

Privacy (Credit Reporting) Code 2024 — variation approval

Decision and reasons for decision of Privacy Commissioner, Ms Carly Kind

Decision on variation under s26T of the *Privacy Act* 1988

1. In accordance with s 26T(1) of the *Privacy Act 1988* (Privacy Act), I approve the *Privacy (Credit Reporting) Code 2024* (CR Code 2024), which varies the registered *Privacy (Credit Reporting) Code 2014 (Version 2.3)* (CR Code v2.3).
2. I direct that, in accordance with s 26T(5) of the Privacy Act, the existing CR Code v2.3 be removed and the CR Code 2024 be included on the Codes Register and registered on the Federal Register of Legislation.
3. In making this decision to vary the registered CR Code v2.3, I have taken into account the requirements for variation of the registered CR Code set out in s 26T of the Privacy Act. I have also considered the matters specified in the *Guidelines for developing codes* issued under s 26V.¹
4. The CR Code 2024 commences on the day it is registered on the Federal Register of Legislation.

[Signed]
Carly Kind
Privacy Commissioner

25 September 2024
