

EXPLANATORY STATEMENT

Public Governance, Performance and Accountability Act 2013

*Public Governance, Performance and Accountability
(Section 75 Transfers) Amendment Determination 2022-2023 (No. 13)*

Purpose of the determination

Section 75 of the *Public Governance, Performance and Accountability Act 2013* (PGPA Act) enables the Finance Minister to determine that one or more Schedules to one or more Appropriation Acts are modified in a specified way in relation to the transfer of a function from one non-corporate Commonwealth entity to another. The power in section 75 recognises that the Executive Government will from time to time choose to reorganise the administration and delivery of its functions with commensurate transfers of resources, including appropriations, between entities.

Subsection 75(7) of the PGPA Act provides that a determination made under subsection (2) is a legislative instrument, but that section 42 (disallowance) of the *Legislation Act 2003* does not apply to the determination. The Explanatory Memorandum for the Public Governance, Performance and Accountability Bill 2013 provides (at paragraph 370) that determinations made under section 75 are exempt from disallowance as the changes effected by determinations made under section 75 are in the nature of administrative changes only, relating to the Executive Government's decisions about the allocation of functions to particular entities.

Under section 107 of the PGPA Act, the Finance Minister has delegated the power to make determinations under section 75 to the Secretary of the Department of Finance. Under section 109 of the PGPA Act, the Secretary has, in turn, subdelegated this power to certain officials within the Department of Finance.

The *Public Governance, Performance and Accountability (Section 75 Transfers) Amendment Determination 2022-2023 (No. 13)* (the amendment determination) amends the *Public Governance, Performance and Accountability (Section 75 Transfers) Determination 2022-2023* (the principal determination) to reflect the transfer of appropriations relating to the following machinery of government changes:

- the establishment of the Office of the Inspector-General of Aged Care on 16 October 2023 as a non-corporate Commonwealth entity for the purposes of the finance law, following the commencement of the *Inspector-General of Aged Care Act 2023*. This is the final transfer of appropriations from the Department of Health and Aged Care to the Office of the Inspector-General of Aged Care. The first transfer of appropriations was completed on 16 October 2023; and
- the transfer of responsibility for administering the Rural Financial Counselling Service from the National Emergency Management Agency to the Department of Agriculture, Fisheries and Forestry.

The amendment determination is a legislative instrument for the purposes of section 8 of the *Legislation Act 2003*. It does not change the total amount appropriated by the Parliament.

The principal determination modifies the specified 2022-23 Appropriation Acts to, among other things, increase or decrease appropriation items for affected entities due to the transfer of functions between them.

The specified 2022-23 Appropriation Acts include:

- the *Supply Act (No. 1) 2022-2023*;
- the *Supply Act (No. 2) 2022-2023*;
- the *Supply Act (No. 3) 2022-2023*;
- the *Supply Act (No. 4) 2022-2023*;
- the *Appropriation Act (No. 1) 2022-2023*; and
- the *Appropriation Act (No. 2) 2022-2023*.

Commencement

The amendment determination commences the day after it is registered on the Federal Register of Legislation.

Statement of compatibility with human rights

A statement of compatibility with human rights is not required for the amendment determination.

Subsection 9(1) of the *Human Rights (Parliamentary Scrutiny) Act 2011* requires a statement of compatibility with human rights for all legislative instruments subject to disallowance under section 42 of the *Legislation Act 2003*. A determination made under subsection 75(2) of the PGPA Act is exempt from disallowance under subsection (7). As such, a statement of compatibility with human rights is not required.

Consultation

Consistent with section 17 of the *Legislation Act 2003*, the affected entities were consulted in the preparation of the amendment determination.
