicant must, as soon as practicable, give the issuing body additional or corrected information, to the extent that it is relevant to the issuing body's consideration of the application (see subsection 66(2) of the Act).

2-16 Circumstances for refusing to issue organic goods certificate

For the purposes of paragraph 67(3)(g) of the Act, each of the following circumstances is prescribed in relation to an application for an organic goods certificate in relation to prescribed organic goods:

- (a) the applicant failed to provide sufficient evidence that operations to produce or prepare the organic goods for export were carried out in accordance with the National Organic Standard;

Section 2-17

- (b) compliance with the National Organic Standard in relation to the organic goods is not sufficient to ensure that all relevant importing country requirements relating to the organic goods and the operations to produce or prepare them for export are met;
- (c) the export of the organic goods could result in trade in the export of goods from Australian territory being adversely affected.

Note: Other grounds for the issuing body to refuse to issue an organic goods certificate in relation to prescribed organic goods are set out in paragraphs 67(3)(a) to (f) of the Act.

2-17 Changes that require holder of organic goods certificate to give additional or corrected information to issuing body

- (c) there are reasonable grounds to suspect that operations to produce or prepare the organic goods for export were not carried out in accordance with the National Organic Standard.

Note: If a change prescribed by this section occurs, the holder of the organic goods certificate must, as soon as practicable, give the issuing body additional or corrected information, to the extent that it is relevant to assessing the matters referred to in paragraph 74(2)(a) to (c) of the Act (see subsection 74(2) of the Act).

2-18 Circumstances for revoking organic goods certificate

For the purposes of paragraph 75(1)(h) of the Act, the following circumstances are prescribed in relation to an organic goods certificate for prescribed organic goods:

- (a) operations to produce or prepare the organic goods for export have not been carried out in accordance with the National Organic Standard;
- (b) compliance with the National Organic Standard in relation to the organic goods has not ensured, or is ineffective in ensuring, that all relevant importing country requirements relating to the organic goods and the operations to produce or prepare them for export are met.

2-19 Return of organic goods certificate

- (1) For the purposes of paragraph 76(1)(a) of the Act, each of the following is a circumstance in which an organic goods certificate in relation to prescribed organic goods must be returned to an issuing body:
 - (a) the organic goods are no longer intended to be exported to the country in relation to which the certificate was issued;

Section 2-19

- (b) the certificate has been revoked under section 75 of the Act.

Part 2—Approved arrangements

12-2 QM certificate in force immediately before commencement time

- (1) This section applies in relation to a QM certificate (an *old QM certificate*) that was in force under the old Export Control (Organic Produce) Orders immediately before the commencement time.

QM system and QM manual continue in force as approved arrangement

- (2) The QM system and the QM manual to which the old QM certificate related, as they existed immediately before the commencement time, continue in force after the commencement time:
- (a) as if, read as one, they were an approved arrangement (a *continuing approved arrangement*) for organic goods certification operations under Chapter 5 of the Act; and
 - (b) subject to the conditions (if any) to which the old QM certificate was subject immediately before the commencement time.

Note 1: The continuing approved arrangement will also be subject to the conditions provided by the Act and the conditions prescribed by Part 2 of Chapter 5 of this instrument.

Note 2: The continuing approved arrangement may be renewed, varied, suspended or revoked under Chapter 5 of the Act.

Holder of continuing approved arrangement

- (3) For the purposes of the application of the Act in relation to the continuing approved arrangement, the organisation to which the old QM certificate had been issued is the holder of the continuing approved arrangement.

Expiry of continuing approved arrangement

- (4) Subject to subsection (6), if there was no expiry date for the old QM certificate, the continuing approved arrangement continues in force unless:
- (a) it is revoked under Part 6 of Chapter 5 of the Act; or
 - (b) it is taken to have been revoked under section 188 of the Act.
- (5) Subject to subsection (6), if there was an expiry date for the old QM certificate, the continuing approved arrangement continues in force until that expiry date unless:
- (a) it is renewed under Part 3 of Chapter 5 of the Act on or before that date; or
 - (b) it is revoked under Part 6 of Chapter 5 of the Act, or is taken to have been revoked under section 188 of the Act on or before that date.
- (6) Unless the continuing approved arrangement has been renewed, or has ceased to have effect, before the end of the transition period, the continuing approved arrangement ceases to have effect at the end of the transition period.

