#### Section 1-5

#### **1-5** Interpretation

- (1) Except so far as the contrary intention appears, an expression has the same meaning in a provision of a Part of this instrument as it has in the Act defined in that Part as *the Act*.
- (2) In this instrument:

current financial year means the financial year commencing on 1 July 2021.

**ADI** means an authorised deposit-taking institution within the meaning of the *Banking Act 1959*.

APRA means the Australian Prudential Regulation Authority.

foreign ADI has the meaning given by section 5 of the Banking Act 1959.

*previous calendar year* means the last calendar year that ended before the start of the current financial year.

*reporting period*, in relation to a Reporting Standard, means a reporting period within the meaning of the Reporting Standard.

Reporting Standard: see section 1-6.

**RSA** means a retirement savings account within the meaning given by section 8 of the *Retirement Savings Accounts Act 1997*.

(3) In this instrument, a reference to a period from a specified day to another specified day is a reference to the period that starts at the beginning of the first day and ends at the end of the other day.

#### 1-6 Reporting Standards

- (1) If a provision (the *referring provision*) of this instrument refers, in relation to a day, to a Reporting Standard with a particular identifier, the referring provision is to be taken to refer to the version of the Reporting Standard with that identifier that:
  - (a) applied to a reporting period (within the meaning of that version of the Reporting Standard) that ended on that day, or that included that day, as the case requires; and
  - (b) so applied because of a reporting standard determined under section 13 of the *Financial Sector (Collection of Data) Act 2001.*

Example: Reporting Standard GRS 300.0 Statement of Financial Position.

- (2) However, if no version of that Reporting Standard applies to such a reporting period because that Reporting Standard has been replaced by a Reporting Standard with a different identifier:
  - (a) subsection (1) applies as if the referring provision referred instead, in relation to that day, to the Reporting Standard with the different identifier; and
  - (b) if the referring provision also refers to particular material in the Reporting Standard that has been replaced, it is taken to refer instead to the
