About this compilation

This compilation

This is a compilation of the *National Health (Listing of Pharmaceutical Benefits) Instrument 2024* that shows the text of the law as amended and in force on 1 May 2024 (the *compilation date*).

The notes at the end of this compilation (the *endnotes*) include information about amending laws and the amendment history of provisions of the compiled law.

Uncommenced amendments

The effect of uncommenced amendments is not shown in the text of the compiled law. Any uncommenced amendments affecting the law are accessible on the Register (www.legislation.gov.au). The details of amendments made up to, but not commenced at, the compilation date are underlined in the endnotes. For more information on any uncommenced amendments, see the Register for the compiled law.

Application, saving and transitional provisions for provisions and amendments

If the operation of a provision or amendment of the compiled law is affected by an application, saving or transitional provision that is not included in this compilation, details are included in the endnotes.

Editorial changes

For more information about any editorial changes made in this compilation, see the endnotes.

Modifications

If the compiled law is modified by another law, the compiled law operates as modified but the modification does not amend the text of the law. Accordingly, this compilation does not show the text of the compiled law as modified. For more information on any modifications, see the Register for the compiled law.

Self-repealing provisions

If a provision of the compiled law has been repealed in accordance with a provision of the law, details are included in the endnotes.

Clause 1

Schedule 6—General statement for drugs for the treatment of hepatitis C

Note: See the definition of *General statement for drugs for the treatment of hepatitis C* in section 5.

1 Criteria for eligibility for drugs for the treatment of chronic hepatitis C

The criteria for patient eligibility for drugs for the treatment of chronic hepatitis C are that:

- (a) the patient is treated by a medical practitioner or authorised nurse practitioner who:
 - (i) is experienced in the treatment of patients with chronic hepatitis C infection; or
 - (ii) is treating the patient in consultation with:
 - (A) a gastroenterologist; or
 - (B) a hepatologist; or
 - (C) an infectious diseases physician; and
- (b) the patient has been assessed by the treating practitioner in accordance with clause 2.

2 Assessment of patient

For the purposes of paragraph 1(b), the patient has been assessed in accordance with this clause if the treating practitioner has:

- (a) documented in the patient's medical records:
 - (i) repeat test results showing the patient is antibody to hepatitis C virus (anti-HCV) positive; and
 - (ii) a test result showing the patient is hepatitis C virus ribonucleic acid (RNA) positive; and
 - (iii) if known, evidence of the patient's hepatitis C virus genotype; and
- (b) chosen a treatment regimen listed for the patient in clause 3; and
- (c) collected the following information:
 - (i) whether the patient is cirrhotic or non-cirrhotic;
 - (ii) details of the previous treatment regimen, if the patient has previously failed a treatment with a regimen containing an NS5A inhibitor and the chosen treatment regimen is treatment with:
 - (A) sofosbuvir with velpatasvir and voxilaprevir; or
 - (B) glecaprevir with pibrentasvir.

3 Treatment regimens

For the purposes of paragraph 2(b), the treatment regimens for a kind of patient mentioned in column 1 of an item in the following table are the regimens listed in column 2 of the item.

Hepatitis C treatment regimens		
	Column 1	Column 2
Item	Kind of patient	Treatment regimens
1	Patient: (a) with any genotype; and (b) who is treatment naïve; and (c) who is non-cirrhotic	Either of the following: (a) sofosbuvir with velpatasvir for 12 weeks; (b) glecaprevir with pibrentasvir for 8 weeks
2	Patient: (a) with any genotype; and (b) who is treatment experienced; and (c) who is non-cirrhotic	Any of the following: (a) sofosbuvir with velpatasvir for 12 weeks; (b) sofosbuvir with velpatasvir and voxilaprevir for 12 weeks; (c) glecaprevir with pibrentasvir for 8 weeks; (d) glecaprevir with pibrentasvir for 12 weeks; (e) glecaprevir with pibrentasvir for 16 weeks
3	Patient: (a) with Genotype 1; and (b) who is treatment naïve; and (c) who is non-cirrhotic	Either of the following: (a) ledipasvir with sofosbuvir for 8 weeks; (b) ledipasvir with sofosbuvir for 12 weeks
4	Patient: (a) with Genotype 1; and (b) who is treatment experienced; and (c) who is non-cirrhotic	Ledipasvir with sofosbuvir for 12 weeks
5	Patient: (a) with any genotype; and (b) who is treatment naïve; and (c) who is cirrhotic	Any of the following: (a) sofosbuvir with velpatasvir for 12 weeks; (b) glecaprevir with pibrentasvir for 8 weeks; (c) glecaprevir with pibrentasvir for 12 weeks
6	Patient: (a) with any genotype; and (b) who is treatment experienced; and (c) who is cirrhotic	Any of the following: (a) sofosbuvir with velpatasvir for 12 weeks; (b) sofosbuvir with velpatasvir and voxilaprevir for 12 weeks; (c) glecaprevir with pibrentasvir for 12 weeks; (d) glecaprevir with pibrentasvir for 16 weeks
7	Patient: (a) with Genotype 1; and (b) who is treatment naïve; and (c) who is cirrhotic	Ledipasvir with sofosbuvir for 12 weeks
8	Patient: (a) with Genotype 1; and (b) who is treatment experienced; and (c) who is cirrhotic	Ledipasvir with sofosbuvir for 24 weeks

