

## **EXPLANATORY STATEMENT**

*Public Governance, Performance and Accountability Act 2013*

*Public Governance, Performance and Accountability  
(Section 75 Transfers) Amendment Determination 2020-2021 (No. 9)*

### **Purpose of the determination**

Section 75 of the *Public Governance, Performance and Accountability Act 2013* (PGPA Act) enables the Finance Minister to determine that one or more Schedules to one or more Appropriation Acts are modified in a specified way in relation to the transfer of a function from one non-corporate Commonwealth entity to another. The power in section 75 recognises that the Executive Government will from time to time choose to reorganise the administration and delivery of its functions with commensurate transfers of resources, including appropriations, between entities.

Subsection 75(7) of the PGPA Act provides that a determination made under subsection (2) is a legislative instrument, but that section 42 (disallowance) of the *Legislation Act 2003* does not apply to the determination. The Explanatory Memorandum for the Public Governance, Performance and Accountability Bill 2013 provides (at paragraph 370) that determinations made under section 75 are exempt from disallowance as the changes effected by determinations made under section 75 are in the nature of administrative changes only, relating to the Executive Government's decisions about the allocation of functions to particular entities.

Under section 107 of the PGPA Act, the Finance Minister has delegated the power to make determinations under section 75 to the Secretary of the Department of Finance. Under section 109 of the PGPA Act, the Secretary has, in turn, subdelegated this power to certain officials within the Department of Finance.

Following the 2022 Federal Election, the Governor-General, acting on the advice of the Federal Executive Council, made an Administrative Arrangements Order (AAO) to commence on 1 July 2022. The new AAO available at <https://www.pmc.gov.au/resource-centre/government/administrative-arrangements-order> resulted in a number of machinery of government changes.

The *Public Governance, Performance and Accountability (Section 75 Transfers) Amendment Determination 2020-2021 (No. 9)* (the amendment determination) amends the *Public Governance, Performance and Accountability (Section 75 Transfers) Determination 2020-2021* (the principal determination) to support the implementation of these changes. The principal determination modifies the 2020-21 Appropriation Acts to, among other things, increase or decrease appropriation items for affected entities due to transfer of functions between them.

The 2020-21 Appropriation Acts include:

- the *Supply Act (No. 1) 2020-2021*;
- the *Supply Act (No. 2) 2020-2021*;
- the *Appropriation Act (No. 1) 2020-2021*;
- the *Appropriation Act (No. 2) 2020-2021*;
- the *Appropriation Act (No. 3) 2020-2021*; and
- the *Appropriation Act (No. 4) 2020-2021*.

In addition, the amendment determination modifies the 2020-21 Appropriation Acts to reflect changes in the names of portfolios and departments; add new portfolios and entities; and reflect movements of Commonwealth entities between portfolios as a result of machinery of government changes.

The amendment determination does not change the total amount appropriated by the Parliament.

The amendment determination is a legislative instrument for the purposes of section 8 of the *Legislation Act 2003*.

### **Commencement**

The amendment determination commences immediately after it is registered on the Federal Register of Legislation.

### **Statement of compatibility with human rights**

A statement of compatibility with human rights is not required for the amendment determination.

Subsection 9(1) of the *Human Rights (Parliamentary Scrutiny) Act 2011* requires a statement of compatibility with human rights for all legislative instruments subject to disallowance under section 42 of the *Legislation Act 2003*. A determination made under subsection 75(2) of the PGPA Act is exempt from disallowance under subsection 75(7) of the PGPA Act. As such, a statement of compatibility with human rights is not required.

### **Consultation**

Consistent with section 17 of the *Legislation Act 2003*, the affected entities were consulted in the preparation of the amendment determination.
