

EXPLANATORY STATEMENT

Public Governance, Performance and Accountability Act 2013

*Public Governance, Performance and Accountability
(Section 75 Transfers) Determination 2022-2023*

Purpose of the determination

Section 75 of the *Public Governance, Performance and Accountability Act 2013* (PGPA Act) enables the Finance Minister to determine that one or more Schedules to one or more Appropriation Acts are modified in a specified way in relation to the transfer of a function from one non-corporate Commonwealth entity to another. The power in section 75 recognises that the Executive Government will from time to time choose to reorganise the administration and delivery of its functions with commensurate transfers of resources, including appropriations, between entities.

Subsection 75(7) of the PGPA Act provides that a determination made under subsection (2) is a legislative instrument, but that section 42 (disallowance) of the *Legislation Act 2003* does not apply to the determination. The Explanatory Memorandum for the Public Governance, Performance and Accountability Bill 2013 provides (at paragraph 370) that determinations made under section 75 are exempt from disallowance as the changes effected by determinations made under section 75 are in the nature of administrative changes only, relating to the Executive Government's decisions about the allocation of functions to particular entities.

Under section 107 of the PGPA Act, the Finance Minister has delegated the power to make determinations under section 75 to the Secretary of the Department of Finance. Under section 109 of the PGPA Act, the Secretary has, in turn, subdelegated this power to certain officials within the Department of Finance.

Following the 2022 Federal Election, the Governor-General, acting on the advice of the Federal Executive Council, made an Administrative Arrangements Order (AAO) to commence on 1 July 2022. The new AAO available at <https://www.pmc.gov.au/resource-centre/government/administrative-arrangements-order> resulted in a number of machinery of government changes.

To support the implementation of these changes, the determination modifies the *Supply Act (No. 1) 2022-2023* and the *Supply Act (No. 2) 2022-2023* (the 2022-23 Supply Acts) to:

- reflect changes in the names of portfolios and departments;
- add two new portfolios and departments;
- reflect movements of Commonwealth entities between portfolios;
- reflect changes to outcome statements for departments;
- transfer appropriations for corporate Commonwealth entities which are moving portfolios; and
- increase or decrease appropriation items for affected departments.

The determination does not change the total amount appropriated by the Parliament.

The determination is a legislative instrument for the purposes of section 8 of the *Legislation Act 2003*.

Commencement

The determination commences on 1 July 2022.

Statement of compatibility with human rights

A statement of compatibility with human rights is not required for the determination.

Subsection 9(1) of the *Human Rights (Parliamentary Scrutiny) Act 2011* requires a statement of compatibility with human rights for all legislative instruments subject to disallowance under section 42 of the *Legislation Act 2003*. A determination made under subsection 75(2) of the PGPA Act is exempt from disallowance under subsection 75(7) of the PGPA Act. As such, a statement of compatibility with human rights is not required.

Consultation

Consistent with section 17 of the *Legislation Act 2003*, the affected departments were consulted in the preparation of the determination.

3. Section 6 of the determination applies to the *Supply Act (No. 1) 2022-2023* and has effect as if Schedule 1 to the Act included a departmental item for the Department of Climate Change, Energy, the Environment and Water and the Department of Employment and Workplace Relations, and the outcomes for those Departments as set out in paragraphs 6(2)(b) and (3)(b), respectively. Subsection 6(4) of the determination has effect as if appropriation items in Schedule 1 to the Act were increased or decreased in accordance with the table included in the subsection. If an appropriation item exists only because of this determination, the increase is from a nil amount.
4. Section 7 of the determination applies to the *Supply Act (No. 2) 2022-2023* and has effect of amending references to the following Ministers in columns 3 and 4 of the table in Schedule 1 to the Act:

Previous title	Current title
Minister for Education and Youth	Minister for Education
Minister for Infrastructure, Transport and Regional Development	Minister for Infrastructure, Transport, Regional Development and Local Government

5. Subsections 7(3) and (4) have effect as if Schedule 2 to the Act included an other departmental item for the Department of Climate Change, Energy, the Environment and Water and the Department of Employment and Workplace Relations, and an administered assets and liabilities item for the Department of Climate Change, Energy, the Environment and Water. Subsection 7(5) of the determination has effect as if appropriation items in Schedule 2 to the Act were increased or decreased in accordance with the table included in the subsection. If an appropriation item exists only because of this determination, the increase is from a nil amount.