Endnote 1—About the endnotes

The endnotes provide information about this compilation and the compiled law.

The following endnotes are included in every compilation:

Endnote 1—About the endnotes

Endnote 2—Abbreviation key

Endnote 3—Legislation history

Endnote 4—Amendment history

Abbreviation key—Endnote 2

The abbreviation key sets out abbreviations that may be used in the endnotes.

Legislation history and amendment history—Endnotes 3 and 4

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

Editorial changes

The *Legislation Act 2003* authorises First Parliamentary Counsel to make editorial and presentational changes to a compiled law in preparing a compilation of the law for registration. The changes must not change the effect of the law. Editorial changes take effect from the compilation registration date.

If the compilation includes editorial changes, the endnotes include a brief outline of the changes in general terms. Full details of any changes can be obtained from the Office of Parliamentary Counsel.

Misdescribed amendments

A misdescribed amendment is an amendment that does not accurately describe how an amendment is to be made. If, despite the misdescription, the amendment can be given effect as intended, then the misdescribed amendment can be incorporated through an editorial change made under section 15V of the *Legislation Act 2003*.

If a misdescribed amendment cannot be given effect as intended, the amendment is not incorporated and “(md not incorp)” is added to the amendment history.

Endnote 5—Editorial changes

Endnote 5—Editorial changes

In preparing this compilation for registration, the following kinds of editorial change(s) were made under the *Legislation Act 2003*.

Schedule 4, Part 1, entry for Circumstances code “C5571”

Kind of editorial change

Give effect to the misdescribed amendment as intended and reordering of provisions

Details of editorial change

Schedule 1 item 116 of the *National Health (Listing of Pharmaceutical Benefits) Amendment (May Update) Instrument 2024* (PB 39 of 2024) provides as follows:

[116] Schedule 4, Part 1, entry for Circumstances Code “C5571”

insert in alphabetical order in the column headed “Listed Drug”: **Amino acid formula with vitamins and minerals without valine, leucine, isoleucine and supplemented with arachidonic acid and docosahexaenoic acid**

However, the existing entries in the column headed “**Listed Drug**” in the entry for Circumstances Code “C5571” in Part 1 of Schedule 4 are not in alphabetical order.

This compilation was editorially changed to move the entry for Amino acid formula without valine, leucine and isoleucine to after the entry for Amino acid formula with fat, carbohydrate without valine, leucine and isoleucine and to insert the entry for Amino acid formula with vitamins and minerals without valine, leucine, isoleucine and supplemented with arachidonic acid and docosahexaenoic acid after the entry for Amino acid formula with vitamins and minerals without valine, leucine and isoleucine with fat, carbohydrate and trace elements and supplemented with docosahexanoic acid in the column headed “**Listed Drug**” in the entry for Circumstances Code “C5571” in Part 1 of Schedule 4 to correct the alphabetical order and to give effect to the misdescribed amendment as intended.

Schedule 5, entries for Glucagon and Minoxidil

Kind of editorial change

Give effect to the misdescribed amendments as intended

Details of editorial change

Schedule 1 items 179 and 186 of the *National Health (Listing of Pharmaceutical Benefits) Amendment (May Update) Instrument 2024* (PB 39 of 2024) instruct to omit the entry for Glucagon and Minoxidil respectively in Schedule 5.

There are 2 entries each for Glucagon and Minoxidil in Schedule 5.

Endnote 5—Editorial changes

This compilation was editorially changed to omit both entries for Glucagon and Minoxidil in Schedule 5 to give effect to the misdescribed amendments as intended.
