CASA EX77/24 – Transitional Training and Checking Requirements for Crew Members in Part 133 Operations – Exemption Instrument 2024

1 Name of instrument

This instrument is *CASA EX77/24 – Transitional Training and Checking Requirements for Crew Members in Part 133 Operations – Exemption Instrument 2024*.

2 Duration

This instrument:

- (a) commences on 2 December 2024; and
- (b) is repealed at the end of 1 December 2027.

3 Definitions

In this instrument:

CAO 20.11 means *Civil Aviation Order 20.11*, as in force immediately before 2 December 2021.

emergency procedures proficiency test means the crew member emergency procedures proficiency test specified in Appendix IV of CAO 20.11.

flight review has the meaning given by the CASR Dictionary.

non-scheduled air transport operation has the meaning given by the CASR Dictionary.

Part 133 MOS means the Part 133 Manual of Standards.

Note The CASR Dictionary defines **Part 133 Manual of Standards** as meaning the Manual of Standards issued by CASA under regulation 133.020.

relevant flight means a flight, for an operator, of a rotorcraft to which Part 133 of CASR applies.

Note Regulation 133.005 of CASR provides that Part 133 applies to the operation of a rotorcraft for an Australian air transport operation.

relevant operator means the operator of a relevant flight.

4 Application

This instrument applies to:

- (a) each crew member of a relevant flight:
 - (i) who has a designation mentioned in column 3 of Table 1; and
 - (ii) to whom a provision mentioned in column 5 of Table 1 applies; and
- (b) each operator of a relevant flight.

5 Exemptions

- (1) In this section:

critical date means the date that is notified to the relevant operator by CASA for the purposes of section 39 of *CASA EX73/24 – Flight Operations Regulations – SMS, HFP&NTS and T&C Systems – Supplementary Exemptions and Directions Instrument 2024 (CASA EX73/24)*.

Note 1 This is the specified date notified to one or more relevant operators by CASA. After this date, relevant operators no longer have the benefit of Part 8 of CASA EX73/24 but may have the benefit of this latest exemption instrument if they satisfy its requirements and conditions.

Note 2 As of 2 December 2024, the critical date is 28 February 2025, unless varied by CASA.

Note 3 This exemption instrument has no application to a relevant operator who has voluntarily opted not to take the benefit of *CASA EX87/21 – Flight Operations Regulations – SMS, HFP&NTS and T&C Systems – Supplementary Exemptions and Directions Instrument 2021* or its successor *CASA EX73/24 – Flight Operations Regulations – SMS, HFP&NTS and T&C Systems – Supplementary Exemptions and Directions Instrument 2024*.

- (2) If:

- (a) on or after the critical date, a requirement, in relation to a training or checking event mentioned in an item of column 1 of Table 1, applies in relation to a relevant flight by a person with a designation mentioned in column 2 of the same item (the **crew member**); and
- (b) before the critical date, a training or checking event mentioned in column 4 of the item (the **previous event**) happened in relation to the crew member (including if under a previous designation mentioned in column 3); and
- (c) the relevant flight occurs:
 - (i) on or after the critical date; and
 - (ii) before the end of the day specified in column 6 of the item (the **expiry date**);

then:

- (d) the crew member is exempted from compliance with each provision mentioned in column 5 of the item; and
- (e) the operator of the relevant flight is exempted from compliance with the same provision to the extent that the provision:
 - (i) applies to the operator; or
 - (ii) imposes on the operator an obligation to ensure that:
 - (A) the crew member complies with the provision; or
 - (B) the relevant flight may not commence unless the provision has been complied with.