12-3 Secretary may direct holder to vary continuing approved arrangement

- (1) This section applies to a continuing approved arrangement within the meaning of subsection 12-2(2).
- (2) The Secretary may direct the holder of the continuing approved arrangement, in writing, to vary the text of the continuing approved arrangement by replacing a reference to an old Export Control Law, or a provision of an old Export Control Law, with a reference to the Act or this instrument or a provision of the Act or this instrument (as the case requires), or by making any other variation that the Secretary considers necessary to ensure that:
 - (a) the approved arrangement complies with subsection 150(2) of the Act and the requirements prescribed by Part 1 of Chapter 5 of this instrument; and
 - (b) carrying out export operations in relation to prescribed organic goods in accordance with the approved arrangement will ensure:
 - (i) compliance with the requirements of the Act in relation to those export operations and goods; and
 - (ii) that importing country requirements relating to those export operations and goods will be met.
- (3) If the holder of the continuing approved arrangement is given a direction under subsection (2), the holder must comply with the direction:
 - (a) within 2 years after receiving it; or
 - (b) within any further period (not exceeding 1 year) granted by the Secretary on application, in writing, by the holder.
- (4) Subparagraphs 171(1)(h)(i) and 179(1)(h)(i) of the Act apply in relation to the approved arrangement as if the reference to a direction in those subparagraphs included a reference to a direction given to the holder of the approved arrangement under subsection (2) of this section.

Note: The holder of the continuing approved arrangement is the person to whom the old QM certificate had been issued (see subsection 12-2(3) of this instrument).

Note: The continuing approved arrangement may be suspended or revoked if the holder of the approved arrangement fails to comply with the direction (see subparagraphs 171(1)(h)(i) and 179(1)(h)(i) of the Act).

12-4 Application for QM certificate made but not decided before commencement time

- (1) This section applies if:
 - (a) an application had been made under suborder 3.02(1) of the old Export Control (Organic Produce) Orders for the issue of a QM certificate for one or more kinds of organic produce; and
 - (b) no decision had been made on the application before the commencement time.
- (2) After the commencement time:

Section 12-5

- (3) Section 377, paragraph 379(1)(a) and subsection 379(4) of the Act do not apply in relation to the application.
- (4) The consideration period for the application for the purposes of section 379 of the Act starts on the day the commencement time occurs.

Note: The initial consideration period for the application is 120 days (see section 5-18 of this instrument).

12-5 Application for approval of modification of QM system made but not decided before commencement time

- (1) This section applies in relation to a QM system that continues in force under subsection 12-2(2) as if it were a continuing approved arrangement if, before the commencement time:
 - (a) an application had been made under suborder 3.11 of the old Export Control (Organic Produce) Orders for approval of a modification of the QM system; and
 - (b) no decision had been made on the application before the commencement time.
- (2) After the commencement time, the application is taken to be an application made under paragraph 161(1)(b) of the Act to approve a significant variation of the continuing approved arrangement.

Note: Section 378 of the Act (which requires additional or corrected information in relation to an application to be given in certain circumstances) applies in relation to the continuing approved arrangement.

- (3) Section 377, paragraph 379(1)(a) and subsection 379(4) of the Act do not apply in relation to the application.
- (4) The consideration period for the application for the purposes of section 379 of the Act starts on the day the commencement time occurs.

Note: The initial consideration period for the application is 120 days (see section 5-18 of this instrument).

 - (ii) the QM certificate had not been revoked under suborder 3.17(3) of the old Export Control (Organic Produce) Orders;
- then the holder must comply with the request on or before the date mentioned in the request.
- (3) If the holder fails to comply with the request on or before the date mentioned in the request, the Secretary may revoke the continuing approved arrangement under paragraph 179(1)(h) of the Act as if the failure to comply with the request were a failure to comply with a direction given to the holder by an authorised officer or the Secretary.

Legislation history and amendment history—Endnotes 3 and 4

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

Misdescribed amendments

A misdescribed amendment is an amendment that does not accurately describe how an amendment is to be made. If, despite the misdescription, the amendment can be given effect as intended, then the misdescribed amendment can be incorporated through an editorial change made under section 15V of the *Legislation Act 2003*.

If a misdescribed amendment cannot be given effect as intended, the amendment is not incorporated and “(md not incorp)” is added to the amendment history.
